VOL. 52, NO. 41

Benefit Game Nets \$54 For Injured Ball Player

The benefit game played at Min-to Park last Sunday between Dawson and Dominion drew a large turn out of local softball fans. It began to rain around the 7th inning which put a dampener on an otherwise good ball game. The Dominion Tigers, who beat Dawson a couple of weeks ago, had to bow to the local nine by a 10 to 4 score.

After the game the Dawson team played host to Dominion, serving coffee and doughnuts and honorable mention goes to several young ladies who assisted in pouring and serving.

A collection of \$54.00 was taken and the Dawson men's softball team wish to thank the people who, by their number and financial support, made of this benefit in aid of Harry Brooks, who had the misfortune of breaking his leg in a game played between Dawson 8 camp and Dawson such a fine success.

Mr. Harry Brooks upon being presented with the \$54.00, was taken by surprise and he wishes to voice his appreciation for all those who in any way helped.

A softball game league game was played at Bear Creek on Monday between Dawson and Bear Creek, Dawson taking this game by a round-house score of 38 to 6.

Bear Creek was seemingly at a loss without their star performer, Hank Dubois, and his steady influence was missed by both his team and spectators. Leo Barros, the peppery shortstop had the misfortune to injure his foot and was out of the game for the latter innings.

As the game was viewed from the side lines, it wouldn't be out of place to suggest to Coach Harry Coell that his team does need a lot of fielding and batting practice.

On the other hand, credit must be given to the Dawson team, who although playing with a comfortable lead, did turn in a good standard of ball playing both on the field and at bat. The Dawson boys were relentless in attack, taking advantage of every hit and error and with the team as a whole, playing heads up baseball, credit is due them.

Roy Collins of Dawson, umpired at the plate and Al Cusik of Bear Creek was on the bases.

Headed by Jack Butterworth, members of the local softball team turned out last Sunday and built a new wing on the grand stand. One more wing needs to be built and volunteer help will again be needed, so watch for the announcement of the coming work bee.

A new score board wouldn't be out of place, so if any one would donate

a piece of Masonite or similar dark material, at least 2' by 3', it would certainly be appreciated.

H. B. Co. Officials Pay Brief Visit To Dawson

Arriving on Tuesday in their plane from Aklavik were Mr. Chesshire, general manager of the Hudson Bay fur trade department and also Mr. Hartford, manager of the western division of the same department.

The Beaver aircraft of the company was piloted by Fred Bradford of 7705-111th St., Edmonton. Fred reports a very good trip though a long one that took them to all points along the Mackenzie River to all of the company's post to Aklavik, thence to Dawson and from here to Mayo, Whitehorse, Telegraph Creek, Fort Nelson and so on back to Edmonton.

Old Time Residents Return to Dawson

Mr. and Mrs. John Korbo, former residents of Dawson, have arrived from Fairbanks to again make their home here. Mr. and Mrs. Korbo lived in the Dawson area from 1898 until the middle of the 1920's.

John and Mrs. Korbo are the parents of Mrs. Mildred Schwarz, will reside in the home formerly occupied by the late W. Strathie.

Physical Fitness Program at Schools

From information received from Mr. Jack Hulland, superintendent of schools for the Yukon, Mr. Phil Butterfield has recently been giving physical instruction at the schools of Dawson. Mr. Butterfield, former provincial recreation instructor at Vancouver, is now employed by the Territorial Government at the Whitehorse schools.

Phil, under the auspices of the Territorial School Commission, is making a tour of all Territorial schools to ascertain the requirements of these educational institutes in this matter.

Mr. Hulland feels that the instructions given here and the reception of same by the pupils denotes that this type of education is a necessity.

Boat News

The motor launch Woodchuck skippered by Jack Van Fleet, left Saturday for Carmacks. The Woodchuck carried freight for way points and also mail for these points and for outside.

The motor vessel Yukon Rose left Saturday for Stewart, carrying gasoline for the Creek Placers and is under the command of Captain Worley.

Mrs. Wes. (Ardis) Elliott and family left by car on Sunday last for the Miller Creek Placers properties where she will join her husband. Wes is at present employed by that company.

Jim McLaughlin, veteran pioneer trapper now living at Stewart City, arrived early this week with Rudy Burian. Jim is quite busy renewing his acquaintances and when he has time, looking after his business interests.

Newt Webster, power plant foreman at North Fork, was a visitor in town this week.

Frank Adami, veteran trapper from Stewart City area, is back in town after wintering at that point. Frank is looking quite well and is happy to be renewing acquaintances with his many friends.

Steamer Casca in With Tourists

The steamer Casca under command of Captain Campbell arrived here on Wednesday afternoon June 13th. The Casca carried a large load of freight on deck and also brought in a big steel barge with a hull load of oil.

