DAWSON, YUKON TERRITORY, CANADA, THURSDAY, JANUARY 25, 1951.

VOL. 52, NO. 20.

Stinging Cold Wave Continues Klondike Area

Dawson Resembles a Deserted City As Prolonged Cold Spell Envelops Entire District

Dawson district entered its twelfth successive day on Wednesday of stinging, bitter cold and, up to noon yesterday, there was little hope of an immediate break in the cold wave that is currently gripping most of the northland in an icy vise.

Ever since Saturday, Jan. 13, when the spirits started to plunge downwards, the entire Klondike has been enveloped in the longest and bitterest cold spell of the winter to date.

Official minimum temperature recorded so far during the current siege of sub-zero weather, as supplied by the Royal Canadian Signals, occurred Wednesday morning at 9 o'clock. According to the Radio Station instruments it was 60.1 below but even lower temperatures were recorded by thermometers in other parts of town. On Tuesday morning of this week it was 66 below zero at the Klondike airport and other outlying points reports equally severe temperatures.

There was a slight modification in the weather Sunday forenoon but the upswing was short lived. Skies became crystal clear again Sunday afternoon and by nightfall the spirits were dropping fast once more.

Barometric pressures have been holding at their highest point of the winter during the present week.

As a result of the prolonged cold wave, Dawson this week resembles a deserted city. Traffic around town is virtually at a standstill. The only cars or trucks rolling these days are doing so of necessity. Local stores have cut down their daily deliveries to a minimum. Johnnie Buss still has his water truck in service, but he, too, has cut down his service to a minimum.

With the extra demand for wood, caused by the severe cold, pickups from Hickey's Garage and one of the government's power wagons, are in operation daily in order to keep up with the increased wood supplies needed by the old timers and others.

While scores of Dawsonites scan thermometers and barometers and barometers and listen to the radio reports for signs of a break in the cold spell, there was little to feel optimistic about. A mass of cold air is reported blanketing nearly all of Alaska and the Yukon.

Fairbanks experienced 55 below temperatures on Tuesday and weather reports emanating from that Alaskan city Tuesday held scant hopes for a definite break.

The extreme low temperatures of the past week in the Klondike dis-

trict bring back memories of the record cold winter of 1946-47.

The situation currently existing parallels that winter in many ways. Wood supplies are running low in town and the sub-zero temperatures have brought wood hauling operations into town to a virtual stop.

Due to the low temperatures, both Dawson schools are closed until the weather breaks. Nearly all other scheduled functions around town have been cancelled or postponed awaiting more favourable weather.

While the sun began shining into the Dawson valley on Jan. 10, there is little heat from that source these days. The sun resembles as big, shimmering, silver disk, its golden hues screened by the thick, white frost fog that hangs over the valley day and night.

Fuel supplies around town are taking a terrific beating night and day and, in a number of cases, business men and householders are keeping a steady round-the-clock vigil on their furnaces and fires.

The Fire Department is particularly "on the alert" during the present bitter cold spell, ready to meet any fire outbreak or emergency.

About the only place in town where activities are going along as usual is over at the Dawson Curling Club where scheduled games are being run off nightly.

It is very comfortable in the club-rooms which are more crowded than usual these evenings. The temperature on the rinks Monday night was 7 above zero, a little chilly perhaps for absolute comfort but a great deal warmer than outdoors.

After nearly two solid weeks of bitter cold, the citizens of Dawson are becoming irritable and fed up on all this cold weather. But there's little that can be done about it. . . . nothing but wait and hope for a break. And what a welcome day that will be.

The cold spell is becoming mighty monotonous and everyone will be glad when it comes to an end.

Plane News

CPA's northbound flight left Whitehorse at 10.30 Tuesday morning, en route for Dawson, but had to return to Whitehorse after landing at Mayo due to mechanical trouble.

No flight was planned for Wednesday but the plane was due here to-day with airmail mail from the coastwise steamer of Sunday, Jan. 21, air express, perishables and freight.

Despite the sub-zero weather prevailing last week, Pilot Iverson made his usual three trips into Dawson.

Arriving on the northbound flight last Friday was E. M. Mason, X-Ray technician from Edmonton.

John Drott left that day for Mayo and F. Woods, J. Taylor and F. Johnson for the south.

Passengers arriving last Thursday were: Jack Mutch, Messrs Taylor and Johnson, S. Harada and A. Gayon.

Out that day were Mrs. Minnie Sidney, for Whitehorse, and Ed. Bourque and Charley Mills for Edmonton.

Inbound passengers last Tuesday were: B. G. Harvey, B. Fiellin, Mr. and Mrs. Thos. Van Dyck and children and Jack Grasser.

R. F. Diment was the only outbound passenger that day.

Ed Blomberg, of Miller Creek Placers, returned to Dawson last week following his recent trip outside. He left here early in the winter. Ed. Cormick Transportation Co. tanker driven by Mike Senya and Alex Hare.

They got back from their latest round trip to Whitehorse Saturday and, ironically, ran out of gas at the Arlington, 10 miles out of town.

Disastrous Fire At Fairbanks In Bitter Cold

Radio station KFAR reported a disastrous fire at Fairbanks on Monday night when the Co-Operative Drug Store, largest in Alaska, was consumed by flames.

