

Reported Uranium Find at Atlin

The tale of a fantastic find of uranium at Atlin, B. C., according to the Whitehorse Star, is said to have made an Air Force man, Ted Goodrich, and his uncle, a Mr. Huddlesby, rich overnight.

According to reports picked up in Whitehorse Thursday evening, Huddlesby was prospecting in the Atlin district when he struck the rich ore. Not having a Geiger counter and running low on supplies, he is reported to have come to Whitehorse for food, bringing a sample of his ore.

The Geiger reacted violently indicating a rich mineral showing. Rumours now claim that a prominent mining company has offered Goodrich and Huddlesby over \$150,000 for their options plus 12 per cent of shares in a \$3 million company that will be formed shortly.

A number of Whitehorse citizens headed for Atlin Thursday, hoping to get in on the rich strike.

Such a strike and if it is possible to develop the property, should put new life into the slowly shrinking village of Atlin. Once a prosperous mining area, the mines have closed one after another, until very little activity was left this spring.

Pilot Callison Makes Another Mercy Flight With Polio Victim

Pilot Pat Callison and his co-pilot Vern Coombs flew to Mayo in Pat's DeHavilland Beaver Friday afternoon. There they picked up Roy McDiarmid, son of Mr. and Mrs. Jack McDiarmid, and flew him to Whitehorse.

The seventeen-year-old youth is a polio victim. Some half a dozen cases are reported at Mayo.

Pat and Vern had just returned in the smaller Stinson plane from a flight to Whitehorse. Shortly after arrival they received the emergency message and took off for Mayo.

Jack McDiarmid, Roy's stepfather, accompanied the young man on the flight south. Roy's legs are said to be paralyzed but his condition was not thought to be critical.

Distance from Dawson to Whitehorse via Mayo is 310 air miles.

The local fliers returned at 12.30 a. m. Saturday, having flown roughly 930 miles that day. They had been in the air over nine hours. They encountered numerous electrical storms during the day's flying.

Pilot Callison had a busy flying schedule Saturday, including flights to Clear Creek and into Emerald Lake, Mayo district.

On Tuesday he planned on flying a load of Amco men from Mayo to Eldorado and Great Bear Lake in the Northwest Territories.

Mr. and Mrs. Scott Leaving on Holiday

Mrs. Lillian Scott of Bear Creek was honored last Friday evening at the home of Mr. and Mrs. Telep as some 20 of her neighbors surprised her as a tribute to her popularity in which she is held in the community.

Mrs. Scott and her husband Walter will shortly leave Bear Creek on a prolonged holiday through the States.

Mrs. Scott was presented with a Klondike ivory pin as a memento of the friends at the gathering.

During the evening some new and interesting games were played such as the "spice test", which was one that required the contestants to tell by scent just what a certain numbered bag contained in the way of spices. Mrs. Rose Dubois won this event. Another novel form of entertainment was a guessing game which required the guessers to tell who the advertisers were in a current magazine after the names of said advertiser had been removed before they saw it.

This was Mrs. Scott's first surprise party here and she certainly was surprised.

Playground Equipment Arrives for School

Mrs. E. Gaundroue of the PTA advises that playground equipment that had been ordered for the youngsters of the lower school grades has now arrived in Dawson. This week saw the erection of the new, fine equipment in the grounds of the Dawson Public School.

All of the equipment has been tested for safety as to strength by the sports committee, Elmer Gaundroue and Jack Colbourne, who also supervised the erection.

Parents are invited to encourage their children to use these new facilities under their supervision. It may be a help in these trying days of polio threat, to have a place to properly exercise the children with fun.

Mayo Opens First Cocktail Lounge

The first cocktail lounge opened in Mayo last Monday when the Chateau Mayo opened their doors to reveal their new modern lounge.

Citizens from Elsa, Keno and Mayo kept bartenders busy all day as they sampled the tailor-made drinks.

The Chateau Mayo was purchased from Barker-Ray interests by Joseph Alexander Wark and Dale Robertson early this year. The old tavern was torn out and the modern cocktail lounge was built in its place.

Modernization of the entire building is planned on a gradual scale to make it completely modern.

Talk About a Grisly Sense of Humour

ANCHORAGE.—Federal officials reported that the mystery of a human foot found in a shoebox at Elmendorf AFB has been found to be the work of a practical joker.

Following discovery of the limb, investigating officers learned that the foot had been discovered in the wreckage of an old building which at one time was believed to have been a hospital.

The man who found it in the building put it in the back of a truck after deciding not give it to a friend.

The truck owner evidently disposed of the foot on the base.

Two New Cases of Polio Reported

Medical Health Officer Dr. J. Barker advised on Monday that there has been two new cases of polio in the Dawson area and both are whites.