This was the first scheduled passenger trip of this vessel of this year. There was a passenger list of sixty-seven. Forty-one of the travelers had return tickets to Whitehorse and left again on Thursday when the ship sailed. Twenty-four of the sight-seers remained in Dawson to leave on Thursday flight of the Canadian Pacific Airlines plane for Fairbanks, Alaska and also for Whitehorse.

Returning to a way point on this trip were Capt. and Mrs. Sink. Also leaving on the Casca on the 14th was Mr. M. DeMers for Kirkman Creek.

C. P. A. News

Agent W. (Bill) Wood of the Canadian Pacific Airlines advises that there will be regular weekly scheduled flight from Dawson to Fairbanks and return each Thursday. The Airline will also have four scheduled special flights during the summer to accommodate the traffic from the incoming boats of the B. Y. N. company.

There are reservations for a capacity load of the big Douglas plane after arrival of the Steamer Casca on June 23rd. These passengers are destined to Fairbanks.

On Thursday there were 14 incoming passengers for Dawson, among them were Messrs. Anderson, Cornwall and Davidson.

Through travellers to Fairbanks were Mr. Pritchard and Miss Kowalyk. On this trip there were 12 travellers which arrived here on the stern wheeler Casca the previous day.

On the outbound flight of this date for Whitehorse were for that point: Miss Dasicewicz, Mr. C. McMillan, Mr. E. McDougall, Mr. and Mrs. Anderson, Mrs. Tucker, Mrs. Moore and Mr. Chipikzak.

For Mayo on this plane were Mr. D. Marsh and Mr. T. Tkachuk.

On Friday's trip, June 15th, Captain P. Iverson carried to Dawson Mr. Ed Whitehouse and Mr. J. D. Scott. Departing travellers were: Mr. J. Simon; Mr. D. Lyle and Mr. D. Carlberg, all for Vancouver.

To Whitehorse were: Mrs. Cook, Jack Temple, Miss E. Moore and Miss E. Caldwell.

To Mayo: Mr. I. Good.

Weather ? ? ? ?

The unseasonable and unreasonable weather that is being experienced is being borne (but not quietly) by our local gardeners, both commercial and domestic. There are many reports both locally and from surrounding areas of the loss of potatoes, cabbage, cauliflower and many other plants.

Of course, writing of this does not help those that have lost but it does convey the thought that the loss of our neighbors is deplored by all.

Alec Wark Building Summer Home

The colony at Rock Creek will shortly be increased with the addition of the Wark summer home. Alec advises that construction got under way during the past weekend and that it is expected that the building will be completed in short order.

Mr. Christensen is in charge of the building of the cottage.

Governor Praises Dawson City

OTTAWA.—Ottawa's high brass went into a mild tailspin when Governor Mennen Williams of Michigan arrived at Rockcliffe airport half an hour early today. Only General F. F. Worthington, who happened to be 30 minutes early, was able, along with the Evening Citizen, to give His Honor from the neighboring state of Michigan, a warm but informal welcome.

The official welcome came formally, with slightly embarrassed grins, a half an hour later at 11 a. m.

"I had good tail winds," said the Governor as he stepped out of the special State of Michigan plane.

Governor Williams, scion of the famous talcum powder and shaving houses Mennen and Williams, a millionaire in his own right—a surprise Democratic victory in Michigan some times called "The Boy Governor" and not, at least a long shot chance to be next president of the United States, sat in the office of the commanding officer at Rockcliffe this morning and talked about everything from St. Lawrence waterways to July 4 in the Yukon.

"This is not my first time in Ottawa," said the governor and smiling above the famous bow tie which has made it as famous in Michigan as Hon. L. B. Pearson's External Affairs bow tie has been in Ottawa.

"I visited the RCMP barracks here last time. But he visit to Canada I remember was July 4 in Dawson City back in 1919. No American city could have done it up better."

Governor Williams sidestepped any political questions. Asked if he would accept the Democratic nomination for president, he reddened slightly and smiled: "I don't think that will happen to me."

Governor Williams says he favors the St. Lawrence deep waterways.

Whitehorse Notes . . .

The Alaska Road Commission announced this week that they have ordered a preliminary survey of the road between Skagway and Whitehorse.

Mr. S. D. Calkins, of the Chamber of Commerce, reports that Mr. Kent Fuller of Skagway, has been contacted to complete the survey. It is expected the first survey will be made by air to determine the extent of the rugged terrain through which the road must be built.

Ted Pinchin reports that he and Mrs. Pinchin, son Dennis and Alex Davis were driving on the highway last week when they sighted a grizzly bear and two cubs on the road. Ted says they were approximately 17 miles north of Whitehorse at the time.

