Canadian Award for Financial Reporting

Presented to

The City of Whitehorse Yukon Territory

> For its Annual Financial Report for the Year Ended

December 31, 2009

A Canadian Award for Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units whose annual financial reports achieve the highest program standards for Canadian Government accounting and financial reporting.

President

Executive Director

INTRODUCTORY SECTION

WHITEHORSE HISTORY

One hundred years ago, reckless adventurers fought their way down the Yukon River by boat on their voyage to the goldfields. Many struggled through the choppy and treacherous waters of Miles Canyon and the White Horse Rapids on the "Trail of 98".

Whitehorse is named after the historic rapids, which resembled the flowing manes of charging white horses. The White Horse Rapids became known as the greatest peril on the Trail of '98. The construction of the Whitehorse hydroelectric dam in 1958 tamed Miles Canyon and has replaced the once foaming White Horse Rapids with Schwatka Lake reservoir.

In 1897, two entrepreneurs capitalized on the obstacles presented by the Canyon and the Rapids by building tramways on either side of the river. For a fee, their horse-drawn tram cars carried goods and small boats around the rapids on log rails. A tent town called Canyon City appeared at the head of the tramway on the east bank. A roadhouse and saloon provided lodging and refreshments to the tens of thousands of gold seekers on their way to the Klondike. Before the Gold Rush, this area was a First Nations' campsite. In 1900, construction of the White Pass & Yukon railway from Skagway to a point past the rapids was completed and Whitehorse came into being at its railhead.

For years, Whitehorse continued its role connecting rail service with riverboat traffic to Dawson. In 1920, the first plane landed. In 1942, thousands of American Army personnel arrived to build the Alaska Highway. In a record breaking 8 months and 23 days, 1534 miles of highway were laid down. The boom ceased by the end of the war, but Whitehorse had become an important centre of communications and transportation. Whitehorse was incorporated as a City in 1950 and in 1953 the capital of the Yukon was transferred from Dawson City to Whitehorse.

The Gold Rush has come and gone but much of the area's proud history remains. One highlight is the S.S. Klondike, a preserved sternwheeler boat that originally ferried both goods and people along the Yukon River. The City's remote location doesn't stop the hundreds of tourists that visit each year, primarily during the summer months when 24-hour sunlight warms the typically cold weather.

Message from the Mayor

On behalf of City Council, I am pleased to present the City of Whitehorse's 2010 Annual Report.

The 2010 fiscal year was a very busy time for the City of Whitehorse with a number of projects and initiatives that were undertaken on behalf of our citizens.

In 2010 we saw the completion of the City's Official Community Plan (OCP), which lays out the future vision of our community. The plan clearly highlights what areas are being considered for development and, through a greenspace network plan, what areas are protected.

As part of its move towards sustainability, the City also conducted extensive public consultation on its transit system with an aim to improving the system for all of our citizens.

We also continued with our development of our underground water wells in the Riverdale area and for the first time, 100 per cent of the City of Whitehorse's water supply comes from underground sources.

The City completed the sale of lots in the Takhini North subdivision, made additional lots available in Porter Creek, and began a comprehensive parking study in the City's Downtown area.

The City will continue to move forward on initiatives outlined in our Official Community Plan and in our Strategic Plan to ensure the continued delivery of programs and services our residents have come to enjoy.

I encourage you to look through the pages of this report to learn what the City is doing and how it is putting your tax dollars to work on behalf of you, the citizen.

Sincerely,

Bev Buckway Mayor, City of Whitehorse

MESSAGE FROM THE CITY MANAGER

It is my pleasure to present members of City Council and the citizens of Whitehorse with the 2010 Annual Report.

The City of Whitehorse is a dynamic organization that operates a number of different departments separated into two divisions that report to the City Manager. The City Manager in turn reports to a Council made up of elected representatives from the community.

Our Administrative Services Division is responsible for Bylaw Services, Finance, Information Systems, Maintenance and Safety Services, Council Services and Tourism and Economic Development. These departments look after animal control, parking, our finances, and building and vehicle maintenance.

Our Operations Division includes Engineering and Environment, Sustainability, the Fire Department, Planning and Development Services, Parks and Recreation, Public Works, and Transit. Together these departments run a variety of programs and services. Just to name a few, these departments maintain our roads, collect our garbage, design subdivisions, and design the recreation programs that keep our children active.

