WHITEHORSE ALL-STARS CARCROSS HURRICANES SHARED HONORS SUNDAY

(By Adrian P. Spidle)

The Whitehorse All-Stars and the Carcross Hurricanes renewed their inter-city softball feud last Sunday as the Whitehorse team journeyed over to the Lake Bennett town for a pair of games with the Hurricanes. All issues remained unsettled, however, because both teams won a game and the series which was tied at one all is now tied at two all. The scores of the contests were 8-7 and 23-11 with the All-Stars copping the first and the Hurricanes taking the latter. The games were played before a crowd of several hundred people, many of whom had made the trip over from Whitehorse thanks to the White Pass & Yukon excursion.

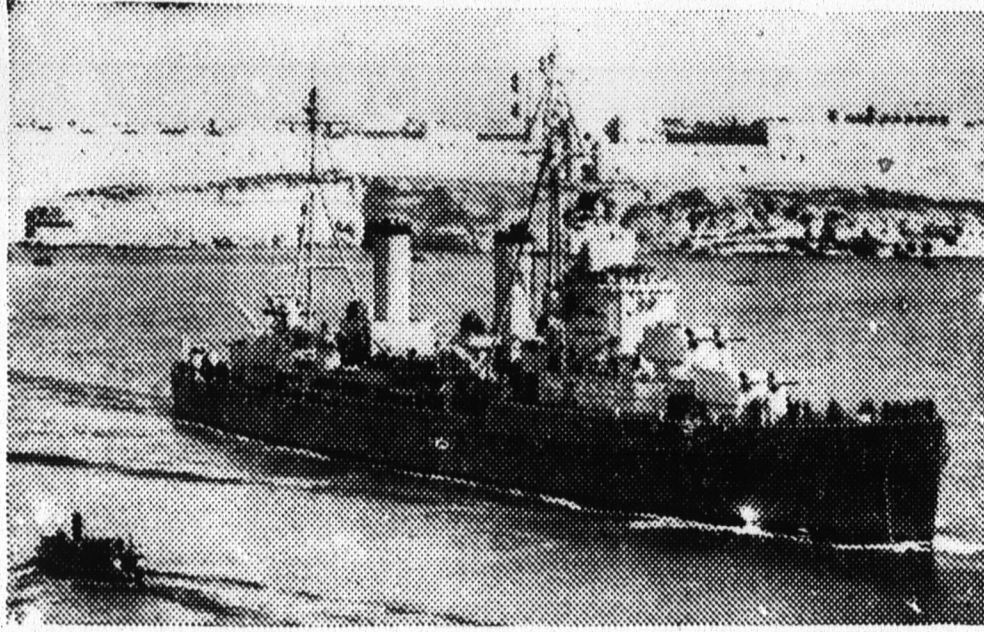

The first match was an extra inning thriller in which Herb Phelan was the star for the winners and Harold J. McDonald was the stand-out performer for the losers. Phelan contributed three hits and four runs towards his team's victory while McDonald, in addition to handling the pitching duties, made a desperate bid for a win by hitting a home run in the last of the seventh with two out and his outfit trailing 6-5 thus sending the tilt into another frame. Michalek pitched six and two thirds innings of the game but withdrew with the score tied six all giving Marvin Roanhaus, who replaced him, the credit for the win.

The second game was a weird affair which saw three tired pitchers for the All-Stars issue free passes to sixteen Hurricanes and which also saw the sand-weary victors of the first game commit ten errors. Marvin Roanhaus, who was credited with the first victory got credit for the loss of the second game thus giving him an even break with "Iron Man" McDonald of Carcross who seems to get stronger the longer he plays. Strangely enough, the hitting star of the second fracas was not on the winning team—Manager Hansen of the Whitehorse aggregation got to McDonald for five hits out of five trips to the plate for a perfect average. The offensive leader for the winners was divided between Outfielder Dell Stanphill and Pitcher McDonald who each got three safe blows.

The First Game

Mike Michalek for Whitehorse and Harold McDonald for Carcross were the opening pitchers as the first game got under way about two P. M. The first inning was scoreless for both sides with Hansen, lead-off man of the All-Stars the only man to get on base, by virtue

BRITISH CRUISER WINS THROUGH: CREW RESIST INCESSANT AIR ATTACK.