Henry Meirs, charged with murdering his wife Ann Meirs on April 8, was found guilty of manslaughter last Tuesday. Mr. Justice J. E. Gibben passed sentence of seven years in the penitentiary.

Concluding a dramatic trial, taking two days, the court heard evidence presented by Defence Counsel Capt. Geo. Black, claiming that Henry Meirs had led an unfortunate life since his marriage. Trouble at home with his wife and family had made the accused desperate, stated Capt. Black.

The Crown prosecutor Mr. George Van Roggen reminded the jury that drunkenness is no excuse for murder and murder had been committed.

The jury deliberated for half an hour before returning with the verdict.

Mr. W. S. Copland, Yukon pioneer,

passed away in Whitehorse last Wednesday morning in his 75th year.

Mr. Copland came to the Yukon in 1905 as a prospector. For many years he served as manager of the Teslin store of Taylor and Drury Limited.

In the 1920's he and Mrs. Copland left the Yukon for Australia where they resided close to 20 years, returning to the Yukon four years ago.

The N. C. Co. are opening their new furniture department on the second floor Tuesday.

POST OFFICE ROBBED.—Burglars forced their way into the building by prying open a back window early on Tuesday morning.

Postmaster J. Wood reported that approximately \$117.00 was stolen by the thieves. Majority of the loot was contained in a registered mail jacket assigned to the postmaster. The highway mail had arrived on Monday and the registered jacket was not placed in the safe.

Another box containing \$48.00 was taken from the drawer in the post office.

Police are investigating the crime but have not revealed any clues that they may have.

Badges Presented By Mrs. Osborn

Badges were presented by Mrs. Osborn at the school on June 15th to the second class of the Girl Guides. Winners of these coveted emblems were: Margaret Comfort, Beryl McDiarmid, Shirley Whitehouse, Grace Thompson, Margaret Linklater, Mary Jane Bunbury, Jean Low and Florence Poulton.

Steamer Whitehorse In With Big Load

Thursday morning the 14th the steamer Whitehorse arrived in Dawson with a barge load of oil and gas, also with a big load of merchandise for the local stores. Passengers aboard destined for Dawson were: R. E. Austin, P. Diereco, E. Williams and E. McDougall.

Steamer Whitehorse left Friday afternoon of the 15th carrying freight for way points also the following passengers, Mrs. Eva Anderson and two children for Carmacks; A. Lindstrom for Stewart and H. Winkelman for Ogilvie.

Air Activity . . .

It is believed that it has been some time since there has been so many planes in Dawson at one time. In this case of Tuesday last there were six planes in Dawson and at Dawson airport within a very short time. There was a Beaver at the waterfront, an Aeronca, two P. 38's, an Anson and a D. C. 3 at the airport.

The trend of the times is clearly shown as these planes came from Aklavik, Fairbanks and Whitehorse. There was one bound to Edmonton via Whitehorse, two to Mayo thence to Whitehorse, one remaining here overnight and then to Whitehorse and two remaining here for some time.

Mr. (Doc) Friese arrived on the last trip of the Casca from the outside where he spent the winter. "Doc" will now go to his summer home at Gold Bottom.

John Olsen of Eagle, arrived in Dawson recently from his home at Eagle, Alaska. John, even though he is past seventy, made the trip alone in his outboard motor boat. Mr. Olsen is a real oldtime prospector in that area.

Legion Will Hold Picnic July 15th

At the past meeting of the local branch of the Canadian Legion, it was passed and carried that a picnic will be held at Rock Creek on July 15th.

There will be a letter sent to all members giving the details. All members, their families and friends will be invited.

T.B. X-Ray Unit Will Be at Community Hall

The T. B. survey unit will be in Dawson Friday, Saturday, Sunday and Monday at the Community Hall. Everyone is urged to avail themselves of this service. Further details of hours, etc., will be broadcast over the local station CFYT.

Fairbanks Plane Visits Dawson

On Saturday a speedy Bonanza of the Beechcraft Corporation, piloted by Bob Rice (also owner), carried to Dawson Col. J. P. Johnson, general manager of the Alaska Railway and Mr. B. H. Parkinson, executive of the Coastwise Lines of Los Angeles.

The plane, chartered at Fairbanks, carried the passengers to this point solely for the purpose of sight seeing and then, after an overnight stay returned to Fairbanks and thence to Anchorage.

Newsprint Lack Forces Suspension Of Forty-Ninth Star

A critical shortage of newsprint will force suspension of the Forty-Ninth Star with the June 24 edition, it was announced Friday by Bob Atwood, publisher of the weekly newspaper printed by the Anchorage Times Publishing Company.

