

DAWSON WEEKLY NEWS

BRITISH EMPIRE'S FARTHEST NORTH NEWSPAPER

Subscription, \$6.00 per year; single copy, .25c

DAWSON, YUKON TERRITORY, CANADA, THURSDAY, MARCH 29, 1951.

VOL. 52, NO. 29.

Two New Members To Be Added To The Yukon Council

According to current reports in Edmonton and other outside newspapers, two new members are to be added to the Yukon Council.

This addition to the Territorial Council was also reported in Hansard under date of March 5.

Reports state that the two members will be elected thuswise: one from Carcross district and the other from another point in southern Yukon.

Dawsonites are taking a dim view of the supplemented membership of the Council in that the new members will be representing districts in southern Yukon. Under the new set-up that part of the Territory would have three members as against one member for Dawson and one for Mayo.

Consequently balance of power in the Council deliberations would naturally rest with the majority of members from southern Yukon and prove, undoubtedly, derogatory to the best interests of this and the Mayo areas, the two largest production centres of the Territory.

Apparently the Federal Government's decision to add two new members to the Council was accomplished without knowledge of the present members of the Yukon Council, or the populace of the territory in general.

Callison Flies Trapper Here For Medical Attention

Pilot Pat Callison made a flight to Joe Sestak's camp up the Sixtymile Monday to bring Joe to Dawson for medical attention. The latter is reported to be suffering from a sprained leg.

On Tuesday the local airman made a flight to Whitehorse in his Stinson with Jack Malloy as a passenger. Pat expected to be gone for only a couple of days.

He had flown Malloy to Dawson from the latter's home at Kirkman Creek on one of his recent flights up the Yukon.

During the past week end Pilot Callison was busy overhauling and testing his Waco biplane in preparation for his busy spring flying operations to outlying mining camps.

Snow Bulldozed From School Yard

It won't be long now before the school kids (and their teachers) are playing baseball again.

While tons of snow remain in most parts of town, such is not the case on the big playground in front of the Dawson Public School.

The pupils had hardly started their Easter holidays last week before a government bulldozer, driven by Johnnie Joint, was busy bulldozing the snow off the field. Johnnie made a perfect job with his 'dozer with the result the school grounds are stripped right down to the top soil and the whole field should be dried up before school classes are resumed next week.

This practise of having the snow removed by bulldozer from the school yard was instituted last spring by Sup't. of Public Works B. G. Harvey. As a result the pupils have been afforded the use of a snow-free playfield weeks before the grounds could normally be used for spring recreation.

Dawson's Oldest Citizen Passes

Believed to have been Dawson's oldest citizen, Louis Salvey, one of the best known pioneer soundoughs of the Klondike, died Monday afternoon at St. Mary's Hospital.

Louis claimed that he was 98 years old.

He came north during the gold rush era from Seattle where he had formerly been in the hotel business. For many years he mined with the late Charles Nagin on Sulphur Creek.

Since Nagin's departure from Dawson some 15 years ago, the veteran soundough had lived in semi-retirement in a small log cabin in south Dawson where he was a familiar figure to scores of Dawson people.

He entered the hospital about three years ago and had remained a patient right up until time of his death.

Pioneer Dawson Blacksmith Returning

Word has been received here to the effect that A. A. Bigg, pioneer Dawson blacksmith and bicycle dealer, plans on returning to Dawson this spring to sell out his equipment and properties.

Mr. and Mrs. Bigg left here last fall to spend the winter outside. It is understood that they plan to locate permanently on the outside.

Motion Picture Sound Films At St. Paul's

During the month of April, a series of motion picture sound films will be shown at St. Paul's Pro Cathedral each Sunday at 7.30 p. m. The third episode in the "Life of St. Paul" series will be shown next Sunday evening. The title is "The years of apprenticeship". Those who witnessed the first two films in the series have highly commended the excellent portrayal of St. Paul and the early apostles, the good photography, as well as the splendid teaching value in following the biblical narrative. The Church Committee of St. Paul's extend a cordial invitation to all to view these excellent films. The Sunday school children will also have an opportunity of seeing the films during their regular sessions.

Shaw, Morgan Back From Trip

George Shaw, Dawson sawmill operator and Fred Morgan, local wood dealer, have returned from their recent trip to Edmonton.

George and Fred flew to that city about three weeks ago and drove back up the Alaska Highway and from Whitehorse to Dawson via the overland road.

George brought back a new truck while Fred bought and drove north a new sedan from Edmonton.

Basketball Games Attract Whooping Number Of Fans

Dawson basketball fans had the opportunity of witnessing the first basketball games of the season Monday night in Community Hall and the action and excitement dished up by the hoop artists left spectators yelling for more.

Hoop artists left spectators yelling for the Dawson women's team defeat the DYC girls by a 15-7 score while the DYC men's team handily outpointed the married men. Final score in this latter game was 39-20.

