HITLER ESCAPES TIME BOMB BLAST BY TEN MINUTES

DEBRIS PILED 10 FEET HIGH OVER SPOT WHERE HITLER WAS STANDING IN MUNICH BEER HALL

LONDON, Nov. 9 - Seven minor officials of the Nazi party were killed and 63 others injured Wednesday night when a time bomb wrecked the Munich Beer Hall where only 10 minutes earlier Chancellor Hitler had been addressing a gathering of Nazi followers on the occasion of his 1923 pusche anniversary.

Only a miracle saved Hitler. He left the hall 10 minutes earlier than he had expected to return to Berlin on important business. Other high ranking Nazi officials, including Field Marshall Goering, Hess, Goebels and others accompanied Chancellor Hitler on the special train which was held waiting for him.

The blast completely wrecked the 150-ft. long building where the anniversary celebration was being held. Debris ten feet high covered the spot where Hitler had been addressing his followers ten minutes before the blast.

It was officially reported from Berlin on Thursday that a mechanical time bomb hidden in the attic had caused the explosion.

Britain was blamed for the explosion. "Those are British methods," Hitler declared after the incident, "but God Almighty is against them."

Huge rewards have been posted for any information leading to the arrest of the perpetrators. Secret police are questioning hundreds of suspects.

Thousands of Jews are jittery in case the plot is blamed on them.

The explosion occurred only a short time after Hitler's special train had pulled out of the nearby station.

How such an explosion could have happened at all worried the German police. Every possible precaution is always taken by German police and secret agents before Hitler enters any building or meeting place.

In a broadcast from the mystery anti-Nazi radio station, somewhere in Germany, the announcer declared that many other such attempts on Hitler's life would follow. No trace can be found of the mysterious radio set which has already caused German Secret Service no end of confusion and embarrassment since the war began.

LONDON, Nov. 9 - Much shooting along the German-Russian borders in Poland is reported during the past several days.

WASH, Nov. 9 - President Roosevelt has summoned John L. Lewis, head of the CIO & AFofL Chief Green to the White House for separate conferences in an attempt to have peace talks in labor ranks resumed.

NOTICE TO THE "CALUMET BOMBERS"

Would the writer who sent the "Letter to the Editor" dated Nov. 7, 1939, and signed "Calumet Bombers" please look for a return note in Saturday's mail in connection with his reference to "Mayo dance suggestion." The return note to this "leaflet" dropped on Mayo by "Calumet Bombers" is, we believe, in keeping with modern day methods of verbal warfare and we trust much of the misunderstanding will be cleared up before it becomes necessary to drop this verbal barrage. At least, "Calumet Bombers" - take a look at the return diplomatic note in the mail sack, and we will hold your bombshell of correspondence in abeyance until next week's issue, pending your reply. Ed. Mayo Miner.

SILVER MAGNATE BACK FROM WEST

Harry Colley, pioneer silver and placer operator, returned on last Saturday's plane from Dawson. For the past few months Harry has been busy in connection with his placer holdings on Britannia Creek on the Yukon. He expects to be in Mayo district for the next several days, prior to returning back to Dawson and thence to his placer ground. Harry expects to make a trip to the coast along about January, so he said Saturday.

The well-known Silverite left for Keno this week in company with Thos. McKay in the letter's car. Tommy came in over the week end.

ARRIVES HERE FROM PRAIRIES

REMEMBRANCE DAY
TO-MORROW, NOV. 11TH.

To-morrow, Saturday, Nov. 11th., being the 20th. anniversary of Armistice Day, the historic occasion will be observed as a public holiday throughout Canada. In Mayo the Government offices, Bank and business houses will be closed for the day.

On account of the 11th. falling on a Saturday this year, the holiday was observed at Mayo Public School on Friday; the school being closed for the day.

Special Remembrance Day services are being held in both the Mayo Churches on Sunday when special Armistice Memorial Services will feature the occasion.

THE AFTERMATH
By Ted Richards
Elsa, Y. T.

"Lest we forget," the slogan goes,
Forget the battles, bloodshed, strife,
Forget that we must love our foes,
Forget a useless waste of life.

"Lest we forget," (But have we not?)
Those dear ones lying in foreign sod,
The ones who went out there and fought,
The ones who gave their lives to God.

"Lest we forget" the millions dead,
The widows, orphans left unloved.
"Lest we forget" the hearts that bled
As they saw the hand of war ungloved.

The answering cry comes from their grave
Have we not died in vain?
Stop; think of all the lives we gave,
Don't renew that old, old pain.

A quarter century of peace we gave,
A race of men has grown anew,
And now we ask you from our graves,
Don't kill the sons we've left for you.

DANCE SATURDAY: To celebrate the Armistice Anniversary, a dance is being held in Pioneer Hall Saturday night.