Dr. Barker further advised that to his knowledge, there has been no lessening of regulations now in force in Dawson and the whole of the Yukon Territory, to facilitate control and end of this epidemic. While states the doctor, there have been new cases and more can be expected for the next month or so, he believes that the main body of the source has been broken.

Continuation of the vigilance that is now prevalent by all residents of the area will, in the end defeat the epidemic.

Mrs. E. Gaundroue, presently employed by the Territorial Government under Dr. Barker's jurisdiction, reports that since regular and thorough visits have been made to native dwelling places in the North Dawson area, a transformation has occurred in many places and that in others, none was necessary.

Mrs. Gaundroue believes that full time social worker is necessary here to promote general good health.

Brothers Re-United In Yukon Silver Camp

A re-union between two brothers who hadn't seen each other for thirty nine years occurred in Mayo last week.

While finishing their dinner in their Mayo home, Mr. and Mrs. Archie Close, veteran residents of that silver camp, were surprised to see a well-dressed stranger at their door.

"Come on in and have a cup of tea," the genial Rancher Close greeted him. The visitor came in and sat down.

"Where you come from?" Arch asked.

"Just got off the plane," the other replied.

They talked along for several minutes and then Archie Close asked his visitor where he hailed from.

"Back in Ontario," the newcomer said.

"Well, up here we generally call a Cheechako by his first name," Arch joked. "What do we call you?"

"Well," said the Ontario visitor, "my name's Bill Close. I got a brother up here, Archie Close, whom I haven't seen in 39 years. Thought I'd come up and see him."

Arch Close came off his chair like a flying bronco and nearly hit the ceiling.

During the next few days the brothers had a great time seeing the Close ranches and other sights in the Silver City.

Bill Close hails from Ethel, Ont., and came to the coast by plane, flying to Mayo from there.

Frank Gillespie, veteran Minto Lake miner, a long time friend of the family was there when the re-union took place.

After spending ten days in Mayo district, the Ontario relative figured on returning to his farm in the east via the Alaska Highway.

Portland GI Gets 3 Years

MUNICH, Germany.—A U. S. soldier was sentenced to three years at hard labor by a general court martial Friday for deserting behind the Iron Curtain.

PFC Willis Bergen, 24, Portland, Oregon, deserted his unit here April, 1952 and skipped to Czechoslovakia. He later surrendered to the U. S. embassy in Prague and was handed back to the army. His sentence is subject to review.

Another Dredge For Y C G Corp

Yukon Consolidated Gold Corporation is adding another gold dredge to its fleet.

The company has purchased an all-steel pontoon type dredge formerly operated on Canyon Creek, Alaska, a tributary of the Fortymile, from Boundary Dredging Co.

The new dredge, of two and a half foot cubic bucket, is now being dismantled by a Yukon Consolidated crew of eight under supervision of veteran Yukon dredgeman Oscar Nordling.

The dismantled dredge is being freighted by truck, seventy-five miles to Dawson by McCormick Transportation Co., and will be reassembled at the mouth of Jensen Creek, Dominion, 38 miles from Dawson.

Arnold M. Nordale, resident manager for the Yukon Consolidated announced today that the new dredge is expected to be in operation next spring.

The company has six dredges in operation this season on the various gold bearing creeks of the district and the new dredge will be used to work bench ground on Dominion. It will be known as No. 12.

U. S. Trade Act To be Extended

VANCOUVER, B. C.—B. C. and Yukon Chamber of Mines hailed a report from Washington indicating tariffs will not be raised immediately on base metal imports into the U. S.

"We are very pleased indeed," commented Frank Woodside, manager of the chamber, "on the Washington report that the Reciprocal Trade Act is going to be extended for a year. "Any higher tariffs would have been disastrous to B. C. lead and zinc producers, in particular those who ship to the U. S."

The Washington report quoted House Speaker Joseph M. Martin Jr. as saying House Republicans have reached an agreement with President Eisenhower on compromise legislation to extend the trade act a year.

A new bill introduced by Rep. Richard M. Simpson, a Pennsylvania Republican and supported by most Republican members of the House ways and means committee, would remove from the president his present authority to over-rule the tariff commission in making reciprocal trade agreements.

The compromise legislation agreed to would retain the presidential authority.

B. C. mining men have received copies of a statement made to the committee May 20 by a prominent U. S. industrialist opposing the Simpson bill.

J. A. Costello, vice-president of Ethyl Corporation, a large user of lead, told the committee that enactment of a new sliding scale tariff on lead imports, as proposed by Rep. Simpson "would jeopardize U. S. lead supplies."

CFYT Program

July 5
8.00 - 8.30 Children's Hour.
8.30 - 9.00 Rev. H. J. Taylor.
9.00 - 10.00 Music For Sunday.

10.00 - 10.30 Happy Gang.
10.30 - 11.00 One Night Stand.
11.00 - 1.00 Midnight Blue.