Effect of the shortage was felt this week when the current edition was reduced to 12 pages. The press run was also cut to enable publication of a final issue.

Decision to discontinue the Star was made the same day additional comics arrived to meet increased circulation demands.

Road Impassable To Tok Junction

Boundary Road: Due to unusually heavy rains the road through to the Junction of the Alaska Highway was impassable during the latter part of the past week. The main difficulties were encountered at Walkers Fork where the river overflowed and covered the road.

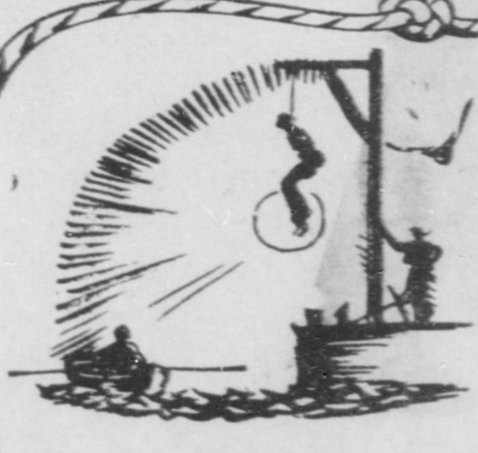

Veteran woodcutters of Yukon, H. Winkelman of Ogilvie and A. Lindstrom of Stewart, left Friday last on the steamer Whitehorse for their respective homes after spending a few days in town on business.

Mrs. Pierre Guilloux convened at her home on Friday last at a shower held as a surprise for Mrs. Cecil Viger. Olive was the recipient of many lovely gifts. A dainty lunch was served.

THUNDERBIRD SQUADRON RETURNS FROM KOREA

OTTAWA.—The 426 Thunderbird squadron will return today to its base at Dorval near Montreal after eleven months on the Korean airlift.

The RCAF announced Friday night the 12 aircraft and 400 men will strap back today. They will stop at Winnipeg, the first echelon reaching the prairie city about 2 p. m. CDT.

CORRESPONDENCE

Imperial Tobacco Company of Canada
 Limited
 3810 St. Antoine St.
 Montreal 30, P. O. Box 6500
 June 15th, 1951.

The Editor,
 Weekly News,
 Dawson City,
 Yukon.

Dear Sir:

This letter is a personal report to
 you on the Fire Prevention Campaign
 which this company undertook during
 1950. You may recall that last Spring
 I wrote you giving details of the pro-
 posed drive against carelessness. I
 feel sure that we had your sympathy
 in that campaign and I would like
 now to give you a few of the high-
 lights of things accomplished.
 10,000 eighteen by fifteen-inch met-
 al signs bearing the crest which ap-
 pears on this letter were erected in
 woodlands areas from coast to coast
 in Canada.

40,000 cardboard replicas of this
 sign in two sizes, were placed in
 bunk houses, woods pay offices, and
 other rural and urban areas.

228,000 stickers in two sizes were
 distributed.

Radio messages covering the pre-
 vention of both forest and urban fires
 were broadcast to an audience which
 at its peak reached more than 11,
 000,000 persons weekly.

The film of fire prevention meda-
 by this company was shown through-
 out the theatres of Canada to an es-
 timated 14,000,000 people.

A 16 mm. version of this film was
 made and widely distributed to film
 libraries, travelling film circuits, etc.
 The total audience for this film is
 impossible to estimate but we know
 it was extensive.

Advertising, specially geared to fire
 prevention was run in outdoor publi-
 cations.

The fire prevention medallion ap-
 pearing on this letter was inserted
 in all our important cigarette and ci-
 garette tobacco advertising.

These, in brief, are the highlights
 of the campaign last year.

The only measure by which a cam-
 paign of this nature may be judged
 by the enthusiasm it engenders. On
 that basis there is strong evidence
 that the 1950 campaign was well
 worthwhile. For that reason we are
 continuing it at an equal or greater
 pace during 1951. Your own continued
 support will be warmly welcomed.

Very truly yours,

Edward C. Wood,
 President.

The root of Indian Poke, a weed
 which grows in Quebec, is a basic in-
 gredient for a new drug used in the

**Dog Thrills Naknek by Riding
 Plane Float for 50-Mile Trip**

NAKNEK, Alaska.—Until some man
 comes along who can ride an amphi-
 bian plane float for a 50-mile flight
 Red Clarke's mongrel dog is going
 to rate as the best flyer in this sec-
 tion of Bristol Bay.

The 30-pound dog, now known as
 "Cowboy", because he couldn't be
 bucked off, had Naknek villagers
 holding their breath last week as he
 disappeared into the sky on his pre-
 carious perch.