On behalf of City staff I would like to thank Council for their thoughtful direction and our residents for their valuable input in 2010. We look forward to another year of serving our citizens in 2011.

Sincerely,

Dennis Shewfelt City Manager

TREASURER'S REPORT

In accordance with the *Municipal Act*, the City of Whitehorse prepares annual financial statements that consolidate all of the operations for which the City is responsible. The Consolidated Financial Statements show the state of the City's finances at the end of each year.

The financial statements are prepared by administration in accordance with accounting principles as set out by the Canadian Institute of Chartered Accountant's Public Sector Accounting Board (PSAB). To ensure that the statements are in compliance, they undergo an external audit by an independent auditor.

The Consolidated Financial Statements encompass the following individual statements:

- 1. **Consolidated Statement of Financial Position** provides a summary of the City's financial and physical assets and liabilities.
- 2. **Consolidated Statement of Operations** provides a summary of funds raised by the City and the use of such funds during the year.
- 3. **Consolidated Statement of Changes in Net Financial Assets** shows how the changes in physical assets occurred through the purchase and disposition of physical assets.
- 4. **Consolidated Statement of Cash Flows** –summarizes how the City's cash position changed during the year by highlighting the sources and uses of cash.
- 5. Statement of Financial Activities by Segment This schedule is now required by the PSAB on the hypothesis that previously reported financial municipal information was aggregated at such a high level over such a broad range of activities and services that it was not as meaningful as realizable. Therefore, PSAB sees value in now providing more specific information on the municipality's key segments (activities). Note: there is a separate statement for 2010 and a separate comparative statement for 2009.

Also included are Notes to the Financial Statements which are an integral part of the statements and provide further detail about the City's financial results.

2010 Highlights

The auditor's review of the 2010 financial statements, schedules, and notes confirm that these statements present fairly the financial position of the City of Whitehorse as at December 31, 2010. As a result of the adoption of new Public Sector Accounting Standards in 2009, the presentation of the financial statements has changed from prior years. The standards require the recognition of all non-financial assets including tangible capital assets, prepaid expenses and inventories of supplies as assets in the financial statements. In addition, revenue from contributed assets and amortization on tangible capital assets was recorded in the statement of operations. A net deficit of less than 1% of the total operating budget is comprised mainly of debenture principle, debenture interest, gas, oil, diesel, electrical, other materials and supplies, environmental testing/contracts, heating fuel, hosted events and parts all being under budget.

Council adopted an operating and capital budget for 2010 totalling \$74,574,617. Throughout the year, a series of Council approved amendments were made totalling \$14,668,163 for a new total of \$89,242,780. The budget increases are mainly attributable to \$13.1 million for re-budget requests to carry over funds from 2009 to 2010, \$440,000 for developing Grove Street, \$400,000 for construction of the Compost Building, \$230,000 for the Waste Heat project at CGC, \$125,000 for Trail Development, \$115,700 for construction of a Whitehorse Copper Park, \$60,000 for a developing a Branding Strategy, \$50,000 for an Economic Development DVD, \$50,000 for Storage Units, \$20,000 for a Waste Composition Study, \$15,000 for Rock the River and \$10,000 for a Taxi Facilitator.

The City's Auditors have completed their review of the statements, schedules, and notes. They confirm that these statements present fairly the financial position of the City of Whitehorse as at December 31, 2010.

The *Municipal Act* requires that these statements be forwarded to Council and then on to the Government of Yukon. Council also approves disposition of the surplus. The *Municipal Act* requires that this process be completed annually by June 30; however the City of Whitehorse received an extension to November 30, 2011.

Analysis

The Consolidated Statement of Financial Position shows the City has increased our Balance Sheet position at the end of 2010 by \$3,777,454 with a new accumulated surplus of \$362,140,350. This occurs as a result of increased financial assets of 3,533,842 increased liabilities of \$5,606,491 and increased non-financial assets of \$5,850,102.