Reds Drive ROKS Off Five Positions

SEOUL.—Nine thousand Chinese Reds drove South Korean troops off five or more main line positions on the east central Korean front today in a grim unceasing battle.

The Communists gained on the flanks of the Pukhan river in the same rugged mountains where three Red divisions scored their biggest gains just two weeks ago.

The attack by three Communist regiments totalling 9000 men, began on Thursday on the third anniversary of the Korean war.

Meanwhile other South Korean troops won back three hills on the western front which the Reds took Friday in a drive by a full Chinese division against eight outfits.

The Reds suffered an estimated 3,700 casualties in the west, UN officers said.

The swelling drive in east central Korea was following the same pattern of the push that pinched two miles out of Allied lines earlier this month.

South Koreans were counter-attacking in an attempt to regain the lost hills.

Anchorage Pilot Killed on Flight

ANCHORAGE.—A student pilot was killed on his first cross-country hop last Saturday when his plane crashed on Kenai peninsula.

He was Edward Kangas, 32, a carpenter of Anchorage, where he had been a resident for the past six years.

He spent the day fishing at Anchor Point near Homer and it believed that fog caused him to lose his bearings and crash on the homeward trip.

The burned wreckage of his plane was found last Monday.

Kangas is survived by his wife and one daughter.

Temperatures Drop To Near Freezing

HELENA, Mont.—Cold weather in Montana Friday snapped records extending back 74 and 50 years in two cities.

In Helena, the temperature dropped to a low of 35 degrees, coldest June 25 in the 74-year history of the U. S. weather bureau here.

A 28-degree reading in Butte Friday was the zippiest June 26 on record in 50 years.

Early-Day Yukoners Return to Dawson

Mr. and Mrs. R. E. Douglas of 1735 Arch Ave., Seattle 6, Wash., recently spent their fiftieth wedding anniversary in Dawson where they were married. The Douglasses drove here all the way from Seattle to visit the sight of the early days that Mr. Douglas first saw in 1896 and where the happy couple were married in 1902.

While in Dawson they made their home at the Dawson City auto court but didn't have much time at home as they made a trip around the loop in search of some familiar face. In Granville they found one that made up for the many hundreds that were missing. Pete Peterson recognized Mrs. Douglas immediately, after 50 years. Pete is one of the early pioneers.

The Douglasses were a bit disappointed to find that the population of Dawson and creeks had dropped from many thousands when they last saw them, to the few that are now here.

Dawson Boy Wins Outstanding Award

A former Dawson High School student, Don Gillespie, was the joint winner recently of an outstanding athletic award at Kelowna, B. C.

In reporting the Kelowna High School graduation exercises in its June 8 issue, the Kelowna Courier describes the presentation thusly:

A highlight of the presentations was the awarding of the Don Butcher memorial trophy, by Mrs. C. S. Butcher, in memory of her son who was killed in the crash of his RCAF Anson training plane near Sea Island, in April. Don Butcher, a graduate of KHS, was valedictorian for the class of 1949-50.

Winners of the award were Don Gillespie and Bruce Butcher, a brother of Don Butcher, who tied in points for the boy athlete of year.

Don is currently employed with the Federal Forestry Service, department of parks, near Revelstoke.

Mine Lured Three Fliers

PORTLAND.—The three fliers found in British Columbia wilds were on their way to Fairbanks to look into mining affairs of D. L. Dutton, 78, is a retired Portland carpenter who was going back to look at mining property near Fairbanks.

Norval Foster, Vancouver, Wash., went along as co-pilot. James H. Kelley, pilot, also has mining interests near Fairbanks, his wife said at Vancouver.

WHY I BECAME A LIBERAL IN CANADA

By A. Baird.