The surprise stunt took place when
 Julius Harri, pilot of a fourplace float
 ship, and his passengers, Red Clark
 and Bert Bryson, prepared to take off
 for Egegik, 50 miles distant.

Unknown to the men in the plane,
 Clark's dog jumped onto a float just
 as the plane started taxiing for a
 take-off. The sure-footed canine held
 on while the floats bounced over the
 rough water.

Once in the air, Harri circled over
 Naknek and dipped his wings. Vil-
 lagers watched the dog fight his way
 up the float's smooth surface and
 wedge himself in front of a strut.

Shortly after leaving Naknek, Har-
 ri ran into turbulence and had to
 climb above the rough air. He went
 up several thousand feet, unaware
 that he had a fourth passenger.

The plane landed in choppy water
 at Egegik and taxied ashore. When
 Clark stepped out of the plane, he
 was shocked to see his dog waiting
 for him with tail wagging.

On the return flight to Naknek the
 newly named Cowboy rode first-class
 inside Harri's plane. When Cowboy
 landed at Naknek the village turned
 out to welcome him back and pat the
 lucky dog it hadn't expected to see

 Clark reported that he had pre-
 viously noted his dog dislikes being
 hemmed in while he rides. When tra-
 velling by jeep or car, he insists on
 riding on the radiator or roof. He
 suspects, however, that Cowboy has
 had his fill of riding outside air-
 planes.

**New Caterpillar
 Engines Sheduled
 For Production**

Two new Caterpillar Industrial
 Diesel engines, the D337 and D326,
 are scheduled for production the mid-
 dle of the year, according to advance
 information received this week by
 John Donald, manager of the North-
 ern Commercial Company Ltd.

The 6-cylinder D337 is an indus-
 trial version of the 5-1/8" x 6" engine
 developed to power the big new Cat-
 enpillar wheeled tractors—the DW 20
 and DW 21. The D326 is similar in
 design, lower in horsepower.

The new engines are the first Cat-
 erpillar Diesels in the higher speed
 range—1,600 to 2,000 r. p. m., and
 they embody a number of new fea-
 tures. Fuel pumps are mounted ad-
 jacent to the cylinders they serve,
 giving standard, identical, short fuel
 lines for each cylinder. Oil cooling of
 the pistons, which has long been
 standard on "Cat" engines, is now
 accomplished by an oil stream spray-
 ed from a nozzle that is solidly at-
 tached to the engine block. This
 spray cools the piston and lubricates
 the piston pin as well, eliminating oil
 grooves in the connecting rod.

For the first time on a production
 engine, Caterpillar is incorporating
 fine filtration elements that handle
 the full flow of oil to the engine sys-
 tem. Oil passageways are protected
 from dirt falling into them while fil-
 ter elements are being changed, and
 any sludge is collected at the bottom
 of the cans where it cannot possibly
 enter the oil passageways or relief
 valves.

Starting is accomplished by a com-
 pletely redesigned 25 h. p. vertical
 gasoline engine. Crank throws on the

starting engine are located adjacent
 to each other to give an even firing
 pattern, and the carburetor is of the
 up-draft type — both features which
 contribute to easy starting, hot or
 cold. The wet type clutch is designed
 adjustment.

Horsepower ratings for the new en-
 gine (without fans) are as follows:
 D337, peak, 275 HP at 2,000 RPM;
 intermittent, 250 HP at 2,000 RPM;
 rated, 180 HP at 1,600 RPM, contin-
 uous, 170 HP at 1,600 RPM.
 D326, peak, 185 HP at 2,000 RPM;
 intermittent, 171 H P at 2,000 RPM;
 rated 125 HP at 1,600 RPM; contin-
 uous, 118 HP at 1,600 RPM.

**30 WOMEN PERISH AS
 HOME FOR AGED BURNS**

MONTREAL.—At least 30 aged per-
 sons, all believed to be women, died
 Friday in a fire that swept the Ste.
 Cunegonde Hospice.

It was feared the death toll would
 mount when firemen worked deeper
 into the mass of debris. But that may
 take a day or more to complete.

The mother house of the Grey Nuns
 who operate the hospice for aged per-
 sons and children, reported Friday
 night "about 40 persons were unac-
 counted for."

It was indicated this was not to be
 taken as the death figure because of

the difficulty of checking the where-
 abouts of all the rescued aged, num-
 bering 160 or more.

Father P. M. Seguin, chaplain of
 the hospice, said the fire spread with
 bewildering rapidity. He said he had
 hardly time to ring in the first al-
 larm.

**MAN ADMITS BRUTAL
 MURDER OF WOMAN**

CHICAGO.—Edward Browning, 47,
 Friday confessed to police that he
 mutilated and murdered Mrs. Clara-
 belle Albright after attending a party
 in a tavern with her.

