Although the methodology of the 2014 survey includes buildings with 1 or more rental units (displayed in 5.1), the Yukon Bureau of Statistics continues to generate data for buildings with 3 or more rental units for historical comparisons (displayed in 5.2 and 5.3).

## 6. Real Estate

- 6.1 Total includes residential lots and multiple-residential sales, which are generally too low to release due to confidentiality requirements, and non-residential sales (commercial and industrial properties). For further explanation, contact Yukon Bureau of Statistics.
- 6.3 Total includes residential lots and multiple-residential sales, but excludes non-residential sales (commercial and industrial properties).
- 6.5 All figures are from the last Wednesday of the month. The 5-year conventional mortgage is the most typical of those offered by the major chartered banks.

## 7. Construction

- 7.1 Rounded data may not sum to totals.
- 7.1, 7.2 & 7.3 Yukon totals, beginning with January 2013, are calculated by the Yukon Bureau of Statistics, based on building permit data received from Yukon Community Services and City of Whitehorse. Yukon data prior to January 2013 is exclusively from Yukon Community Services.
- 7.3 Does not include new or converted dwelling units in commercial or industrial properties.

## 8. Resources

- 8.1 Prices of gold and silver are a.m. fix prices at month-end. Prices of lead, zinc and copper are London Metal Exchange "cash seller" prices at month-end.

## 9. Transportation

- 9.1 As of July 2018, all aircraft movement figures are now sourced from Statistics Canada.
- 9.2 This table includes persons entering Yukon by land, air, train and water at Canada Border Services Agency (CBSA) ports of entry. It does not include: immigrants and former residents; non-resident crews; and Canadian crews. Although there is no permanent CBSA land port of entry in Dawson City, special annual international events between Yukon and Alaska, namely Yukon Quest and Trek Over the Top, require participants to cross the border by land. For border crossing purposes, participants in Yukon Quest are counted as pedestrians while participants in Trek Over the Top are counted as crossings by automobile.