Both games were featured with plenty of action and excitement and the fans loved every minute of it.

Over \$75. net profit was cleared by D. Y. C. from gate receipts and from the sale of hot dogs and cokes in the hall.

A noisy ovation was tendered the regular DYC team as players pranced onto the floor in their colorful black and red shorts and matching gym shirts. The uniforms were procured from Whitehorse through the efforts of Corp. Gus Spohr.

In the ladies' opener, the Dawson women displayed too much experience and basketball ability for the DYC girls. Sergeant Bob Goad, of the R. C. S., refereed this battle of the lassies and survived to play in the men's game after.

H. A. MacDonald, of the Dept. of Indian Affairs, and a former hoop star, refereed the second game. Jack Grasser, of the N. C. Co., acted as scorer and timekeeper.

In the men's feature attraction of the evening, the DYC youths displayed too much pep, stamina and condition for their married opponents. Both squads and their spares freely.

Herewith are the lineups:

DYC Girls: Peggy Diment, Irene Crayford, Doreen Caley, Shirley Hill, Bubbles DeWolfe, Margaret Wood, Blanche Holbrook and Jean McDiarmid.

Women's Team: Dolores Anderson, Mrs. Betty Williams, Mrs. Ethel Colbourne, Lillian Cowie, Dodie McQuitty, Mrs. J. McCormack, Mrs. Tanner, Mrs. Kingwell, Miss Cass and Miss O'Connor.

DYC Team: Ron Beale, Bill Martin, Jim Cook, Bruce Campbell, Doug Stratton, Dan Drott, Jerry Sommerton, Ray Williams, Ian Bremner.

Married Men: John Donald, Bill Wood, Father Desmarais, Will Crayford, Gus Spohr, Dave Patrick, Bob Goad, Randall Stringer, Vic Wylie.

So much interest and enthusiasm were displayed by the fans over Monday night's games, that additional games are scheduled in the near future.

Pioneer Trapper In From Klondike

On his annual spring trip to Dawson with his winter's fur catch, Frank Rae, pioneer trapper of the Hart River arrived last Thursday.

Frank left his dogs at O'Brien Creek, above the south fork of the Klondike and made the trip from the south fork intake to town by pickup.

Archbishop Adams to Conduct Service at Bear Creek

The Most Rev. W. R. Adams, M. A., D. D. the Archbishop of Yukon, will conduct church service next Sunday evening at Bear Creek at the Company Mess Hall at 7.30 p. m. on Sunday morning. His Grace will be at St. Barnabas Church at the Indian village of Moosehide.

Harry Gleaves Sells Out Royal Alexandra And Arcade Cafe

In one of the largest property deals announced here in the past number of years, the famous historic Arcade Cafe and Royal Alexandra Hotel on front street changed hands.

Harry Gleaves, Dawson's second-oldest pioneer business man in years of service announces that he has disposed of the hotel and cafe to Len Froehlich and the latter's partner Norman McLoughlin. Both are comparatively young men who were in business at Vancouver prior to coming north to buy out the Arcade and Royal Alexandra.

The new owners will take over on April 1.

"I certainly hate to sell out," admitted Pioneer Gleaves "but a person can't keep on forever."

Harry is retaining his Orpheum Theatre, which he will continue to operate and the annex, where he and his wife make their home.

In retiring from the hotel and restaurant business, Harry Gleaves and his wife Nan round out nearly forty years of continuous service to the Dawson public. Harry entered the restaurant business in 1913 in partnership with Ed. J. MacKenzie. The latter left for the Mayo camp during the silver boom years of the early twenties and from then until now Gleaves has operated the "traditionally historic Arcade Cafe through whose doors have passed thousands of Yukoners as well as tourists and other visitors from all parts of the world.

Mrs. Gleaves has been associated with her husband since he first acquired the cafe.

Some four years ago Harry bought out the Royal Alexandra Hotel from John Janson, who in turn had acquired the hotel from the late P. A. Knudsen.

The Royal Alexandra is, without a doubt, one of the oldest and most famous of the early day structures of Dawson, erected during the hectic gold rush days. It's fame, as the original Flora Dora dance hall has spread to all corners of the world.

Gleaves operated the hotel for a year and then leased it to Milo Jurovich and Bill Hakonsen. The latter dissolved partnership with Jurovich a year ago and since then Mike Franich, another of Dawson's best known pioneers and former cafe operator, has operated the hotel.

"I have great faith in the future of Dawson," Pioneer Gleaves said yesterday "and will continue to make my home here." I don't know of any finer place in the world to live than here. If I were 10 years younger I would never have sold out the cafe or hotel."

In retiring from the cafe and hotel field, Harry would like to wish his successors the very best of success and prosperity in their new venture.