Some people inherit their political affiliations. I selected mine. I arrived in Dawson in June, 1898, having come as directly and expeditiously as was possible at the time, from Ballarat, Australia, my home town. I knew very little of Canadian politics. I had read of Sir John A. MacDonald, the great Conservative leader and of Sir Wilfred Laurier, the renowned Liberal, but the difference between the policies of the two parties was an unknown quantity. On the creeks where I was domiciled during the early days of Dawson there were few papers or magazines in circulation, and when discussing politics with our Canadian neighbours, those of Conservative persuasion would invariably say that the Liberals were a bunch of crooks and that it would be inadvisable to have anything to do with them. The Liberals would be equally out-spoken about the Conservatives. There was little to help a new-comer to reach a clear-cut decision.
 The Liberals were in power at the time and the administration in Dawson wasn't popular. Many felt like the Irish immigrant in New York who, when he was asked how he intended to vote, said "There must be some type of government here." When assured that there was an excellent one said further, "Put me down agin it."
 Before the election of 1902, however, local issues decided the party I would support. I was mining on No. 5 Above Discovery on Sulphur Creek. We had packed from Dawson to our claim, a distance of thirty five miles, a porcupine boiler which had been knocked down into sections, each of which weighed approximately one hundred pounds, as well as pipe, hose and points sufficient for a thawing plant. But in order to operate a placer mine successfully, before the advent of bulldozers, it was essential to have a sluice-head of water at a height sufficiently to allow a free flow for tailings. It was impossible to pack a pump which would deliver such a supply or a boiler which would generate sufficient steam to operate it.
 As an alternative we applied for and were granted a Water Right on Friday Gulch, which emptied into Sulphur Creek on the claim adjoining ours, on the lower limit. This entitled us to take thirty two miner's inches of water from the Gulch and to use it on No. 5 on Sulphur. Considerable expense had been incurred in building a dam on Friday and digging a ditch along the hillside on Sulphur in order to convey water to No. 5.
 When Mr. Charles Garbutt, who owned No. 4, saw the excellent use we were making of the water from Friday, the natural flow of which was through his holdings, he claimed the right to tap our ditch where it by-passed his ground and take fifty per cent of the water. At no period during the summer were there thirty two miner's inches of water flowing in Friday and usually it was necessary to close the dam for seven hours in order to ensure a workable head for five hours sluicing. We refused to share the water and the Mining Inspector, who had jurisdiction in the matter supported our position. Mr. Garbutt and I feuded all summer and before fall our mutual dislike was deep and far-reaching.
 In the election of 1902 Mr. Joseph Clarke was the Conservative and Mr. Ross the Liberal candidate. Some time before the election Mr. Garbutt began campaigning for Mr. Clarke. I didn't feel inclined to work with Mr. Garbutt nor to vote for a candidate he was supporting and I joined the Liberal party. In later years on gaining a wider knowledge of the parties and of the men who have decided their policies I naturally have rejoiced that Mr. Garbutt was a Conservative.
 In fairness to Mr. Garbutt I should add that we was a worthy citizen and in former years had been held in high esteem by the people of Brandon, Manitoba, his home town. There just wasn't sufficient water flowing in Friday Gulch for two outfits.
 In the fall of 1902 the Territorial Government swamped a road to Sulphur Creek over which it was possible to freight heavy machinery. Those who were operating in what was then termed a large scale, installed pumps which would deliver a sluice-head of water as and where required and steam boilers of sufficient capacity to operate them, and the many disputes which had arisen over the diversion of water from the side streams were soon forgotten.

FIRE NEWS . . .

If you want to report a fire call 73A. But if you want to burn grass, or other information, call the Chief's number, 27W.

From the Thunderbird Wing Spread—South West Arizona.

About six weeks ago, the alarm sounded and Bill remarked to Chief B. Caveny. "This will be a hot one." When Bill answered the phone a lady shouted: "Hurry, my whole back side is on fire." Upon arrival, her garage patio were found to be intact, but a badly singed bathroom bore mute evidence to the accuracy of the lady's remark.
 She had been given an enema containing ether, and had taken advantage of the subsequent opportunity to enjoy a quiet cigarette. The ignited butt she heaved a little later was one of a series. Result: There were burns all around the plumbing.

Don't forget there is a fire extinguished for every purpose, trash, oil, gasoline, electrical. Consult your hardware dealer today about the purchase of one.

The Chief.

False Alarms

While walking along a creek bank a man came across a young fellow lying lazily under a tree with a fishing line in the water. The cork was bobbing frantically, so he said: "Hey, you've got a bite."
 "Yeah," the fisherman drawled, "would you mind pulling it out?"
 The walker did so, only to have the lazy fisherman ask:
 "Would you mind taking it off the hook, and tossing my line back in the creek?"

This was done and the man commented jokingly, "Being as lazy as you are, you ought to have some kids to do these things for you."
 "Not a bad idea," yawned the fisherman. "Got any idea where I could find a pregnant woman?"

WITH THE BALL PLAYERS. . .

Thursday, June 25

The Old Timers kept up their winning streak to trim Bear Creek by 21-11. This was a free hitting game by both sides but hitting them where they ain't is what counts.
 Stan Espanko started for the Bears but tired in the sixth and was relieved by Van Dyke. However, Tommy was unable to put the fire out with both pitchers striking out one, walking four, giving up 21 hits. The support charged with six errors and the Bears earned 10 of their 11 runs.
 Dave Patrick for the Oldsters kept 13 hits scattered which helped his win because his support was charged for 11 errors. Dave struck out two and walked one and the Old Timers earned 15 of their 21 runs.
 Sunday, June 28
 Dawson won its first road game by defeating Dominion 10 to 9. Altho the game was played in a misty drizzle, there were only a few errors due to the damp ball. Dominion fielded a good team and it was anybody's game all the way. The weather kept Dawson fans away from this one and the Dawson ball players appreciate being able to play these games through the kindness of those who own cars.
 Monday, June 29
 Anything can happen in Brooklyn, so they say. Just about everything happened at Minto Park during this game. We saw some speedy base running with Glen Green overtaking the runner from first to home. This would have been a double play at home had the throw to Steve Haines been good. We saw two runners both occupying second base and then the rhabarb started. With both teams thinking the error at first had not gone on the 15 foot line everybody started to run and it was a panic for a few minutes. However, a rhabarb is part of base ball and the winner is always the man in blue.
 We saw the batters getting out of order and it's doubtful whether the error was noticed in time. We saw the spectators getting into the act, all of

which helped to make this game without a dull moment.