The body of Mrs. Albright, 46, was
 found in an alley near the rear en-
 trance of the building in which the

couple resided. She had been beaten
 and abused.

**TWO BUTCHERS SELL
 HORSEMEAT AS BEEF**

TORONTO—Two Toronto butchers
 were charged Friday with selling
 horsemeat as beef contrary to the
 Foods and Drugs Act.

Oral Music

Two women, who had not seen each
 other for some time, met on the
 street.

"Oh, Mary!" exclaimed the blonde
 one. "So many things have happened
 to me since I saw you last. I've had
 my teeth out, and an electric stove
 and refrigerator installed."

For National Safety...

YOU are needed now
 in the
RCAF

In these times, it is the duty of every
 Canadian to consider first the national
 safety of our country! It is the duty of every
 young man to do his part to strengthen our
 armed forces—to meet aggression—when-
 ever and wherever it may strike!

The Royal Canadian Air Force is expanding
 rapidly. More good men are needed NOW—in all
 branches. Particularly is there need for men to train as
 skilled aircraft technicians to maintain the flying efficiency
 of Canada's military aircraft.

AERO-ENGINE TECHNICIAN

YOUR ROYAL CANADIAN AIR FORCE HAS IMMEDIATE OPENINGS FOR MEN TO TRAIN AS:

- INSTRUMENT TECHNICIANS
- ARMAMENT TECHNICIANS
- AIRCRAFT TECHNICIANS
- AERO-ENGINE TECHNICIANS
- RADIO-RADAR TECHNICIANS
- SUPPLY TECHNICIANS

If you can qualify: act now.

To join the
Royal Canadian Air Force
 you must

- BE BETWEEN 17 AND 40
- HAVE GRADE 8 EDUCATION OR BETTER
- BE PHYSICALLY FIT
- HAVE A CANADIAN CITIZEN OR OTHER BRITISH SUBJECT.

Main table with columns: Roll No., Registered Owner, D. G. S., Block, Lot No., Total Arrears, Tax Sale Costs, Total amt. due. Lists numerous property owners and their arrears.

YUKON TERRITORY
SYNOPSIS OF MINING LAW

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Yukon Quartz Mining Act and the Yukon Placer Mining Act, with certain reservations set out in the said Act.
No person shall enter for mining purposes or shall mine upon lands owned or lawfully occupied by another until adequate security has been furnished to the satisfaction of the Mining Recorder for any loss or damage which may be thereby caused.
Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency Recorder, who shall as soon as possible, deliver the applications and fees received to the Mining Recorder for the District.
If two or more persons own a claim each person shall contribute proportionately to his interest to the work required to be done thereon, and when proven to the Mining Recorder that he has not done so his interest may be vested in the other co-owners.
The survey of a claim made by a duly qualified Dominion Land Surveyor or shall be accepted as defining absolutely the boundaries of the claim surveyed, provided the survey is approved by the proper authority and remains unprotested during the period of advertisement.
A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a placer claim within six months.
A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.
Metal tags to be obtained from Mining Recorder and affixed to claim posts. (Placer and Quartz.)
Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.
Grants of claims grouped or owned by one person may be made renewable on the same date.

PLACER MINING

Creek means any natural water course having an average width of less than one hundred and fifty feet between its banks.
Creek claims shall not exceed five hundred feet in length measured along the base line, by one thousand feet on each side of the base line. Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively. Location posts of creek claims shall be placed on the base line and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river toward which it fronts.
A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.
The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the Crown.
An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's Office. One extra day shall be allowed for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.
Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.
For provisions as to staking under powers of attorney see Act.

Title

Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work on the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.
Provision for applying excess representation work up to a value of \$800.00. Must be recorded during year in which it is performed.

Grouping

Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping.

Taxes and Fees

Royalty at the rate of two and one-half per cent on the value of all gold shipped from the Yukon Territory shall be paid to the Commissioner.
For grant to a claim for 1 year \$10.00
For renewal of grant—
If renewed within 14 days after expiry date 10.00
If after 14 days and within 3 months 30.00
If after 3 months and within 6 months 45.00
Recording an abandonment 2.00
Registration of any document 2.00

If it affects more than one claim
For each additional claim 1.00
Abstract of Title 1.00
For first entry 1.00
For each additional entry 1.00
For copy of Document—
Up to 3 Folders 3.00
For each additional Folders 50.00
For grant of water
For 50 inches or less 10.00
For 50 to 200 inches 25.00
For 200 to 1,000 inches 50.00
For each additional 1,000 inches or fraction thereof 50.00

