VOL. 51, NO. 47

Big Brewery Planned For Whitehorse

Capital Expenditure For Project Estimated at Over One Million Dollars.

Erection of a modern brewery which will involve a capital expenditure of over one million dollars is planned for Whitehorse according to the June 9 issue of the Whitehorse Star.

Herewith are further details of the new project as outlined in the Star: The erection of a modern brewery is planned for Whitehorse. Plans are now underway to choose a site with suitable water supply, states the spokesman for the new company.

Headed by Mr. Ross Thomson and Mr. A. R. Hager and Mr. Clark Morrison, the group promises a new industry for the Yukon.

A Holding Company is planned for the Yukon, this Holding company will be financed by the people of Whitehorse, Dawson and Mayo. Approximately \$50,000 dollars will be raised in the three centres by the sale of Units. It is expected that

Units will be sold at \$50.00 each. Mr. Thomson stated that when in operation, these units should climb to a value of three times their original cost in a matter of three years. It is explained that the Holding company will at all times control the Parent company, by holding the license. It is also explained that the Holding company would have its head office in Whitehorse.

The capital needed to buy equipment, land and the buildings will be raised by the sale of stock on the Eastern stock exchange. Approximately One Million two hundred and fifty thousand dollars will have to be raised by this method. Mr. Thomson stated that this money could be raised quite easily because of the high dividend offered on the stock.

When in operation, the plant is expected to employ up to fifteen persons, with an estimated payroll exceeding \$30,000 per year. The output will be sufficient to serve the needs of the Yukon Territories but it is expected that an export market will be opened at a later date.

At a meeting last Friday, Mr. George Black, P. C., K. C., was nominated legal counsel for the group. Mr. Black and Mr. Morrison were also appointed Trustees of all monies. It was also decided to have application forms printed for those wishing to purchase Units in the holding company.

Graduation Dance To-Morrow Night

To celebrate the end of another school term, members of the Dawson High School Students Association are staging their annual graduation dance to-morrow night.

The affair is being held in IOOF hall and the gay frolic will get under way at 9.30 with dancing lasting until who knows when!

Admission to the graduation dance is free. There will be good music and a good time assured for all who attend.

Nomination Day Is Drawing Near

Less than two weeks remain before nomination day on Monday, July 3 for candidates for mayor and aldermen in the forthcoming Municipal Election.

Up to press time this week, the News has had no intimation as to the prospective candidates. In addition to mayor, three aldermen are to be elect-

ed under the newly-created Municipal Ordinance which was passed at the last session of the Yukon Council.

There is considerable speculation around town as to prospective candidates and, numerous well known names have been mentioned, but, to date, no one has come out to announce publicly his or her candidacy.

Pilot Callison Returns With 5-Place Waco

Pilot Pat Callison who recently flew his float-equipped Fairchild plane to Edmonton, returned home Tuesday night at 9 o'clock, flying his newly-acquired 5-place Waco.

Pat sold his Fairchild at Edmonton where he purchased the larger Waco which he will use in connection with his flying operations in this district. The Waco is also equipped with pontoons.

The peripatetic northern flier spent only a few hours in Edmonton but during the past few days has been doing considerable charter flying out of Mayo.

Pattys Leave For Coal Creek

Mr. and Mrs. E. N. Patty and their son Dale left with Charley Rendell, in the latter's launch Monday, for the McRae-Patty mining camp at Coal Creek, on the Alaskan side.

The managing director for the McRae-Patty mining operations in Yukon and Alaska, and Dale, returned to Dawson on the steamer Casca Saturday after spending several days on an inspection trip to the Thistle and Henderson Creek camps, up the Yukon.

Mr. and Mrs. Patty expect to be gone about a week but Dale will be remaining at the Coal Creek camp to supervise operations there for the balance of the season.

Former Popular Dawson Girl Is Due Here Friday

One of the most excited women in Dawson this week is Mrs. Neff who is expecting her daughter Bubbles and two children in by plane to-morrow.

Bubbles, former popular Dawson school girl, is now Mrs. Andrew Jardeheim and she and her husband have been residing at Saskatoon these past few years.

Mrs. Jardeheim and the children plan to spend the next several weeks here. Bubbles is a sister to Mrs. J. F. Cook and to Frank and Don Neff.

Large Forest Fires Raging On The Creeks

At least two large forest fires are reported raging on the nearby creeks.

The largest, which started last week, caused undoubtedly by the terrific hot weather, is at the head of Hunker Creek and in the vicinity of King Solomon dome. Flames can easily be seen from this conflagration at Bear Creek which is said to be under a pall of thick, acrid smoke. Smoke from the forest fires is also noticeable over this part of the valley.

The second fire is reported to be raging on Dominion Creek.

Steamer News

Passengers sailing on the steamer Klondike on its first southbound trip of the season last week were:

For Whitehorse—J. Chivas.
For Way Points—Percy Puc, C. E. Vangelista, E. N. Patty, Dale Patty, M. Murphy, Alice Isaac and M. McFarlane.

Swimming Pool Packed During The Heat Wave

With sweltering temperatures prevailing these days, the community swimming pool in south Dawson has proved a welcome sanctuary from the heat.

During the past week, with the heat wave at its zenith scores of adults and children have thronged to the pool to enjoy the assuaging relief of the cool, clear waters. Every afternoon and evening the pool has resounded with the merry shouts and splashing of swimmers galore.

While the main pool is proving a blessing these hot days to the adults and older children, the wee tots are having an equally grand time in the smaller wading pool.

