WHITEHORSE SOFTBALL LEAGUE FORMED. SCHEDULES ARRANGED.

(By Adrian P. Spidle)

In order to encourage a keener spirit of competition and to help get the most out of the few weeks of good softball weather remaining in the season six teams have formed the Whitehorse Softball League. An effort will be made to have each team play three games per week until all have played twelve games then the top outfits will play off for the championship. Teams which have entered the league to date are as follows; The 691st Medicals, the Military Police, the Whitehorse Bears, the 18th Engineers (R. S. O.) the 73rd Engineers, and the Construction Workers. Managers for the teams in order named are: Sergeant Joseph Matthews, Sergeant Hansen, Adrian Spidle, Chas. Smith and Jesus Varela.

The rules of the American Softball Association will prevail and all games will be played seven innings. Each team is to provide one ball, new if possible, and at least one bat. The tentative schedule is as follows:

- Friday, July 24**
Whitehorse Bears vs. Construction Workers.
- Saturday, July 25**
18th Engineers vs 73rd Engineers.
- Sunday, July 26**
First Game at 1.15 p. m.
73rd Engineers vs. Military Police.
Second Game at end of 1st
73rd Engineers vs. Whitehorse Bears
Third Game at end of 2nd.
Medicals vs Construction Workers.
- Monday, July 27**
18th Engineers vs Whitehorse Bears
- Tuesday, July 28**
Military Police vs Cons. Workers.
- Wednesday, July 29**
691st Medicas vs 73rd Engineers.
- Thursday, July 30**
18th Engineers vs Const. Workers.
- Friday, July 31**
Whitehorse Bears vs 73rd Engineers
- Saturday, August 1**
Open Day. — Pay Day.
- Sunday, August 2**
First Game at 1.15 p. m.
Military Police vs. 18th Engineers.
Second Game at end of 1st.
Whitehorse Bears vs. Military Police
Third Game at end of 2nd
691st Medicals vs. 73rd Engineers.
- Monday, August 3**
691st Medicas vs Const. Workers.
- Tuesday, August 4**
Beginning on this day all unplayed games in the above schedule will be made up and a schedule for the last half will begin after their completion.
- Wednesday, August 5**
691st Medicals vs. 18th Engineers.
- Thursday, August 6**
Military Police vs. 691st Medicals.

M. P. SOFTBALLERS DOWN WHITEHORSE BEARS 10-5.

(By Adrian P. Spidle)

Manager Hansen's softball aggregation defeated the Whitehorse Bears by the score 10-5 in a Monday evening game played at Sport's Field. The Military Police again showed strong evidence of being the class of the South Yukon as they used their second-string pitcher Roanhaus against the Bears and he proceeded to hold the Locals to seven hits and five runs.

The Bears grabbed the lead in the first inning on a single by Adrian Spidle and an outfield fly by Bill Gordon but the M. P.'s came back in the second to drive Jimmy Tizhe out of the box with a six run barrage in which Hansen, Westoff, Booth, Wall, Beeman and Daniels paraded across the plate. John Chalmers despite having pitched a double-header the day before came to the mound and held the mighty M. P.'s to four scores and two hits for the last five innings.

BUDGET AMENDMENT INTRODUCED IN HOUSE BY FINANCE MINISTRE.

Hon. J. L. Ilsley, Minister of Finance, introduced in the House Tuesday an amendment to his budget whereby income tax returns will be filed September 30 instead of March 31 which allows taxpayers to begin payment of this year's taxes on October 15 next. Under the revised schedule of payments the tax will be remitted to the government by midnight October 15, January 15, April 15 and July 15. Collections from wage earners however are to be collected on a monthly or weekly basis.

JAPANESE ACTIVITIES IN THE ALEUTIANS NOW ASSUMING MAJOR PROPORTIONS.

Delegate Anthony J. Dimond is reported in the daily press to have stated that he had received reports that twenty to twenty-five thousand Japanese troops had been landed on the islands of Attu, Kiska and Agatu in the Aleutians. No official statement however has, as yet, been issued on the matter. The latest official communique states that army and navy bombers are continuing to hammer away at the enemy whenever weather conditions permit. U. S. submarines are attacking relentlessly through the fog and rain and have sunk three more Japanese destroyers raising the number of enemy ships sunk or damaged to eighteen.