Fire fighters from army base at Ladd field, as well as the town firemen, battled the stubborn conflagration in 52 below zero weather.

The radio reporters, describing the inferno from a nearby roof, said that flames and smokes billowed hundreds feet into the sky. The drug store was completely gutted every attempt was being made to try and save the adjoining North Pole Bakery from destruction.

It was thought for a while that the flames might spread to the nearby Nordale Hotel, only a short distance away from the Co-Op Drug Store.

Dick Gruell, program director for radio station KFAR had passed the drug store, en route to the station, only ten minutes before the fire alarm was sounded. At that time he saw no signs of smoke and there was no hint of a fire anywhere near the place. The lights were on and business was going along as usual.

The building is heated by its own plant in the basement and it is believed that an explosion must have occurred. The entire structure was enveloped in flames within a very few minutes.

Dawsonites who have been in Fairbanks are familiar with the particular building which housed a cafe as well as the drug store.

Callison Flies Bitten Stewart Telegrapher Home

Despite the sub-zero weather, Pilot Pat Callison made his usual Stewart River mail trip last week.

Passenger on the flight to Stewart last Thursday was Lloyd K. Huntley, government telegraph operator at that point. Huntley had been flown to the hospital here by Pilot Callison on Jan. 4 to receive medical treatment for a lacerated arm. He had been bitten by a dog at Stewart the same day and Pilot Callison, accompanied by Dr. Bunacan made the flight to Stewart to bring Huntley to Dawson.

A few days previous to making the Stewart River flight last week, Pat had flown a load of supplies to Bill Christenson's camp on the White River. He brought a load of furs back for the White River trapper.

During the extreme cold weather of late, the versatile local airman has been doing his flying around the furnace at his home and the coal stove at his office.

Dawson's live-wire member of the Yukon Council, C. J. "Bunny" Lelievre, turned back the hands on the clock of time some 13 years last week when he donned his skates and took a few spins around the ice.

Former Dawson hockey star, Bun claims that it sure felt like old times. He admits that he doesn't uncork the same speed and race on the spangles as in former years, but he admitted that it was a real thrill and that he was sorely tempted to pick up a hockey stick to see what it felt like to gain to go chasing after an elusive puck.

Also donning the blades last week was another former skating star, Ragnar Nelson.

How about it you old timers of the They got back from their latest round trip to Whitehorse Saturday and, ironically, ran out of gas at the Arlington, 10 miles out of town.

Funeral Held Last Week For Ill-Fated Galena Woodcutter

Funeral services for Oscar Bovick were held last Wednesday (Jan. 17) from Wark Chapel for Oscar Bovick, long-time resident of Atlin and the Yukon.

The Rev. W. R. Stringer, rector of St. Paul's Anglican Church, read the last rites for the late woodcutter both at the Chapel and at graveside in Hillside Cemetery.

Bovick died on the trail two weeks ago while en route from Dawson to Galena Creek, 20 miles up the Yukon, where he had been engaged to cut wood for McCormick Transportation Co.

When the tractor driven by Ragnar Nelson, and which was taking Tommy Dineen, Wally Trowell and Joe Hanulik, the three other members of the woodchopping party up river ran into difficulties, Bovick elected to leave the group and hike on ahead to the cabin four miles up Galena from the mouth of the Yukon.

He had apparently exhausted himself on the trail where his dead body was found by Joe Hanulik at a point about a mile and a half from the cabin.

Oscar was native of Larvik, Norway, where relatives still reside. He had spent the past 25 years in the northland, many of these at Atlin and then in this district of recent years. He and Johnny Enstrom had been partners for the past 15 years.

Both had followed mining and woodchopping during their years in the northland.

The late Yukoner was a man of quiet, retiring disposition; a capable woodsman and held in the highest esteem by all who knew him.

Pall bearers were: Johnnie Enstrom, Jock Cameron, John Janson and Otto Twirdahl.

Dawson Lads Back From Coast

Will and Mike Braga returned via the overland road last week from their recent trip to Vancouver. They had gone to the coast after the shutdown of Company operations in the fall.

Will and Mike made the overland trip from Whitehorse to Dawson with Billy Wilson. When he returned to Whitehorse, Will Braga and Rolly Daceur went as far as Mayo with him.

Another well known young Dawson man who flew to Mayo last week was Frank Rivers. He will be working for Clarence Currie at the latter's logging camp near Mayo.

Veteran Dawson Pioneer Forced Out Of His Cabin Account Of Fire

Fire, which is believed to have started from sparks in the roof, forced Dawson's venerable 90-year-old pioneer sourdough Fred Envoldsen to vacate his cabin on 7th Ave., just north of King St., last week.

The fire broke out Thursday afternoon and gained such headway that considerable damage was done to the roof before the Fire Dept. got the flames under control.

Fred had to move out of his place and is now staying at the Downtown Hotel.

Fortunately none of his personal belongings, provisions, etc., were damaged by the fire which was restrained, mainly, to the roof of the frame structure.

Pioneer Envoldsen was burned out brain is 48 ounces.

a few years ago when a fire in the roof did extensive damage to the cabin of Bill Hayman. Fred was stopping with his long-time friend Hayman at the time.