The local pool is by far the most popular recreation spot in town this summer. It is not only affording welcome relief from the scorching heat but is giving Dawsonites and creek residents and their children a form of invigorating pastime and athletic diversion comparable to none.

The intense heat of late has made everyone realize more than ever what a great boon the community pool is for this district.

Without a doubt, it is the finest, most essential community asset in Dawson to-day.

Popularity of the pool may best be envisioned by the disappointed sighs and comments of young and old on Sunday when, perforce, it was necessary to close the pool for the day while the water was being changed in the big tank. As much as the committee members hated to have to close it down for even a single day, a systematic draining and cleaning of the pool is imperative for health reasons.

The pool was scheduled to open again Monday evening.

Members of the pool committee and many volunteer helpers did a large amount of repair work to the main tank this spring, as well as the big task of landscaping the grounds and repainting benches, walks and dressing rooms.

As a result, the pool and grounds have been greatly improved in appearance and also in comfort and, in addition to being one of the outstanding recreational centres in town, it is also becoming one of the town's leading beauty spots.

The entire enterprise is worthy of the wholehearted support of every person in the district.

New Chevrolet Cars Arrive

A new 1950 model Chevrolet sedan and a 1950 model Chevy pickup arrived on the last trip of the steamer Casca.

The sedan was for Tommy Powell, of North Fork and the new pickup for A. W. Derron, manager of St. Paul's Hostel.

Neither owner lost any time in testing out their new models which look and ride mighty swish. Tommy had his wife and family in for the ball game Tuesday night and the new sedan, with its ultra modern comfort and easy riding, was the cynosure of many eyes and envious praise.

Both new Chevrolets were purchased through Franklin's Garage, local Chevrolet dealer.

Four other cars arrived on the Casca for Dawson people. They included a Chevrolet coupe for Jack Hulland, a sedan for A. E. Kirk, a sedan belonging to A. M. Nordale and an International pickup for Buck Bradbury.

This was the same pickup in which Bradbury and Mr. and Mrs. Cooper made their trip outside last fall via the Alaska Highway.

IODE Launches Flood Relief Drive, Dawson

The people of Dawson know what it means to live on the banks of a river that threatens of flood each spring. Some know what it is to fight an actual flood, others have seen the high water marks on downtown buildings that show where the river has encroached, but none can realize unless he has been through it, the enormity of the disaster that has hit Manitoba and the city of Winnipeg this spring. 80,000 have been left homeless in Winnipeg alone, while small towns such as Morris, with a population of over a thousand, have been virtually wiped out. It is estimated that the total damage throughout Manitoba "excluding intangibles, personal effects and crop losses" will amount to \$26 million.

No wonder that people the world over are offering a helping hand! Cash donations are pouring in from the United States, and austerity-cramped Britain is donating goods and household effects by the plane and shipload. Canadians naturally wish to lead in their help to fellow citizens, and now the appeal has come to Dawson to join with other communities in offering help.

Under the sponsorship of the Dawson Chapter of the I. O. D. E. funds are being collected for the Manitoba Flood Relief Fund. From now until the end of June the citizens of Dawson are asked to send their contributions to either the Bank of Commerce or the Bank of Montreal, while stores and offices will be canvassed individually on June 28th and 29th.

When one thinks of the displaced people of Manitoba returning to silt-covered farms and silms encrusted homes in which is nothing but water ruined furniture and spoiled clothing reeking of decay and the smel. of sewage one cannot but be eager to give, and to give generously to a fund that will enable them, in part at least, to replace their lost possessions and to take up normal ways of living. Remember, donations will be accepted at the two local banks any time up to the end of the month.

Lowmans Leave For The East

The Whitehorse Star of May 26 reports that C. W. Lowman recently resigned his position with the U. S. Engineers to enter the service of the Inter-Provincial Pipeline Co. in Saskatchewan.

He and his wife figured on making a trip back east before he took up his new duties.

Lowman was formerly superintendent of public works and buildings for the Territorial Government but resigned that position early in 1949 to take over a new post at Whitehorse.

Former Popular Dawson Woman Here For Summer

A former popular Dawson woman in the person of Mrs. Wickman, widow of the late Oscar Wickman, former Dawson dredgeman and star baseball player, returned to Dawson on the steamer Casca Saturday.

Mrs. Wickman, whose home is near Seattle, is here to spend the summer with her long-time friend, Mrs. Chapman, widow of the late pioneer Dawson businessman Ernest Chapman. Both Mrs. Chapman and Mrs. Wickman were married in Dawson the same year.

Mrs. Wickman left Dawson in the fall of 1928 and this marks her first trip back to Yukon since then. Her

husband was killed in a car accident at the coast several years ago while her son lost his life in plane crash at Seattle about two years ago.

After a brilliant scholastic record in Washington, young Wickman had been awarded a Yale scholarship. He and a group of other Yale students had come to the west coast to spend the Christmas holidays with their parents. The chartered plane in which they were heading back to college crashed at the Seattle airport a few seconds after taking off in wet, foggy weather.

Mrs. Wickman is a sister-in-law to Len Wickman, well known former Dawson electrician and hotel man who now runs a flourishing auto camp near Seattle.

Mrs. Chapman is planning on returning to the coast with her friend Mrs. Wickman this coming fall and will spend the winter with her at Seattle.

Kenny Hegstrom Home For Holidays

LAC Kenny Hegstrom, RCAF, flew to Dawson last week to spend his summer furlough here with his father and kid brother Stan.

