**Description:**

"I believe this tintype is a photo of Bob Henderson. I found it in a box full of papers that belonged to Lulu Fairbanks, a long-time writer for the Alaska Weekly. It was with a lot of other papers that once belonged to David E. Griffith. Apparently when Griffith died, Lulu got his papers. When Lulu died, her sister gave a box full of papers to the Alaska Yukon Pioneers in Seattle and the recorder gave them to me." [Caption info from Al Johnson 10/22/74]
