BRITAIN RESOLVED FIGHT FINISH

U. S. THROWS FULL AID TO BRITISH EMPIRE

(Synopsis of Events)

JUNE 17 - Marshall Philippe Petain, new Premier of France, announces that France will sue for peace with Germany.

Petaun communicates for peace with German High Command immediately after taking office from Paul Reynaud (who had been pledged to a fight to the finish).

Diplomats from France meet Hitler to learn his terms.

Fierce battle continues in France while peace terms being formulated.

LONDON, June 17 - Capitulation of France will make no difference to determination of Britain to fight on.

One of the uncertainties of the hour is the future of the French fleet. If it escapes the general capitulation order it will be of great value to Britain. If handed over to Germany it will be a serious blow.

Germany's attempt to subjugate Britain about to start.

WASHINGTON, June 17 - For several months Britain must stand the siege alone without decisive assistance from the United States but it is believed here Britain can do it.

By Autumn, not before, the unequalled productive sources of the United States will begin to pour out airplanes in quantity sufficient ultimately to give Britain superiority in the air.

BERLIN, June 17 - Hitler and Mussolini meet on Tuesday to formulate attitude of Italy and Germany towards France's request for terms on which she would lay down her arms.

WASHINGTON, June 17 - The United States acted to-day to facilitate delivery of war planes to Britain by authorizing the ships to be flown across American borders.

LONDON, June 17 - The Admiralty announced Sunday that 4 enemy subs had been destroyed in the Mediterranean. More than 210,000 tons of Italian shipping scuttled or captured in first week of warfare with Italy.

LONDON, June 17 - Bulk of non-combatants in England may be evacuated to Canada and islands converted into huge fortress.

LATE FLASHES

(By Radio- June 22) - The French Gov't. under Marshall Petain, new Premier, signed an armistice with Germany to-day after deliberating over the terms for six hours.

The French fleet, acting independently of the Gov't. armistice, has raised the British flag on all its ships.

The French air force and huge French "mystery army" in Syria, acting independently, decides to carry on the fight in conjunction with the Allies.

Russia moved army of million and a half men and thousands of tanks on the Prussian border, facing Germany. Russia occupies Baltic States of Lithuania, Estonia and Latvia.

TERRIFIC BOMBARDMENT BY RAF, OF GERMANY

LONDON, June 22 - Using what is probably the world's most secret war weapon, believed the gyroscopic bomb sight as perfected in the States, bombing squadrons carried out the most extensive air raids over Germany since the start of the war. Terrific damage was done to airdromes, oil depots, supply trains and bases and other military objectives including troop trains. The hits were so accurate that even trains, appearing as slim ribbons, were hit directly from altitudes safe from anti-aircraft fire.

ITALIAN planes last night bombed Alexandria with little success, most of the bombs dropping into the sea.

AKSALA ON WAY MAYO - S. S. Aksala left Stewart City 6.30 a. m. to-day for Mayo with 7 tons general merchandise, 50 sax of mail and Messrs Carman and King passengers.

BALL PRACTISE: All members of the men's & womens' teams are urged to turn out for joint practise to-night.

HARRY GLEAVES MAKING MONEY MINING

Recent arrivals from Dawson report that Harry Gleaves, enterprising proprietor of the Arcade Cafe and the Orpheum Theatre is making a good thing out of mining the property under the Theatre which burned down recently. According to reports Harry has two men working for him for wages. Some days the "take" runs up to \$50. to \$60. and it is stated Harry has already recovered \$600-\$700. A famous early day dance hall stood on the site of the theatre - thus the golden bonanza now being found there.

RETURN FROM LAKE: Mr. and Mrs. Bob Sheardown returned from Minto Lake on Tuesday afternoon; having hiked in from the Lake to the Bridge where they caught the T. Y. trucks to town. Bob left Friday to join the Government road crew up the hill.

BALL PARK IN FINE SHAPE

As a result of the work that has been done on the local ball field, the diamond is now in fine shape for the big July 1st. holiday games. The diamond has been shifted around in order to gain better playing surfaces while other necessary improvements have been made.

The Mayo girls team has been out practising at every opportunity and every member of the squad promises to give a good account of herself in the big battle against the Teddy Bears.

