LARGE ATTENDANCE AT HOSPITAL BALL WHICH WAS GREAT SUCCESS.

It is a pleasure to be able to report that the annual hospital ball which was held on New Year's Eve was a great success in every way. There was a large attendance, as was confidently anticipated, and some expressed their satisfaction by stating it was one of the best they had enjoyed in years. The N. S. A. A. hall was tastefully decorated for the occasion and the novelties handed around added to the colour and gaiety which marked the merging of the Old Year into the New.

NEW YEAR'S DINNER AT WHITEHORSE INN CAFE WELL PATRONIZED

The New Year's Dinner which is held annually at the Whitehorse Inn Cafe was well patronized by local residents and out-of-town visitors alike. A sumptuous meal had been prepared by the chef, Ed. Negroponte, and his assistant Ray Harris, the tables were tastefully decorated for the occasion and the novelties handed to all guests were appreciated. The best of service was dispensed by a bevy of beauty clad in the familiar colours of the cafe and in a spirit of gaiety which was contagious and appreciated by all in attendance.

CHURCH SERVICES DURING CHRISTMAS

The usual church services held during the Christmas season are always looked forward to and enjoyed by most people in this community. The carol service at Christ Church the Sunday before Christmas was greatly appreciated by the large congregation in attendance. The service this year was varied somewhat to those held previously. The changes so made were commendable. The impressive mid-night service held at the local Catholic Church on Christmas Eve was the first in the history of this institution when High Mass was presided over by a Roman Catholic Bishop. His Excellency Bishop J. L. Coudert celebrated High Mass on this occasion assisted by two priests. Rev. Father J. J. Adam, O. M. I. had charge of the choir.

Louis Piccolo was an incoming passenger from the last Princess boat. Louis went south a few weeks ago to visit a sick brother at Vancouver whom we regret to state passed soon after Louis had arrived.

TOWN BEATS WHITEPASS IN FAST HOCKEY GAME LAST SUNDAY

(Contributed)

A somewhat depleted Town team applied a second coat of shellac to the Whitepass pucksters by a score of 9 to 4 in the league's second hockey game Sunday. In the absence of Dick Bird, Metcalfe, partnered by Scott and Fred Blaker, did fine work on the Town defence against the strong forward line of Caddy, Nelson and Brod Cyr.

Within a minute of the initial face-off, Phelps completed a fine passing attack by the Town forwards with a hard shot well away from Richards. When the second string were sent in, Scott moved up from defence and converted a loose puck into the Town's second goal. Phelps tallied again to make the score three to nothing with the Whitepass pressing.

The second and third periods were refereed by Jack Lee who kept down roughplay by doling out a total of fourteen penalties. Murray scored once and Phelps twice before Nelson took the disc through from a face-off and beat Goale Roth with a fast one. Roth played a splendid game, stopping shots from all angles and keeping the Whitepass to one goal at the second interval.

In the third period McDonald for Whitepass skated the length of the ice for his team's second goal and Nelson boosted his own total to three but the superior combination of the Town forwards gave them more shots and more goals. Despite some outstanding saves by Ted Richards, Scott slipped in three goals; one on a fine assist from Porter. Both teams could do with more combination and both teams' defence occasionally pass in front of goal but last Sunday's game showed a decided improvement over the preceding game both in condition and general play.

WHITEPASS: — Richards, McDonald, D. Blaker, Caddy, Nelson, W. Cyr, Anderson, McLeod, Norrington, Perchie, Yardley, P. Cyr, MacBride, Boss.

TOWN:—Roth, Metcalfe, Scott, Todd, Murray, Phelps, F. Blaker, Paterson, Porter.

Referees: J. MacBride, J. Lee.

Goal-Umpires: J. R. Alguire, J. Robinson.

Time-keepers: D. Wilson, W. A. Paterson.

Score-keeper: D. Wilson.

We understand that "Dick" Carswell will be relinquishing his position on the staff at the Whitehorse Inn in the near future and that Dick Hilton of Dawson will be taking his place.

TIME MARCHES ON

With the last issue the Star completed forty-one years' service in behalf of this community and the Yukon Territory as a whole. With this issue it starts upon another year's service in the hope and belief that it will merit a similar measure of support and co-operation to that which has characterized its efforts in the past.

During its forty odd years of service the Star has endeavoured to faithfully record the many changes which have taken place during that period as and when the same took place and particularly insofar as they have affected the welfare of this community. Such changes have of necessity been various according to the times they ran their allotted course. From the effects of these none of us have been entirely immune. In some instances they have indelibly left their mark upon the course of events changing, for better or for worse, our outlook upon life and the course of human history.