The new proprietors are both married men with families. McLoughlin returned to Vancouver to complete a business transaction there and will be returning here shortly. Both men will be bringing their families north later on.

Repair Crews Start Work On Dredges 3 And 4 On Tuesday

Some 15 company employees, mostly local men and a number from Bear Creek began annual spring repair work on the YCGC dredges No. 3 and 4 on Tuesday morning of this week.

The break in the cold weather made it possible to begin spring repairs on these two dredges somewhat earlier than previously anticipated. Repair work on the company's other dredges on the adjoining creeks will not be starting until April.

Fred Kilbride, veteran YCGC dredge employee, will again be dredgemaster on No. 3, on the Klondike while Bob McLaren will continue as dragmaster of No. 4 dredge on Bonanza.

These are the Company's two largest boats with No. 3 being the oldest dredge in the fleet, having been built in 1912.

Diments Sell Out Their Business Here

A deal was consummated here last week whereby Jack Olsen, well known Dawson carpenter has bought out the jewelry and novelty business of Mr. and Mrs. R. F. Diment.

Olsen will take over the Dawson Arts and Crafts on May 15.

Mr. and Mrs. Diment and their two children, Peggy Ann and Billy plan on leaving for the coast, via the Alaska Highway, sometime in June. They will make their future home near Victoria, B. C.

Melting Temperatures Prevailing These Days

sun, however, even higher temperatures to prevail in this district and temperatures during mid-day have reached the melting point or better.

Maximum temperature for the 24-hour period prevailing up to Monday night was 21 above zero. In the direct sun, however, even higher temperatures are general almost daily and are general almost daily and the annual spring thaw is definitely close at hand.

Dawsonites Enjoin In Round Table Discussion Re The Capital Move & Road

Mayo H. W. Firth, Andrew Baird of the Yukon Consolidated Gold Corporation and Dawson clothing merchant Jack Butterworth enjoined on Sunday evening in a round table discussion re the transfer of the capital and a proposed all-weather road to Dawson over the community broadcasting station CFYT.

Mayor Firth and Messrs Baird and Butterworth stated in no uncertain terms their stand and attitude against the transfer of the capital from Dawson to Whitehorse.

They also reviewed the proposed all-weather road linking Dawson with Mayo and Whitehorse and advanced accurate facts and figures to back up their arguments.

The possibility of road being built from Dawson to Mayo by the people of this district and by means of locally-owned equipment was thoroughly discussed by Mr. Baird.

Mayor Firth stressed the stand that has always been taken by the local branch of the B. C. & Yukon Chamber of Mines, not only in connection with the transfer of the seat of government but in regards to an all-weather road into Dawson. He stressed the fact that if Dawson district is to keep the capital here and that if an all-weather road is to materialize, the citizens of this area must fight for such objectives and not give up hope.

In his point-of-view, Jack Butterworth argued that an all-weather road would prove of utmost value to this part of the territory and he cited facts and figures regarding freight rates via the overland road during this past winter in which he claimed a distinct saving could be made, especially for local merchants such as himself. Jack only recently made a trip from here to Whitehorse, via the overland route, and he was basing his assumptions on the advantages of the overland route which he saw and experienced personally.

Before signing off Sunday night, Mayor Firth and his co-speakers urged the public to be sure and attend the public meeting of the municipal council on Wednesday night when the entire situation was scheduled to be aired and discussed.

WASH., March 27.—Defence and government attorneys both rested their cases Tuesday in the atom spy trial of Julius and Mrs. Rosenberg and Martin Sobel.

Last witness was Mrs. Rosenberg who denied testimony to the effect that she had served as a Soviet spy.

The case goes to the jury Thursday.

Weekly Report From Ottawa

(By J. Aubrey Simmons, M. P.)
 Among Government measures which have recently been introduced in the House, is the Act to amend the Foreign Exchange Control Act. This is a short bill—one section only and has as its sole purpose the extending of the Foreign Exchange Control Act for a further period of two years—to sixty days after the calling of Parliament in 1955.
 At last—following a line of thought which I have been expounding for some considerable time, a measure of popular representation is to be afforded the people of the Northwest Territories. Hon. Robert Winters has introduced a resolution in these terms: "Resolved, that it is expedient to bring in a measure to provide elected representation in the Territorial Government for the population of the Northwest Territories and to give the Governor in Council power to appoint judicial officers for the said Territories." This resolution is now on the order paper for discussion in Committee of the whole House. It is not likely that this discussion will take place until after the Easter recess.
 Many questions which have been standing on the orders for several days—in some cases weeks—have been answered lately. These include a number of complicated questions by Stanley Knowles dealing with the pension situation for C. N. R. employees. One answer is, I think, of general interest, namely that the total number of persons employed by the Canadian National Railways (Canadian lines) is 104,096.
 Angus McInnes of Vancouver asked, "has the Government decided to move the seat of government to the new territorial council from Dawson to Whitehorse, and if so, is that being done in consultation with the Yukon territorial council?" Hon. R. H. Winters in his reply stated that the population of Whitehorse has been increasing steadily for some years, together with its geographic location, have made it the centre of economic activity and communications for the territory. He said that this matter has been under consideration and discussion with the commissioner of the Yukon Territory for some time; and it has now been decided that the change should be made in order to enable the territorial government to give more efficient and expeditious administration of the affairs of the territory. At the same time the Minister took occasion to speak of the historic interest of Dawson, and its continuing importance as a gold producer and an important tourist attraction.
 Two subjects, neither of which affects the Yukon-Mackenzie directly, have taken a great deal of the time of the House during the past week. One is our old friend—wheat—and the seemingly endless discussion of the U. K. four year contract; the other is asked, "No," said the lecturer, "I do the reduction in city door-to-door mail a high diving act."