He expects to be leaving again to return to his base at Edmonton on July 4.

Ken lost no time after arrival in getting to work. He is back at his old stand at the Dawson Hardware, allowing manager Dunc Strachan to devote full time to his farming project at Rock Creek.

Ken is stationed with an RCAF unit at Edmonton as a member of the ground crew. This will mark his third year with the air force and he claims that he is enjoying the work more and more all the time.

During the past few weeks Ken has been servicing one of the motors on one of the big North Star airliners. There are four motors on these ships and one member of the ground crew is assigned to the upkeep and care of each motor.

The former popular Dawson lad is looking fine and glad to be back home, even if only for a few weeks.

Frank Neff, who is also a member of the RCAF, stationed at Rivers, Manitoba, and who is also spending his furlough with his mother in Dawson, will be leaving for the outside at the same time as Kenny.

Despite his long experience with the northern winters in the Yukon, Ken claims that the past winter in Edmonton seemed to him every bit as cold as here in the northland but with more wind.

While here both Kenny and Frank have had the opportunity of hobnobbing with their former Dawson classmates and other hillbills and getting around most of the districts over the week ends. They are both sorry to see their departure date drawing so close again.

Three Teachers Leaving This Year

Three of the teachers of the Dawson Public School will be leaving at the close of the current term. They are Miss Joyce Berry, Miss Beth Fredericksen and Miss Alberta Cox. All three have resigned their positions.

Miss Florence McKinnon, assistant principal for Dawson High School, is planning on making a trip to the coast during her summer holidays but will be returning to resume her teaching duties here in the fall.

Oscar Miller, pioneer mining man of the Mayo and Dawson districts, flew in from Mayo Tuesday and is spending several days here on business. Oscar is still interested in promoting silver properties in the Mayo district.

Casca Brings Big Load of Tourists Here

Over 60 Rountrippers on Second Voyage of Casca to Dawson This Season

Steamer Casca, Captain Malcolm Campbell, arrived in port on its second northbound voyage of the season shortly before 9 o'clock Saturday night.

Aboard the Casca were some sixty round trip tourists as well as several passengers for Dawson. The steamer brought a barge with six cars, oil and sundry freight while her deck load consisted of a large mail, mostly second class and parcel matter, perishables and other commodities.

Due to a breakdown on one of the pumps, the steamer's departure for the south was delayed for a short time. She sailed for Whitehorse at 10 o'clock Sunday evening, after more than twenty four hours in port.

The stopover enable the tourists ample time to go on tours of the nearby creeks and around town. After arrival Saturday evening most of the visitors milled around town, looking over the various stores and shops and familiar old landmarks of the gold rush days.

Quite a few of the visitors made a tour of the creeks the same evening as their arrival but majority waited until Sunday for their out-of-town sightseeing jaunts.

Most popular attraction for the visitors was the Robert W. Service cabin on Eighth Ave. Quite a number of the cheechakoes visited the cabin Saturday night while on Sunday they were coming and going all day long.

With so many tourists in town, Saturday night and Sunday proved exceptionally busy for local cafes, hotels, transportation firms and stores.

Most of the local car tours included trips to dredges and other mining sites. As usual the outsiders were chock full of questions regarding the Klondike and the various sights and characters which they encountered during their stopover here.

Many of the visitors were professional or business men, accompanied by their wives, paying their first visit to the Land of the Midnight Sun.

Most of them were truly amazed at the sweltering weather encountered here (it was nearly 100 degrees in the shade) and any opinions they may have harboured regarding the frigid climate of the northland was definitely dispelled.

It was noted that practically every visitor carried a camera or kodak and hundreds of snaps were taken of former historic landmarks or other sights.

Those arriving for Dawson on the Casca were: Mrs. J. Colbourne, Mrs. Oscar Wickman, Mr. and Mrs. Frank Morris and several others.

Holbrook Flies In From Thistle

Bud Holbrook, superintendent at the Thistle Creek camp of Yukon Gold Placers, made two flights to town in his Fairchild plane over the week end.

He came in Saturday evening, with Pete Foth, winchman on the Thistle dredge, as passenger. They returned early Sunday morning.

Bud made another flight to town Sunday evening, bringing Jack Drott to Dawson. Jack, who is employed at the Thistle Creek camp this season, came in to write his high school examinations.

Bud flew back to Thistle Creek later Sunday evening.

**Letter From
House Commons**

(By J. A. Simmons, M. P., for Yukon-
Mackenzie.)

With magnificent pageantry, the
 Royal Canadian Air Force was pre-
 sented the King's color by the Gov-
 ernor-General, Viscount Alexander, in a
 display of military formations not
 matched on Parliament Hill since the
 Royal visit of 1939. Under a brilliant
 June sky, the historic and colorful
 ceremony of the presentation and con-
 secration of the King's Color and the
 R. C. A. F. Color drew over fifteen
 thousand spectators from all parts of
 Ottawa and District.

External Affairs Minister Lester B.
 Pearson reported to the House on the
 London meeting of the North Atlantic
 Council. To an eagerly awaiting House,
 he said that while war is certainly
 not inevitable, "we live in a sort of
 twilight zone between peace and war."
 However, he said, if "we order our
 affairs in a wise, firm and unprovoca-
 tive way internationally, we have
 no reason to believe that the twilight
 will not be followed by light." He
 himself did not feel any sense of com-
 placency whatever, although he was
 profoundly impressed by the new
 spirit of hope in Europe and the Uni-
 ted Kingdom, and the new confidence
 in Western Europe itself. Mr. Pearson
 laid the most stress on the decision
 taken to adopt the defence principle
 of balanced collective forces. He said
 that this decision is without precedent
 in peacetime. This military division
 will mean that the twelve member
 states will try to agree among them-
 selves which country is the best able
 to concentrate on certain types of
 defence preparations.