A white man from Outside was fined Tuesday \$50 or one month's imprisonment for supplying an interdiction (Bertha Good) with intoxicants. The fine was paid.

CANADIAN AIR EXECUTIVE PREDICTS GREAT FUTURE FOR CANADIAN AIR LINES

Huge luxury liners, of the air hurtling along in the stratosphere at a speed exceeding 300 miles an hour will leave Canada every hour for Europe; passenger travel for all distances more than 400 miles away will be by air, and aviation will force the nations in each continental area to co-operate more closely.

That's the picture of the new world after the Nazis and Japs have been defeated, as seen through eyes of an intrepid, resourceful young Edmonton aviation pioneer, Grant McConachie, general manager for C. P. Airlines, Ltd., Western Division, according to Jack DeLong of the Edmonton Bulletin, following a recent interview with the Canadian flier.

McConachie (The Bulletin story goes on) pioneered the sky route to Alaska which is now proving of tremendous strategic importance in the greatest war in history. McConachie is no idle dreamer. In predicting a great new role for the airplane after victory is won, he insists he is being very conservative.

The passenger airliner of the post-war years will have an operating range of 4,000 miles or more, McConachie believes, and will be powered by four engines developing 10,000 horsepower. They will have pressurized, insulated cabins to insure comfort and safety in high altitudes. Flying in the stratosphere will make it possible to escape 95% of the storms that menace the comfort and safety of passengers at the lower levels.

From a business standpoint, countries that fail to develop their aviation will be left behind, McConachie believes. Canada, which always has been to the fore in this respect, should occupy a more important place than ever in world affairs after the war.

"A country will have to be prominent in aviation to hold leadership after the war, McConachie concluded.

U. S. CASUALTIES TOTAL 44,143 TO DATE.

The office of War Information at Washington, D. C., announced Tuesday night that the American armed forces have suffered 44,143 casualties in the war to date. This total is made up of 4,801 killed, 3,218 wounded and 36,124 missing. It does not include 1,022 known to be prisoners of war.

The U. S. casualties during the first World War totalled 364,800.

JULY 24th, 1942

A SECOND FRONT

We hear a lot nowadays about the opening of a second front in Europe. Public demand for taking such a step is growing more insistent day by day. This is readily understandable when one recalls the various reverses which the United Nations have had to submit to in the various theatres of the war. But we all know that, as a rule, public sentiment is founded largely upon sentiment and not upon the cold logic of reason.

It is the general assumption that the opening of a second front at this time would, as a matter of course, be entirely successful and would provide relief for our Russian allies against the German pressure which they are so valiantly striving to overcome at the present time.

Perhaps in no country has the demand for the opening of a second front in Europe been so insistent and so great as in Britain where most assuredly the suffering for the past three years has been tragic and the sacrifices imposed upon the population great. Yet they over there fully realize that a false move made by the United Nations at this crucial time would be disastrous for not only might it extend the war for years but it might conceivably change the whole course of human history to the decisive detriment of humanity as a whole.

In times like these, when there is so much at stake, we must learn to make haste slowly and not be too ready to criticize those who seemingly are retarding the public demand but who, in reality, because they are more informed on the situation than the most of us, are being guided by both wisdom and reason.

Without in any way minimizing our gratitude for the great part Russia has so far played in this gigantic struggle it would be wrong to assume, as Beverley Baxter points out, "that the defeat of the Soviet would mean the defeat of the Allies. That it would prolong the war indefinitely and greatly imperil our chances no one can deny, but as long as we held the seas the British Empire and America could not be conquered by all the land powers in

Europe. . . . On the other hand the defeat of Germany by Russia would bring swift and complete victory to the Allies."