	2010	2009	Ch	ange
Financial Assets	\$ 27,214,401	\$ 23,680,559	\$	3,533,842
Liabilities	21,939,270	16,332,779	\$	5,606,491
Net financial assets	5,275,131	7,347,780		(2,072,649)
Non-financial assets	356,865,218	351,015,116	\$	5,850,102
Accumulated surplus	\$ 362,140,350	\$ 358,362,896	\$	3,777,453

The accumulated surplus of \$362,140,350 is further explained in Note 3, with a breakdown of reserves, tangible capital asset investment and general surplus as follows:

Total Reserves	\$ 14,929,089
Surplus	
Invested in tangible capital assets	354,105,783
Long-term liabilities	(9,843,376)
Net investment in tangible capital assets	344,262,407
General surplus	2,948,854
Accumulated surplus	\$ 362,140,350

This clearly shows that while our reserves hold nearly \$15 million, the bulk of the City of Whitehorse's accumulated surplus is held in tangible capital assets.

Operating Surplus:

One of the results of the new Public Sector Accounting rules is that a greater emphasis is placed on the Consolidated Statement of Financial Position (Statement 1) or balance sheet to which shows the long-term fiscal health of the municipality, as opposed to the operating statement or more short-term perspective. For this reason, operating surplus is not specifically highlighted as its own statement, but rather is now derived through changes in balance sheet accounts or as shown in Note 3 of the financial statements (summarized above).

Significant trends

Revenues	Average Annual Change	2010	2009	2008	2007	2006	2005
Property taxes	6.27%	\$ 26,219,850	\$24,645,547	\$23,119,023	\$21,397,310	\$20,006,403	\$19,353,947
User fees	8.97%	12,128,532	11,377,280	9,932,743	9,321,511	9,026,316	7,927,755
Other	27.95%	10,674,331	5,498,174	4,536,803	2,986,067	3,805,240	4,046,592
Total		\$ 49,022,713	\$41,521,001	\$37,588,569	\$33,704,888	\$32,837,959	\$31,328,294

Financial Position	Average Annual Change	2010*	2009*	2008*	2007	2006	2005

* 2008 - 2010 re	estated to n	natch PSAB red	ulations	•			

2010 restated to match PSAB regulations

Additional information on the City's obligations can be found in the notes to the financial statements. The City has a Debt Management policy which establishes conditions for the use of debt, creates procedures that define the level of debt to be included in rates and minimize the City's debt servicing costs.

	Average						
	Annual						
Reserves	Change	2010	2009	2008	2007	2006	2005
	-4.72%	\$ 14,929,089	\$14,276,834	\$15,575,785	\$17,674,048	\$20,812,321	\$19,429,557

The City's reserves are used to fund a portion of the City's capital program and occasionally stabilize minor expenditure and revenue variances from one year to the next.

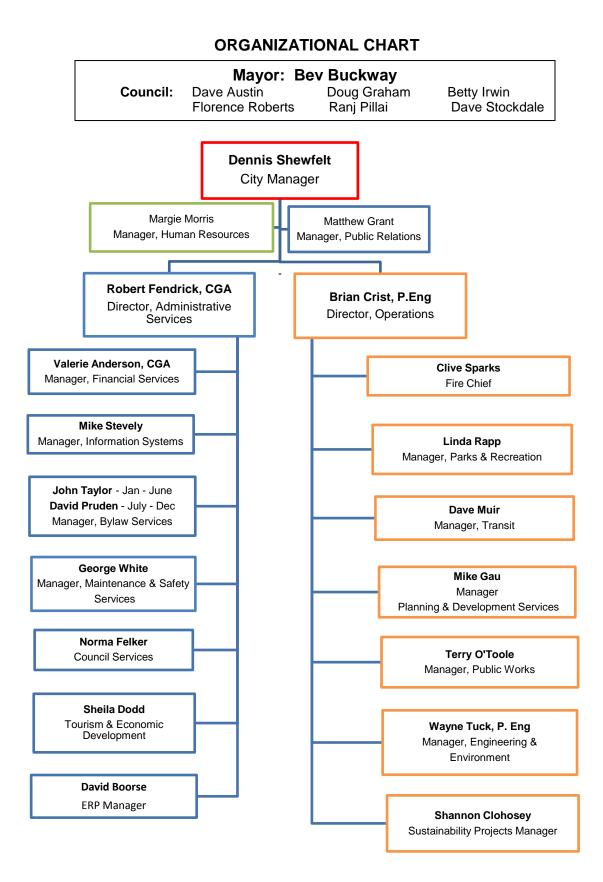

Summary

The statements reflect the financial position of the City at the end of the year including the total accumulated surplus of \$362,140,350. Most of this surplus is invested in the fixed assets of the City, meaning land, land improvement, buildings, equipment, linear assets, and assets under construction.