Speaking on a private member's bill
 calling for the abolition of capital
 punishment, (Solicitor-General Lapo-
 inte said in the House of Commons
 that he believed Parliament would be
 remiss in its duty to society if it ac-
 ceded to requests for abolition of cap-
 ital punishment. No matter how dis-
 tasteful hanging might be, he believed
 it was the duty of Parliament to re-
 tain capital punishment as a deterrent
 to wilful murder. Statistics showed
 that of a population of nearly fourteen
 million persons, an average of ten are
 hanged each year. In each case, the
 accused was convicted of murder after
 a trial by jury. In many cases there
 were appeals to the Supreme Court
 of the province, and in some cases to
 the Supreme Court of Canada. Those
 convicted frequently had long criminal
 records. The Solicitor-General re-
 viewed the evidence in all murder
 trials to see if there were some grounds
 for clemency and a commutation
 of the death penalty.

Canada's Indians will be given a
 more active role in the administration
 of their affairs under the terms of the
 new Indian Act sponsored by Hon.
 Walter Harris, Minister of Citizen-
 ship and Immigration. In the main,

the legislation covered the recom-
 mendations of the parliamentary com-
 mittee which studied Indian problems
 in 1946 and 1947. Copies of the new
 legislation are being sent to Indian
 agents in all parts of Canada. They
 will call together the Indian chiefs
 and the band councils and ask them
 to study the legislation and make any
 representations as soon as possible.
 Study of the legislation in the Com-
 mons was postponed two weeks to
 permit study of the representations.
 Then it is hoped that the Commons
 will be prepared to pass the legisla-
 tion, possibly in amended form, before
 the end of this session. Mr. Harris
 said that the new legislation once
 passed will become effective on a
 date to be fixed by the Government.

The House of Commons granted leg-
 islative approval for the operation and
 maintenance of a new Ottawa home
 for Prime Ministers of Canada. Parlia-
 ment very reluctantly agreed to a
 section whereby the Prime Minister
 will pay an annual amount of \$5,000,
 for food and lodging, for himself and
 family. Mr. Howe told the House that
 Prime Minister St. Laurent insisted
 on paying a rent and on being treated
 like any other private citizen in that
 regard. An amount of \$5,000. had been
 agreed upon since this was the amount
 by which the Prime Minister's salary
 was greater than that of Minis-
 ter's, and since the Prime Minister
 estimated this was the amount cost-
 ing him to live in Ottawa at the pre-
 sent time.

Hon. Brooke Claxton, Minister of
 National Defence, did an outstand-
 ingly fine job of justification of his
 Department when his estimates were
 under discussion. The Conservative
 opposition did a great deal of talking,
 but appeared to be floundering, look-
 ing for something on which to hang
 criticism. The impression seemed to
 be pretty general here that they were
 just filling in time discussing matters
 of which they had very little knowl-
 edge, while awaiting the return to
 Ottawa of General Pearkes, the one
 man in the Opposition who really
 knows the subject. Mr. Claxton point-
 ed out that he was continually being
 accused of not giving information, but
 the fact was that he came prepared
 with suit-cases full of records and
 with the officers of his Department,
 prepared to answer all questions
 except those which were rated as
 secret for security reasons—speaker
 after speaker complained of lack of
 information—but none of them asked
 for it when it was available. Of course,
 he said, he could not give them that
 information as to what the next ten
 years will hold. He could not forecast
 the future, and so could only plan on
 the information available on events
 and indications now known.

The latest release from the Bureau
 of Statistics shows that Canada's cost-
 of-living index remained stable at
 164.0 (1925-39-100) between April 1st
 and May 1st, although the general in-
 dex of wholesale prices rose from
 159.3 (1926-100) in March to 160.1 in
 April. Electric power production was
 slightly lower in quantity, but lumber
 production was up by 81.1 million feet
 over the previous month.

A Resolution which was quite hotly
 debated on two occasions was the
 resolution that Canada approve the
 World Meteorological Convention. In
 introducing it, Mr. Chevrier, Minister
 of Transport, stated that the object
 of the resolution is manifold: First,
 to facilitate world-wide co-operation in
 the establishment of networks of
 stations for the making of meteorolo-
 gical observations; Second, to provide
 the establishment of systems for the
 rapid exchange of information; Third,
 to promote the standardization of me-
 teorological observations; Fourth, to
 further the application of meteorology
 to aviation, shipping and agriculture;
 and, finally, to encourage research.
 Yet the resolution was bitterly op-
 posed by the Opposition. It has now been
 referred to the Standing Committee
 on External Affairs.

The National Liberal Federation of
 Women held their annual convention
 at Ottawa, and for the first time in
 history, a delegate from the Yukon,
 Mrs. E. F. Pinchin, was present. Mrs.
 Pinchin was accorded the signal hon-

fishing

our of replying to the address of wel-
 come, and she acquitted herself in
 superb fashion. Comments were heard
 on all sides praising her excellent
 handling of a difficult and trying sit-
 uation. The Yukon Territory should
 feel very proud of Mrs. Pinchin as she
 has done an excellent job of bringing
 the Yukon and Mackenzie River Dis-
 trict to the forefront.