The Team took this one by 14 to two snapping the Oldsters winning streak. The last time these two teams met, Dave Patrick neatly tied them up but at this game he was over-powered. He gave up 17 hits, striking out three and allowing three walks. His support was charged with three errors and they earned both their runs.
 Will Crayford pitched one of his better ball games, allowing only three hits, striking out one and walking one. His support was charged with two errors and they earned 12 of their 14 runs.
 Nick Carswell called them behind the plate and Bobby McLaren on the bases.

SOFTBALL SCHEDULE . . .

July 2nd B. C. vs D. M. T.
 July 6th B. C. vs D. O. T.
 July 9th D. M. T. vs D. O. T.
 July 13th D. M. T. vs B. C.
 July 16th D. O. T. vs B. C.
 July 20th D. O. T. vs D. M. T.
 July 23rd B. C. vs D. M. T.
 July 27th B. C. vs D. O. T.
 July 30th D. M. T. vs D. O. T.
 Aug. 3rd D. M. T. vs B. C.
 Aug. 6th D. O. T. vs B. C.
 D. O. T. - Dawson Old Timers.
 D. M. T. - Dawson Men's Team
 B. C. - Bear Creek.
 Coaches, H. McDonnell, D. O. T., M. Comadina, D. M. T., H. Coell, B. C.
 Total 21 games.
 Each team plays 14 games.
 The native Indian tongue is used among all classes in Paraguay.

Last Publication, Aug. 6, 1953.

**Surplus of 24 Million
Announced by Govt.**

OTTAWA.—Finance Minister Ab-
bot estimated last Wednesday that
the Government had a 1952-53 surplus
of \$24,000,000.
This is one-half the \$48,000,000 Mr.
Abbott forecast in his budget speech
February 19, but almost triple the \$9-
000,000 he predicted at the beginning
of the fiscal year. This is the Gov-
ernment's seventh consecutive sur-
plus.
Mr. Abbott said in a statement that
while final audited figures will not be
available until about the end of July,
it now is possible to give figures
"which will be very close to the final
results."
"These figures show total budget-
ary revenues of \$4,361,000,000 expen-
ditures of \$4,337,000,000 and a sur-
plus of \$24,000,000."

**Girl Convicted on
Drug Charge**

NANAIMO, B. C.—Penelope Taran-
to, 22-year-old Vancouver girl, Friday
was sentenced to a year at hard la-
bor on conviction on a charge of nar-
cotics possession.
Magistrate Lionel Beevorpotts also

fined her \$200 or an additional two
months. A male companion of the wo-
man, Edward Phoh, 22, also of Van-
couver, faces a similar charge and
his case will continue next week.

**Man Killed in
Oregon Duel**

SALEM, Ore.—One man was killed
and two state policemen wounded in
a gun battle in the remote hills of
Hood River County in Oregon.
Deputy Supt. Lee M. Brown of
the state police said policemen Ber-
nard Ross and Anton Krivak went
into the remote area to investigate
complaints about a man who lived
alone in a cabin. Brown said the man
opened fire on the officers and that
the man was killed.

**West German Tax
Cut 15 Percent**

BONN, Germany.—The Bundesrat
(West Upper House) Friday approved
a bill reducing all income taxes by
an average of 15 percent.
The bill, already passed the Bun-
estag (Lower House), now becomes
law retroactive to June 1. It also pro-
vides for additional tax relief for pro-
fessional men, married couples and
families.

**M. J. Coldwell Bereft
Of Long-Invalided Wife**

OTTAWA.—COF leader M. J. Cold-
well lost his wife Friday in the death
of a woman whose brave, crippled 21
years in a wheelchair won admiration
for both of them.
The former Norah Gertrude Stone
died at the age of 64 while her hus-
band was out the hustings in Sas-
katchewan, engaged in the political
life she insisted he follow even when
he felt like quitting years ago.
He cancelled his meeting for the
next few days and flew to Ottawa by
plane. He is due Saturday.
His wife's death ended a married
life which, in its quiet way, was one
of the most touching in Canadian pub-
lic life.
For years Norah Coldwell, impris-
oned physically but never spiritual-
ly in her wheel chair, supported her

husband, encouraged him appeared
with him on the platform in her chair.
Her spare, keen face and apt replies
became hallmarks.

