

Population Report Third Quarter, 2024

Highlights:

- The estimated population of Yukon on September 30, 2024 was 46,934; an increase of 1,206, or 2.6%, compared to the figure for September 30, 2023 (45,728).
- Comparing September 30, 2024 to September 30, 2014, Yukon's population increased by 9,594, or 25.7%. The population of the Whitehorse area increased by 8,443, or 29.1%; Dawson City increased by 374, or 18.4%; Watson Lake increased by 18, or 1.2%; and Haines Junction increased by 195, or 22.6%.

Notes on methodological changes:

Official population estimates prior to June 2010 were based on information in Yukon Health Care Insurance Plan (YHCIP) files and a semi-annual health care update survey that estimated the number of plan members who were no longer Yukon residents. In 2010, the estimation model was revised and the population counts for June 2010 through December 2014 were derived by tracking changes in YHCIP files and other administrative data files. In 2015, the model was further revised to make the approach more comprehensive and to improve accuracy based on information in all available and applicable administrative data files of the Yukon government.

In 2020, the model was updated by prioritizing residential addresses over mailing addresses in the assignment of communities. This update allowed for separate reporting of population estimates for Johnson's Crossing and Mendenhall, and changes in the organization of Whitehorse subdivisions. The changes were applied to all population estimates from June 2019 onwards.

Every five years population estimates are calibrated to estimates based on census counts adjusted for net undercoverage. The most recent calibration was done in April 2024. In addition, changes in community and subdivision populations from one time period to another are not only due to natural population change and migrations, but may also be due to the reassignment of residential addresses as additional administrative data became available.

All monthly estimates are as of the last day of the month. The June estimates represent annual figures.

Given that the number of non-binary individuals in Yukon's administrative files is very small, non-binary individuals are distributed between males and females to protect confidentiality.

Monthly population, September 30, 2004 to September 30, 2024

- From 2004 through 2014, Yukon's population increased almost steadily in most quarters of every year, except in 2013. Positive growth rates—often very high—have been recorded in each quarter, from 2015 onwards. The September 30, 2024 population was 46,934, a new record high¹ for Yukon.
- On September 30, 2024, Yukon's population (46,934), increased by 294 people, or 0.6%, from the figure for June 30, 2024 (46,640), and increased by 1,206 people, or 2.6%, from September 30, 2023 (45,728).

¹ Accurate population counts during the Gold Rush are not available. However, the population figure in the Third Census for Yukon (1901) was 27,219.

¹ June figures are referred to as 'annual'.

- During the third quarter of 2024, Yukon's population increased by 294 people, or 0.6%, from 46,640 on June 30, 2024 to 46,934 on September 30, 2024.
- Comparing the months of July through September of 2024 to their respective months of 2023, population increased: 2.9% in July; 2.8% in August; and 2.6% in September.