1ST. RIVER XING: Indians crossed the Stewart River on the ice in front of Chateau Mayo for the first time this year last Saturday, Nov. 4th, one day earlier than last year. According to George Andison, who records all these statistics in a diary which he keeps up faithfully, Jack Bellerby has been the first person to cross the river on the ice in front of Mayo for the past many years. This was the first year Jack has missed trailblazing the river ice in many moons.

MANY FAREWELL PARTIES
HELD IN MAYO FOR MR. &
MRS. WES PALMER.

In compliment to one of Mayo's most popular young couples - Mr. and Mrs. Wes Palmer - numerous parties have been held in their honour this week prior to their departure for the outside.

Wes and his wife and family plan to leave by plane Saturday en route to Vancouver where they will make their new home after four years spent in the silver district.

During their stay in Mayo Wes and Florence have proved themselves true Yukoners in every sense of the word and they and their two daughters will be greatly missed in this community.

On Tuesday afternoon Mrs. Palmer was the guest of honour at a bridge sponsored by the IODE, of which organization she has been an active member during her residence in Mayo.

On Wednesday Mrs. Palmer was feted at the regular meeting of the Altar Society of the Mayo Catholic Church which was held at the home of Mrs. J. Breden.

Thursday evening Mr. and Mrs. Palmer were guests at a dinner party held in the Club Cafe in their honour by Miss Margaret Gillespie while the same evening a dance in their honour was held at the Kimbel Mill. A large number of friends were in attendance, including Mayoites and Galenaites who came in especially for the occasion. A very enjoyable time was spent. Music was provided by Miss Dorothy Durie, "Chuck" Caddy, Bill Thomey & Eddie Kimbel. Refreshments were arranged by Mrs. Ed. Kimbel and Mrs. Hazel Dalton.

On Friday afternoon the home of Mrs. Neil Koebke was the scene of a handkerchief shower for Mrs. Palmer. Mrs. Koebke was assisted by Miss Anne Goulter.

To-night Wes and his wife and kiddies are to be the guests at a farewell dinner party given by Wes' sister, Mrs. Hazel Dalton at her Club Cafe, while later in the evening a bridge party is being held in their honour by the Altar Society at the hospital.

Quite a few personal friends of Wes and Mrs. Palmer came in yesterday from Galena to bid the popular Mayoites farewell.

ED. NOTE: Well, Wes and Florence, the Miner and staff join in wishing you, along with your legion of friends in the silver district, a sincere adios. We trust you and your kiddies will find the busy metropolis much to your liking and that the future holds for you nothing but health, wealth, and happiness. And may your trip from Mayo to Vancouver prove a pleasant one, as well.

RETURNS TO CARMACKS: Miss Helen Goulter, popular young Carmacks girl who holds the cherished title of "Miss Yukon for 1939" left by plane last Saturday for her home in Carmacks. Since her return to Mayo from the Dawson celebration last August, Helen had been the guest of Mr. and Mrs. Wes Palmer. Helen's sister Anne is remaining in Mayo for the winter.

ALF BURIAN and his brother's wife, Norah, came to Mayo in Alf's gas boat last Friday from their home at the 26-mile. They left the following day on their return trip after taking in the bazaar in Pioneer Hall last Friday night.

FOG, SNOW DELAYED
 YUKON PLANES IN
 THE SOUTH

Fog, snow and general low visibility in
 southern Yukon as well as in the interior,
 delayed the White Pass plane schedules this
 week.

The White Pass Ford was ready to come to
 Mayo last Sunday with passengers and freight
 from the CPR boat which docked in Skagway on
 Saturday last.

After a 4-day delay in Whitehorse owing to
 the weather, Pilots Vines and Oakes finally
 got away Thursday, landing the tri-motor here
 at 12 o'clock.

Incoming passengers for Mayo were Miss
 Hilma Miller and J. Homer.

The Ford also brought the first class
 mail from the CPR boat and sundry freight.

Turning around here the White Pass fliers
 headed back for Whitehorse shortly after 1
 o'clock.

The big ship is expected back here to-day
 with the balance of the mail. It will return
 south Saturday.

FINE TURNOUT AT W.A. BAZAAR, PIONEER HALL

ANNUAL W. A. BAZAAR
ATTRACTS LARGE
TURNOUT

The annual Church supper, sale of work and bazaar of St. Mary's W. A. was held in Pioneer Hall last Friday night.

There was a large turnout and practically everything was sold out. The W. A. did very well financially; over \$400 being taken in.

The affair was brought to a happy conclusion with a picture show; Gordon McIntyre running the projector.

The W. A. held its last meeting until after the holidays on Thursday afternoon at the home of Mrs. Charles Taylor. No further meetings will be held until January.

Herewith is a list of those assisting at last Friday's bazaar as supplied by Mrs. George Andison, W. A. Secretary.