The British cruiser "Penelope" (Captain A. D. Nicholls, D.S.O., R. N.) was saved by her crew. Lying at Malta for two weeks, she was the target of incessant air attacks. The whole crew, including steward and cook, heped to keep the guns in action and repair damage. Her Captain was wounded, but she put to sea almost to schedule. All next day, by superb seamanship, she evaded or fought off bomb and torpedo attack, and won through.

WENDELL WILLKIE LEAVING FOR RUSSIA AND NEAR EAST ON GOVERNMENT SERVICE.

Mr. Wendell L. Willkie will be leaving shortly for the Near East and Russia to "perform certain services for the government." In making this public announcement he stated the President had asked him to undertake such services and that it was appropriate for the President only to announce the nature of such services if he deemed it necessary to do so. Mr. Willkie, however, did volunteer the statement that he hoped to meet with Premier Stalin and to pay a visit to the fighting fronts. He admitted the trip was his own idea but that the sanction of the government was necessary to enable him to visit the various countries. Mr. Willkie hopes to be back not later than October 15.

O. S. SULLIVAN, U. S. DEPUTY TAX COLLECTOR JUNEAU TO RETORE.

Mr. O. S. Sullivan, genial Deputy Collector of Inland Revenue in Alaska, is to be officially retired on November 17 next. He left his office in Anchorage the last day of July to take advantage of the three and a half months' accrued holidays due him. Mr. Sullivan made his headquarters in Juneau from 1934 to 1941 when he moved to Anchorage. With 38 years of faithful service to his credit Mr. Sullivan retires from his government office with the very best of wishes from his host of friends in the north that he will live long to enjoy the peace and blessings which his retirement from active service will afford.

MR. AND MRS. PATERSON LEAVING FOR THE COAST NEXT WEDNESDAY.

After spending the past eight years as manager of the local branch of the Canadian Bank of Commerce Mr. W. A. Paterson is being transferred elsewhere and for the next few months will be attached to the Inspector's department of the Bank in Vancouver. He and Mrs. Paterson and Jimmie will be leaving for the coast on Wednesday next.

In recent years the volume of banking business in this community has increased by leaps and bounds and has been most efficiently handled under Mr. Paterson's management.

Both Mr. and Mrs. Paterson have made many friends during their residence in this community all of whom wish them every success and happiness in the future.

AIR COMMANDER H. R. H. DUKE OF KENT KILLED IN PLANE CRASH OVER SCOTLAND.

It caused a distinct shock throughout the world when it was announced Tuesday that H.R.H. the Duke of Kent, brother to H. M. King George VI and Air Commander in the R. A. F., was killed in an airplane accident, along with all the other officers and crew aboard the ship, when the Sutherland Flying Boat in which they were travelling crashed over Scotland whilst en route to Iceland.

The late Duke of Kent was born December 20, 1902 the fifth child of

MR. AND MRS. H. DAGLISH ARE LEAVING TO MAKE THEIR FUTURE HOME IN VICTORIA, B. C.

After spending forty-three years in the Territory, eighteen of which were in the Dominion Postal Service, Mr H. Daglish is retiring on superannuation the end of this month. He came from Dawson to Whitehorse eight years ago to assume the position of postmaster here. During these years the volume of business transacted at the local post office has increased very substantially, especially during the past year or two, with the result that often the energies of the staff have been taxed to the limit. And now after so many years faithful service he retires, ripe in years and rich in experience, to spend the evening of his life according to his own liking and removed from the hurry and bustle of the everyday life he has for long been accustomed to.