QUARTZ MINING

Subject to the boundaries of other claims in good standing at the time of its location, a mining claim shall be rectangular in shape and shall not exceed 1,500 feet in length by 1,500 feet in width.
Every claim shall be marked on the ground by two legal posts, one at each extremity of the location line numbered "1" and "2" respectively. On the side of No. 1 post facing No. 2 post shall be inscribed the name of the claim, a letter indicating the direction to No. 2 post, the number of feet to the right or left of the location line, the date of location and the name of the locator. On No. 2 post, on the side facing No. 1 post, shall be inscribed the name of the claim, the date of location and the name of the locator.
The claim shall be recorded within fifteen days if located within ten miles of the Mining Recorder's office; one additional day shall be allowed for every additional ten miles or fraction thereof.
Any persons 18 years of age or over may locate during any period of 18 months personally, as attorney for another or by an attorney seven mineral claims in the aggregate within a distance of 10 miles from any other mineral claim (making a total of 8 mineral claims) so located by him during that period.
Power of Attorney must be filed with Mining Recorder before staking.
The timber on a mineral claim is reserved until the Mining Recorder certifies that the same is required for use in mining operations on the claim. The Commissioner however, may issue a permit to holders of other claims to remove the timber for use in their mining operations where other timber is not readily available.

Title

Any person having complied with the provisions of this Act with regard to locating and recording a claim shall be entitled to hold it for one year from the date of the record, and thereafter from year to year provided during each year he does or causes to be done work on the claim to the value of \$100.00 and shall, within fourteen days after the expiration of the year, satisfy the Mining Recorder that the work has been done, and pay the Certificate of work fee. One hundred dollars may be paid in lieu of assessment work.
Provision of applying excess representation work up to a value of \$400.00. Must be performed during year in which it is performed.
When \$500.00 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, obtain a lease for a term of twenty-one years, with the right of renewal for further terms of twenty-one years.
Leases, renewals of leases, and documents relating to leased claims shall be recorded with the Mining Recorder in triplicate.

Schedule of Fees

Recording every claim 10.00
For a substitutional record 10.00
For a certificate of improvements 5.00
Application for a lease 10.00
Recording every certificate of work per year 5.00
If recorded within 14 days after expiry date per year 5.00
If after 14 days and within three months 15.00
If after three months and within six months 25.00
For a Grouping Certificate 5.00
Recording assignment, abandonment, affidavits, or any other document 2.50
If document affects more than one claim, for each additional claim 1.00
For an abstract of the record of a claim 1.00
For the first entry 1.00
For each additional entry 1.00
For copies of any document recorded where same do not exceed three folios 3.00
Where such copies exceed three folios, 50 cents per folio for every folio over three. For recording a power of attorney to stake from one person 4.00
For recording a power of attorney to stake from two persons 3.00
For recording an assignment or other document relating to a Rental, whole or fractional mineral claim granted under lease for term of 21 years 50.00
Rental for renewal term of 21 years 200.00

Dredging

A lease may be issued for a period of fifteen years for a continuous stretch of river not exceeding ten miles in length giving the exclusive right to dredge for gold, silver and platinum. The lessee must have at least one dredge in operation on the leasehold within three years.

Petroleum and Natural Gas

A lease may be issued for a period of twenty-one years for an area of not to exceed 2,560 acres giving the right to the petroleum and natural gas on the area leased. A rental is charged of 50 cents per acre for the first year and \$1.00 per acre for each subsequent year.

Assay Office

An Assay Office is maintained by the Government at Vancouver, where gold exported from the Territory will be purchased at its full value.

A. H. GIBSON, Commissioner.

Europe, which doesn't seem to want to re-arm, has undoubtedly been listening to the voice of experience. Washington to Baltimore.
Defensive and offensive weapons have one thing, at least, in common: neither can be used without a war. Grapes are grown on 17,5000 acres of land in the Niagara Peninsula every year.

Mrs. G. (Billee) Tack left by plane Tuesday for Vancouver. Billee will make her home at that point and George will be going out by car during the latter part of the fall. Billee will be missed here by her many friends.

Correction . . .

The list of sale of lands for arrears of taxes in the city which appeared in last week's paper, was in error of Roll numbers 262 to 41' inclusive. A corrected list appears on page 3.

Wedding

Early this week, at the Rectory of St. Paul's Pro Cathedral at a private ceremony, Miss Elizabeth Henderson became the bride of Mr. A. McInnis. The couple will temporarily reside in the Henderson home.

Fred Cook, Dawson taxi owner, arrived back in Dawson on Tuesday from the outside via the Alaska Highway. Mrs. Cook, who had flown to Whitehorse to meet Fred, accompanied him home in their new car.