The Hayman cabin was completely gutted early in December by its third and by far most serious fire during the past numbers of years.

Air Transport Board Hearing Postponed

The Air Transport Board Hearing which had been scheduled to be held at Dawson to-day, has been postponed. The hearing devolved around application of Whitehorse Flying Service Ltd. for a license to operate non-scheduled commercial air service for the transport of passengers and goods from a base at Mayo, Y. T.

The application is being contested by Pilot Pat Callison, local flier who is manager-operator of Callison's Flying Service. Pilot Callison claims that should the new application by granted to Whitehorse Flying Service, it would greatly cut into his territory and flying business.

Pilot Callison has been doing considerable charter flying in and out of the Mayo camp since he established his base here several years ago. He contends that granting of another franchise covering Mayo district would prove detrimental to his flying business.

The Air Transport Board hearing, which was held at a late date.

Late Radio News

The following news reports were heard in Dawson yesterday morning from the B. B. C., London.

LONDON, Jan. 24—Thousands of police and security guards were called out Wednesday to thwart a threatened demonstration by Communists directed against General Eisenhower upon his return to Paris.

The commander of the newly-conceived Western Europe defence force, returned to his Paris residence Wednesday morning following his tour of all parts of western Europe.

Communists planned to stage their demonstration in protest against the new United Nations projected army for Western Europe.

Strong forces of police and guards were on duty at Eisenhower's residence, ready to quell any violence, by force if necessary.

Paris authorities seized one Communist newspaper which was helping to promote the demonstration.

ROME, Jan. 24—A series of gigantic avalanches in the Alpine mountains on the border of Italy and Austria have caused widespread havoc and destruction.

Some towns and villages have been completely isolated since Saturday when the avalanches first started to sweep down off the steep mountains, burying towns and villages and causing grave damage and loss of life.

Up to Wednesday it was estimated that 135 persons had lost their lives as a result of the catastrophe.

On the spot reports described scenes of terrible suffering and chaos in all parts of the stricken area.

BRISBANE, Jan. 24—Hundreds of persons have lost their lives and thousands rendered homeless following eruption of the largest volcano in New Guinea.

Hundreds of volunteers in Australia have answered the urgent appeal for blood donors in order that plasma may be sent to the victims in the devastated area.

The average weight of the human brain is 48 ounces.

Enthusiastic Meeting Of Parent Teachers Ass'n. Gets Results

Enthusiasm that is being displayed in the new Parent Teachers Association for Dawson was reflected in the encouraging turnout at the meeting held last week when plans were formulated for future action and a program of objectives mapped out that should bring about promising results.

Despite the sub-zero weather, the meeting held at the school last Wednesday night attracted 25 members of the Association and the entire meeting proved most encouraging to those who encouraged and promoted formation of the organization during the fall. A drive will be launched for a larger membership and all parents or interested parties are cordially invited to join the association.

Upon the resignation of Mrs. Margaret Diment, who had been acting as president since the Ass'n. was formed, Dr. Barrie Duncan was elected to fill this vitally important office.

Members present at last Wednesday night's meeting made a tour of the school building in order to gain a first-hand picture of the school's condition with an eye to future improvements.

One of the main achievements of the meeting last week was the election of a committee to sponsor and promote a round-table discussion over the local radio station C. F. Y. T. in connection with matters of vital importance to the school.

These discussions were slated to get under way on Wednesday night of this week when the speakers were prepared to air their views on matters of sanitation at the school, fire protection, improved physical education facilities, enlarged library facilities and other matters pertaining to the welfare of the school pupils.

Need of a Parent Teacher Ass'n. has long been felt in this district and last week's enthusiastic turnout augurs well for the success of such an organization in the future.

IODE Xmas Cheer

Previously acknowledged	\$68.00
Mrs. Ruby Scott	5.00
Anon.	10.00
	\$83.00

The Dawson City Chapter wishes to thank all those who donated so generously to their Xmas Cheer for the Pioneers, either by direct subscription or by means of the Xmas Cheer tins around town.

Fairbanks Curlers To Attend 'Spil Here Next Month

delegation of Fairbanks curlers and their supporters will be arriving in Dawson early next month to participate in the annual international bonspiel at the Dawson Curling Club.

The Alaskan curlers are scheduled to engage in games here with the Dawson curlers and teams from Mayo and Whitehorse from Feb. 9 to 12.

It is definitely known that Mayo and Whitehorse will also be sending rinks again this year to participate in the annual international bonspiel.

Members of the curling club executive and special committees are now working on plans to welcome the visiting delegations and to assure them of a gala time while they are in Dawson.

With the winter overland road now open between Whitehorse and Dawson, it is anticipated that quite a few of the curlers and curling fans may be driving here to attend the mid-winter spiel.

**Sinclair Lewis
 Dies In Italy Of
 Pneumonia At 65**

ROME.—Sinclair Lewis, America's
 most controversial novelist of the 20th
 Century, died today in the Italy he
 loved. The author of "Main Street,"
 who wrote "Babbitt" into the English
 language and ran up a total of 22
 books, succumbed at 65 after an at-
 tack of bronchial pneumonia.
 The famed red-haired novelist had
 been a patient at VIII Electra clinic
 since Dec. 31. Hospital attendants
 said he suffered also from inflamma-
 tion of the heart. He would have been
 66 Feb. 7.