However drastic and far-reaching some of these changes may have been none, by comparison, have been so strenuous or fraught with greater anxiety for the future of humanity than those through which we are now passing. May we all realize that it is a great privilege as well as a grave responsibility to be living in such times as these. The privilege lies in the fact that it is given to us to rid the world of the greatest menace it has ever known. Let's make a real job of it whilst we are about it and leave no stone unturned that will aid in restoring liberty and freedom to all mankind. The responsibility which we must of necessity assume is to so formulate our plans for the future that war will be effectively out-lawed if not for all time at least for generations to come and the peoples throughout the world permitted again to lead a normal life and live at peace with each other. This can only be secured by loyalty to the cause which we are all called upon to serve and loyalty to those placed in authority over us upon the shoulders of whom the major responsibility falls.

RED CROSS HEAD URGES ARP HELP

Mr. George C. Derby, president B. C. Red Cross Society urges all Red Cross branches and members to co-operate to the fullest extent with local ARP committees. "Our Provincial Red Cross Headquarters are taking immediate steps to provide through the branches, equipment for local First Aid posts and emergency hospital care," he said. Mr. Derby expressed his belief that all B. C. Red Cross members will live up to the highest traditions of the Society in this present national crisis.

RED CROSS CALLING NEEDED SUPPLIES

In view of present emergency conditions a quantity of steel helmet caps will be needed. Red Cross branches are asked to have their knitters concentrate on these immediately. They are also urged to make up as soon as possible all materials for hospital pyjamas, pneumonia jackets, bed and surgeon's gowns and hospital handkerchiefs, and send these to the Provincial Warehouse, as soon as possible.

TO THE WOMEN OF CANADA

Here is One Big War Job which You Alone Can Do

"Ceiling Prices" Must Be Maintained

This is an appeal to the women of Canada. There is one vital part of our war effort which depends on you.

Your government has placed a "ceiling" on retail prices. You are the buyers of four out of every five dollars worth of all the goods sold in this country. Your whole-hearted help is needed in this price control plan. If every woman does her part, it cannot fail.

Its success will be a big step on the road to victory. Its failure would be a serious blow to our war effort. You can tip the balance towards success.

Will you, then, undertake to make the successful control of commodity prices an established fact? We know you will. And we know that when you undertake this task it is as good as done.

This is the work you are asked to do

1. Make a list of commodities

We want you to sit down today and make a list of the things you buy from week to week and from month to month. Write down food and clothing items in particular, because these account for the biggest share of your expenditures. But we want you to list those articles you buy at the drug store, hardware store, and other stores, too.

2. Make notes about quality

Now go over your list again and mark down the necessary details about quality; type, grade and size. Then when making future purchases you will be able to compare values as well as prices.

3. Write down prices

After each item we want you to write down, if you can, the highest price charged at your store during the period September 15 to October 11, 1941. If you cannot remember the prices charged during that period, fill in your list with today's prices. Our survey shows that retailers, with few exceptions, are keeping prices well within the "ceiling" levels. As exceptions are being discovered they are being quickly brought into line.

4. Keep this list — use it when you buy!

Make up this price list neatly and accurately. You will not be able to get all the items at once. Keep adding to your list from day to day. Make it your permanent check list — your personal safeguard against any further rise in prices.

Prices May be Different in Different Stores

There has always been a difference in prices in different stores—even stores in the same locality. This may depend on the kind of service the store gives, or the way it operates. Some stores, for instance, have delivery service, give credit, or provide other extra services.

Under the new Price Ceiling Order there will still be differences in prices at different stores. The new price regulations will not do away with competition. The highest prices in any particular store must not be higher than the highest prices in force in that store during the period September 15 to October 11. They may be a little lower or a little higher than the prices in other stores.

The prices you will mark down will be the highest prices charged at the store where you shop.

A Few Points to Remember

1. The ceiling price is not necessarily the price you paid. It is the highest price at which the store sold the particular item between September 15 and October 11.

2. A merchant may reduce his prices for sales or other reasons—he may also raise them provided they do not go above the ceiling price.

3. Variations in seasonal prices on fresh fruits and vegetables are permitted. Rulings on seasonal markets will be announced from time to time by the Wartime Prices and Trade Board in newspapers and over the radio.

4. Fill out your price list without bothering your merchant. In many cases he is making a financial sacrifice to sell under the price ceiling. The war has left him short-staffed and the Christmas rush is on.

Items most frequently bought

This is not intended as a complete list. It is simply offered as a guide. Add to it the other items you buy or expect to buy.

Item	Description (Size, Quality, etc.)	Store	Price	Item	Description (Size, Quality, etc.)	Store	Price
FOOD				CLOTHING (Men's, Women's, Children's)			
Milk				Coats			
Butter				Sweaters			
Eggs				Suits			
Sugar				Dresses			
Tea, Coffee				Skirts, Blouses			
Flour				Shirts			
Cereals				Underwear			
Bread				Boots and shoes			
Meat				Rubbers, Goloshes			
Canned Goods				Stockings			
OPERATING EXPENSES				Socks			
Laundry and cleaning				Hats, Gloves			
Soaps and other cleaning agents							
Blankets, Sheets, Towels							

Why you must do your part

To ensure the success of this price control plan, every woman in Canada should make a list. Retailers are showing a splendid spirit of co-operation. The great majority of them are determined to make this plan work, but if you do not cooperate the whole plan might fail—prices might start to skyrocket. So keep your list handy. Check the prices you pay against it.