The City of Whitehorse's ability to overcome a temporary shortfall of revenue remains high, general liabilities as a ratio of operating revenue continue to be low which shows that short-term obligations can be easily serviced by the normal flow of revenues, and the per capita debt remains well within the maximum stipulated in the City's Debt Management Policy.

The City's Vision speaks to acting in a fair and fiscally responsible manner. The City submits that the City's budget and financial results have combined to keep taxes and utilities among the lowest across Canada; however community growth and, to a lesser extent, inflation pressures continue to make balancing service levels with costs more challenging.

MUNICIPAL ADMINISTRATION

City Manager

Human Resources

The Human Resources Department contributes to the City of Whitehorse's goals by attracting and retaining qualified employees, promoting and maintaining a positive and productive work place, and by developing policies and practices that encourage employee involvement, open communication and teamwork.

Administrative Services Division

Financial Services

The Financial Services Department provides financial reporting and control services, upholds the fiduciary responsibility to manage assets of the City, and provides guidance for maintaining the overall financial stability of the municipality. Specific functions include the preparation and monitoring of the operating and capital budgets; levying and collecting property taxes and utility rates; administration of payroll; processing of accounts payable and accounts receivable; providing purchasing assistance; development and maintenance of financial systems; financial reporting including financial statements; investing and safeguarding of financial assets; maintains a high level of client service for municipal payments and inquiries and managing the insurance needs of the City. A staff of 18 full time persons is responsible for these functions.

Information Systems

The Information Systems budget funds 8 full time staff and the necessary operating resources to build, enhance and maintain the City's technology infrastructure. Information Systems supports other departments in their efforts to provide efficient and effective services to citizens, and enhances transportation systems, water treatment systems, financial systems, and other municipal systems with technology.

Bylaw Services

The focus of Bylaw Services is to provide quality customer service to the citizens of Whitehorse and, where possible, to use an educational approach to resolving infractions against City bylaws.

Maintenance and Safety Services

This department is comprised of eighteen staff members and four separate programs:

 Administration- provides administrative and clerical support for the department, equipment acquisition, construction project management and vehicle disposal for the corporation.

- 2) Building Maintenance provides maintenance, service, repairs, and renovation services to the City's building assets.
- 3) Equipment Maintenance- provides maintenance, service, repairs and legislated vehicle inspection services for the City's fleet of vehicles and equipment.
- Safety & Emergency Services provides and facilitates necessary safety and EMO training, safety inspection services, and assistance in emergency preparedness.

Council Services

Council Services provides a communication link between the citizens of Whitehorse and their City Council. The department is responsible for preparing and preserving records of the official business of the corporation, including bylaws, minutes of Council and Committee meetings, and Council policies. The department is also responsible for the coordination of elections, plebiscites and referendums, and maintains the official list of electors for the City.

Council Services also helps ensure strong communication between Council and administrative staff by coordinating the flow of information presented at and arising from Council and Committee meetings.

Economic Development & Tourism

The City of Whitehorse Tourism and Economic Development Department markets Whitehorse as a visitor destination to individuals as well as tour and travel operators that offer destination packages. In this capacity, the department provides updated information for publications and advertising, works with the travel media, and attends and organizes trade shows for the travel trade. The department is also the first point of contact for potential developers, investors, and research departments interested in investing, opening or expanding businesses in the community. In addition, the department is a point of contact within the community for various event organizers, non-profit organizations, and owner/operators for assistance in various local and Yukon-wide projects.

Operations Division

✤ Fire

The Fire Department provides Fire Suppression and Rescue services to the citizens of Whitehorse. The Department also provides auto extrication services both within the City and in the surrounding area. Confined space, low angle and high angle rope rescue round out the emergency response services offered. The Department operates a Training Centre that allows Department staff to receive Justice Institute of BC accredited training in firefighting and rescue skills.

The Fire Department is also heavily involved in Fire Prevention by having the onduty crews inspect all hotels, motels, apartment buildings, and stand alone restaurants. The Fire Prevention Officer inspects other commercial and assembly buildings and reviews plans for new commercial buildings to ensure code compliance. Several members of the Department are involved with the Juvenile Fire Setter Intervention Program which works with youth to reduce the number of deliberately set fires that occur.