Lewis' main novels were biting in
 portraying the United States of the
 '20's and '30's. He was the first Am-
 erican novelist to win a Nobel Prize.
 He accepted the award in 1930 for
 "Babbitt," written in 1922.

The lanky native son of Sauk Cen-
 ter, Minn., had many best sellers to
 his credit.

**"Moosemeat" John Is
 Missing in Westward**

ANCHORAGE, Alaska, Jan. 13.—
 John Hedberg, 85, known to thousands
 of Alaskans and tourists as "Moose-
 meat John," is reported missing be-
 tween Anchorage and his homestead
 at Kenai.

A search was reported being organ-
 ized at Kenai, where Hedberg has not
 been seen since August.

At the request of Hedberg's son,
 John, Jr., a U. S. Marshal's Deputy
 entered the former's home at Moun-
 tain View, Anchorage suburb. He re-
 ported Hedberg's rifle and pack-board
 gone, indicating he had not returned
 from Kenai.

The son said his father went to
 Kenai last summer, returned to An-
 chorage, and then went back to Kenai
 "about the time of the freeze-up."

Friends expressed fear Hedberg had
 an accident during his trip by out-
 board motor boat on Cook Inlet waters
 enroute to Kenai.

**Guay, Time
 Bomber, Dies
 On Gallows**

MONTREAL, Jan.—Albert Guay, the
 little Quebec jeweller, whose yen for
 quick riches led him to kill his wife
 and 22 others by time-bombing an air-
 liner, died on the gallows in Bordeaux
 prison today.

Guay, convicted of a plot to get his
 wife's insurance, mounted the scaffold

This advertisement is not published
 or displayed by the Government of
 Yukon Territory

at 12:26 a. m. and seven minutes later
 he was pronounced dead.

Guay was convicted of having a
 bomb placed on a Quebec Airways
 plane, which exploded and crashed
 Sept. 9 1949, killing the 23 persons.
 Among those killed was Guay
 wife, Rita, 28. Also aboard were three
 top New York executives of the Ken-
 necott Copper Corp., E. T. Stannard,
 President; Arthur D. Storke, who was
 to succeed Stannard, and R. J. Park-
 er, vice-president.

**Religious Sect
 Members Await
 End Of World**

KEREMEOS, B. C.—After 15 days
 of chanting and prayer in a darkened
 stone farm cottage, 35 members of
 a queer religious cult were ready to-
 day either for the end of the world or
 to "meet their God."

There appeared to be some doubt
 just what the "Children of Light," as
 they call themselves, expect to happen.

Followers passed out word after
 their vigil began Dec. 26 that the
 knowledge of earth's impending end
 Jan. 9 had come in a vision to their
 grey-haired leader, Mrs. Grace Agnes
 Carlson.

But 50-year-old Mrs. Carlson, dress-
 ed in a flowing white robe and red
 cape, would not go that far when she
 talked to newsmen yesterday.

"We are waiting to meet God," she
 said. "But we don't know in what
 form. Only God knows that."

Then she reiterated that she had
 experienced a phenomenon and had
 visions which were "too sacred to dis-
 close."

Whatever the "Children of Light"
 anticipate, they await it in semi-dark-
 ness.

Blankets have been pinned over
 windows of the isolated cottage on the
 outskirts of this little fruit farm-
 ing community of 1,000. Within are
 men, women and children who have
 divested themselves of things worldly.

Many sold all their possessions to
 be free of debt "when the Lord
 comes." Some disposed of orchard
 lands for as little as \$2 an acre.

**Special Show, Dance
 At Moosehide Next
 Friday, Feb. 2**

A special show, featuring the super
 film "Christmas Carol," and others
 will be held at St. Barnabas Mission,
 Moosehide, on Friday, Feb. 2.

A dance will also be held the same
 evening in connection with the special
 show.

Tickets for the show and dance are
 now on sale at \$1 apiece for adults
 and 50c for children.

There will be prizes and good time
 assured for all.

THE YUKON GAZETTE

PUBLISHED BY AUTHORITY

THURSDAY, JANUARY 25, 1951

NOTICE

Under and by virtue of the powers
 vested in him by Section 9 of the
 Public Printing Ordinance, the Com-
 missioner has been pleased to discon-
 tinue in its present form and has pre-
 scribed that the Yukon Gazette here-
 after shall consist of such portions
 of page 2 of the Dawson Weekly
 News as may be required by the Ter-
 ritorial Government for advertising.

W. A. WARDROP,
 Territorial Secretary.

**REGULATIONS FOR TRAPPING OF
 BEAVER**

The Regulations for the Trapping of
 Beaver made by the Commissioner of
 the Yukon Territory pursuant to the
 provisions of paragraph (O) of sub-
 section (1) of Section 78 of the "Yukon
 Game Ordinance", being Chapter
 3 of the Ordinances of the Yukon
 Territory (1947) are amended as fol-
 lows:-

1. Delete paragraph 2 of Section 1
 and substitute therefor the fol-
 lowing:

"All of the Yukon Territory
 excepting the McArthur Game
 Sanctuary and the Kluaene
 Game Sanctuary."