For years, the husband cared for
her with a devotion which won him
the admiration of all who knew. It ex-
hausted him and worried him for
years, even as far back as the 1943
election campaign when Prime Min-
ister St. Laurent asked to be kept in-
formed of Mrs. Coldwell's then un-
satisfactory condition, but he kept it
a personal matter.

This ordeal overshadowed the lat-
ter half of their 41 married years.
They were married in England in
1912, where they were university stu-
dents, and they came to Canada and
settled in Sedley, Sask.

**NZ Gun Shoots
Around Corners**

AUCKLAND.—The New Zealand
Army has tested a sten gun that is
reported capable of shooting around
corners and has sent it to the British
War Office for further examination, it
was reported Friday.
The gun is said to have an adapt-
able butt swivel, and a special sight-
ing which has been placed on the se-
cret list. The adaptation can be used
for other types of guns, too.

6 Cyclists Killed

NEVERS, France.—At least six per-
sons were killed Friday when a truck
with defective brakes overturned on a
group of bicyclists and its gasoline
tank exploded.
The death toll was expected to rise
when the wreckage was cleared.

Mother (to little boy returning from
party): "Did you refuse the second
piece of cake as I told you?"
Junior: "Sure Ma, just like Dad
does. I said 'Take the damn stuff out
of my sight!'"

Wife to fortuneteller: "Never mind
about my future . . . just tell me ab-
out HIS past!"

The Costa Rican seaport of Puerto
Limon occupies one of the sites where
Columbus landed on his fourth visit
to America.

**SYNOPSIS OF MINING LAW
YUKON TERRITORY**

Any person eighteen years of age
or over shall have the right to enter,
locate, prospect and mine upon any
lands in the Yukon Territory, wher-
ever vested in the Crown or other-
wise, for the minerals defined in the
Yukon Quartz Mining Act and the
Yukon Placer Mining Act, with cer-
tain reservations set out in the said
Act.

No person shall enter for mining
purposes or shall mine upon lands
owned or lawfully occupied by ap-
other until adequate security has been
furnished to the satisfaction of the
Mining Recorder for any loss or dam-
age which may be thereby caused.

Where claims are being located
which are situated more than one
hundred miles from the Mining Re-
corder's office, the locators, not less
than five in number, are authorized
to meet and appoint one of their
number as emergency Recorder, who
shall as soon as possible, deliver the
applications and fees received to the
Mining Recorder for the District.

If two or more persons own a claim
each person shall contribute propor-
tionately to his interest to the work
required to be done thereon, and when
proven to the Mining Recorder that
he has not done so his interest may
be vested in the other co-owners.

The survey of a claim made by a
duly qualified Dominion Land Survey-
or shall be accepted as defining ab-
solutely the boundaries of the claim
surveyed, provided the survey is ap-
proved by the proper authority and
remains unprotected during the pe-
riod of advertisement.

A person about to undertake a bona
fide prospecting trip may secure from
the Mining Recorder written permis-
sion to record at his own risk a placer
claim within six months.

A legal post must stand four feet
above the ground, squared or faced
for the upper eighteen inches and
measuring four inches across the ex-
posed portion. The post must be firmly
fixed in the ground.

Metal tags to be obtained from
Mining Recorder and affixed to claim
posts. (Placer and Quartz.)
Priority of location shall be deemed
to convey priority of right. Certain
disputes may be heard and determined
by a Board of Arbitrators.

Grants of claims grouped or owned
by one person may be made renew-
able on the same date.

PLACER MINING
Creek means any natural water
course having an average width of
less than one hundred and fifty feet
between its banks.

Creek claims shall not exceed five
hundred feet in length measured al-
ong the base line, by one thousand
feet on each side of the base line.
Other claims shall not exceed five
hundred feet in length by one thou-
sand feet in depth. Claims shall be
nearly as possible rectangular in form
and shall be marked by two legal
posts, one at each end of the claim,
numbered "1" and "2" respectively.
Location posts of creek claims shall
be placed on the base line and of all
other claims parallel to the base line,
and on the side of the claim nearest
the creek or river toward which it
flows.

A discoverer shall be entitled to a
claim 1,500 feet in length, and a party
of two discoverers two claims, each
of 1,250 feet in length.
The boundaries of any claim may be
enlarged to the size of a claim al-
lowed by the Act, if the enlargement
does not interfere with the rights of
other persons or terms of any agree-
ment with the Crown.

An application for a claim may be
filed with the Mining Recorder with-
in ten days after being located if
within ten miles of the Recorder's Of-
fice. One extra day shall be allowed
for every additional ten miles or frac-
tion thereof. A claim may be located
on Sunday or any public holiday.

Any person having recorded a claim
shall not have the right to locate
another claim in the valley or basin
of same creek within sixty days of
locating first claim.