Continued reduction of the risk of damage due to wild fires is accomplished through the FireSmart Program each year. The Department works with various Community Associations within the City to apply for funding from the Government of Yukon to reduce the fuel (trees) in the area surrounding each subdivision.

Parks and Recreation

The Parks and Recreation Department operates and maintains the Canada Games Centre, Takhini Arena, the Grey Mountain Room at the Mt. McIntyre Recreation Centre, 2 feature public parks (Rotary Peace Park & Shipyards Park), approximately 33 neighbourhood outdoor rinks, two cemeteries, 7,333 hectares of greenspace, numerous trails and neighbourhood parks, leisure programs, and special events. The department also provides support to non-profit community clubs and organizations in a variety of ways with the development of their programs, facilities, and events.

The Parks and Recreation Department strives to ensure that the citizens of Whitehorse have opportunities for personal growth, physical fitness, environmental stewardship, community involvement, creativity, and self-expression in their leisure time. The Department aims to set standards in these areas, and ensures the service delivery is of high quality, reasonably priced, and reflects the needs and interests of the community. Significant long-term planning has been completed including a Parks and Recreation Master Plan, Trail Plan Update and a Cemetery Master Plan.

Transit

The City of Whitehorse endeavours to provide a safe, reliable, cost-effective, and responsive transit service that supports the social, economic, and environmental well being of the customers they serve. Whitehorse Transit also provides a Handy-Bus service, which is a special door-to-door service for persons unable to use the conventional transit system due to temporary or permanent physical and/or cognitive disabilities.

Planning & Development Services

Planning & Development Services carries out long range planning in consultation with the community within which the associated land use applications such as development and building permits are issued and inspections are performed.

The department ensures a consistent application of the City's Official Community Plan, Zoning Bylaw, policies, and other legislation in order to protect the natural and developed areas of the City. The Planning and Development Services Department is responsible for riverfront planning and development, habitat protection, and heritage programs. This department coordinates and manages City-owned land in order to increase the financial return to the City, and to expand the City-owned land base to assist in the planned growth and development of the City. The department reviews all building projects in the City and approves and issues development and building permits in accordance with National Building Code and City bylaws.

Public Works

The Department of Public Works consists of over 60 permanent and casual staff members. The department has 2 general areas of operations, Utilities and Transportation.

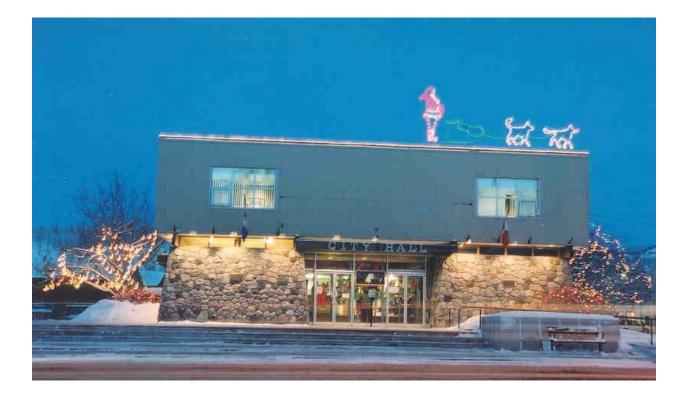

The Utilities area is responsible for the operation and maintenance of the City's water and sewer systems.

The Transportation area is responsible for the maintenance of paved and unpaved roads within City limits including snow and ice control, maintaining traffic lights and signs, line painting, garbage and compost collection, Compost Facility Operations, and administration of the Landfill Contracts. Other programs handled by the department include insect control and street lighting. Public Works assists other departments, and plays an important role in special city events.

Engineering & Environmental Services

The Engineering Department facilitates the planning, design, and construction of the city's existing infrastructure and new developments including roads, bike lanes and commuter trails, bridges, water mains, sanitary and storm sewer projects as well as parks, street lighting, traffic signals, and environmental works including water supply systems, landfill, recycling and composting facilities, and sewage treatment and storm water disposal systems.

The Environmental Department provides guidance and expertise on environmental issues and manages environment-related programs, grants, and projects that preserve, protect, and rehabilitate our environment.