If a price seems higher than the ceiling, ask your merchant about it. If further information is necessary, report the full details in writing. Address your letter to the Prices and Supply Representative, Wartime Prices and Trade Board at any of the following: Vancouver, Edmonton, Regina, Winnipeg, North Bay, London, Toronto, Rockville, Montreal, Quebec City, Saint John, Halifax, Charlottetown.

IMPRESSIONS OF CARAVAN TRIP VIA OVERLAND TRAIL

(By Ronald McCuish)

The McCormick Transportation overland stage pulled out of Dawson for Whitehorse at 8 p. m. on December 9th. Twenty passengers clambered aboard amid shouts and laughter and the cry went up "Whitehorse or Bust."

With Louis Moi and Earl Brooks at the controls all passengers figured on a pleasant five-day journey. Rumour had it in Dawson that a three-"cat" caravan was en route from Mayo. The next rumour was that it was headed for Whitehorse direct.

The first sign of delay was the second night on the trail when a slight engine trouble developed, but this was soon remedied and the stage continued on its eventful trip. All river crossings were made at night all hands pitching in to test the ice at each crossing. Over four feet of snow was encountered on the Pelly summit and the trailing sled had to be dropped. All the baggage was transferred to the first cabouse. This naturally made things a bit crowded as the food supply and ten passengers were also in this cabouse.

The second cabouse was loaded with gas, fuel oil, spare parts and thirteen men. With a stove, three drums of oil and all the other paraphernalia along with thirteen men, sleeping space was scarce; in fact some of the men had to sleep in shifts.

The third night out the lights gave out. For the following five nights eight men took half hour and one hour shifts sitting on top of the radiator of the "cat" holding

a Colman's gas lamp to light the way ahead whilst travelling over the trail throughout the night. We sure travelled in style on that job.

There was plenty of food for the trip but before one could fry a couple of eggs for lunch or breakfast he had first to pour hot water over them to thaw them out.

Coming up some of the steeper grades on the Summit the winch line had to be used. This line was a very important part of the rigging.

The ladies and children on this, the first overland stage trip of the season, came through with flying colours.

From Carmacks to Whitehorse the stage made excellent time as the trail had already been partially broken by trucks travelling to Carmacks. Some game was seen en route. A few miles past North Fork several moose were sighted and all along the trail we came across grouse.

There is some beautiful scenery along the overland route from Dawson to Whitehorse and the trail could be made a very picturesque link in the proposed international highway.

The caravan arrived in Whitehorse at 2.30 p. m. on December 18th. Although the first trip over the trail is always considered to be the worst, it was noted that this year it was tougher than has been known for sometime past.

The "Whitehorse- and Bust" passengers who made this famous trip included Scotty Davis, E. Morsberg (pole-liners) R. Hilton, R. McCuish, B. Hunter, R. Muirhead, C. V. Brown, P. DeWolf, J. McLaughlin (dredge-men), J. Johnson, K. McKae, J. Abhul (carpenters), Sam

Jovich and Mrs. Muirhead, Ann Murhead, Mrs. Mrmus and Marie and Josephine. The "cat" drivers were L. Moi and E. Brooks with Alex. Van Bibber acting as swamper. All the passengers are heading for the Outside, some of the boys to enlist in the R. C. A. F. and mechanized forces. Others will be seeking employment for the winter and a few are planning on a quiet vacation trip. Taking it all in all it was a great trip and quite an experience for all of us

Synopsis of Mining Law

Yukon Territory

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Yukon Quartz Mining Act and the Yukon Placer Mining Act, with certain reservations set out in the said Acts.

No person shall enter for mining purposes or shall mine upon lands owned or lawfully occupied by another until adequate security has been furnished to the satisfaction of the Mining Recorder for any loss or damage which may be thereby caused.

Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency recorder, who shall as soon as possible deliver the application and fees received to the Mining Recorder for the District.

If two or more persons own a claim, each such person shall contribute proportionately to his interest to the work required to be done thereon, and when proven to the Gold Commissioner that he has not done so his interest may be vested in the other co-owners.

The survey of a claim made by a duly qualified Dominion Land Surveyor shall be accepted as defining absolutely the boundaries of the claim surveyed, provided the survey is approved by the proper authority and remains unopposed during the period of advertisement.

A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a claim within six months.

A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.

Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.

Grants of claims grouped or owned by one person may be made renewable on the same date.

PLACER MINING

Creeks means any natural water course having an average width of less than one hundred and fifty feet between its banks.

Creek claims shall not exceed five hundred feet in length, measured along the base line, by one thousand

feet on each side of the base line. Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be as nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively. Location posts of creek claims shall be placed on the base line, and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river towards which it fronts.

A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.

The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the crown.

An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's office. One extra day shall be allowed for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.

Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.

Title

Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work of the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.

GROUPING

Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping.