deliveries, from two to one per day

It is expected to be some months before the first women recruits enter the armed forces on an active basis. The R. C. A. F. reserve force, however, is already starting on a small scale. The drive has opened in Toronto where 200 women will probably become members of local reserve squadrons. They will work with aircraft control and warning units.
 Although Canadian defence spending is proceeding at a record clip for peacetime, there are indications that Finance Minister Abbott's budget needn't hit Canadian taxpayers as hard as some reports suggest. The spending estimates brought down this week provide for a total outlay which is more than \$800,000,000 higher than last year. On the other hand, tax revenues, on the basis of the present rates are said to be running far ahead of all estimates. It appears certain that the rates will go up, but the boost could, and probably will, be less than most taxpayers fear.

Civic officials and other representatives from gold mining districts in Northern Ontario and Northern Quebec waited upon a committee of the cabinet headed by Hon. Dr. James J. McCann, Minister of National Revenue and Acting Minister of Mines and Technical Surveys in the absence of Hon. George Prudham. Several Members, including myself, from gold mining areas were in attendance. It is quite clear from the brief submitted by the delegation that the recent increase of \$3,000,000 in the subvention to gold mining in the nation is not regarded by the mining people as being of much help. They pointed out that with the gold pegged at the old price and the whole business world in the grips of inflation, that the gold miner is carrying the greatest burden of any group in the nation. The delegation referred to the towns and the cities built up around the gold mining industry, the schools, hospitals and public services and utilities which suffer when employment in the gold mines is shut off and when mines close down. They seek not a bonus but the freeing of gold to find its own value in the economy of the world.

Ottawa, March 15, 1951.

Plane News

Inbound passengers on Tuesday's regular flight from Whitehorse, via Mayo, were: Miss Ann Janis and Jack Harding, both boarding the plane at Mayo.
 Leaving on the southbound flight Tuesday of this week were: Mrs. G. Kelly, for Mayo and Gus Nelson for Vancouver.
 Arrivals last Friday were: Commissioner A. H. Gibson, W. A. Wardrop, A. Chollock, Mrs. C. J. Lelievre, C. Peters, M. Globarovich and C. W. Low.
 Leaving Friday were: Mrs. Derron, for Edmonton and, for Vancouver: N. McLoughlin, Miss Mildred Stainger and Chris Glosie.
 Phil Gaunt, CPA agent who had been relieving regular agent W. J. Wood during the latter's absence, left Friday en route back to the Edmonton office.
 Arrivals on the CPA northbound flight last Thursday were: Miss L. Brown, L. Fretick, N. McLoughlin, D. Simon, W. Wood and CPA Agent W. J. Wood.
 Jack Harding and L. Smith explained that day for Mayo on the out-bound flight.
 CPA Agent Back; W. J. Wood, local agent for C. P. A., returned on last Thursday's flight from Vancouver where he had been spending the past two weeks on a combined business and holiday trip. During Bill's absence, Phil Gaunt, relief agent for CPA, had been handling the traffic in the Dawson office.

The lecturer at a woman's club called an attendant and told her to be sure to place a pitcher of ice water and a glass on the speaker's table. "Do you want it for drinking?" she asked. "No," said the lecturer, "I do the reduction in city door-to-door mail a high diving act."

Easter Holidays Quietly Observed In Gold Land.

The Good Friday and Easter Sunday and Monday holidays were quietly observed in Dawson. Services in the local churches were well attended and the Easter occasion was celebrated with special messages from the pulpit and special Easter music.
 The Good Friday service at Dawson Gospel Hall was broadcast over CFYT also the special Sunday evening service from St. Paul's Pro-Cathedral.
 Mild weather favoured the Easter week end in Dawson.
 Pupils and teachers of the Dawson schools began their annual Easter holidays on Good Friday. Schools will re-open again on Tuesday, April 3.