Unfortunately, as is pointed out by Demarce Bess in his illuminating article "Why Germany Must Invade England" appearing in the Saturday Evening Post of June 27 last, we have been hampered by lack of accurate information concerning what actually has occurred in Russia so far. No foreign observers have been allowed to witness the most important battles of the Soviet-German war; even British and American military observers accredited to Moscow have been refused permission to see more than an occasional and inconclusive glimpses of what was going on. Our knowledge of what has happened in Russia has been restricted, for the most part, to what the Russians and the Germans have seen fit to tell us."

Reading between the lines in the above quotations we are made to realize the gravity of the situation and the grave responsibility which rests upon the shoulders of those whose decisions in such vital matters may spell victory or defeat. No wonder they ponder at times before taking any decisive step realizing as they must do that one false move on their part may give rise to a calamity which could shake the very foundations of civilization for generations to come.

Gems of Thought

CHRISTIANITY

A wise man will always be a Christian, because the perfection of wisdom is to know where lies tranquillity of mind, and how to attain it, which Christianity teaches.

—Landor.

He who shall introduce into public affairs the principle of primitive Christianity will change the face of the world.—Benjamin Franklin.

Christianity is not a theory or speculation, but a life; not a philosophy of life, but a life and a living process.—Coleridge.

After reading the doctrines of Plato, Socrates, or Aristotle, we feel that the specific difference between their words and Christ's is the difference between an inquiry and a revelation.—Joseph Parker.

Christianity is the companion of liberty in all its conflicts—the cradle of its infancy, and the divine source of its claims.—De Tocqueville.

TRUE WEALTH

My riches consist not in the extent of my possessions, but in the fewness of my wants.—Joseph Brotherton.

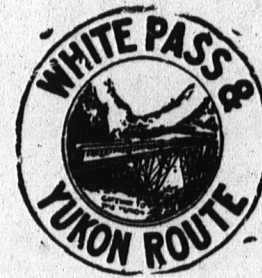

Not oaks alone are trees, nor roses flowers;

Much humble wealth makes rich this world of ours.

Leigh Hunt.

Rest assured that He in whom dwelleth all life, health, and holiness, will supply all your needs according to his riches in glory.—Mary Baker Eddy.

Charge them that are rich in this world, that they be not highminded,

WHITEHORSE SOFTBALL LEAGUE FORMED. SCHEDULES ARRANGED.

(By Adrian P. Spidle)

Michalek Hurls One-hitter for M.P.'s Strike Out Nineteen Out of Possible Twenty-One.

Mike Michalek pitched the finest game seen in Whitehorse this season when he blanked the 18th Engineers (R.S.O.) 5-0 at Sport's Field last Friday evening by allowing them one very dubious hit and striking out nineteen of Manager Chase Smith's boys. Michalek was cheated out of a no-hitter by the Umpire's decision on a fly ball hit to left of third base by Short-fielder Mahoney. Almost everyone including Mahoney's team-mates agreed that the ball was a foul, but Umpire Rossini thought otherwise and an almost perfect record was spoiled, but not even this could detract from the remarkable pitching Mike served his opposition. Manager Hansen served notice in no unmistakable terms that from now on his team is going to be the team to beat.

Stephenson for the 18th started out to make the affair a pitcher's battle but in the third inning he fed Daniels one to his liking which was promptly blasted to left for a double. Beeman, next up, popped out to Sims but Outfielder Booth singled to left sending Daniels to third. Nelson walked and Third-baseman Roanhaus strode to the plate wickedly swinging his big bat. The blond haired batsman who is also an excellent pitcher took a couple of Steves wide throws before he got one within range but then he sammed the apple up against one of the new houses in left center clearing the bases and scoring four runs which were exactly three more than Mike Michalek needed for victory.

The core by inning:
 18th Engineers— R H E
 0 0 0 0 0 0—0 1 2
 Military Police—
 0 0 4 0 2 0 x—6 7 0
 The Batteries:
 18th Engineers: Stephenson and Smokey.
 Military Police: Michalek and Stock.

Whitehorse Bears Win Double-Header Sunday Afternoon—From 18th 9-6—From Medics 4-2.

John Chalmers performed an "Iron Man Stunt" at Sport's Field Sunday afternoon when he allowed the 18th Engineers five hits and six runs (only one was earned) in beating them 9-6 and followed it up by holding the 691st Medicals to four hits ad two tallies for a 4-2 victory.