For provisions as to staking under
powers of attorney see Act.

Title
Any person having complied with
the provisions of the Act with respect
to locating and recording a claim shall
be entitled to a grant for one year
and shall have the absolute right of
renewal from year to year thereafter,
provided during each year he does or
causes to be done \$200.00 worth of
work on the claim, files with the Min-
ing Recorder within fourteen days
after the expiration of the claim an
affidavit showing a detailed statement
of the work, and pays the required
renewal fee.

Provision for applying excess repre-
sentation work up to a value of
\$800.00. Must be recorded during year
in which it is performed.

Grouping
Under certain conditions claims
may be grouped and the work re-
quired to be performed to entitle the
owner or owners to renewals of the
several claims grouped may be per-
formed on any one or more of the
claims in the grouping.

Taxes and Fees
Royalty at the rate of two and one-
half per cent on the value of all
gold shipped from the Yukon Terri-
tory shall be paid to the Commission-
er.
For grant to a claim for 1 year \$10.00
For renewal of grant—
If renewed within 14 days after
expiry date 10.00
If after 14 days and within 3
months 30.00
If after 3 months and within 6
months 45.00
Recording an abandonment 2.00
Registration of any document 2.00

If it affects more than one claim

For each additional claim	1.00
Abstract of Title	1.00
For first entry	1.00
For each additional entry	.10
For copy of Document—	
Up to 3 Follios	1.00
For each additional Folio	.50
For grant of water	
For 50 inches or less	10.00
For 50 to 200 inches	25.00
For 200 to 1,000 inches	50.00
For each additional 1,000 in- ches or fraction thereof	50.00

QUARTZ MINING

Subject to the boundaries of other
claims in good standing at the time
of its location, a mining claim shall
be rectangular in shape and shall not
exceed 1,500 feet in length by 1,500
feet in width.

Every claim shall be marked on
the ground by two legal posts, one at
each extremity of the location line
numbered "1" and "2" respectively.
On the side of No. 1 post facing No. 2
post shall be inscribed the name of
the claim, a letter indicating the di-
rection to No. 2 post, the number of
feet to the right or left of the
location line, the date of location and
the name of the locator. On No. 2
post, on the side facing No. 1 post,
shall be inscribed the name of the
claim, the date of location and the
name of the locator.

The claim shall be recorded within
fifteen days if located within ten
miles of the Mining Recorder's of-
fice; one additional day shall be al-
lowed for every additional ten miles
or fraction thereof.

Any persons 18 years of age or over
may locate during any period of 12
months personally, as attorney for
another or by an attorney seven min-
eral claims in the aggregate within
a distance of 10 miles from any other
mineral claim (making a total of 8
mineral claims) so located by him
during that period.

Power of Attorney must be filed
with Mining Recorder before staking.
The timber on a mineral claim is
reserved until the Mining Recorder
certifies that the same is required for
use in mining operations on the
claim. The Commissioner however,
may issue a permit to holders of
other claims to remove the timber
for use in their mining operations
where other timber is not readily
available.

Title
Any person having complied with
the provisions of this Act with regard
to locating and recording a claim shall
be entitled to hold it for one year
from the date of the record, and
thereafter from year to year provided
during each year he does or causes
to be done work on the claim to the
value of \$100.00 and shall, within
fourteen days after the expiration of
the year, satisfy the Mining Recorder
that the work has been done, and pay
the Certificate of work fee. One hun-
dred dollars may be paid in lieu of
assessment work.

Provision of applying excess repre-
sentation work up to a value of \$400.
00. Must be performed during year
in which it is performed.

When \$500.00 has been expended or
paid the locator may, upon having a
survey made, and upon complying
with other requirements, obtain a
lease for a term of twenty-one years,
with the right of renewal for further
terms of twenty-one years.

Leases, renewals of leases, and doc-
uments relating to leased claims
shall be recorded with the Mining
Recorder in triplicate.

Schedule of Fees

Recording every claim	10.00
For a substitutional record	10.00
For a certificate of improve- ments	5.00
Application for a lease	10.00
Recording every certificate of work per year	5.00
If recorded within 14 days after expiry date per year	5.00
If after 14 days and within three months	15.00
If after three months and with- in six months	25.00
For a Grouping Certificate	5.00
Recording assignment, abandon- ment, affidavits, or any other document	2.50
If document affects more than one claim, for each additional claim	1.00
For an abstract of the record of a claim:	
For the first entry	1.00
For each additional entry	.10
For copies of any document re- corded where same do not ex- ceed three follios	2.00
Where such copies exceed three follios, 50 cents per folio for every folio over three. For re- cording a power of attorney to stake from one person	4.00
For recording a power of attor- ney to stake from two per- sons	8.00
For recording an assignment or other document relating to a rental, whole or fractional min- quartz mining lease	3.00
eral claim granted under lease for term of 21 years	50.00
Rental for renewal term of 21 years	200.00

Dredging
A lease may be issued for a period
of fifteen years for a continuous
stretch of river not exceeding ten
miles in length giving the exclusive
right to dredge for gold, silver and
platinum. The lessee must have at
least one dredge in operation on the
leasehold within three years.