Dawson Skiers Invited to Ski Meet, Fairbanks

The following letter, which was received on Tuesday's air mail, should prove of interest to Dawson skiers. It follows:
 Box 34, College, Alaska.
 Editor, News,
 Dear Sir:
 The ski clubs of Fairbanks and the University of Alaska are jointly sponsoring the Fairbanks Golden Nugget Ski Meet to be held Saturday and Sunday March 31 and April 1st. The skiers of Dawson and the surrounding area are cordially invited to enter these races and compete as individuals. To date the Juneau Ski Club, The Anchorage Ski Club, the Fort Richardson Ski Team, the Big Delta Ski Team, Eielson Ski Team and Ladd Field ski teams will be present to like that—he'll eat a worm."

compete besides Fairbanks skiers and the University Ski team.
 The Nordic events will be run on Saturday, March 31st at the University. The jumping will be held at 10:00 a. m., the cross-country will be run at 2:00 p. m. Sunday, April 1st, the Down-hill and Slalom will be held on the Cleary Summit Slopes.
 We hope that you will make this information available to any interested parties in or around Dawson. For further information and entry blanks, write Harvey Turner, Box 34 College, Alaska as all entries must be in by Wednesday March 28, even if it is just the name and what the contestant wishes to run in.
 Thank You
 Harvey Turner, Pres.
 University Ski Club

Morgan Truck Broke Down on Way Back From Whitehorse

En route back to Dawson from Whitehorse with a load of freight, one of Fred Morgan's big trucks, driven by Harold Fraser broke down on the other side of Mayo.
 Mike Senya left here with Fred's other truck to pick up the load and Mike and Harold got the crippled machine as far as Mayo and then came on to Dawson.
 Mike and Harold have since driven get Ski Meet to be held Saturday and Sunday March 31 and April 1st. The skiers of Dawson and the surrounding area are cordially invited to enter these races and compete as individuals. To date the Juneau Ski Club, The Anchorage Ski Club, the Fort Richardson Ski Team, the Big Delta Ski Team, Eielson Ski Team and Ladd Field ski teams will be present to like that—he'll eat a worm."

Dawsonites Due Back Via Highway Friday

Franklin Osborn and J. O. Redmond, well known Dawson business men were due to return here tomorrow from their recent trip outside by car.

Leaving here over two weeks ago, Frank and Joe drove as far as Edmonton in company with A. W. Derron in the latter's Chev pickup. In Edmonton Frank picked up a new car and the pair drove out to the Pacific coast, visiting Frank's mother and sister in Portland and then continuing up to Vancouver.

EXCLUSIVELY CANADIAN...

A white flag signals "Tuna boated!" at Nova Scotia's International Tuna Cup Match held each year off Canada's Atlantic Coast. Teams of many nations compete for the honour of catching the biggest and the greatest number of these fighting deep-sea giants.

Created and signed by The House of Seagram, this advertisement, with appropriate copy for foreign lands, is appearing in magazines and newspapers printed in various languages and circulated throughout the world.

Seagram TELLS THE WORLD ABOUT Canada

This advertisement was designed by The House of Seagram to tell the people of other lands about Canada and things exclusively Canadian.

Many people in Latin America, Asia, Europe and other parts of the world are not fully aware of the richness of Canada's natural resources, wild life, scenic beauty and cultural traditions. The more the

peoples of other lands know about our country, the greater will be their interest in Canada and Canadian products.

The House of Seagram feels that the horizon of industry does not terminate at the boundary of its plants; it has a broader horizon, a farther view—a view dedicated to the development of Canada's stature in every land of the globe.

Americans Seek Road From Skagway To Whitehorse
 In a recent issue of the Alaska Empire, published at Juneau, Alaska, there appears a news story sponsoring the construction of a highway to the Skagway with Whitehorse. Proposals for such a route were recently brought before the Alaskan Legislature and memorials have been sent to Washington officials making a concerted plea for such a highway. The road could be accomplished, it is pointed out by the Alaskan legislators, by construction of a 50-mile highway from Skagway to Carcross, Y. T. and thence connecting up with the main Alaska Highway.

visiting around

We like to go visiting to see how other people produce textiles. A good many come to visit us, and we like this too. All main countries have textile industries, and people come from other countries in the western group to study our methods. The textile industry here in Canada is among the leaders in technical skill and effectiveness. And along with the U.S. it pays the highest wages for textile employment anywhere. In Canada the industry is the largest employer of manufacturing labor. Textiles also pay the largest manufacturing wage bill in this country. In these times, the size and technical ability of the industry are important features of Canada's strength.

DOMINION TEXTILE COMPANY LIMITED

Ice Breakup Now Becoming One Of Big Topics Here

With the annual breakup of the ice in the Yukon river in front of Dawson now only approximately six weeks or so away (maybe less), the usual interest is being displayed in this annual event that means so much to this part of the territory.