In the first game the 18th boys gave Pitcher Ozzius an early lead which he held until the first of the ninth when the Bears broke loose for five runs and put the ball on ice. Ian MacFarlane opened the frame with a four base bow and George Cooper, George Kay, and Bill Gordon each managed to get on base to set the stage for Glamorous Henry Lamoreux. Henry had made an error in the third inning which had resulted in three runs for the 18th so now he was determined to avenge himself which he proceeded to do by clouting the second pitched ball into deep left center for a home

run chasing the other three men across ahead of him.

The score by innings:
 Whitehorse Bears— H E
 1 0 0 1 2 0 5—9 9 3
 18th Engineers—
 1 0 3 0 0 2 0—6 5 3

The Batteries:
 Whitehorse Bears: Chalmers and MacFarlane.
 18th Engineers: Ozzius and Sylvestri.

The second game was a pitchers battle between Chalmers and Marion Bargel of the 691st Medicals with the chief difference being the smashing home run hit by Cooper in the fourth with Spidle abroad which accounted for two runs and the ball game. Both hurlers had good control as a look at the records show that the winners got six hits and the losers four with one walk for each side. A single by Bob Saffer, another by Cranna and a double by Shortstop Adams accounted for the two Medicals tallies in the fourth.

The game marked the final appearance in Whitehorse of Clayton Adams, able, hard-playing shortstop for the Medics. Adams who has punched across the winning run many times for his team when the going was tough will be missed not only by his team-mates but all of us who have known him. Clayton,

we wish you well and hope that at some happier time in the future we will be able to play ball with you again.

The score by innings:
 Whitehorse Bears— R H E
 1 0 0 3 0 0 0—4 6 0
 691st Medicas—
 0 0 0 2 0 0 0—2 4 2

The Batteries:
 Bears—Chalmers and Chambers.
 Medics—Barge and Saffer.

THE ESTATE OF CHARLES L. HAYDON DECEASED

ALL PERSONS having any claims against the estate of the above-named deceased are required to file the same with the Public Administrator at Dawson on or before the 9th day of October, 1942, supported by statutory declaration, after which date the estate will be distributed, having reference only to claims which have been so filed.

ALL PERSONS indebted to the said estate are requested to make immediate payment to the Public Administrator.

STRICT MILITARY CONTROL CIVILIAN TRAVEL TO ALASKA.

General John L. DeWitt, in command of western defence, has announced the establishment of a strict military control over all civilian travel to and from Alaska which becomes effective recently.

A military pass is now required for any civilian entering or leaving the territory. Such pass will be available only for official business, definitely arranged legitimate employment business reasons, and for the return of bona fide Alaska residents to their homes. Close domestic relationships and school interests will also constitute legitimate reasons for travel.

A permit to enter Alaska will have to be secured from General De Witt in San Francisco and from Major-General Simon, B. Buckner, at Anchorage, in order to leave Alaska. Fifteen days will elapse between the receiving of the application blanks and the issuance of the permits, and every person applying for a permit will be carefully investigated, photographed and fingerprinted.

EDMONTON BRANCH CANADIAN LEGION PROTESTS RESTRICTIVE MEASURES ON LABOR IN THE NORTH.

A protest against the exclusion of Canadian labor on war projects in the north has been sent to Hon. Humphrey Mitchell, minister of labor, and to the Dominion Command of the Canadian Legion, Ottawa, by the Edmonton branch, Canadian Legion, B. E. S. L.

Text of the protest is:

"From information in our hands we most emphatically protest the action of the department in excluding Canadian citizens and ex-soldiers from being hired by the American contractors responsible for the construction of northern projects in Canada. Complete brief of our protest is in the process of compilation and will be forwarded when completed. These projects are war measures and any action to retard them we consider subversive"

The telegram is signed by H. E. Tanner, president of the Edmonton branch.

PREMIER JOHN HART AS FINANCE MINISTER CLEARS UP PROVINCE INDEBTEDNESS TO BANK.