Members of the men's team have also been out limbering up for their clash against the Calumet Bombers the same day.

S. S. AKSALA GOES TO DAWSON

Bringing in 9 tons cement and 8 tons of bricks, perishables and sundry freight and 36 sacks mail, S. S. Aksala docked at 9 o'clock Tuesday evening and left again at 1 a. m. Wednesday with 390 tons of ore.

Miss Ann Goulter was a passenger on the Aksala for Dawson. The steamer went thru to Dawson on its last trip to undergo boiler inspection and is not expected to be outbound from Stewart City for Mayo much before the first of the week.

FIRE AT ELSA: Fire which broke out about 8 o'clock Wednesday night gutted the inside of the change room at the Elsa. No damage was done to the mill adjoining the change room. A number of employees lost clothing in the blaze.

BRICKS AND CEMENT arrived here on the last trip of the S. S. Aksala for the T. Y. Corp'n. This material will be used to build a new drier for the ore in the Elsa mill.

IDEAL SUMMER weather has prevailed in Mayo district all week. Yesterday, June 21st., was the longest day of the year.

PUBLIC NOTICE

The attention of all persons concerned is hereby directed to the provisions of the gasoline and fuel oil tax ordinance, under the provisions of which all gasoline and fuel oil purchased or used in the Yukon Territory on & after June 15, 1940, is subject to a tax of 3¢ per imperial gallon, payable to the Territorial Treasurer.

Gasoline & fuel oil used in stationary engines & fuel oil used for heating are exempt from the tax.

Apart from this one exemption the tax must be paid on every gallon of gasoline or fuel oil bought or used in the Territory on & after June 15, 1940, except such quantities as were actually in the tanks of vehicles before said date.

VISITING MAYO

Roy Kimbel, well-known business man of Shelton, Washington, accompanied by his wife, arrived by plane from Dawson Friday on their first visit to Mayo as the guests of Roy's brother Ed., and Mrs. Kimbel. Roy and his wife made the trip from Whitehorse to Dawson by steamer, then flew to Mayo.

This is the first time that Ed., enterprising Mayo timber king, has seen his "kid brother" in many years and naturally he's just about the busiest and smilingest man in Mayo showing Roy and his wife the sights of the silver metropolis.

FLYING TRIP: Frank Buckway, manager of the Mayo Ball team, paid a flying visit to Dawson this week. Frank hopped off Thursday, returned Friday and was back on the job again this morning. Jack Anderson was pinch hitting for Frank during his absence.

There are quite a number of idle men still around Dawson, Frank reports, including several who went over from here in quest of work. Although his business in Dawson took most of his time Thursday afternoon, Frank managed to make a trip to Minto Park Thursday night to see the Bear Creek ladies team in action. He says they have a snappy team and are being expertly coached. All the Bear Creek girls are looking forward to their trip over here for July 1st.

DON MORRISON and **CHARLEY NIXON** came to Mayo in Don's car Wednesday night. Charley looked pretty excited Thursday morning, awaiting arrival of his bride on the plane. The Mayo kids chivariated them Thursday afternoon.

STATES RUSHING SUPPLIES TO THE ALLIES

CANADIAN TROOPS STILL IN BRITAIN

OTTAWA, June 17 - The 1st. Canadian Division of the Canadian Active Service Force is still in England, it was learned to-day.

The first and only Canadian known to have been included in a British Expeditionary Force casualty list is Lance Corporal W. Sutherland who has been wounded. Sutherland of Battleford, Sask., is a member of the Seaforth Highlanders of the British Army.

TROJAN JACKASSES IN U. S. LULLED PEOPLE INTO SLEEP.

ATLANTIC CITY, N. J. June 17 - Jas. H. R. Cromwell, former United States Minister to Canada, said yesterday the United States is unprepared for war because of "Trojan jack-horses that stalk the halls of Congress."

"These Trojan jackasses in our House and Senate," said Cromwell, "lulled our people to sleep for years with their consistent statements that the United States had no interest in what was going on in Europe."

BRITAIN HAS now called to arms a total of 2,800,000 with the registering recently of 300,000 28-year old men for service.

REYNAUD HAS NARROW ESCAPE

BORDEAUX, June 17 - Former Premier Paul Reynaud had a narrow escape from death Sunday

when German planes bombed a village in Central France shortly after he had left & killed and wounded 98 persons, including members of Reynaud's military staff.