According to C. H. Chapman, manager of Dawson's Ice Guessing Contest, tickets on the Yukon's biggest and oldest ice derby are meeting with a ready sale. Tickets have been dispatched to all parts of Yukon, Alaska and outside points while the local sale of the ducats is meeting with the usual ready response from the public. Chappie reports that the flagpole and tripod have already been put in place on the river. Jeff Wynen built the tripod this year and positioned the flagpole on which will ride a tidy fortune for some lucky person who guesses the magic minute, and, of course, the day and hour when the ice sheet begins moving towards the Bering Sea.

There were 4 feet, 6 inches of ice in the river at the point where the tripod was set up. In addition to the "tidy fortune" that will ride on the main pool, hundreds of dollars worth of merchandise will be won on individual minute pools around town. Nearly every store of business firm in Dawson have minute pools now open and the prizes run from expensive sets of silverware, wrist watches, nugget and ivory jewelry to radios, cameras, cigarette lighters and many other items of merchandise and hardware.

This has been a rather long, cold winter and spring has been late in arriving. Will these conditions have any effect upon the ice breakup? That's the moot question these days and only the Ancient and Honourable Order of Iceologists of the North can give answers to those perplexing questions. Anyway, one thing remains for sure. The old ice pack will most certainly be moving out in front of Dawson sometime in May. It all depends upon Old Sol. Due to the late arrival of spring this year, many believe that when the big thaw begins in earnest, it will come quickly and energetically. But no one will yelling "steamboat" for some time to come yet.

Grasshoppers cannot jump unless the temperature is at least 62 degrees Fahrenheit.

Vern Away On Another Trip To W'Horse

Sharp on the dot of 4 o'clock Sunday afternoon, Vern Matson, driver for McCormick Transportation Co. gunned the motor on one of the firm's big heavy duty trucks and headed south on another trip to Whitehorse.

Along with several of the regular truck drivers of the McCormick Transportation Co., Vern has been making regular round trips between Dawson and Whitehorse, bringing back heavy loads of freight. All of the McCormick Transportation truckmen have been making exceptionally good time on the Dawson-Whitehorse run and the overland service has proved a boon to Dawsonites, particularly to Dawson business houses who have found that the overland route affords a considerable saving in freight rates; even cheaper in some instances than via the summer river route.

All of which provides a strong argument in favour of an all-weather road connecting Dawson with Whitehorse, and the Alaska Highway.

Making the trip to Whitehorse and back with Matson this time were two popular young Dawson school girls, Miss Donna Holbrook and Miss Joan Callison. Vern, his truck, his freight load and his lady passengers were due back in Dawson the middle of this week.

Bus: "I suppose you heard that poor old Al killed his wife?"
 Bud: "No! How?"
 Bus: "With a golf club."
 Bud: "How many strokes?"
 Husband: "I've been thinking it over, dear, and I've decided to agree with you."
 Wife: "It won't do you any good. I have changed my mind."

SYNOPSIS OF MINING LAW YUKON TERRITORY

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Mining Recorder for any loss or damage which may be thereby caused.

Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency Recorder, who shall as soon as possible, deliver the applications and fees received to the Mining Recorder for the District.

If two or more persons own a claim each person shall contribute proportionately to his interest to the work required to be done thereon, and when proven to the Mining Recorder that he has not done so his interest may be vested in the other co-owners.

A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a placer claim within six months.

A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.

Metal tags to be obtained from Mining Recorder and affixed to claim posts. (Placer and Quartz.)

Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.

Grants of claims, grouped or owned by one person may be made renewable on the same date.

PLACER MINING
 Creek means any natural water course having an average width of less than one hundred and fifty feet between its banks.

Creek claims shall not exceed five hundred feet in length measured along the base line, by one thousand feet on each side of the base line. Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively.

Location posts of creek claims shall be placed on the base line and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river toward which it fronts.

A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.

The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the Crown.

An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's Office. One extra day shall be allowed for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.

Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.

For provisions as to staking under powers of attorney see Act.

Title
 Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work on the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.

Provision for applying excess representation work up to a value of \$800.00. Must be recorded during year in which it is performed.

Grouping
 Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping.

Taxes and Fees
 Royalty at the rate of two and one-half per cent on the value of all gold shipped from the Yukon Territory shall be paid to the Commissioner.