During their residence here Mrs. Daglish has always taken a most active interest in the social welfare of this community. For several years she was Regent of the Whitehorse Chapter, I. O. D. E. as well as a member of the board of the local Public Library and was always ready to lend a willing hand to help any worthy cause whether of a national, patriotic or community nature. In earlier years she enjoyed the enviable record of being the best teacher who ever taught in the Dawson Public School. It follows that both Mr. and Mrs. Daglish have a host of friends from one end of the Territory to the other all of whom will regret their departure after so many years spent in the Yukon but who, nevertheless, express the sincerest wish that they will both be afforded an opportunity of spending many happy years in lovely Victoria, the capital city of British Columbia, where they will make their future home. And as they travel along "Memory Lane" together may happy recollections of the Yukon always find a place in their thoughts.

the late King George V and the Dowager Queen Mary and was married November 29, 1934 to H.R. H. Princess Marina of Greece. There are three children of the marriage, two sons and a daughter. The youngest son was born on July 4 last and has the honor of being the first member of the British royal family to have a President of the United States of America as his godfather. President Franklin D. Roosevelt was one of the godfathers of the infant prince christened Michael George Charles Franklin the last name in honor of President Roosevelt.

IT CAN BE DONE

Here are two unqualified statements which should not be judged as a form of whistling in the dark:

1. The money objective of the next big Victory Loan issue, due to be offered to the Canadian public some time this fall, will be raised.

2. The continuous sale of War Savings Certificates will follow an upward curve during the next few months.

These statements are made in the knowledge that Canada's national income has been growing, not declining, and in light of the fact that the increase in total taxation for the present fiscal year will not even begin to cripple the economy of the individual. In other words, Canadians last year were able to pay up one billion 361 million dollars in taxes and in addition subscribe to government loans totalling over two billion dollars, making a total of 3,360,000,000 dollars.

This year, the Minister of Finance is asking citizens generally to provide roughly only one fifth more this year in taxes and voluntary loans than they provided during last year. And when one takes into consideration the fact that the national income will be greater this year than it was last, that new objective should not be viewed with undue alarm.

Difficulties Are Psychological

It is recognized that in several quarters, opinion has been expressed quite freely that the new budget would handicap the work of the National War Finance Committee, whose job it is to sell Victory Bonds and War Savings Certificates. Mr. Isley, himself, declared in his budget speech that that Committee had even bigger and more difficult job to do than it had had in the past. But at the same time, it should be kept in mind that the difficulties in the path of the salesmen of bonds and certificates will be largely psychological in character. Scarcity of dollars will not be a big factor.

When the news of the budget spread throughout the Dominion, it was only natural that every man was sobered by the information that he had to pay more for certain luxuries or get along with less of them;

that not only was his income tax to be heavier, but that he would have to begin paying it regularly in September instead of paying it in lump sums later on in the year; and that a small portion of the amount which he has been setting aside for War Certificates and Victory Loan Bonds would be collected regularly from his source of income, beginning in September. The only real danger to public morale on the financial front would be the continued exaggeration of the importance of these new budget features in their relationship to the job confronting the country of securing two billions of dollars in loans from the general public as was done last year.

DAWSON

Mrs. Jas. H. McNeill has returned home after visiting with her mother on Coffee Creek.

Funeral services were held recently for the late John Paul Miller, pioneer miner of the Sixtymile district.

Corpl. Ken Bond and Const. Harold Widdes, R.C.M.P., have returned from their patrol of the McQuesten district.

Little Billy Friesen, 7-year old son of Mr. and Mrs. Peter Frersen of Granville, was brought to the hospital in a critical condition after being kicked by a horse. He was riding his bicycle at the time of the accident and was kicked in the head.

Miss Edith Ballentine, popular member of the telephone exchange staff, has returned to her duties after spending her vacation on Bonanza Creek the guest of Mr. and Mrs. T. W. Powell.

Charles, Nagin, veteran Dawson miner, who passed away in Vancouver sometime ago, left a \$20,000 estate to a niece in the Old Country. It consisted mostly of cash and a \$1000 Victory Bond.

Frank Travers has two sons in the R.C.A.F., Jackie who is an aerial photographer at present stationed at Trenton, Ont., and Arthur who is piloting Lockheed bombers over enemy territory. Both trained in Rupert.

Mr. and Mrs. E. C. Burt have left for Whitehorse where "E. C." has been appointed postmaster. Their many friends in Dawson will miss them both and trust they'll like their new home in the Southern Yukon.

Mr. A. T. Hall has returned from the coast to assume the management of the Bank of Montreal here.

Billy Christiansen and Vic Matander have left for the White River district where they will trap this winter.