EGYPT PONDERS WAR

ALEXANDRIA, June 17 - Italian naval air-men were reported last night to have riaded the Egyptian Mediterranean ports of Saloma and Sidi Barrani - an act such as Egypt has said might constitute one reason for her going to war.

REPORT TURIN RUINED: NEW YORK, June 17 - A broadcast on the wavelength of the French radio station intercepted this morning by the National Broadcasting Co. said the entire industrial centre of Turin, Italy, had been destroyed by French air raiders. There were no further details except that anti-aircraft guns failed to function.

U. S. DESTROYERS TO CONVOY AMERICA'S SUPPLIES TO ALLIES

WASHINGTON, June 17 - Of greatest importance in connection with the States renewed efforts to aid the Allies is the move in Congress to let U. S. destroyers convoy America's shipping and supplies to Britain for that would not only relieve the British Navy but would commit this country to the final prosecution of the war.

STARVATION FACES EUROPE.

WASHINGTON, June 17 - In the background of all the reasoning that the U. S. A. will eventually be drawn into the war on the Allied side, is the certainty that famine, a dark, invisible enemy, is sneaking up on Hitler from the rear.

If the British blockade continues Europe will be near starvation next winter, Sect'y. of Agriculture Wallace stated.

With the United States help that blockade can be maintained. No goods will move across the Atlantic to the continent of Europe but everything this continent can produce and spare will go to Britain.

Americans now understand that the U. S. A. will, in view of the European situation, become a military nation for the first time since the Civil War. The whole U. S. industrial strength is now being geared up to war production on a scale undreamed of in the past by any nation and will soon be sending an avalanche of supplies to the Allies.

FIERCE BATTLE RAGES.

LES VERIERS, Switzerland, June 17- (At the French Border) - Two hours after Premier Petain's broadcast announcement that he had asked the Germans for peace, a fierce battle began to-day on the plain, beyond and behind Pontarlier, where large numbers of German mechanized units found their path blocked by hand-fighting French infantry. Light artillery fire of the French Maginot line began shelling German positions in Baden. German westwall guns replied.

BEAR CREEK GIRLS
LOOKING FORWARD
TO MAYO TRIP

The Mayo Ball Club is in receipt of a wire from Bear Creek and all arrangements are now complete for the big July 1st. celebration here when the Bear Creek Teddy Bears will be over to play the Mayo girls team.

The Teddybears will arrive here Sunday morning, June 30th., and plans have been made to give them a royal time during their stay here. On Sunday afternoon the team will be driven to Galena and shown through the mill and other places of interest. En route they will stop off at the Half Way House to enjoy a swim in Margaret Lake, Mayo's popular summer resort.

Monday afternoon the Bear Creek girls play the Mayo Monograms and great interest and enthusiasm is already in evidence over this attraction. Following the girls game the Calumet Bombers and the Mayo Meteors will tangle bats at Mayo Park.

The Dominion Day holiday will be brought to a grand climax Monday night with a big dance in Pioneer Hall where the Teddybears will be the guests of honor. While in Mayo the members of the Bear Creek team will be the guests of various Mayo people who will house them while here.

From Dawson comes word that quite a few fans contemplate making the trip over to Mayo on this auspicious occasion to take in the holiday doings.

MOVING HIS
BARBER SHOP

Pete Petiot, Manager of the local orchestra and tonsorial expert of Mayo, is busy this week renovating and dolling up the interior of the Nicol building on front street formerly occupied by Henry Bell. Pete plans on moving his barber shop from the Mervyn Hotel to this new location. He hopes to be moved by next week when he will be right on the job to handle the big rush of business preparatory to the July 1st. celebration and dance.

I. O. D. E. HELPING
TO BUY BOMBER

At a meeting of the Mayo Chapter, IODE, held Monday, it was decided to solicit funds from this district to help buy the Bolinger bomber which is the aim of the IODE in Canada at the present time. A subscription list is being circulated in Mayo by S. M. Wood and up the hill by Billy Boyle. Donations to this worth-while cause have been very encouraging to date.

The bomber is to be donated to the RCAF for training purposes. Total cost, \$100,000.