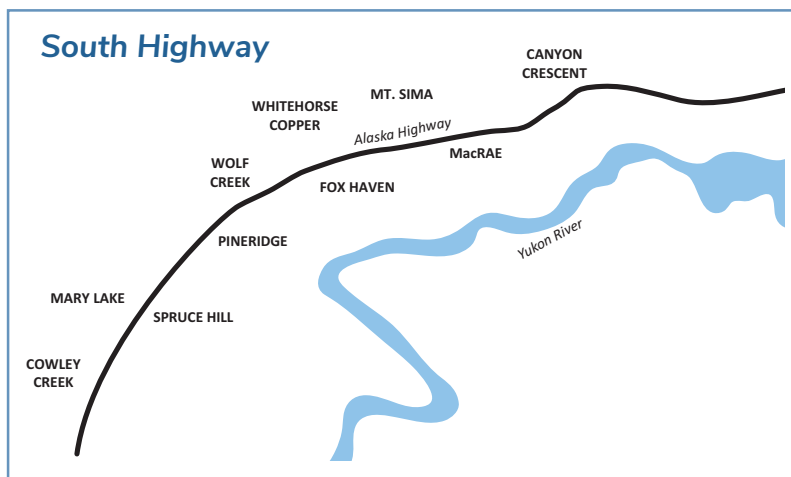

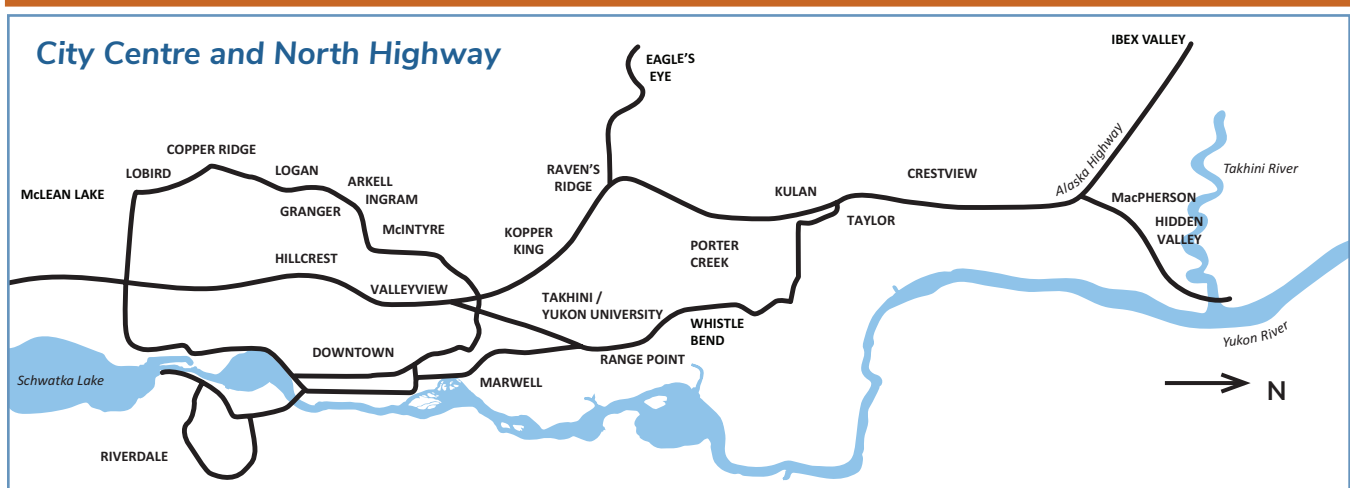

Population by age group and sex, Yukon, September 30, 2014 to September 30, 2024

Comparing September 30, 2024 to September 30, 2014, growth occurred as follows (15-year age groupings):

- 0 to 14 years increased 1,175 people, (18.8%);
- 15 to 29 years increased 1,451 people, (20.1%);
- 30 to 44 years increased 3,855 people, (46.1%);
- 45 to 59 years decreased 640 people, (-7.0%);
- 60 to 74 years increased 2,494 people, (48.6%); and
- 75 years and over increased 1,259 people, (105.2%).

Population by subdivision in Whitehorse area

Note:
 Subdivisions are assigned based on boundaries provided by the City of Whitehorse. Areas outside of the City of Whitehorse boundaries are assigned using Statistics Canada's Census Subdivision (CSD) boundaries within the Census Agglomeration of Whitehorse.
 Changes in subdivision (City and CSD subdivision) populations from one time period to another are not only due to natural population change and migrations, but may also be due to the reassignment of residential addresses as additional administrative data become available.

| Subdivision | Sep '23' | Jun '24' | Sep '24 | Subdivision | Sep '23' | Jun '24' | Sep '24 |
|--|----------|----------|---------|--|---------------|---------------|---------------|
| Arkell/Ingram | 1,185 | 1,195 | 1,189 | Range Point | 1,262 | 1,286 | 1,307 |

| Yukon | 2,305 | 2,598 | 2,527 | 2,376 | 2,794 | 3,508 | 4,181 | 4,349 | 3,684 | 3,050 | 2,877 | 2,605 | 2,968 | 2,650 | 2,006 | 1,350 | 1,106 | 46,934 |

¹ Community-level estimates include populations within the municipalities and surrounding area up to halfway to the next municipal boundary along the relevant highway or road, with the exceptions of: Braeburn, Champagne, Swift River and City of Whitehorse.

² Whitehorse Area includes City of Whitehorse and surrounding areas as defined on page 3.

³ Other includes Braeburn, Champagne, Swift River, Keno and Stewart Crossing.

Note: The following tables are sourced from Statistics Canada (SC). SC derives their estimates using a model and revises them after twelve months. The SC estimates are finalized during postcensal revisions every five years. SC estimates will not align with YBS estimates in the preceding tables which are based on administrative data.

International migration to and from Yukon, July 1, 2024 to September 30, 2024^(p)