Personal Mention

Miss Tena Dennisoff, formerly of the staff at the Arcade Cafe, has now joined the staff of the N. C. Company. Tena is assisting Mrs. Mellor in the ladies ready to wear department.

Mr. and Mrs. W. H. S. McFarland were greeted at the docking of the steamer Casca on Wednesday 13th by their many friends. Mr. McFarland, consulting engineer for the Yukon Consolidated Gold Corporation, will spend the summer months here.

Wiggo Christensen expects to leave for the South Fork next week, after sending a holiday in town. Wiggo has been trapping on the Klondike for the past 19 years.

Mrs. Lucille Hunter, well known old timer of the north now residing at Whitehorse, spent a few days in town this week. She has been up on Eldorado for the past three weeks doing representation work on her place property.

Mr. and Mrs. Blendheim and children were, for the first time in more than a year, visitors in Dawson. The Blendheims, from Granville, were quite happy to see everyone as their friends were to see them.

Hans Hagen, an old time Yukoner of some forty years, was in town on business during the past week-end. Hans is at present residing at Bonanza.

Mrs. F. H. Osborn, OBE, and her daughter Harriett, are welcomed back to Dawson. They will spend the summer months here visiting friends and relatives and as always, are very pleased to be here.

Dan K. McDonald, former old time resident of Dawson, was a recent business visitor in town. Dan was pleased to also renew his many acquaintances. Mr. McDonald is now resident at the Elsa comp in the Mayo district.

Mr. J. A. Hanna, optometrist of Whitehorse who has been in Dawson for the past few days in the interests of his clientele, expects to go to Mayo on next Tuesday's plane. Mr. Hanna had his offices in Pearl Harbor during his stay here.

Miss Marilyn Nordale is home to spend her holidays with her parents.

Early last week a shower was held by the Girl's Student Body in the apartments above the liquor store building. This affair was to honor Miss Florence McKinnon, who was the recipient of many lovely gifts at this surprise party.

Another surprise for Miss McKinnon occurred last Thursday evening when she was again honored, this time by her other friends. The receipt of many gifts was graciously acknowledged by Miss McKinnon.

Harry Brooks, dredgeman from Camp 8, had the misfortune during a recent ball game in Dawson, to suffer a fractured. Harry is in the country for the second consecutive year.

Captain and Mrs. E. Sink and children Penny and Polly recently arrived from Whitehorse on the steamer Casca. Captain Sink, of the U. S. Army Air Force at Whitehorse, shortly due for transfer outside, took this opportunity of river travel to see as much of the Yukon as possible.

Mr. A. E. Almstrom is again back in Dawson. Ed is about the mysterious business of measuring the rise and fall of the Yukon water along with the measurements of the current.

Ralph Pearcey, former space advertising supervisor for T. C. A., arrived on the plane Tuesday on his first trip to the Yukon. Ralph hails from Kelowna and expects to leave on the outbound plane today for the silver district.

Wedding

Mr. and Mrs. Norman McKinnon of Cloverdale, British Columbia, announce the engagement of their daughter, Florence Catherine, to Mr. Hector Grant, son of the late Mr. and Mrs. John Grant, of Dawson, Yukon.

The wedding will take place on Saturday, June 30, 1951 at 11 a. m. in St. Mary's Church, Dawson. In the afternoon a public reception will be held between the hours of three and five o'clock at the home of Mr. and Mrs. C. Grant.

Building Renovations

John Jansen and H. Crayford were busy early this week renovating the front of the Downtown Hotel. John is increasing the floor space of his beverage room in keeping with the times.

The Occidental Hotel is also going through a "face lifting operation" as owner J. "Curly" Salois prepares the premises for it's re-opening. The date of the opening of the hotel is at present not known but the readers will be later informed.

The F & F Cafe, also owned by Curly, was closed for alterations and redecorating this past Tuesday. Date of the re-opening will be announced after the completion of the work.

The owners of the Royal Alexandra Hotel advise that their work on repair and renovating of the premises is progressing satisfactorily and that they will be shortly able to show that there has been a decided change in their building.

With all this activity in the hotel business, it is borne out that "there is plenty of faith in the country yet."

Mr. and Mrs. O. Williams of the B. Y. N. staff will occupy the home of the Wesley Elliots for the summer.

Rector: Rev. W. R. Stringer, B. Sc. ST. PAUL'S PRO CATHEDRAL

11 a. m. Family Service.
7.30 p. m., Evening Prayer and Sermon.

There will be no Sunday School at St. Paul's but the children are invited to attend the morning service with their parents. This will mark the close of Sunday School for the term. The preacher will be Rev. David Luck, B. A., of Toronto, who will also conduct the evening service.