FINANCIAL SECTION

MANAGEMENT'S REPORT

The management of the City of Whitehorse is responsible for the integrity of the accompanying consolidated financial statements and all other information within this Annual Report. Management, in accordance with Canadian generally accepted accounting principles for municipalities, has prepared the consolidated financial statements. The preparation of the consolidated financial statements necessarily includes some amounts based on the best estimates and judgments of management. Financial data elsewhere in the Annual Report is consistent with that of the financial statements.

To assist in meeting its responsibility, management maintains accounting, budget and other internal controls. These controls provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that the integrity of financial records is maintained.

BDO Dunwoody LLP has audited the consolidated financial statements. Their report to the Mayor and City Council, stating the scope of their examination and opinion of the consolidated financial statements, follows.

Dennis Shewfelt, MCIP City Manager

November 30, 2011

Robert Fendrick, B.Comm., MPA, FCGA Director of Administrative Services

BDO Canada LLP Chartered Accountants 202 - 9016 Quartz Road Whitehorse, Yukon, Y1A 2Z5 T(867)667-7907 F(867)668-3087

Independent Auditor's Report

To the Mayor and Council of the City of Whitehorse

We have audited the accompanying financial statements of the City of Whitehorse, which comprise the Consolidated Statement of Financial Position as at December 31, 2010, and the Consolidated Statements of Operations, Change in Net Financial Assets, and Cash Flows for the year then ended, and a summary of significant accounting policies, and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted the audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the City of Whitehorse as at December 31, 2010, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

1. Significant Accounting Policies

Basis of Presentation

The Financial Statements of the City of Whitehorse are prepared in accordance with Canadian Public Sector Accounting Standards established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

Reporting Entity

The financial statements reflect the assets, liabilities, revenues, expenses and accumulated surplus of the reporting entity which comprises all the organizations that are accountable for the administration of their financial affairs and resources to the Council and are owned or controlled by the City. There are no external organizations that currently meet the criteria of forming part of the reporting entity.

All inter-fund balances and transactions are eliminated.

Budget figures

Budget figures have been provided for comparison purposes. Given differences between the funding model and generally accepted accounting principles for local governments established by Canadian Public Sector Accounting Standards, certain budgeted amounts have been reclassified to reflect the presentation adopted under Canadian Public Sector Accounting Standards.

Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in nonfinancial assets during the year, together with the excess of revenues over expenses, provides the consolidated change in net financial assets for the year.

Tangible Capital Assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of an asset. The cost, less residual value, of the tangible capital assets, excluding land are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Rat
Land improvements	10 – 99 year
Buildings	10 – 60 year
Equipment	3 – 30 year
Linear Assets	10 – 80 year

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

Natural resources

Natural resources that have not been purchased are not recognized as assets in the financial statements.

Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

Land for Resale

Land for resale is carried at cost. Cost includes capitalized carrying costs other than interest. Land for resale is written down to the extent that it exceeds estimated future net realizable value. To date, no write downs have been made.

Interest capitalization

Interest costs associated with the acquisition or construction of a tangible capital asset are not capitalized.

Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

Inventories of supplies

Inventories of supplies held for consumption are recorded at cost and are written down when obsolete.

Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating provisions for accrued liabilities and in performing actuarial valuations of employee future benefits.

In addition, the City's implementation of the Public Sector Accounting Handbook PS 3150 has required management to make estimates of historical cost and useful lives of tangible capital assets.

Actual results could differ from these estimates.

Portfolio Investments

Current temporary investments are recorded at cost.

Government Grants

Government grants/transfers are recognized in the period in which events giving rise to the grant/transfer occur, providing they are authorized, any eligibility criteria have been met and reasonable estimates of the amounts can be made.

Deferred Revenue

Deferred revenue includes prepaid frontage tax received from property owners. The current year's portion of the prepaid tax is calculated on a straight-line basis. Each year the current portion is recognized as revenue when the City remits its annual payment for the frontage debenture. Other prepaid revenue items are also included in this amount.