For grant to a claim for 1 year \$10.00 For renewal of grant—
 If renewed within 14 days after expiry date 10.00
 If after 14 days and within 3 months 30.00
 If after 3 months and within 6 months 45.00

Recording an abandonment 2.00
 Registration of any document 2.00

If it affects more than one claim
 For each additional claim 1.00
 Abstract of Title
 For first entry 1.00
 For each additional entry10
 For copy of Document—
 Up to 3 Follies 3.00
 For each additional Folly50
 For grant of water
 For 50 inches or less 10.00
 For 50 to 200 inches 25.00
 For 200 to 1,000 inches 50.00
 For each additional 1,000 inches or fraction thereof 50.00

QUARTZ MINING
 Subject to the boundaries of other claims in good standing at the time of its location, a mining claim shall be rectangular in shape and shall not exceed 1,500 feet in length by 1,500 feet in width.

Every claim shall be marked on the ground by two legal posts, one at each extremity of the location line numbered "1" and "2" respectively. On the side of No. 1 post facing No. 2 post shall be inscribed the name of the claim, a letter indicating the direction to No. 2 post, the number of feet to the right or left of the location line, the date of location and the name of the locator. On No. 2 post, on the side facing No. 1 post, shall be inscribed the name of the claim, the date of location and the name of the locator.

The claim shall be recorded within fifteen days if located within ten miles of the Mining Recorder's office; one additional day shall be allowed for every additional ten miles or fraction thereof.

Any persons 18 years of age or over may locate during any period of 12 months personally, as attorney for another or by an attorney seven mineral claims in the aggregate within a distance of 10 miles from any other mineral claim (making a total of 8 mineral claims) so located by him during that period.

Power of Attorney must be filed with Mining Recorder before staking. The timber on a mineral claim is reserved until the Mining Recorder certifies that the same is required for use in mining operations on the claim. The Commissioner however, may issue a permit to holders of other claims to remove the timber for use in their mining operations where other timber is not readily available.

Title
 Any person having complied with the provisions of this Act with regard to locating and recording a claim shall be entitled to hold it for one year from the date of the record, and thereafter from year to year provided during each year he does or causes to be done work on the claim to the value of \$100.00 and shall, within fourteen days after the expiration of the year, satisfy the Mining Recorder that the work has been done, and pay the Certificate of work fee. One hundred dollars may be paid in lieu of assessment work.

Provision of applying excess representation work up to a value of \$400.00. Must be performed during year in which it is performed.

When \$500.00 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, obtain a lease for a term of twenty-one years, with the right of renewal for further terms of twenty-one years.

Leases, renewals of leases, and documents relating to leased claims shall be recorded with the Mining Recorder in triplicate.

Schedule of Fees
 Recording every claim \$10.00
 For a substitutional record 10.00
 For a certificate of improvement 5.00
 Application for a lease 10.00
 Recording every certificate of work per year 5.00
 If recorded within 14 days after expiry date per year 5.00
 If after 14 days and within three months 15.00
 If after three months and within six months 25.00
 For a Grouping Certificate 5.00
 Recording assignment, abandonment, affidavits, or any other document 2.50
 If document affects more than one claim, for each additional claim 1.00
 For an abstract of the record of a claim:
 For the first entry 1.00
 For each additional entry10
 For copies of any document recorded where same do not exceed three follies 3.00
 Where such copies exceed three follies, 50 cents per folio for every folio over three. For recording a power of attorney to stake from one person 4.00
 For recording a power of attorney to stake from two persons 5.00
 For recording an assignment or other document relating to a tent, whole or fractional mineral claim, quartz mining lease 2.00
 Lease for term of 21 years 50.00
 Rental for renewal term of 21 years 200.00

Dredging
 A lease may be issued for a period of fifteen years for a continuous stretch of river not exceeding ten miles in length giving the exclusive right to dredge for gold, silver and platinum. The lessee must have at least one dredge in operation on the easement within three years.

Petroleum and Natural Gas
 A lease may be issued for a period of twenty-one years for an area of not to exceed 2,560 acres giving the right to the petroleum and natural gas on the area leased. A rental is charged of 50 cents per acre for the first year and \$1.00 per acre for each subsequent year.

Assay Office
 An Assay Office is maintained by the Government at Vancouver, where gold exported from the Territory will be purchased at its full value.

A. H. GIBSON,
 Commissioner.

Garden Seeds

To grow good plants and assure a plentiful crop it is necessary to purchase first class seed. Don't buy seeds of unknown quality, your best buy is to get Patmore Seeds, proven in our own gardens to be of high average germination.

We will again have in stock varieties that you can count on to grow in our Dawson climate, no buying of seeds that will not grow here. We carry only varieties that will mature or flower before frost hits.

It is not too early to start thinking of getting your seed requirements, don't leave it until too late and then not be able to get what you want. Put your orders in at the store and we will see that you get the best.

The middle to the end of February is the best time to start your Tomato Plants, also Celery the first of March and Pansy seed soon after.

We have the best varieties you will need in Tomato, either Bush type or Tall.

FOR THE BEST IN SEEDS, SHRUBS AND SMALL FRUIT TREES ALSO HOUSE PLANTS, ETC.