A. H. Gibson,
 Commissioner.

Only the preceding portion of this
 page constitutes the Yukon Gazette.

W. A. WARDROP,
 King's Printer

Captain H. E. Bridge, Anglican mis-
 sionary at Moosehide, who is arrang-
 ing the affair, is trusting that the
 public will lend good patronage to the
 show and dance.

**All-Out War Before
 End of Year Looked
 For by Wainwright**

PETTUS, Tex. Jan 13—Gen Jonath-
 an M. Wainwright (Ret) said he looks
 for all out war before the end of 1951.

Speaking at a banquet here yester-
 day, the hero of Bataan said he be-
 lieves Russian armies are now gather-
 ing to attack Germany as soon as pos-
 sible and that he expects the attack
 this spring when the weather is favor-
 able.

Wainwright also said he thinks the
 Russians have unlimited forces in
 Manchuria ready to pour into Alaska
 at the bidding of the Kremlin forces.
 This attack, he said, could be expect-
 ed after the invasion of Allied sections
 of Germany.

The General said he thinks the U. S.
 is in a bad situation this time because
 of lack of preparation and that we are
 actually at war already.

Rocky Business

She: "You were fooled with this
 diamond ring."
 He: "I guess not. I know my on-
 ions."
 She: "Maybe—but not your carats."

The Ocean Was Rough

Alexander Reid, a sailor of War-
 rington, Eng., arrested for drunken
 driving in a stolen car, told the judge
 he had mistaken it for a battleship.

LEGAL ADVERTISEMENT

**SALE OF CROWN LANDS AND
 BUILDINGS**

Public notice is hereby given that
 tenders will be received by the und-
 ersigned up to 12 o'clock noon on the
 15th day of February, 1951, for the
 purchase of the following lands in
 separate parcels, namely:

PARCEL ONE: All that portion of lot
 numbered eleven, in block lettered
 "I" in the townsite of Dawson, in
 the Yukon Territory, lying west of
 a line across said lot eleven and
 which is parallel to and distant
 twenty-one feet and six inches easterly
 from the westerly boundary
 thereof and as said lot is shown on
 a plan of Dawson and Klondike
 Townsites, approved and confirmed
 on the twenty-second of September
 eighteen hundred and ninety-nine, by
 Edouard Deville, Surveyor General
 of Dominion Lands, of record num-
 ber eight thousand three hundred
 and thirty-eight, in the Legal Sur-
 veys, Department of Mines and
 Technical Surveys at Ottawa.

PARCEL TWO: All those portions of
 lots numbered eleven and twelve, in
 block lettered "I", in the Townsite
 of Dawson, in the Yukon Territory
 as said lots are shown on a plan of
 Dawson and Klondike Townsites,
 approved and confirmed on the
 twenty-second of September, eigh-
 teen hundred and ninety-nine by Ed-
 ouard Deville, Surveyor General of
 Dominion Lands, of record number
 eight thousand three hundred and
 thirty-eight, in the Legal Surveys
 Department of Mines and Techni-
 cal Surveys at Ottawa, which said
 portions may be more particularly
 described as follows:

FIRSTLY: All the portion of said
 lot eleven lying east of a line ac-
 cross said lot eleven and which
 is parallel to and distant twenty-
 one feet and six inches easterly
 from the westerly boundary of
 said lot eleven.

SECONDLY: All that portion of
 said lot twelve lying north of a
 line joining the middle points of
 the easterly and westerly bound-
 aries of said lot twelve.

There is said to be an office build-
 ing located on Parcel One and an Old
 Post Office building located on Parcel
 Two.

Separate tenders be submitted for
 each parcel, accompanied by a cer-
 tified cheque, bank draft or money or-
 der, payable to the Receiver General
 of Canada for 10% of the amount tend-
 ered.

If a tender is accepted the balance
 of the purchase price shall be paid at
 the option of the purchaser in one of
 the two following methods:

- (a) The full balance of the purchase
 price within 30 days; or
- (b) A further 10% of the purchase
 price to be paid within 30 days and
 the balance being 80% of the pur-
 chase price paid in four equal in-
 stalments to become due and pay-
 able on the following dates: April
 16, 1951, July 16, 1951; October 16,
 1951; and January 16, 1952, together
 with interest at the rate of 5% per
 annum on the unpaid balance.

The highest or any tender will not
 necessarily be accepted.

Tenders should be submitted in
 plain envelopes marks "Tender re
 sale of Crown lands and buildings at
 Dawson, Yukon Territory".

Address tenders to:
 Chief Lands Division,
 Development Services Branch,
 Department of Resources and
 Development,
 Ottawa, Ontario
 Jan. 18; 26.

**Scott & Adair
 Due Back Home**

Bill Scott, sup't at the Clear Creek
 camp and Ken Adair, Clear Creek em-
 ployee, are waiting at Clear Creek for
 Pilot Pat Callison to bring them back
 to Dawson.

Bill and Ken left here before the
 holidays to do some prospecting on
 the upper Klondike for the company.
 They had figured on returning to their
 homes here for the Christmas holi-
 days.

However, while en route from Clear
 Creek main camp to the upper reach-
 es of the Klondike, the cat which they
 were driving broke through the ice
 in the Klondike river and the two
 men had a hard time getting out of
 the river and back into shape again.
 For that reason they were unable to
 get home for Christmas.