Basis of Accounting

Revenues and expenses are reported on the accrual basis of accounting. Revenues are recognized as they are earned and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

2. Change in accounting policies:

On January 1, 2009, the City was required by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants to adopt revised Public Sector Accounting Standards: Section 1000 – Financial Statement Concepts, Section 1100 – Financial Statement Objectives, Section 1200 – Financial Statement Presentation and Section 3150 – Tangible Capital Assets. At the end of the 2009 year the City was unable to obtain an accurate land listing in relation to lands granted by the Yukon Government. The City performed procedures throughout 2010 to ensure the accuracy of this information. Adjustments to Land and Linear Assets were made on a retroactive basis resulting in restatement of the prior period. The impact of these restatements was as follows:

2009 Statement of Financial Position	
Increase in Tangible Capital Assets	<u>\$304,342</u>
Increase in Accumulated Surplus	<u>\$304,342</u>
<u>Statement of Operations</u> Expenses: Increase in amortization of tangible capital assets Total decrease in annual surplus	<u>\$(358,051)</u> \$(358,051)
Accumulated surplus at beginning of year Tangible capital asset increase Total change in opening accumulated surplus	<u>\$662,393</u> <u>\$662,393</u>
Increase in accumulated surplus at end of year	<u>\$304,342</u>

2.	Change in accounting policies (continued): 2009	
	<u>Statement of Change in Net Financial Assets</u> Decrease in annual surplus/deficit Increase in amortization of tangible capital assets	\$(358,051) 358,051
	<u>Statement of Cash Flows</u> Decrease in annual surplus/deficit	\$(358,051)
	Items not utilizing cash Increase in amortization Decrease in tangible capital assets donated by YG	\$358,051 (21,227,470)
	Capital transactions Increase in cash used to acquire tangible capital assets	<u>21,227,470</u>
	Increase/decrease in cash and cash equivalents	<u>\$0</u>

3. Accumulated surplus

Accumulated surplus consists of individual fund surplus and reserves as follows:

		Appropriations	
	2010	to (from)	2009
Reserves:		reserves	restated - note 2
Area Development Scheme Reserve	\$ 144,385	\$ 130,891	\$ 13,494

- a) Upon adoption of the PSAB 3150 standards for the first time in the prior fiscal year an error was made in the estimate of historical cost for land. This restatement corrects that error.
- b) The recording of linear assets upon adoption of PSAB 3150 incorrectly omitted the assets of a significant subdivision. This was identified and retroactively corrected in these financial statements.
- c) A calculation error had been made in determination of amortization expense that was identified and retroactively corrected in these financial statements.

5. Long Term Debt

Long-term debt is issued on the credit and security of the City of Whitehorse. It is composed of debentures payable to the Yukon Government and loans payable to the Royal Bank and CMHC with various interest rates from 3.99% to 8.25%. Current debt load is 16.6% of the statutory limit as stipulated in the *Municipal Act, R.S.Y. 2002*.

6. Other Long Term Payables

An agreement was entered into in 2007 with the Yukon Government for the development of Hamilton Boulevard. The city's portion represented a total of 3.5 million in the form of a long term payable to the Yukon Government. This agreement was payable over 4 years with no interest added, beginning in 2007. Payments were completed in 2010.

7. Contingent Liabilities

At December 31, 2010, contingent liabilities exist because there are legal actions pending against the City. The amount of the liability cannot be estimated at this time. The amount of any loss that may result from these claims will be recorded in the period that the amount becomes determinable.

8. Financial Instruments

The City's financial instruments consist of cash, portfolio investments, accounts receivable, grants receivable, other financial assets, accounts payable, long term debt and other long term payables. Unless otherwise noted, it is management's opinion that the City of Whitehorse is not exposed to significant interest, currency or credit risks arising from these financial instruments.

9. Portfolio Investments

Portfolio investments carry interest rates of between 4.25% and 6.25. In 2009 investments carried interest rates of between .40% and 6.25%. Investments by type and amount are:

	2010	2009
Bankers Acceptance	\$0	\$2,694,627
Commercial Paper	0	0
Fixed Deposit	859,622	0
Government Bonds	1,024,399	4,888,921
Cash Equivalents	0	0
TOTAL	<u>\$1,884,021</u>	<u>\$7,583,548</u>
	2010	2009
Market Value of Investments	\$1,923,122	\$7,769,081

10. Pension Liability

Currently, employees contribute to a privately managed registered retirement savings plan. The City of Whitehorse contributes bi-weekly, based on various employment agreements, and therefore has no liability.