World's Most Important Ocean Race

50 of the world's finest yachts are
 taking part this summer in the Ber-
 muda Race, considered the most im-
 portant ocean sailing contest in the
 world. The British Admiralty announ-
 ces that the British Royal Navy Sail-
 ing Association has entered a vessel
 of a new type for this event. It is
 called the Samuel Pepys and is smal-
 ler in size than previous types of oc-
 cean racing yachts. This vessel will
 also take part in the first transat-
 lantic race for nearly 20 years. It is
 being held this year and covers a dis-
 tance of 3,000 miles from Bermuda to
 Britain.

**Owner Finds Gray Car
Turned a Rosy Red**

CHICAGO—William C. Gibson, 46,
 a salesman, was startled when he
 went out to get in his car in a park-
 ing lot.
 The car was in its usual place, all
 of the tires were normal, and every-
 thing else was in order except that
 the car, which had been a quiet gray
 in color, now was a fire-engine red.
 Gibson wasn't too sure it was his
 car at first, but a test with the keys
 convinced him.

The paint had been applied with an
 expert touch, apparently with a paint
 sprayer. The chromium finish and
 windows had been taped, to protect
 them from the spray.
 Police made a survey of the area
 without finding anyone who had seen
 painters working on the car, a 1937
 model, or who had seen anyone re-
 move the car from the lot.

Factory for Tuberculosis Sufferers:

A light engineering factory recently
 opened in Birmingham is expected
 eventually to provide work for 300
 unemployed men who suffer from T.
 B. The men will be treated as ordi-
 nary operatives and will work 44-hour,
 5-day week. First consideration will,
 however, be given to their degree of
 disability and jobs will be allocated
 and adapted accordingly. Workers will
 be drawn from a group registered
 with the Ministry of Labour as "un-
 employed, disabled and in need of
 sheltered employment". The products
 of the factory will be sold at com-
 petitive prices.

Research of Antibiotics

A new antibiotics research labora-
 tory being set up near London, Eng-
 land, is expected to be in operation
 this year. The unit will be housed in
 a large mansion and will include three
 main chemistry labs and microbiol-
 ogy labs.

**Cattle Rancher And
Wife Take In The
Sights Of North**

"Every year we try to make a trip
 to some part of United States or Can-
 ada," explained Bert F. Fisher the
 other day to the News reporter.

"And how do you like this trip?"
 the big, two-hundred pound cattle
 rancher from Ellensburg, Wash., was
 asked.

"This is the real McCoy," said big,
 bluff, hearty Cattleman Fisher. "My
 wife and I have enjoyed every minute
 of our tour through the Yukon and
 are now looking forward to the sights
 of interior Alaska."

For the past six years Mr. Fisher
 has been engaged in the cattle raising
 business in the state of Washington.
 He was formerly engaged in the radio
 business before entering the ranch-
 ing business on the Pacific coast.

From Seattle Mr. and Mrs. Fisher
 drove to Edmonton in a Pontiac sta-
 tion wagon, then made the long trip to
 Whitehorse via the Alaska Highway.

On the tour they were accompanied
 by to members of their staff, Mr. and
 Mrs. Mike O'Brien.

"We know so many friends back in
 Washington who told us about the
 Yukon and Alaska that we decided
 we'd come up and see for ourselves,"
 Fisher related. "We certainly haven't
 been disappointed."

The two genial visitors left by plane
 Thursday for Fairbanks on the next
 lap of their journey through the North-
 land. They will proceed to Anchorage,
 there to visit Mrs. C. T. Rework, who
 is a sister to Mrs. Fisher. The latter's
 uncle-Jack Barrington-was in the north
 country many years ago. Mrs. Fisher
 is an exceedingly attractive woman-
 tall, blond and friendly.

In the estimation of Cattleman Fish-
 er, one of the most revealing sights
 that he encountered in the Yukon, was
 the preponderance of white birch.

"I never saw anything like it," he
 said. "There should be a great future
 for a pulp and paper mill in this
 country with such amazing quantities
 of white birch."

**Jack Baptiste
Back For Visit**

Looking and acting hale, hearty
 and jovial as ever, Jack Baptiste,
 well known pioneer Klondike charac-
 ter, blew into town again on the
 steamer Casca last Saturday.

Jack left Dawson quite a few years
 ago to make his permanent home at
 Three Rivers, Quebec. He was last
 here, however, on a visit, four years
 ago. At that time he and his long-
 time friend Jack "Curley" Salois,
 pioneer Dawson hotelman, drove in
 Curley's Packard from Montreal to
 Edmonton and thence up the Alaska
 Highway to Whitehorse.

Jack Baptiste plans on spending
 several weeks here visiting with old-
 time friends before heading back east.

**Smoke, Cloudy Skies
Curb Enthusiasm of
Midnight Sunners**

A pall of smoke hanging over the
 King Solomon dome as the result of
 forest fires in that area and cloudy
 skies over this part of the Klondike
 valley, somewhat curbed the enthusi-
 asm of many who planned on making
 the annual trek to the mountain peaks
 to witness the spectacle of the mid-
 night sun.

For yesterday, June 21, considered
 the longest day of the year, marked
 the date of the traditional pilgrimage
 to either the Midnight Dome behind
 Dawson or to King Solomon Dome, at
 the head of Hunker.

Quite a few Dawsonites and creek
 people had planned on making trips
 to one or other of the two domes but
 just how many actually went through
 with their plans remains to be seen.