When Premier John Hart, as Minister of Finance for British Columbia, signed a cheque last Saturday for \$4,000,000 and turned same over to the Canadian Bank of Commerce in full payment of all outstanding treasury bills issued by the government to the Bank he made history in the financial records of the province. He recalled, for instance, that it was the first time in twenty-six years that the British Columbia taxpayers, as a body, had been free from bank debt.

Premier John Hart also recalled that when he again returned to public life as Finance Minister in November 1933 the Provincial Treasury then owed the bank \$5,362,234 and there were then unfinanced deficits amounting to \$7,497,128.

In recent weeks there have been two outstanding financial transactions in the history of the province—the meeting of the \$20,000,000 P. G. E. maturity and the repayment in full of the \$4,000,000 bank loan. No from gold to the basic metals so much in demand in the war industry.

wonder financial and business circles are more than pleased at the restoration of British Columbia's credit in the financial world. All through the time of depression up to the present Premier Hart, as Minister of Finance, has pursued a sound policy and is to be complimented upon the signal success which has crowned his efforts.

**MINING MACHINERY
IN ALASKA BEING
DIVERTED FOR USE IN
ROAD CONSTRUCTION.**

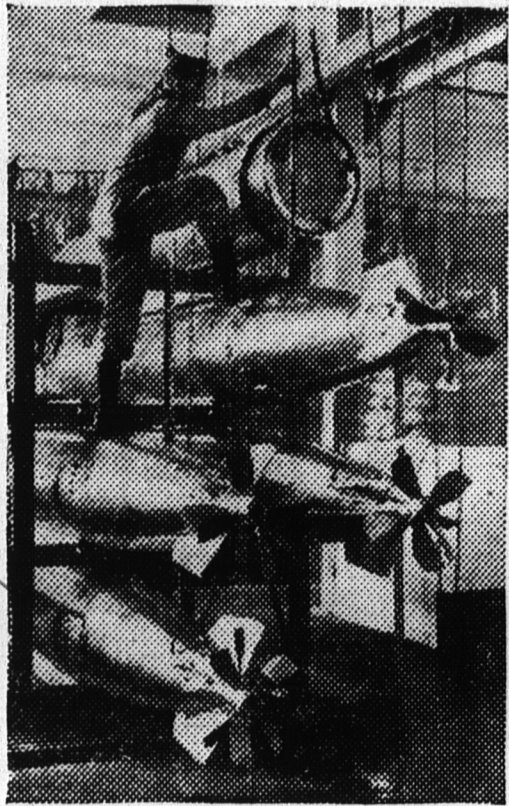

It is reported that the Berry Dredging Company in the Circle district is preparing to close down operations in the near future. Their crew of men has been removed from Eagle Creek to Mastodon Creek where a block of land is being thawed out. This will take about two weeks to complete after which camp will close and the mining machinery diverted to use in road construction.

**TWO NEW LOCKHEED
LODESTARS FOR
YUKON SOUTHERN.**

Indicative of the volume of traffic between Vancouver, Edmonton, the Yukon and Alaska, the U. S. government has released two new Lockheed Lodestars to the Y. S. A. T., a subsidiary of Canadian Pacific Airlines Ltd. Mr. Grant McConachie, general manager of the western division of Canadian Pacific Airlines Ltd., and Capt. Don. Patry, chief pilot, left for Dallas, Texas, to take delivery of the two ships. These two Lodestars, originally constructed for the KLM, Dutch Air Transport Co., could not be delivered due to the international situation. They will be a valuable addition to the large fleet which the company now own and operates including two Lockheed 14's, six Boeing 247's, Barkley-Grows and Beachcraft.

During May and June the company carried about five hundred passengers north from Vancouver according to a statement made by Mr. Gordon Scott the company's traffic manager at that point and there appears to be no signs as yet of any slackening off.

These two fine new planes are now in operation one of them making its first appearance at the local airport Tuesday night piloted by Capt. Don. Patry with George Milne as his co-pilot.

Synopsis of Mining Law Yukon Territory

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Yukon Quartz Mining Act and the Yukon Placer Mining Act, with certain reservations set out in the said Acts.