Petroleum and Natural Gas
A lease may be issued for a period
of twenty-one years for an area of
not to exceed 2,560 acres giving the
right to the petroleum and natural gas
on the area leased. A rental is charged
of 50 cents per acre for the first
year and \$1.00 per acre for each sub-
sequent year.

Assay Office
An Assay Office is maintained by
the Government at Vancouver, where
gold exported from the Territory will
be purchased at its full value.

W. G. BROWN,
Commissioner.

MADRID.—Fifteen Spanish artillery
men were killed Friday when a gun
blew up as they were loading it dur-
ing target practice near Mahon in the
Balearic islands. Five men were killed
by the blast. Of 24 seriously injured
10 died later in hospital. The accident
occurred at the San Lorenzo military
site.

Personal Mention

Mrs. Alan Gould and children, David and Diane of Bear Creek, left on Saturday's plane for Prince George where they will be met by Mrs. Gould's parents of Vernon, B. C. to spend the first part of their extended vacation. Mrs. Gould expects to be away for the next year and husband Alan of the gold room staff of the Yukon Consolidated Gold corporation, expects to join her at the end of the current mining season.

Ed Kimbell, pioneer Mayo sawmill operator and transportation man, returned to his home in the Silver City on Tuesday's outbound plane. He had come here recently to have Dr. John Barker extract a porcupine quill from his left shoulder. The quill had become imbedded in his shoulder over ten days ago while he was lying in the woods and it had been causing him much pain and worry as it worked its way deeper into his shoulder. Ed said before leaving that he felt "like a new man" following the operation in St. Mary's Hospital.

Mr. and Mrs. Tony Hayes left on Saturday's plane to make their home outside. They had resided in Bear Creek for the past seven years where Tony was employed as timekeeper by Yukon Consolidated.

Harry Greaves, manager of the Orpheum Theatre, said Monday that there will be no shows until further notice.

Miss Donald Hoad of the income tax office, was an outgoing passenger on the CPA plane Tuesday.

S. S. Whithorse arrived late Monday night with a full load of freight and a barge.

Mrs. Ernie Schink left on the plane last week en route to the coast.

Const. Bob Holden, RCMP, left on Saturday's plane for Whitehorse to where he has been transferred. Bob was stationed in Dawson for about a year.

B. L. Ellis, teller at the local branch of the Canadian Bank of Commerce, completed his duties Tuesday of this week and is leaving the service to take a job with Yukon Placer Mining Co. on Glacier Creek.

Lorne, who joined the bank at Vanda, Sask., three years ago, has taken an active part in the young people's organizations here and was a member of the local orchestra, playing the trombone. His home is in Saskatoon, Sask. Lorne was expecting his brother and sister in Dawson this week. They are diving from Saskatoon via the Alaska Highway to visit him here and will be returning by coastal steamer from Skagway.

Arriving by plane last week was David G. Lindsay, who succeeds Lorne as teller here. He had recently been a member of the staff at Princeton, B. C. His home is in Vernon, B. C. where he joined the bank a year ago and where he was formerly associated with H. K. Gray, present manager of the Dawson Branch. He made the trip north via coastal steamer, train over the White Pass and then via CPA plane from Whitehorse to Dawson.

First car to arrive this year from Wisconsin came in Friday via Boundary. Driving in were Wallace Kluck and his two sons Francis and Wallace Jr. Mr. Kluck said this was his vacation trip for Father's Day and all enjoyed the trip very much. Wallace Jr. is an instructor of physics at Marquette University at Milwaukee and Francis is an advertising salesman for the Racine Journal Times. Kluck Sr. owns and operates the Triangle Store in Stevens Point, Wis.

Miss Peggy Bremner, daughter of Mr. and Mrs. Jack Bremner, arrived on Monday's plane to spend the summer holidays here. Peggy, a graduate nurse, went from the airport to Last Chance where her parents are mining. Also en route on the same plane from Vancouver was Miss Blanche

NOTICE

The Inspector of steam boilers and pressure vessels for the Territory will be in Whitehorse during the period July 2nd to July 13th and July 28th to July 31st. He will be in Mayo during the period July 22nd to July 28th.

The owners of boilers and pressure vessels have been notified of the approximate inspection date.

The Ordinance provides that all boilers and pressure vessels must be inspected yearly.

All persons presently holding engineer's certificates must be interviewed by the Inspector.

Persons wishing to apply for an engineer's certificate should also be interviewed by the Inspector.

Further information is available from this office or from the Territorial Agents.