Pilot Callison was in contact with
 Ken and Bill via radio this week and
 they said that they were waiting at
 the main camp and ready to make
 the flight back to Dawson.

Skating on ice is possible because
 the weight of the body melts the ice
 and the skater really is travelling on
 a film of water which freezes again
 as the weight is removed.

Commercially speaking, the Doug-
 las fir is more valuable than any other
 tree.

**\$350,000 Damage
 Fairbanks Fire**

Later reports on the disastrous
 Fairbanks fire Monday night disclose
 that damage will run into the stagger-
 ing sum of \$350,000.

It was also revealed Tuesday night
 that the North Pole Bakery adjoin-
 ing the Co-Op Drug Store, which was
 a total loss, was also destroyed in the
 conflagration.

The fire, apparently, was caused by
 an explosion in the basement of the
 Co-Op store and flames spread
 through the entire structure with a
 mazing velocity.
 The destroyed buildings were so
 heavily coated with ice that it was
 almost impossible to get into them
 after the fire.

Andrew Nerland, pioneer Fairbanks
 business man, who was sleeping in
 an apartment above the ill-fated Co-Op
 Drug Store, barely escaped the inferno
 alive.

Foreman: "Why is it you only
 carry one plank and all the other men
 carry two?"

Worker: "They're just too lazy to
 make two trips like I do."

Boss: "Shame on you. Do you know
 what we do with office boys who tell
 lies?"

Boy: "Yes, sir, when they get old
 enough the firm sends them out as
 salesmen."

Dear Editor:

Curlers Here To Celebrate Bobbie Burns Night

Members of the Dawson Curling Club will hold their annual Bobbie Burns' night in the clubrooms this coming Saturday, Jan. 27.

While Burns' birthday is today (Jan. 25), it was decided to hold the annual fete on Saturday night so that those attending might be able to "sleep in" on Sunday morning instead of having to go to work with the meritment of a typical Burns' night ringing in their ears or suffering from the effects of just another "wee Doch and Doris" too many.

MILEAGES		LOCATIONS	REMARKS

facts of just another "wee Doch and Doris" too many.

Anyway, the committee in charge of the colorful event has made plans for a bang up party, with lots of music, dancing and joviality so becoming to the occasion.

One of the highlights of the evening's entertainment will include a spectacular curling match featuring costumes and get-ups right out of this world. There will also be an exhibition of Scottish dances and even the traditional haggis will be very much in evidence in connection with the "spread" that the house committee is arranging for the occasion.

So Hoot Mon, gang awa to the Mid-night Sun Curling Club Saturday night, curl and play the Bobbie Burns way and "Lang May Your Lum Reek."
(Hope that quotation is correct, Kenny!

Curling Is Now Booming On The Pacific Coast

Recent outside papers reveal that curling is the coming game in B. C. with enthusiasm over the popular pastime attaining its peak in popularity throughout the province.

Already there are clubs with fine sheets of artificial ice at Kimberley, Nelson, Trail, Vernon, Kamloops, Revelstoke, Peachland and, of course, the big, new curling arena at Van-

Construction or promotion for rinks is under way at Rossland, Pentiction, Kelowna, Chilliwack, Nanaimo and Victoria.

There is word of a new rink to be built in Burnaby, suburb of Vancouver, while Marine Drive Golf Club has held a meeting to discuss possibilities of building a rink in conjunction with the golf club.

All of which is a fair indication of the boom in curling in British Columbia.

Many of the Vancouver Club curlers will have a look at these new rinks when the bonspiels start coming thick and fast during the current year.

Top ranking Vancouver rinks are already planning on entering the interior bonspiels upcoming soon.

The new rink at Kelowna will have four artificial ice sheets and will be erected next to the big Memorial Arena on the civic centre site. It will have its own refrigeration unit.

The center of a standard baseball is a piece of cork the size of a marble which has been aged for 15 years.

Wong, used by at least 150,000,000 Chinese people, is the world's most common family name.

A good way to stay poor is to pretend you are rich.

Fido, a dog's name, is taken from the Latin fidus, meaning faithful.

always a standout

The Dawson News

SYNOPSIS OF MINING LAW YUKON TERRITORY

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Yukon Quartz Mining Act and the Yukon Placer Mining Act, with certain reservations set out in the said Act.

No person shall enter for mining purposes or shall mine upon lands owned or lawfully occupied by another until adequate security has been furnished to the satisfaction of the Mining Recorder for any loss or damage which may be thereby caused.

Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency Recorder, who shall as soon as possible, deliver the applications and fees received to the Mining Recorder for the District.

If two or more persons own a claim each person shall contribute proportionately to his interest to the work required to be done thereon, and when proven to the Mining Recorder that he has not done so his interest may be vested in the other co-owners.

The survey of a claim made by a duly qualified Dominion Land Surveyor shall be accepted as defining absolutely the boundaries of the claim surveyed, provided the survey is approved by the proper authority and remains unopposed during the period of advertisement.

A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a placer claim within six months.

A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.

Metal tags to be obtained from Mining Recorder and affixed to claim posts. (Placer and Quartz.)

Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.

Grants of claims grouped or owned by one person may be made renewable on the same date.