No person shall enter for mining purposes or shall mine upon lands owned or lawfully occupied by another until adequate security has been furnished to the satisfaction of the Mining Recorder for any loss or damage which may be thereby caused.

Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency recorder, who shall as soon as possible deliver the application and fees received to the Mining Recorder for the District.

If two or more persons own a claim, each such person shall contribute proportionately, to his interest to the work required to be done thereon, and when proven to the Gold Commissioner that he has not done so his interest may be vested in the other co-owners.

The survey of a claim made by a duly qualified Dominion Land Surveyor shall be accepted as defining absolutely the boundaries of the claim surveyed, provided the survey is approved by the proper authority and remains unopposed during the period of advertisement.

A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a claim within six months.

A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.

Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.

Grants of claims grouped or owned by one person may be made renewable on the same date.

PLACER MINING

Creeks means any natural water course having an average width of less than one hundred and fifty feet between its banks.

Creek claims shall not exceed five hundred feet in length, measured along the base line, by one thousand

feet on each side of the base line. Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be as nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively. Location posts of creek claims shall be placed on the base line, and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river towards which it fronts.

A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.

The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the crown.

An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's office. One extra day shall be allowed for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.

Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.

Title

Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work of the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.

GROUPING

Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping. If the claims grouped are owned by more than one person a partnership agreement creating a joint and several liability on the part of all the owners for the joint working of the claims shall be executed and filed with the Mining Recorder.

Taxes and Fees

Royalty at the rate of two and one-half per cent. on the value of all gold shipped from the Yukon Territory shall be paid to the Comptroller.

For grant to a claim for one year \$10.00
For renewal of grant—
If renewed within 14 days after expiry date \$10.00
If after 14 days and within 3 months \$30.00
If after 3 months and within 6 months \$45.00

Registration of any document \$2.00
Recording an abandonment \$2.00
If it affects more than one claim—
For each additional claim \$1.00
Abstract of Title—
For first entry \$2.00
For each additional entry50
For copy of Document—
Up to 200 words \$2.50
For each additional 100 words .50
For grant of water—
For 50 inches or less \$10.00
For 50 to 200 inches \$25.00
For 200 to 1,000 inches \$50.00
For each additional 1,000 inches or fraction thereof \$50.00

QUARTZ MINING

Subject to the boundaries of other claims in good standing at the time of its location, a mining claim shall be rectangular in shape and shall not exceed 1,500 feet in length by 1,500 feet in width.

Every claim shall be marked on the ground by two legal posts, one at each extremity of the location line, numbered "1" and "2" respectively. On the side of No. 1 post facing No. 2 post shall be inscribed the name of the claim, a letter indicating the direction to No. 2 post, the number of feet to the right or left of the location line, the date of location and the name of the locator. On No. 2 post, on the side facing No. 1 post, shall be inscribed the name of the claim, the date of location, and the name of the locator.

The claim shall be recorded within fifteen days if located within ten miles of the mining Recorder's office; one additional day shall be allowed for every additional ten miles or fraction thereof.

Adjoining claims not exceeding eight in number may be grouped, the necessary representation work for each claim may then be performed on any one or more of the claims in the group.

Every application for a full claim shall be made on Form "A" and for a Fractional claim on Form "A-1".

No person is entitled to locate more than one claim in the same mining district within twenty days.

The timber on a mineral claim is reserved until the Mining Recorder certifies that the same is required for use in mining operations on the claim. The Commissioner, however, may issue a permit to holders of other claims to remove the timbers for use in their mining operations where other timber is not readily available.

Title

Any person having complied with the provisions of the Act with regard to locating and recording a claim shall be entitled to hold it for one year from the date of the record, and thereafter from year to year, provided during each year he does or causes to be done work on the claim to the value of \$100.00 and shall, within fourteen days after the expiration of the year, satisfy the Mining Recorder that the work has been done, and pay the Certificate of Work fee. One hundred dollars may be paid in lieu of assessment work.

When \$500.00 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, obtain a lease for a term of twenty-one years with the right to renewal for further terms of twenty-one years. Claims located prior to July 7, 1917 may upon fulfilling similar requirements, be Crown Granted.