Be sure to buy **PATMORE**. We handle Patmore seeds, etc. exclusively. Give us your order and we will get it here for you in good shape.

The Emergency Gold Mining Assistance Act (DEPARTMENT OF MINES AND TECHNICAL SURVEYS)

Notice to All Placer Gold Operators

1. Representatives from the Department of Mines and Technical Surveys and from the office of the Comptroller of the Treasury will be at Whitehorse from April 9th to April 22nd and at Dawson from April 23rd to May 5th. The purpose of this visit is to verify and audit applications for assistance payments for 1950 under the provisions of the Act. During the time allotted for Whitehorse these representatives will also visit Atlin, British Columbia.

2. Any placer operator who believes he qualifies for assistance payments under the Act and proposes to make an application for assistance payments for the year 1950 should appear in person before the representatives between the above dates with their assistance applications in quadruplicate and books of account and records. All costs shown on the applications must be supported by the necessary invoices, receipts, vouchers and pay lists, etc.

3. Operators should therefore not send their application for assistance payments for 1950 to Ottawa prior to the visit of the representatives.

G. S. Hume,

Director General of Scientific Services.

Dawson Woman Slightly Injured In Car Mishap

When the hospital sedan in which she was riding home from St. Mary's Church last Thursday evening careened into the ditch on the right hand side of the road opposite the Administration Building, Mrs. R. A. Warner received minor head cuts and bruises that necessitated several stitches.

Driving the car at the time was Miss Georgina Goss who claims that the deceptive contour of the snow at that narrow point in the road led her to misjudge the main roadbed.

It is reported that she was turning a little off the road to let another car pass and the lights from the approaching car and the deceptiveness of the snow resulted in her driving off the road and into the ditch, partly side-swiping a telephone pole at that point.

Miss Goss recently arrived here from St. Michael's Hospital, Toronto, to join the staff at St. Mary's Hospital.

The hospital car had to be garaged for repairs after being hauled out of the ditch by a cat from Hickey's Garage.

Dawsonites Meet In Honolulu

On their recent trip to Honolulu, Mr. and Mrs. Ed. Schwarz were pleasantly surprised one day while walking down a street in that city when who should they run into but a former Dawson lad, Kenny Hegstrom.

Ken, who has been with the Royal Canadian Air Force these past three years, was in Honolulu at the time with his unit. Since the RCAF began taking an active part in ferrying supplies and planes to the Korean battle-front, the former Dawson lad has visited many part of the world as a member of an RCAF maintenance crew. In addition to Hawaii, Ken has visited Tokyo and other points in the Far East.

Wood Haulers Nearing End Of Another Season

With the annual spring breakup of winter roads throughout the district now only a few weeks away, wood haulers of Dawson and district are busy these days hauling in wood from outlying camps up and down the Yukon and from up the Klondike.

One of the largest single loads to reach Dawson this winter was the one which Charley Mills brought down the Yukon from Meecham Creek last week for McCormick Transportation Co.

Mills has been hauling from that camp with one of the firm's big caterpillar tractors during the past few weeks. On the above-mentioned trip last week Charley had 5 sleighs fully loaded behind the cat or a total of 35 cords. Quite a number of Dawsonites who espied the big load coming down the river hastened to vantage points to watch the "wood train" pull in. Charley left again Monday to bring in the last load for this winter from the Meecham camp.

One of Dawson's oldest and yet still most energetic wood men is Henry Lepine, pioneer Dawson sourdough who is now in his mid-seventies. Ever since the wood roads down the Yukon were in readiness early this winter, Henry has been making trips almost daily with his gasoline cat, bringing hundreds of cords of firewood to town for next winter's use.

Margaret Wood, younger daughter of Mrs. Rose Wood and the late Sam Wood, of Mayo, came in from her home there last week and is spending her Easter holidays in Dawson. While here she is the guest of Mr. and Mrs. Jack McDiarmid.

Notice

A meeting will be held in the public school on Thursday, April 5 at 7.30 p. m. to reorganize the library, to elect an executive and to appoint a librarian. All citizens are urged to attend.

Finish Winter's Mining On Dago Hill, Hunker

Ralph "Sox" Troberg and his assistant Olaf Moen have completed their winter mining operations on Dago Hill on Hunker and returned to town last week.

During the past winter they had been taking out dump on Troberg's property there.

"Sox" expected to get away in a day or so for his mining property on upper Bonanza to get snow cleared from the buildings and his spring operations started for another season. Olaf Moen expects to be going to work for Jack Bremner on the latter's Last Chance property again this mining season.

After spending the past seven weeks at Vancouver where she was undergoing medical treatment, Mrs. C. J. Lelievre returned home by CPA plane last Friday. She is feeling much improved in health following her trip to the coast.