Ironically the skies which have been
 blue and cloudless over the Klondike
 during the past two weeks, clouded
 over yesterday morning but there
 were signs that they might clear by

PLANE NEWS

Captain Fred Giguere, who is re-
 lieving Captain Phil Iverson on the
 Yukon run during the latter's vaca-
 tion, brought the CPA Douglas in
 shortly before noon Tuesday with the
 airmail and 11 passengers for Daw-
 son.

Among those arriving Tuesday were
 three CPA officials. They were: V. H.
 Perry, manager of Domestic Lines for
 Dominion of Canada, Pat Twist, su-
 perintendent for Mackenzie-Yukon di-
 vision and G. A. Lundberg, assistant
 superintendent.

The three CPA officials were here
 in connection with modification and
 alterations upcoming at the airport
 building.

Co-pilot Tuesday was Doug. Cook
 while stewardess was Miss Marjorie
 Metcalfe.

The plane left on schedule for the
 south Tuesday afternoon with 15 pas-
 sengers from here. Among them were
 B. G. Harvey, John Mutch, for Mayo
 and Ralph Zaccarelli for Whitehorse.
 Last Saturday Captain Harvey John-
 ston made a special flight to Dawson
 with the first tour party of the season.
 After overnighing here, the plane
 flew to Fairbanks Sunday, returned
 via Dawson and thence to Whitehorse.

Captain Giguere and Captain J. Ren-
 nie, CPA pilots, were aboard the
 special flight, familiarizing themselves
 with the northern flight route.

Roger Durand took over his new
 duties as airport attendant on June
 1st., succeeding Cecil Viger who has
 joined the NC Co. staff here.

Bears On The Warpath At The Park Monday

Despite the four home runs that they slugged out, the Dawson fastball nine dropped another close tussle to the visiting Bear Creek team in a twilight game held at Minto Park Monday evening.

The game inaugurated the regular schedule for the season in which each team will play 12 games, the winners to be decided at a championship game to be played on August 17.

Favoured by an ideal night, a fairly large crowd of excited fans witnessed Monday's battle between these two traditional rivals of the diamond.

The Dawson sluggers hit the opposing Bear Creek pitcher freely but were robbed of many extra-base hits by snappy fielding on the part of the Bears.

Home runs were slammed out for the locals by Desmarais, Clarke, Crayford and Lawrence but all of the four-ply wallops came with the bases empty.

Final score was 15-13.

N. V. K. Wylie was umpire. The next regular league game will be played to-night with Dawson opposing Hunker.

On Sunday the Dawson team makes a trip to Granville to play a regular league game against the Granville nine.

Herewith is the schedule of the upcoming games:

SOFTBALL SCHEDULE

June 19, Bear Creek vs Dawson
June 22, Dawson vs Hunker
June 26, Hunker vs Bear Creek
June 30, Dawson vs Bear Creek
July 3, Hunker vs Dawson
July 7, Bear Creek vs Hunker
July 10, Bear Creek vs Dawson
July 14, Dawson vs Hunker
July 17, Hunker vs Bear Creek
July 21, Dawson vs Bear Creek
July 24, Hunker vs Dawson
July 28, Bear Creek vs Hunker
July 31, Bear Creek vs Dawson
Aug 4, Dawson vs Hunker
Aug 7, Hunker vs Bear Creek
Aug 11, Dawson vs Bear Creek
Aug 14, Hunker vs Dawson
Aug 15, Bear Creek vs Hunker

Dawson Hottest Point in Canada

Denizens of the Klondike sweltered in some of the hottest weather of the past several years over the past week end, especially on Saturday and Sunday.

Official high as per the RCS radio station instruments was 95.4 on Sunday, June 18. In the sun, it was many degrees over the hundred mark.

It is believed that the 95.4 high registered in Dawson was one of the hottest, if not the hottest temperature registered in Canada, Western Canada at least.

High for British Columbia was 91 at Lytton last Friday

THE YUKON GAZETTE

PUBLISHED BY AUTHORITY

THURSDAY, JUNE 22, 1950

NOTICE

Under and by virtue of the powers vested in him by Section 9 of the Public Printing Ordinance, the Commissioner has been pleased to discontinue in its present form and has prescribed that the Yukon Gazette hereafter shall consist of such portions of page 3 of the Dawson Weekly News as may be required by the Territorial Government for advertising.

W. A. WARDROP,
 Territorial Secretary.

MOTOR CARRIER REGULATIONS

1. The Motor Carrier Regulations made by the Highway Commission under the provisions of the Motor Carrier Ordinance, being Chapter 8 of the Ordinances of the Yukon Territory 1947, are hereby amended by adding the following Section:

4.2.2. "Through Freighter's Fee. Where any vehicle is engaged only in transporting cargo, in bond, through the Yukon Territory, and does not pick up or deliver goods or passengers within the said Territory, a special fee shall be paid in lieu of all other fees, subject, however, to the provisions of Section 7.1.9. of these Regulations".

2. The Regulations are further amended by adding to Schedule of Fees the following:

"Through Freighter's Fee (Fixed Fee) (Sec. 4.2.2.) \$30.00"

J. E. GIBBEN,
 Chairman Highway Commission.

Only the preceding portion of this page constitutes the Yukon Gazette.

W. A. WARDROP,
 King's Printer

Joins Radio Station Staff

Corporal Wes Shier arrived on the steamer Casca to join the RCS radio station staff here. He was accompanied by his wife.

Corporal Shier replaces Signalman Bill Bushell, who with his wife and family leave next week for Kingston, to which point Bill has been transferred in the service.