Leases, renewals of leases, and documents relating to leased claims shall be recorded with the Mining Recorder in triplicate.

Schedule of Fees

Recording every claim \$10.00
For a substitutional record ... \$10.00
Application for a lease \$10.00
For a certificate of improvements 5.00
If recorded within 14 days after expiry date \$5.00
If after 14 days and within three months \$15.00
If after three months and within six months \$25.00
Recording every certificate of work \$5.00
For a certificate of partnership \$5.00
Recording assignment, abandonment, affidavits, or any other document \$2.50
If document affects more than one claim, for each additional claim ... \$1.00
For granting period of six months within which to record \$4.00
For an abstract of the record of a claim:
For the first entry \$4.00
For each additional entry50
For copies of any document recorded where same do not exceed three folios \$4.00
Where such copies exceed three folios, 30 cents per folio for every folio over three.
For recording a power of attorney to stake from one person \$4.00
For recording a power of attorney to stake from two persons \$8.00
For recording an assignment or other document relating to a quartz mining lease \$3.00
Rental, whole or fractional mineral claim granted under lease for term of 21 years. \$50.00
Rental for renewal term of 21 years \$200.00

Dredging

A lease may be issued for a period of fifteen years for a continuous stretch of river not exceeding ten miles in length giving the exclusive right to dredge for gold, silver and platinum. The lessee must have at least one dredge in operation on the leasehold within three years.

Petroleum and Natural Gas

A lease may be issued for a period of twenty-one years for an area of not to exceed 1,920 acres giving the right to the petroleum and natural gas on the area leased. A rental is charged of 50 cents per acre for the first year and \$1.00 per acre for each subsequent year.

Assay Office

An Assay Office is maintained by the Government at Vancouver, where gold exported from the Territory will be purchased at its full value.

G. A. JECKELL,
Controller.

PARACHUTISTS "SEEN" NEAR ROOSEVELT'S FAMILY HOME, N. Y.

Heavily armed federal, state and local authorities are searching the woods and brush of Dutchess County for "six or seven" parachutists reported to have been seen dropping near President's Roosevelt's Hyde Park estate and family home. These reports were received from several sections of the state but so far the authorities have been unable to verify them. Meanwhile a close check is being made, all automobiles along the Hudson river are being stopped and closely searched, and special officers located at strategic points.

REVISION EXPECTED IN NEW REFUNDABLE TAX COLLECTION PLAN.

It was originally planned that employers in collecting the income tax from their employees, by pay envelope deductions, should include one-third of the refundable portion of the tax for the lower bracket incomes and a lesser proportion for the higher brackets.

Many complaints have been received in Ottawa that such a procedure would create financial hardship in the meantime which is appreciated by the Minister of Finance. What plan for collection will ultimately be decided upon has not as yet been announced. One report is to the effect that the government is now considering a plan whereby no deductions for the refundable tax will be made at the source provided the employee files a statement with his employer that his insurance and mortgage payments are equal to the refundable tax.

U. S. AIRMEN BOMB JAPS AT KISKA IN THE ALEUTIANS.

The U. S. navy department announced last Friday that army aircraft recently dropped 56 bombs on Japanese shore installations at Kiska, one of the three islands in the Aleutians on which the enemy has landed.

American losses in the campaign to date, it was officially disclosed, included 44 army and navy men killed in the Japanese attack upon Dutch Harbour, one nearby Fort Mears and on an army post at Fort Glenn about seventy miles west of Dutch Harbour, on nearby Fort Nak. The old station ship North-western was also sunk in the attack upon Dutch Harbour and damage of a minor nature done to American shore installations.

In addition to the 44 army and navy dead there were 49 of the army and navy personnel injured and one civilian killed.

The navy's review of the situation into the Aleutians said there has been no material change in the general situation since July 11.

"BUILD WESTERN PAYROLLS"

A PATRON FOR 8 YEARS

We have a letter from up-country. The writer states she has used "all kinds of canned milk" but Pacific Milk continually since she began it "because of its richness and flavor. That was eight years ago."

It's only real excellence that could bring a milk a preference like this.

Pacific Milk