11. Landfill closure and post closure liability

The City has estimated that the remaining life of its landfill is 69 years based on present annual use and incorporating medium population growth projections. The estimate of closure and post closure costs in 2004 was \$10.049 million. Using a 2% annual inflation rate, closure and post closure costs were estimated at \$39.4 million in 2079. Approximately 15.07% (2009 – 13.96%) of the capacity of the landfill has been used as at December 31, 2010. A liability has been established to address future closure and reclamation of the City's landfill, the liability's present value is estimated to be \$134,731 (2009 - \$123,263).

12. Employee future benefits

The City provides severance benefits to employees leaving the service of the City, based upon employees' years of service.

Information with respect to the City's employee future benefits obligation is as follows:

	2010	2009
Accrued severance obligation, beginning of year	\$1,978,900	\$2,014,000
Service cost	149,200	144,900
Interest Cost	112,500	110,700
Benefits paid	(166,600)	(290,700)
Actuarial loss	0	0
Accrued severance obligation, end of year	\$2,074,000	\$1,978,900
Unamortized actuarial gain (loss)	(689,083)	(947,440)
Accrued employee future benefits liability	\$1,384,917	\$1,031,460

The accrued severance obligation as at December 31, 2010 was determined by an actuarial valuation. The significant actuarial assumptions adopted in measuring the City's accrued severance obligations are as follows:

	2010	2009	
Discount rates	5.50%	5.50%	
Expected future inflation rates	2.25%	2.25%	
Expected wage and salary increases	3.00%	3.00%	

The actuarial loss is the predicted accrual deficit at December 31, 2010; in order to meet the severance obligation, this amount is amortized over a period equal to the employee's average remaining service lifetime (i.e. 12 years).

13. Segmented Information

The City of Whitehorse is a diversified municipal government institution that provides a range of services to its citizens such as transit, fire, water, and sewer. Distinguishable functional segments have been separately disclosed in the segmented information. The nature of the segments and the activities they encompass are as follows:

General Government is comprised of the administrative operations of the municipality including the City Manager's office, the Directors of Administration and Operations and the departments of Council Services, Financial Services, Information Systems, Human Resources, Engineering, and a portion of Maintenance and Safety Services. Council Services serves as a communication link between the citizens of Whitehorse and their City Council while also coordinating the flow of information to and from Council and Committee meetings. Financial Services is responsible for the financial reporting and control services of the municipality. Information Systems maintains the City's computer infrastructure. Human resources facilitates recruitments, provides organizational and staff relations advice and presents staff training & development opportunities. Engineering facilitates the planning, design, and construction of the City's infrastructure. The General Government portion of the Maintenance and Safety Services department is responsible for the municipality's building maintenance.

Protective Services is comprised of the Building Inspection, Bylaw, and Fire departments plus the safety and emergency services function. Building Inspection is responsible for enforcement of building and construction codes within the City. Bylaw Services educates and resolves infractions against City bylaws while also performing animal control responsibilities. The Fire department is responsible to provide fire suppression and rescue service, fire prevention programs, training and education. Safety services facilitates necessary worker safety programs and EMO training, inspections and assistance in emergency preparedness.

Transportation Services is made up of the transportation area of the Public Works and Maintenance departments as well as the Transit department. The Transportation area of Public Works is responsible for the maintenance of paved and unpaved roads within City limits including snow and ice control, as well as maintaining traffic lights and signs, line painting, insect control and street lighting. The portion of Maintenance and Safety Services that is responsible for the operation of the City's equipment garages and fleet and equipment maintenance is included in transportation services. In addition to the regular transit service, the Transit department provides a Handybus service, which is a service for persons with disabilities.

Environmental Services is made up of the Utilities area of Public Works and the Environment department. Utilities encompass the water, sewer and garbage services of the municipality. Environment provides guidance on environmental issues and manages environment-related programs and projects.

Public Health Services consists of the operation of the two cemeteries.

Community Development is made up of the Planning department and the Economic Development office. Planning is responsible for the long-range planning of the municipality in consultation with the community. The department reviews all property development plans through its application process and ensures a consistent application of the City's Official Community Plan, Zoning Bylaw, and other legislation in order to protect the natural and developed areas of the City. Economic Development is intended to be the first point of contact within the municipality for those interested in business in Whitehorse; this office also markets Whitehorse as a visitor destination.

Recreation and Cultural Services consists of the operations and maintenance of a variety of recreation facilities including the Canada Games Centre and approximately 33 neighborhood outdoor rinks, over 7,000 hectares of greenspace, numerous trails and parks, leisure programs, and special events.