KITCHEN: Mesdames Steeves, Taylor and Wilson. DINING ROOM: Mesdames Whitney, Lee, McCarter, Jeffrey, Currie and Miss Anne Goulter. FANCY WORK: Mrs. Cantin, Mrs. Fisher and Mrs. Bidlake. WHITE ELEPHANT: Mrs. George Andison and Mrs. S. M. Wood. CANDY STALL: Mesdames Portlock and Mason-Rooke. FISH POND: Fred Marshall and Dick Steeves. AUNT SALLY: G. A. McIntyre. BINGO: Bud Fisher and Wm. Jeffrey, Jr. CASHIERS: Messrs Boerner, Hall and Mason-Rooke and Wilson. CARVERS: Rev. Robert Boyd and G. R. Bidlake. DOLL RAFFLE: Miss Nancy Whitney. ICE CREAM: George Andison.

After the bazaar was over a number of articles, including several dishes of home cooking were left over and S. M. Wood acted as auctioneer for these. Everything was sold and the W. A. is grateful to Sam for the fine job he made of auctioneering these articles.

A very fine supper was served from 5.30 until 7.30 when the various stalls were then thrown open to the public. There were many attractive and useful things on sale and the response from the public was very gratifying to all the members of the W. A. who worked so hard to make the annual event a fine success.

CARD OF THANKS

St. Mary's Mayo Branch of the W. A. wishes to thank all those who contributed, assisted or in any way helped in connection with its recent bazaar.

"POP" BELLERBY STARS IN MOVIE REELS

Mr. and Mrs. George Andison showed a number of their moving picture reels at their home Thursday night for the benefit of several friends. The reels included "shots" taken last summer on the trip to Sullivan's Lake and Jack "Pop" Bellerby, so it is reported, proved one of the stars in this filming. Mr. and Mrs. Bellerby were among the guests who viewed the films. Many movies were taken that day at the lake but, according to Mr. Andison, Neil Keobke's colored sequences of the aquaplaning, turned out exceptionally good. Neil took his pictures in the evening with the result that the colouring was well nigh perfect.

MISS HILMA MILLER,
MAYO POSTMISTRESS,
HOME AGAIN

Feeling greatly improved in health following her recent trip to Vancouver to undergo medical treatment and looking like a million dollars in the bargain, Miss Hilma Miller, Mayo's popular Postmistress, is home again & back on the job. Hilma had been away about 6 weeks and to say that her long journey to the coast and back was eventful is putting it mildly.

From Mayo she flew direct to Vancouver where she entered the nursing home being operated there by Mrs. D. R. McLerman. Upon recovery from her illness, Hilma was able to visit quite a number of friends in Vancouver, including several Mayoites now residing there.

On Oct. 24th. she left by YSAT plane on her return flight North but the plane was held up at Prince George. Hilma flew back to Vancouver the following day and, as the YSAT decided to fly no passengers for the next few weeks, she booked passage North on the CPR boat which docked in Skagway last Saturday.

Arriving in Whitehorse Saturday afternoon the poor flying weather jinx which had dogged her return journey from the coast persisted and it was not until Thursday that she was able to make the last lap of her long aerial jaunt. A few hours after arrival home Hilma was back at her duties in the Postoffice.

An interesting sidelight of Hilma's trip occurred in Prince George. When her former Mayo friend, Mrs. Leo Fielder heard that she was there, May and Leo and their young daughter drove the 76 miles from Vanderhoof and had a real Yukon re-union with Hilma.

"May and I must have talked half the night," Hilma related.

During her absence Gordon McIntyre handled the Postoffice duties here.

Needless to say George Miller, Hilma's dad, was the most elated person in town Thursday upon his daughter's return to the home port. While Hilma's many friends in Mayo district are also glad to see her home again and looking and feeling so well.

T. Y. DIESEL TRUCK SLIDES OFF GLACIER

Sliding off the glacier on the main road near the Silver King, the T. Y. Kenworth Diesel truck piloted by Frank Buckway, turned turtle on Tuesday while Frank was proceeding to the Elsa on his daily run. Rev. Robert Boyd, Rector of St. Mary's Church, was riding in the cab with Frank at the time. Neither Frank nor Mr. Boyd were hurt; nor was the big truck. Two cats were sent down from the Elsa to pull the machine back on the road. Frank drove the Kenworth back to Mayo Wednesday night.

FINE SKATING ON 3-MILE LAKES

Seventeen Mayoites took advantage of the mild day last Sunday to enjoy a couple of hours of "grand" skating on the 3-mile lakes north-east of town. Charley Taylor and Tommy Portlock drove the skaters out to the lakes in their trucks. The skating party was repeated on Tuesday night when a big bonfire was built in the centre of the best skating lake and a corn-on-the-cob roast enjoyed too.