The new radio corporal was transferred here from Edmonton but his original home is in Toronto.

New Member For Bank Montreal Staff

Arriving on steamer Casca Saturday was Bruce Campbell, formerly of the Bank of Montreal's Cloverdale staff, who comes here to succeed Doug Stratton as junior clerk at the local branch.

Doug, in turn, is succeeding Jack Chapin, as teller. Jack has been transferred to an outside branch and will be leaving in August.

Campbell's home is at Chilliwack, B. C.

Roller bearing parts used in new high-speed aircraft are now being silver-plated, reports SKF Industries, Inc. Purer than sterling, the silver is 99.99 fine and serves as a dry lubricant to prevent metal seizure at extremes of temperature.

Synopsis of Mining Law Yukon Territory

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Yukon Quartz Mining Act and the Yukon Placer Mining Act, with certain reservations set out in the said Act.

No person shall enter for mining purposes or shall mine upon lands owned or lawfully occupied by another until adequate security has been furnished to the satisfaction of the Mining Recorder for any loss or damage which may be thereby caused.

Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency Recorder, who shall as soon as possible, deliver the applications and fees received to the Mining Recorder for the District.

If two or more persons own a claim each person shall contribute proportionately to his interest to the work required to be done thereon, and when proven to the Mining Recorder that he has not done so his interest may be vested in the other co-owners.

The survey of a claim made by a duly qualified Dominion Land Surveyor shall be accepted as defining absolutely the boundaries of the claim surveyed, provided the survey is approved by the proper authority and remains unopposed during the period of advertisement.

A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a placer claim within six months.

A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.

Metal tags to be obtained from Mining Recorder and affixed to claim posts. (Placer and Quartz.)

Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.

Grants of claims grouped or owned by one person may be made renewable on the same date.

PLACER MINING

Creek means any natural water course having an average width of less than one hundred and fifty feet between its banks.

Creek claims shall not exceed five hundred feet in length measured along the base line, by one thousand feet on each side of the base line. Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively.

Location posts of creek claims shall be placed on the base line and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river toward which it fronts.

A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.

The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the Crown.

An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's Office. One extra day shall be allowed

for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.

Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.

For provisions as to staking under powers of attorney see Act.

Title

Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work on the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.

Provision for applying excess representation work up to a value of \$800.00. Must be recorded during year in which it is performed.

Grouping

Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping.

Taxes and Fees

Royalty at the rate of two and one-half per cent on the value of all gold shipped from the Yukon Territory shall be paid to the Commissioner.

For grant to a claim for 1 year \$10.00

For renewal of grant—

If renewed within 14 days after expiry date 10.00

If after 14 days and within 3 months 30.00

If after 3 months and within 6 months 45.00

Recording an abandonment 2.00

Registration of any document 2.00

If it affects more than one claim

For each additional claim 1.00

Abstract of Title

For first entry 1.00

For each additional entry10

For copy of Document—

Up to 3 Folia 3.00

For each additional Folio50

For grant of water

For 50 inches or less 10.00

For 50 to 200 inches 25.00

For 200 to 1,000 inches 50.00

For each additional 1,000 inches or fraction thereof 50.00

QUARTZ MINING

Subject to the boundaries of other claims in good standing at the time of its location, a mining claim shall be rectangular in shape and shall not exceed 1,500 feet in length by 1,500 feet in width.

Every claim shall be marked on the ground by two legal posts, one at each extremity of the location line numbered "1" and "2" respectively. On the side of No. 1 post facing No. 2 post shall be inscribed the name of the claim, a letter indicating the direction to No. 2 post, the number of feet to the right or left of the location line, the date of location and the name of the locator. On No. 2 post, on the side facing No. 1 post, shall be inscribed the name of the claim, the date of location and the name of the locator.

The claim shall be recorded within fifteen days if located within ten miles of the Mining Recorder's office; one additional day shall be allowed for every additional ten miles or fraction thereof.

Any persons 18 years of age or over may locate during any period of 12 months personally, as attorney for another or by an attorney seven mineral claims in the aggregate within a distance of 10 miles from any other mineral claim (making a total of 8 mineral claims) so located by him during that period.

Power of Attorney must be filed with Mining Recorder before staking. The timber on a mineral claim is reserved until the Mining Recorder certifies that the same is required for use in mining operations on the

claim. The Commissioner, however, may issue a permit to holders of other claims to remove the timber for use in their mining operations where other timber is not readily available.

Title

Any person having complied with the provisions of this Act with regard to locating and recording a claim shall be entitled to hold it for one year from the date of the record, and thereafter from year to year provided during each year he does or causes to be done work on the claim to the value of \$100.00 and shall, within fourteen days after the expiration of the year, satisfy the Mining Recorder that the work has been done, and pay the Certificate of work fee. One hundred dollars may be paid in lieu of assessment work.

Provision of applying excess representation work up to a value of \$800.00. Must be performed during year in which it is performed.

When \$500.00 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, obtain a lease for a term of twenty-one years, with the right of renewal for further terms of twenty-one years.

Leases, renewals of leases, and documents relating to leased claims shall be recorded with the Mining Recorder in triplicate.