Dr. Curry, the popular Chiropractor, will be leaving Dawson end of this month or shortly after and will probably be locating in Prince Rupert, B. C. Dr. Curry has made many friends here during his stay in Dawson who will hate to see him leave. His trained dog "Musty" will trail along with him.

WHITEHORSE ALL-STARS CARCROSS HURRICANES SHAKED HONORS SUNDAY

(Concluded from page 1)

of his single to left. Daniels began the Whitehorse second with a single and went to second on Phelan's center field hit. Ray Stock forced Daniels at third on the play. Geo. Kay slammed a two base hit to left center scoring both Phelan and Michalek but Tizhe ended the rally by grounding to Lazzera for the third out. The third was fruitless for each team as neither even got a hit but Whitehorse tallied again in the fourth on a double by Louis Ardain who was caught in a chase on Phelan's grounder to Kilpatrick and put out, Phelan making second on the play. Stock walked and then Michalek drove in Phelan with a blistering single to center. The Hurricanes came to life in their half of the fourth and scored four times after two were out. Levine was first up and first out. McDonald walked and Sam Lazzera popped to Adrian for the second out. Kilpatrick then hit a high fly to center which Spidle lost in the sun and let fall for a double. McDonald going to third. Clayton Adams proceeded to hit a line single to left scoring McDonald and Kilpatrick. Catcher Sanders then came up to the batters box and connected with the first pitch for a long home run to right center scoring two more times and putting the Hurricanes in the lead for the first time in the game. After Payton had singled, Maughan ended the rally by grounding to Roanhaus. Whitehorse quickly tied the score in the next inning as Hansen singled and was forced at second by Roanhaus who then scored on Spidle's triple to deep left center. Michalek blanked Carcross in the fifth and his teammates gave him a two run lead in the sixth on a single by Daniels followed by a long three bagger by Herb Phelan. Stock grounded to Kilpatrick who held Phelan on third but Michalek drove him in on a fly to Maughan in center making the score 6-4 in favor of the All-Stars. Carcross got one of the runs back in their share of the sixth on a double by Sam Lazzera and a triple by Adams. McDonald held the boys from Whitehorse in the first of the seventh and in his teams half came up with two out and none on. He worked the count around to three and two before letting go with a terrific liner to right which just eluded Daniels and before the latter could recover it McDonald was sitting on the bench with the score tied at six all. Michalek was visibly tired as he walked Lazzera and Kilpatrick so when Adams came to the plate he took himself out and traded places with Third Baseman Roanhaus. Adams with the winning run on third base weakly grounded out to Adrian at shortstop. The All-Stars then proceeded to put the game on ice in their half of the eighth as Adrian singled, Phelan singled and Stock, with two out and the game at stake, driving them both in with a sharp hit to right. Sanders opened the Hurricanes eighth with a double to center and scored on Maughan's grounder but Seddon struck out on one of Roanhaus' drops ending the

game at 6-5 for the Whitehorse All-Stars.

The Second Game

The second game was easily won by Carcross who got away to a 9-0 lead before Whitehorse even got started although the All-Stars had the bases full and none out in both the first and third without crossing the plate once. In the first four innings the losers had ten men left stranded. McDonald was given magnificent support by his teammates as he gave up eight hits and a walk without letting a run in. Whitehorse finally broke loose for six runs in the fifth as they battled around but they collapsed completely in the sixth and seventh as the Hurricanes took advantage of eleven walks and seven hits to score fourteen times.

Synopsis of Mining Law Yukon Territory

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Yukon Quartz Mining Act and the Yukon Placer Mining Act, with certain reservations set out in the said Acts.

No person shall enter for mining purposes or shall mine upon lands owned or lawfully occupied by another until adequate security has been furnished to the satisfaction of the Mining Recorder for any loss or damage which may be thereby caused.

Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency recorder, who shall as soon as possible deliver the application and fees received to the Mining Recorder for the District.

If two or more persons own a claim, each such person shall contribute proportionately to his interest to the work required to be done thereon, and when proven to the Gold Commissioner that he has not done so his interest may be vested in the other co-owners.

The survey of a claim made by a duly qualified Dominion Land Surveyor shall be accepted as defining absolutely the boundaries of the claim surveyed, provided the survey is approved by the proper authority and remains unopposed during the period of advertisement.

A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a claim within six months.

A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.

Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.

Grants of claims grouped or owned by one person may be made renewable on the same date.

PLACER MINING

Creeks means any natural water course having an average width of less than one hundred and fifty feet between its banks.

Creek claims shall not exceed five hundred feet in length, measured along the base line, by one thousand

feet on each side of the base line. Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be as nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively. Location posts of creek claims shall be placed on the base line, and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river towards which it fronts.

A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.

The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the crown.

An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's office. One extra day shall be allowed for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.

Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.

Title

Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work of the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.

GROUPING

Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping. If the claims grouped are owned by more than one person a partnership agreement creating a joint and several liability on the part of all the owners for the joint working of the claims shall be executed and filed with the Mining Recorder.

Taxes and Fees

Royalty at the rate of two and one-half per cent. on the value of all gold shipped from the Yukon Territory shall be paid to the Comptroller.

For 200 to 1,000 inches	\$50.00
For each additional 1,000 inches or fraction thereof	\$50.00

QUARTZ MINING

Subject to the boundaries of other claims in good standing at the time of its location, a mining claim shall be rectangular in shape and shall not exceed 1,500 feet in length by 1,500 feet in width.

Every claim shall be marked on the ground by two legal posts, one at each extremity of the location line, numbered "1" and "2" respectively. On the side of No. 1 post facing No. 2 post shall be inscribed the name of the claim, a letter indicating the direction to No. 2 post, the number of feet to the right or left of the location line, the date of location and the name of the locator. On No. 2 post, on the side facing No. 1 post, shall be inscribed the name of the claim, the date of location, and the name of the locator.

The claim shall be recorded within fifteen days if located within ten miles of the mining Recorder's office; one additional day shall be allowed for every additional ten miles or fraction thereof.

Adjoining claims not exceeding eight in number may be grouped, the necessary representation work for each claim may then be performed on any one or more of the claims in the group.

Every application for a full claim shall be made on Form "A" and for a Fractional claim on Form "A-1".

No person is entitled to locate more than one claim in the same mining district within twenty days.

The timber on a mineral claim is reserved until the Mining Recorder certifies that the same is required for use in mining operations on the claim. The Commissioner, however, may issue a permit to holders of other claims to remove the timbers for use in their mining operations where other timber is not readily available.

Title

Any person having complied with the provisions of the Act with regard to locating and recording a claim shall be entitled to hold it for one year from the date of the record and thereafter from year to year, provided during each year he does or causes to be done work on the claim to the value of \$100.00 and shall, within fourteen days after the expiration of the year, satisfy the Mining Recorder that the work has been done, and pay the Certificate of Work fee. One hundred dollars may be paid in lieu of assessment work.

When \$500.00 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, obtain a lease for a term of twenty-one years with the right to renewal for further terms of twenty-one years. Claims located prior to July 7, 1917 may upon fulfilling similar requirements, be Crown Granted.

Leases, renewals of leases, and documents relating to leased claims shall be recorded with the Mining Recorder in triplicate.

Political Awakening

There are only two vacant seats in Canada's Parliament where by-elections will be necessary probably before next session. One in Winnipeg North-Centre, which was rendered vacant by the death of J. S. Woodsworth, and the other in Charevoix-Saguenay, where Hon. Pierre Caserain resigned from the Cabinet to go on the bench. Another seat involves a case where a member who was unseated by court, namely R. G. Davidson, Stanstead, but no writ may be given out until the House of Commons' committee reports on it and this has not been done. Nevertheless, there is much discussion behind the scenes along Parliament Hill about the political activities of all parties at the present time. The Conservatives are holding a conference in Port Hope, Ontario, and it is generally expected that this will produce some progressive plans for the party. The C. C. F. party is very active throughout the country, particularly at this time in Saskatchewan, Ontario and Quebec, with this political movement showing definite signs of increasing strength on the national scale. Although it is claimed the visit of the Hon. J. G. Gardiner, Minister of Agriculture, to the West right at the end of the last session was not any move of political significance, yet there are sound opinions to the contrary.

Deliberation on Publicity

It is apparent in the nation's capital that the subject of Canadian publicity of the war effort is under serious consideration once again by the Government since Charles Vining, who investigated the matter for the Federal Cabinet and whose report Premier King refused to table in Parliament, has held several important conferences in the capital lately. It is expected that practical results in the form of a change in the present set-up may emanate from these deliberations.