BILLY MOORE DIED
IN WINNIPEG

From the Dawson News of Oct. 31st. we learn

that William A. Moore, known to his hundreds of friends in the Northland as Billy Moore, passed away at Winnipeg Oct. 25th. Word to this effect was received in Dawson by Capt. George Black in a lettergram from Irene Hawkley, Billy's niece. For years the deceased was one of the Yukon Consolidated Gold Corporation's most efficient dredgemasters on Upper Dominion. Ill health caused his retirement a few years ago and since then he had been living with his sister at St. James, Manitoba. Mr. Moore was a member of Yukon Lodge No. 45, AF&AM, and of the Royal Arch Chapter of Masonry.

SEARCH STARTED FOR
OVERLAND NOMADS

According to radio reports heard here last

Friday night, Dr. Logan, famed physician of the Mayo Bros. clinic, Rochester, has provided funds to establish a search for his son John Logan, lost somewhere in the B. C. wilds in company with his partner "Slim" Williams. The two men left Fairbanks this summer in an attempt to reach the World's Fair, New York, via the overland trail by motorbike. They have been unreported for several weeks when they were last seen Sept. 26 on the Klappan river, 60 miles southeast of Telegraph Creek. B.C. police search patrols are looking them.

LATE RADIO PRESS

AMERICAN SHIP, CITY
OF FLINT, FREED
BY NORWAY.

LONDON, Nov. 9 - Jos. A. Gaynard, Captain of the American ship "City of Flint," declared to-day that he was unloading his contraband and cargo at Bergen, Norway and would sail within the next few days for New York via neutral sea lanes.

Earlier in the week the Norwegian Gov't. detained the German prize crew which had been in command of the ship since it was captured on the high seas several weeks ago.

Norway has rejected Germany's demand that the prize crew be released following Norway's decision to detain the crew members in an internment camp.

After capturing the City of Flint and replacing the American crew with a German prize crew, the ship was sailed, with cargo intact, to Murmansk, a Soviet port. From there the prize crew sailed it to Bergen, Norway, where it was taken over by the Norwegian authorities.

BRISK AIR BATTLE
OVER WESTERN FRONT

PARIS, Nov. 6 - One of the briskest air battles of the war took place to-day between German and French battleplanes over the Western Front. Nine German planes, out of 27, were reported shot down by the French who declared their American made fighter ships proved their superiority over the German machines.

BELGIUM, HOLLAND
STRENGTHEN DEFENCES

LONDON, Nov. 8 - Belgium and Holland were taking extra steps to strengthen their defences along their borders as a result of recent massing of German troops along the borders.

10 MILLION TONS CARGO
INTO BRITISH PORTS

LONDON, Nov. 8 - In explaining the cause of the loss of the battleship Royal Oak at Scappa flow three weeks ago, Winston Churchill announced that long immunity from enemy raiders had resulted in undue risk. He also added that the Admiralty had learned a valuable lesson from the loss of this ship and its gallant crew of men and officers.

Since the war began, Churchill stated, 10 million tons of shipping had safely entered British ports against a loss of 1/4 million tons from enemy attacks. He told the House that Britain could expect 100 German subs in action by January as Germany was turning them out at the rate of 2 a week. During the past month the British and French navies have been destroying U-boats at the average of 2 to 4 a week.

BELGIAN, DUTCH PEACE
PROPOSALS DOOMED

LONDON, Nov. 9 - The recent peace proposals to end the war by King Leopold of the Belgians and Queen Wilhemina of the Netherlands, are doomed to failure on account of "the stiff-necked attitude of German leaders," British spokesmen declared to-night.

CURTAILMENT OF
U. S. MARINE

WASH, Nov. 9 - General curtailment of U. S. marine workers is feared following passage of the new neutrality legislation which places restrictions on American ships operating in foreign waters. President Roosevelt is studying the situation.

640,000 BRITISH
SOLDIERS, FRANCE

LONDON, Nov. 8 - 640,000 British soldiers are now participating in the war on French soil. This total of 32 divisions by no means represents Britain's present territorial force.

5 YEAR WAR IS

FINLAND, Nov. 8 - A German steamer, carrying a cargo of timber to Germany, has been detained for using its wireless illegally in Finnish waters.

LOCAL BRIEFS

A well-known young Mayoite who is leaving by plane Saturday, en route to Vancouver is Peter Buckway, for the past two years engaged here with the Gov't. road crew during the summer and on the overland mail route during the winter. Pete was the guest of honour at a farewell dinner party held Thursday night at the home of his sister - Mrs. Neil Keobke. Miss Anne Goulter presided over the culinary arrangements.

A number of Mayoites have been out this week looking for caribou without much luck. According to Charley Jimmy he and several other Indians went as far as the 26-mile this week but saw no tracks.
