### **Message from the Commissioner**

*It is with great pleasure that, on behalf of the Yukon Territorial Government, I extend my best wishes to all those athletes, coaches and officials attending the 1976 Arctic Winter Games, Schefferville, Quebec.*

*Sport has always been recognized as an important means of fostering communication and co-operation between nations through friendly competition. This unifying influence is no less significant in the Northern regions of this continent, and it is gratifying to see athletes from all parts of Northern Canada and Alaska brought together in an effort to promote athletic excellence and greater understanding among northern neighbours.*

*The Territorial Government's encouragement goes beyond its moral support. This year, considerable funds have been expended to cover the costs of transportation for those participating in the Games, and if future games are to be held, a larger share of this cost may have to be born by the participants. This increase, I hope, will not dampen the enthusiasm for what is an important sporting and cultural event north of the 60th Parallel.*

*Good luck to all of you in these and future competitions.*

*Sincerely,*

**J. Smith,**

*Commissioner of the Yukon Territory*

## **Message from the President of the Yukon Sports Federation**

*On behalf of myself and the Yukon Sports Federation I would like to congratulate all the participants in the Arctic Winter Games, on their success in being selected to make the trip to Schefferville.*

*It has been the policy of the organizing committee to make the Yukon team as representative as possible and to involve more of the smaller communities in the team selection. To some degree I feel we have been successful but we still have a long way to go. To those participants from the communities outside Whitehorse, who made the team, I would extend an extra word of congratulations and would encourage those who participated in the trials but did not make the team to continue to try out for future games. To those communities that did not participate this time, I hope you will become involved in future and make the Arctic Games a truly Yukon experience. I am naturally disappointed that I will not be able to make the trip to Schefferville but my thoughts will be with you and I wish everyone all the best for a successful games.*

*I would be amiss if I did not thank the organizing committee and the coaches and their wives for their efforts and patience during the months of preparation. I am particularly indebted to Kathy Lane for her continued enthusiasm and hard work in fund raising, without which the cost of the games would have been much greater to all of us. I am also grateful to Art Webster for his documentation of and innovative approach to the games, and to Bill Reid for his handling of the equipment, a most tedious and thankless job. Finally, the support of the government must be noted. This has been an expensive games and without the backing of the government they would not have taken place.*

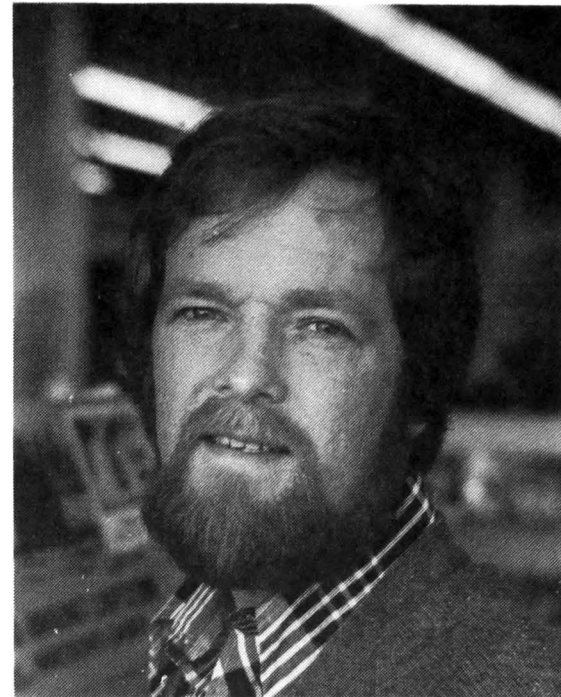

*In future we must realize that there must be greater personal contribution from organizers and participants alike, if the games are to continue.*

*Once again congratulations and good luck to all the Yukon participants in Schefferville and a sincere thank you to all those who have helped to make the fourth Arctic Winter Games a reality.*

Best Wishes,

**Dave Stockdale**

Pres. Yukon Sports Federation

# YUKON MISSION MEMBERS

**BACK ROW (L-R) —** Barrie Robb, Art Webster, Mary Podhara, Duane Nethery, Sandy Neumann.

**FRONT ROW (L-R) —** Kathy Lane, Marilyn Warnock, Guy Julien.