No Other Reason

In face of suggestions to the contrary, yet the Department of Finance in Ottawa is putting out a twelve-sided five cent coin with no other object but to replace the present coin which used up much valuable nickel since a hundred five cent pieces weigh a pound of solid nickel. The substitution of copper and zinc in these coins will save at least fifty tons of nickel a year. Likewise, there is no intention at present to call in the five cent coins of nickel now in circulation.

Government's Supervision of Buying
While the man-in-the-street throughout Canada may not realize that it is known in Ottawa that the Government is engaged in buying wide scale in order to stabilize prices so that they

do not exceed the price ceiling as of October last, absorbing any loss involved at the buying though at the same time allowing the usual methods of trade distribution. Indeed, it is expected that the sum required in this work may reach the figure of \$100,000,000 for the year and so far the articles most prominently mentioned in this regard are coffee, cocoa, butter, tea, raw sugar, and petroleum products. There are many other articles which are eligible for a subsidy in order to maintain the price ceiling policy and it is indicated that all expenditures of the Government agencies are worthwhile investments to avoid the chaos or confusion of inflation.

Change is Favoured

Ever since the death of Mr. Justice A. K. MacLean of the Exchequer Court of Canada, there have been reports circulated in the capital that a change or changes in the Court may be forthcoming in time because there are many members of Parliament who are of the opinion that this tribunal of justice should handle divorce cases that are usually brought to Parliament, with the proposal being that jurisdiction over such matters should be given to this Court which now handles suits against the Crown, over patents, and such other actions of a similar nature.

Returns More Dependable

With the national income stated to be about seven billions of dollars, the new taxation burdens of the people are considered to be not excessive in well-informed circles along Parliament Hill, especially in view of the Government's determination to follow a policy of "pay-as-you-go" in this war as much as possible under the circumstances. Moreover, the new taxation system is deemed to be creating a method of collecting revenues much more regularly or steadier than in the past. Thus it is pointed out that in April of this year, \$130,000,000 was collected, but in the following month the figure was \$365,000,000 for May with the June figure being \$50,000,000. Under the new taxation system, the revenues will be much steadier and much more regularly collected. In other words the Government's collections will be not only much greater than in the past but much easier to calculate and to collect from both corporations and individuals.

Eat Hash - and like it!

"I tell my family that as long as Jack is overseas, we'll eat hash and like it."

"WE ARE at war. It costs lots to win. It would cost everything to lose. So I don't figure that because we'll soon pay a small amount as compulsory savings, I can fold my hands and say 'That's that!' No sir! Some people may need compulsory savings to save something for their own good. But that's the minimum. I'm out to save all I can to buy War Savings Stamps and Certificates to help win the war and have something substantial put by for the days when there won't be all this work and overtime."

"I've christened my garbage can 'Hitler' and believe me he doesn't get anything that's worth anything."

Buy War Savings Stamps from druggists, banks, post offices, telephone offices, department stores, grocers, tobacconists and other retail stores. Certificates may be purchased for immediate delivery in denominations of \$5, \$10, \$25 from banks, trust companies and post offices.

Local Happenings

Mr. John B. Gammon, an old-timer of Dawson, is a patient in the local general hospital.

Mr. and Mrs. J. Porter and family have returned home after spending a most enjoyable vacation at Carcross.

John and Betty MacBride leave next Thursday for Orillia, Ont. where they will continue their schooling. We wish them both every success.

Mr. Nels Nelson, a former member of the staff at the local branch of the Canadian Bank of Commerce, arrived in town by Canadian Airlines plane last Saturday. He is now in the service of the Government Unemployment Commission and is travelling through the Territory on business connected with that department. His many friends here were pleased to meet with Nels again and to learn that he and his wife, the former Miss Reid, one time matron at the local hospital, are both enjoying the best of health.

BRIDE OF B. PETERSON ARRIVES FROM SUMMIT TO MAKE HER HOME HERE.