PLACER MINING
Creek means any natural water course having an average width of less than one hundred and fifty feet between its banks.

Creek claims shall not exceed five hundred feet in length measured along the base line, by one thousand feet on each side of the base line.

Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively. Location posts of creek claims shall be placed on the base line and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river toward which it fronts.

A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.

The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the Crown.

An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's Office. One extra day shall be allowed for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.

Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.

For provisions as to staking under powers of attorney see Act.

Title

Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work on the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.

Provision for applying excess representation work up to a value of \$500.00. Must be recorded during year in which it is performed.

Grouping
Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping.

Taxes and Fees
Royalty at the rate of two and one-half per cent on the value of all gold shipped from the Yukon Territory shall be paid to the Commissioner.

For grant to a claim for 1 year \$10.00
For renewal of grant—
If renewed within 14 days after expiry date 10.00
If after 14 days and within 3 months 30.00
If after 3 months and within 6 months 45.00
Recording an abandonment 2.00
Registration of any document 2.00

If it affects more than one claim
For each additional claim 1.00
Abstract of Title
For first entry 1.00
For each additional entry 1.00
For copy of Document—
Up to 3 Follies 3.00
For each additional Folio 50
For grant of water
For 50 inches or less 10.00
For 50 to 200 inches 25.00
For 200 to 1,000 inches 50.00
For each additional 1,000 inches or fraction thereof 50.00

QUARTZ MINING
Subject to the boundaries of other claims in good standing at the time of its location, a mining claim shall be rectangular in shape and shall not exceed 1,500 feet in length by 1,500 feet in width.

Every claim shall be marked on the ground by two legal posts, one at each extremity of the location line numbered "1" and "2" respectively. On the side of No. 1 post facing No. 2 post shall be inscribed the name of the claim, a letter indicating the direction to No. 2 post, the number of feet to the right or left of the location line, the date of location and the name of the locator. On No. 2 post, on the side facing No. 1 post, shall be inscribed the name of the claim, the date of location and the name of the locator.

The claim shall be recorded within fifteen days if located within ten miles of the Mining Recorder's office; one additional day shall be allowed for every additional ten miles or fraction thereof.

Any persons 18 years of age or over may locate during any period of 12 months personally, as attorney for another or by an attorney seven mineral claims in the aggregate within a distance of 10 miles from any other mineral claim (making a total of 2 mineral claims) so located by him during that period.

Power of Attorney must be filed with Mining Recorder before staking. The timber on a mineral claim is reserved until the Mining Recorder certifies that the same is required for use in mining operations on the claim. The Commissioner however, may issue a permit to holders of other claims to remove the timber for use in their mining operations where other timber is not readily available.

Title
Any person having complied with the provisions of this Act with regard to locating and recording a claim shall be entitled to hold it for one year from the date of the record, and thereafter from year to year provided during each year he does or causes to be done work on the claim to the value of \$100.00 and shall, within fourteen days after the expiration of the year, satisfy the Mining Recorder that the work has been done, and pay the Certificate of work fee. One hundred dollars may be paid in lieu of assessment work.

Provision of applying excess representation work up to a value of \$400.00. Must be performed during year in which it is performed.

When \$500.00 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, obtain a lease for a term of twenty-one years, with the right of renewal for further terms of twenty-one years.

Leases, renewals of leases, and documents relating to leased claims shall be recorded with the Mining Recorder in triplicate.

Schedule of Fees
Recording every claim 10.00
For a substitutional record 10.00
For a certificate of improvements 5.00
Application for a lease 10.00
Recording every certificate of work per year 5.00
If recorded within 14 days after expiry date per year 5.00
If after 14 days and within three months 15.00
If after three months and within six months 25.00
For a Grouping Certificate 5.00
Recording assignment, abandonment, affidavits, or any other document 2.50
If document affects more than one claim, for each additional claim 1.00
For an abstract of the record of a claim.
For the first entry 1.00
For each additional entry 1.00
For copies of any document recorded where same do not exceed three follies 3.00
Where such copies exceed three follies, 50 cents per folio for every folio over three, for recording a power of attorney to stake from one person 4.00
For recording a power of attorney to stake from two persons 8.00
For recording an assignment or other document relating to a Rental, whole or fractional mineral claim granted under lease for term of 21 years 3.00
Rental for renewal term of 21 years 200.00

Dredging
A lease may be issued for a period of fifteen years for a continuous stretch of river not exceeding ten miles in length giving the exclusive right to dredge for gold, silver and platinum. The lessee must have at least one dredge in operation on the leasehold within three years.

Petroleum and Natural Gas
A lease may be issued for a period of twenty-one years for an area of not to exceed 2,500 acres giving the right to the petroleum and natural gas on the area leased. A rental is charged of 50 cents per acre for the first year and \$1.00 per acre for each subsequent year.

Assay Office
An Assay Office is maintained by the Government at Vancouver, where gold exported from the Territory will be purchased at its full value.