Schedule of Fees

Recording every claim	\$10.00
For a substitutional record	10.00
For a certificate of improvements	5.00
Application for a lease	10.00
Recording every certificate of work per year	5.00
If recorded within 14 days after expiry date per year	5.00
If after 14 days and within three months	15.00
If after three months and within six months	25.00
For a Grouping Certificate	5.00
Recording assignment, abandonment, affidavits, or any other document	2.50
If document affects more than one claim, for each additional claim	1.00
For an abstract of the record of a claim:	
For the first entry	1.00
For each additional entry10
For copies of any document recorded where same do not exceed three folios	3.00
Where such copies exceed three folios, 50 cents per folio for every folio over three. For recording a power of attorney to stake from one person	4.00
For recording a power of attorney to stake from two persons	5.00
For recording an assignment or other document relating to a quartz mining lease	3.00
Rental, whole or fractional mineral claim granted under lease for term of 21 years	50.00
Rental for renewal term of 21 years	200.00

Dredging

A lease may be issued for a period of fifteen years for a continuous stretch of river, not exceeding ten miles in length giving the exclusive right to dredge for gold, silver and platinum. The lessee must have at least one dredge in operation on the leasehold within three years.

Petroleum and Natural Gas

A lease may be issued for a period of twenty-one years for an area of not to exceed 2,560 acres giving the right to the petroleum and natural gas on the area leased. A rental is charged of 50 cents per acre for the first year and \$1.00 per acre for each subsequent year.

Assay Office

An Assay Office is maintained by the Government at Vancouver, where gold exported from the Territory will be purchased at its full value.

J. E. GIBBEN, K. C.,

Commissioner.

Residents of Dawson and Mayo
.... CHANGE OF DATES

I will be in Dawson June 20-22 and will stay for about one week before going to Mayo.

Willson E. Knowlton
OPTOMETRIST

823 Birks Building

Vancouver, B. C.

**Liquor Store
Now In Fine
New Quarters**

The government liquor store is now located in its big, new modern building at the corner of Queen and Third. Stocks from the old store were moved to the new location last Thursday and on Friday morning the cash customers were able to make their first purchases in the new store.

Liquor vendor Phil Hickey and Mrs. Hickey are still residing in their apartment over the old store but expect to be moving into their comfortable, modernistic new apartment above the new store in the near future.

The erection of new Dawson liquor store was started last spring and completed this spring. Tim Cole and his assistants recently completed the big task of painting and decorating the building, inside and out.

Personal Mention

J. W. Ballentine and Mrs. Ballentine left last week en route to Boundary where Jim will be in charge of the Canadian Customs office there this summer.

B. G. Harvey, sup't. of roads and buildings and John Mutch, superintendent of the government garage, left by plane Tuesday. Mutch will spend some time in Mayo overhauling government equipment in that district.

"Chuck" Herbert, well known Yukon-Alaska mining man, left by plane Tuesday on a trip to Mayo.

Stanley Rivers has bought Dr. Barry Duncan's Ford sedan, the deal being completed this week.

Mr. and Mrs. Townsend, of Seattle, arrived last week to spend a visit in Dawson as guests of Mr. and Mrs. E. N. Patty.

Mr. and Mrs. Frank Morris of Kamloops, B. C., arrived on the steamer Casca Saturday to spend a visit in Dawson with their daughter and son-in-law Mr. and Mrs. Ralph Troberg and family.

Willson Knowlton, optometrist of Vancouver, was due here this week. Mr. Knowlton plans on spending a week here before going to Mayo.

Mrs. Florence Colbourne, mother of Jack Colbourne, pioneer Dawson transportation man, arrived on the Casca to spend another summer with her son and daughter-in-law and grandson Johnnie in Dawson.

Mrs. Colbourne was last here in 1948 when she spent the summer in Dawson and became greatly enamoured of the country.

She claims that she is thrilled to be back again and that she would even like to spend a winter here.

Miss Marilyn Nordale, daughter of Mr. and Mrs. A. M. Nordale, arrived last week from Seattle to spend her summer vacation with her parents in Dawson.

Ralph Zaccarelli, of the postoffice staff, left by CPA plane Tuesday, en route to Haney, B. C., to join his wife and children for the balance of his summer holidays.

Horace E. Moore, former publisher of the Whitehorse Star, left by plane last Friday after spending a visit of several days in Dawson. Mr. Moore recently sold out his Whitehorse Star to Thos G. Bain, formerly of Vancouver.

The ebullient "Sparky" Garon, versatile young man about town, now turned placer miner, hiked forty miles in from Dominion over the week end.

"Sparky" recently went over to Dominion to do some mining for gold on one of the gulches over that way. He came to town to get his mail, do some

**Students Writing
Exams This Week**

Those harried looks that the high school students have been carrying out these last few days are not for nothing for this is "exam week" in the Dawson schools.

High school pupils and public school pupils alike are writing their end-of-

term examinations.

The high school scholars began writing their tests on Monday of this week but hoped to be through by tomorrow. After that, well, it'll be a case of just waiting until the results are wired in from the outside.

The Rev. W. R. Stringer, B.Sc. is officiating officer for the high school examinations.

Next Tuesday the Dawson high school and public school students are staging a big field and sports day at Minto Park to celebrate the end of another semester. School will close officially on Wednesday.

**RCMP Officials
On Inspection
Trip to Dawson**

Inspector Larsen and Staff Sergeant Dodsworth, R. C. M. P. officers, arrived here Monday on an inspection trip to the Dawson detachment.

The Inspector and Staff Sergeant Dodsworth flew here from Whitehorse in an RCMP plane—a twin-motored Gruman Goose amphibian which landed on wheels at the Klondike airport.

Pilot of the plane was Wing Reid, with Marshall Nay, air engineer.

The RCMP officers left Wednesday en route to Mayo.