It came as a complete surprise to many of their friends when it became known that Mrs. Maud McGuire of the Summit, B. C., was quietly married to Mr. Bert Peterson the popular foreman of the W. P. & Y. R., at the home of Mr. and Mrs. J. Redpath on July 28 last. Mrs. Peterson arrived this week to make her home here. Belated congratulations are extended to the bridal couple together with best wishes for their future happiness.

We understand Mr. and Mrs. Peterson will be staying in this winter but, if conditions permit, will make a short trip to Gig Harbour around Christmas time.

POLICE COURT

James T. "Spotcash" Braden appeared before Stipendiary Magistrate J. Aubrey Simmons in police court this week charged with supplying intoxicated liquor to an interdict. He was found guilty and fined \$50 and \$5.25 costs or in the alternative one month's hard labour. The fine was paid.

The interdicted party was charged with being intoxicated near a public place and fined \$8.00 or five days' hard labour. Fine paid.

Two white men appeared before the bench and each fined \$5.00 and costs for being intoxicated in a public place.

A charge of supplying intoxicating liquor to an Indian was preferred against Carl Chambers. He was fined \$150 and costs or in the alternative three months hard labour. The fine was paid.

Mr. E. R. Macdonald, chief accountant for the E. W. Elliott Co., of Seattle, left on this morning's train for his home in Everett, Wash. Mr. Macdonald made many friends during his stay in Whitehorse.

ROBERT SERVICE TELLS HOW HE CAME TO WRITE "THE SHOOTING OF DAN MCGREW."

At the annual stampede of the International Sourdough Union Inc., which concluded in Seattle Sunday, the highlight was an address by Robert Service who told an audience of 800 sourdoughs how he came to write "The Shooting of Dan McGrew." He stated that becoming tired of reciting some of the old ballads the thought came to him to write on himself. This he did but did not use the poem at the time it was first written. Years later he dug it out of a forgotten drawer and published it with some other works. He was surprised, he stated, to find that it quickly won public approval.

COMPLETELY FED UP

The colored minister called all his flock together one evening in late summer.

"Brothers and sisters," he said. "You all know I've been preachin' to dis congregation about fo' years noy. Every fall, at hog-killing time a I gets is pigs' feet, and mo- pigs' feet. Now I'm going to tell you folks somethin'; ef I preaches to dis congregation any longer, I simply has got to eat higher up on that hog!"

THE LISTENING POST

I'm on a A diet. I can only eat things that begin with A. A double-malted milk. A steak. A large piece of cherry pie.

Marriage is no different from any other job. As soon as you are working steady you want a day off.

In love, baseball rules do not apply. A gal who can get to first base is always out. But the gal who never makes a hit is always safe at home.

"Would you like to hear the story of my life?"

"No, but I'd like to write the next chapter."

ATLIN NUGGETS

Born to Mr. and Mrs. F. Steele of Spruce Creek at St. Andrew's Hospital a son.

Born to Mr. and Mrs. Jack Ward at St. Andrew's Hospital a daughter.

Mrs. Bob Nelson, Miss Sheila Nelson, Jackie Nelson and Miss Mary Gordy returned to Atlin after spending a week or so at Whitehorse. Some of the party also visited Teslin and were the guests of Mr. and Mrs. R. McClery at that point.

We much regret to report the death of Einard Tatley which occurred at the St. Andrew's Hospital Thursday. The late Mr. Tatley had been ailing for the past year suffering from silicosis contracted whilst employed in the Mayo district. Deceased was well known in mining circles and liked by all.

I. O. D. E. NOTES

Financially and otherwise the Bridge Party held in the Masonic Hall, Friday evening under I. O. D. E. auspices was most successful. The top prizes were won by Mrs. Geo. Wilson and Mr. Gould, Mr. W. A. Paterson winning the special prize in circulation during the evening. The Committee wishes to thank those ladies who so kindly donated cut flowers, prizes and delicious cakes for the occasion.

Mrs. George Howat, who left recently for the coast returned home this week having enjoyed the trip.

A party comprising Mrs. T. C. Richards, Babe, Mrs. Gordon Armstrong and Patricia, Phyllis Walker and Mrs. Harvey Gennings spent a most enjoyable week at Burwash Landing. Gordie and Mrs. O. M. Campbell journeyed to the Landing to meet with the party on their return trip.
