| YA# | Description: |
|--------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2005/156 #1 | Unidentified airmen dropping supplies to ground forces. Both men are wearing parachutes. |
| 2005/156 #2 | Harry Linton in a parka sitting atop a pile of broken bed frames outside in the snow. Small wooden buildings in the background. Whitehorse, 1942-43. |
| 2005/156 #3 | Plane being refuelled in winter. Three men on the wing, one by the fuel truck. This was probably a removable airport at Donjek River. Tent and part of building in background. 1942-43. [additional info from Bob Cameron 2009: Aircraft is a military Douglas C-54.] |
| 2005/156 #4 | Large group of soldiers wearing white winter gear march down a city street. Appears to be a very cold winter day. These were members of the US Arctic Can on a one week winter military exercise in Whitehorse, 1942-43. |
| 2005/156 #5 | Small vampire jet with a puma logo on its nose is being refuelled on snowy ground. The vampire jet was one of Canada's first trainers. It carried one person. |
| 2005/156 #6 | Harry Linton standing on the front of locomotive engine #51. It's covered in snow and appears to be parked for the winter. 1942-43. |
| 2005/156 #7 | Group of young men wearing parkas, heavy mittens and large white winter boots standing beside an open-doored "Royal Canadian Air Force" plane. US Arctic Can military exercise. 1942-43. [additional info from Bob Cameron 2009: Aircraft is a Douglas C-47 "Dakota".] |
| 2005/156 #8 | Harry Linton and woman [owner of gift shop?], inspecting largest gold nugget. 1942-43. |
| 2005/156 #9 | Harry Linton looking out from the engine room of locomotive engine #51. It is covered in snow and appears to be parked for the winter. 1942-43. |
| 2005/156 #10 | Harry Linton standing in the rear of a snow-covered locomotive engine. 1942-43. |