A. H. GIBSON, Commissioner.

Oil Burners

"KEMAC" Conversion Oil Burners fit practically all kinds of Kitchen Ranges

Very easy to install - no changing of water coil

Burn all your rubbish or use coal or wood if your oil burner or power gives trouble

Price on this Unit \$89.50

"CREST" Conversion type Oil Burners

These Burners fit into the firebox of the stove and are a sealed-in unit

Price on this unit \$89.50

You are welcome to inspect both of these units on display in our store

Dawsonites Enjoying Florida Sunshine

The following news release was received by the News on Tuesday's air-mail from the Florida Chamber of Commerce:

Special to the Northernmost Newspaper in Canada, The Dawson News, from the Southernmost resort in the U. S., Key West, Fla. Mr. and Mrs. Bert Bratsberg of Dawson City, Yukon Territory, Canada began their monumental-seeming trip on Oct. 23, and two months later threaded their way down to Key West, where they are stopping at the Sea Isle Court.

Mr. Bratsberg operates a mine called "Gold Bottom Placers" which is on the old Discovery Claim, only these days they mine it by bulldozers. The first lap of their journey was 8 days by stern-wheeler down the Yukon River from Dawson to Whitehorse, where the Alcan Highway originates. Then by car across Canada, visiting Yukon people along the way, arriving in Toronto where Mr. Bratsberg's brother lives, only to find that his brother had left the day before for the family home in Norway. Nothing daunted, Mr. Bratsberg hopped a plane and over in Norway there was a joyous family reunion, seven brothers

and their parents. Back to Toronto, and down the coast to end of the road, the tropical island of Key West, which charmed them so much that they're extending their stay for three weeks. They've found the fishing wonderful and they swim and play volley ball every day. Mrs. Bratsberg said that life in Dawson compares with Key West, leisurely and relaxed, and they've promised to come back soon, even though it is quite a little jaunt.

D. V. C. AFTER MORE MEMBERS

Dawson Youth Corporation, one of the most active social and athletic organizations in town, is launching a drive this year for an increased membership.

The Club is anxious to secure as many new members as possible between the ages of 13-25 so all who are thinking of joining the DYC should put in their applications as soon as possible.

Members of the club are holding a banquet next Friday evening at the Arcade Cafe and an interesting time is anticipated.

Those (within the age limit) wishing to attend are advised to put their names into the B & F Store or Dawson Artscraft. All names must be in by Jan 31st.

Official Data On the Winter Overland Road

Commissioner A. H. Gibson has kindly passed on to the News a log of distances between Dawson and the junction of the Whitehorse-Mayo highway. This information should prove of use to the prospective traveller.

In his letter accompanying the log Mr. Gibson advised that there are only four locations where trouble may be experienced. These are one short pitch at Gauvin's cabin at Barlow and three short rises across the Stewart River, which have not as yet been packed.

The traveller on the road, the Commissioner observed, will be well advised to prepare for emergencies. From Hollenbeck's (Mile Post 24) to Stewart Crossing (Mile Post 99), there is no occupied dwelling. Sleeping bags and grub boxes should be carried by all travellers, and an axe, pick and shovel, and some dry wood, are absolute necessities.

The log appears elsewhere.

All Yukon Colder On Wednesday

Weather reports from Yukon points to the south reveal colder temperatures than even prevailing yesterday. With the exception of Stewart City, every other main Yukon centre recorded colder weather than on the previous day.

Here are the official readings as supplied through the courtesy of Charley Stone, manager of the Government Telegraph Office here.

- Tagish,—32.
- W'Horse,—26.
- LaBerge,—41.
- Carmacks,—36.
- Selkirk,—42.
- Stewart,—56.
- Dawson,—60.

According to weather forecasts from Fairbanks heard Tuesday night, no break was foreseen for another 48 hours at least in that area. It was 50 below there yesterday.

Dawsonites Defy Cold to Attend Catholic Social

Despite the low temperatures prevailing, a fairly large number of Dawsonites turned out last Friday evening to attend the card party and social in Parish Hall.

The event as sponsored by the Catholic Women's League.

Following the whist games, refreshments were served by members of the League.

All who attended enjoyed the affair and are looking forward to the next one.

Personal Mention

Jack Grasser arrived here by CPA plane last week from his former home at Vancouver to assume his new duties in the Northern Commercial Co. office. Jack is a veteran of World War No. 2.

Miss Bella Cook entered St. Mary's Hospital on Sunday to undergo an X-Ray examination and medical treatment.

J. Taylor and F. Johnson, high ranking officers of the Masonic Lodge, arrived here by plane last Thursday to attend a special Masonic meeting here. They returned south the following day.

The Fire Dept. was called out in the bitterly cold weather of Monday night to put an overheated chimney under control at the home of Maurice Gauthier in south Dawson.

The alarm was turned in a sound 6 p. m. No damage resulted.

Dawson Dentist To Be Away For Three Months

Weather permitting, Dr. Wm. Joiner, energetic Dawson dentist, figured on leaving by plane Tuesday en route to Mayo and thence to Yellowknife.

Bill expected to be located at Mayo for the next three weeks and then he plans on driving to Edmonton via the Highway en route to Yellowknife.

Minus the services of a dentist, residents of Yellowknife had appealed to the Dawson dentist to make a trip over there.

While in that far-northern mining centre, Bill will look over the possibilities of locating there, in which case he and his family would be moving from Dawson.

Dr. Joiner intends to return here in about three months. Meantime his wife and the children are remaining here to await Bill's return in the spring.
