

Highlights:

- The estimated population of Yukon on September 30, 2022 was 44,160; an increase of 593, or 1.4%, compared to the figure for September 30, 2021 (43,567).
- Comparing September 30, 2022 to September 30, 2012, Yukon's population increased by 7,729, or 21.2%. The population of the Whitehorse area increased by 6,782, or 24.1%; Dawson City increased by 346, or 17.3%; and Watson Lake decreased by 6, or 0.4%.

Notes on methodological changes:

Official population counts prior to June 2010 were based on information in Yukon Health Care Insurance Plan (YHCIP) files and a semi-annual health care update survey that estimated the number of plan members who were no longer Yukon residents. In 2010, the estimation model was revised and the population counts for June 2010 through December 2014 were derived by tracking changes in YHCIP files and other administrative data files. In 2015, the model was further revised to make the approach more comprehensive and to improve accuracy based on information in all available and applicable administrative data files of the Yukon government. In addition, the total population count of April 2011 was calibrated to a census-based estimate adjusted for net undercoverage.

In 2020, the model was updated by prioritizing residential addresses over mailing addresses in the assignment of communities. This update allowed for separate reporting of population estimates for Johnson's Crossing and Mendenhall, and changes in the organization of Whitehorse subdivisions. The changes have been applied to all population estimates from June 2019 onwards.

Changes in community and subdivision populations from one time period to another are not only due to natural population change and migrations, but may also be due to the reassignment of residential addresses as additional administrative data became available.

All monthly estimates are as of the last day of the month. The June estimates represent annual figures.

Due to the change in methodology in 2015, figures presented in this publication for the period from April 2011 onwards are not strictly comparable to figures prior to that period.

Monthly Population, September 30, 2002 to September 30, 2022

- From 2004 through 2014, Yukon's population increased almost steadily in most quarters of every year except in 2013. Positive growth rates—often very high—have been recorded in each quarter, from 2015 onwards. The September 30, 2022 population at 44,160 is the new record-high¹ for Yukon.
- On September 30, 2022, Yukon's population (44,160), increased by 196 people, or 0.4%, from the figure for June 30, 2022 (43,964), and increased by 593 people, or 1.4%, from September 30, 2021 (43,567).

¹ Accurate population counts during the Gold Rush are not available. However, the population figure in the first Census for Yukon (1901) was 27,219.

¹ June figures are referred to as 'annual'

- During the third quarter of 2022, Yukon's population increased by 196 people from 43,964 on June 30, 2022 to 44,160 on September 30, 2022.
- Comparing the months of July through September of 2022 to their respective months of 2021, population increased: 1.8% in July; 1.6% in August; and 1.4% in September.

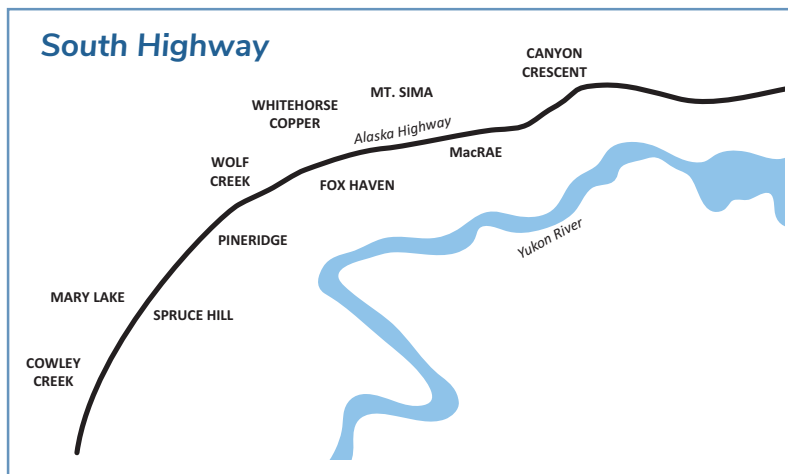

Population by Age Group and Sex, Yukon, September 30, 2012 and September 30, 2022

Comparing September 30, 2022 to September 30, 2012, growth occurred as follows (15-year age groupings):

- 0 to 14 years = increased 982 people, (16.2%);
- 15 to 29 years = increased 184 people, (2.5%);
- 30 to 44 years = increased 3,234 people, (40.9%);
- 45 to 59 years = decreased 486 people, (-5.3%);
- 60 to 74 years = increased 2,833 people, (61.1%); and
- 75 years and over = increased 982 people, (86.4%).

Population by Subdivision in Whitehorse Area

Note:

Subdivisions are assigned based on boundaries provided by the City of Whitehorse. Areas outside of the City of Whitehorse boundaries are assigned using Statistics Canada's Census Subdivision (CSD) boundaries within the Census Agglomeration of Whitehorse.

Changes in subdivision (City and CSD subdivision) populations from one time period to another are not only due to natural population change and migrations, but may also be due to the reassignment of residential addresses as additional administrative data become available.

Subdivision	Sep '21	Jun '22	Sep '22	Subdivision	Sep '21	Jun '22	Sep '22

¹ Community-level estimates include populations within the municipalities and surrounding area up to halfway to the next municipal boundary along the relevant highway or road, with the exceptions of: Braeburn, Champagne, Swift River and Whitehorse Area.

² Whitehorse Area includes City of Whitehorse and surrounding areas as defined on page 3.

³ Other includes Braeburn, Champagne, Swift River, Keno and Stewart Crossing.

Note: The following tables are sourced from Statistics Canada (SC). SC derives their estimates using a model and revises them after twelve months. The SC estimates are finalized during postcensal revisions every five years. SC estimates will not align with YBS estimates in the preceding tables which are based on administrative data.
