## POPULAR MEMBER LOCAL C. P. A STAFF ENTERS ROLL OF BENEDICTS.

A pretty wedding was solemnized at the Pentecostal Tabernacle, Calgary, recently when Agnes Dorothy, youngest daughter of Mrs. Haldis Abrahamson, became the bride of Melvyn Gerald Bradford, elder son of Mr. and Mrs. A. W. Bradford of Three Hills, Alberta. Spring flowers, ferns and palms were used to decorate the altar before which Rev. George Upton officiated. Miss Lucille Orr presided at the organ and during the signing of the register Mr. Fred Nudd sang "Because."

The bride who was given in marriage by her uncle Mr. Walter Arens wore a pretty white satin gown, designed in princess lines. Her full length veil was held in place by a coronet or orange blossom. She carried a bouquet of American Beauty roses Mrs. L. Kernck, sister of the bride was her only attendant. Mr. Paul Lancaster acted as best man. Following the ceremony a reception was held at the Tea Kettle Inn which was attended by 54 guests.

The bride and groom left later to spend a short vacation at Banff before proceeding to Whitehorse where they are making their future home.

Gerry is a popular member of the local staff of Canadian Pacific Air Lines Ltd. We extend to him and his bride heartiest congratulations and best wishes for their future welfare and happiness.

## C. C. F. TO CONTEST ALL FEDERAL AND PROVINCIAL SEATS IN NEXT ELECTIONS.

Under present plans the C. C. F. will contest every seat in the next federal and provincial general elections in Alberta. The possible exception will be Calgary where the party has named three candidates for the five seats in the provincial house but it is possible that the full number of five candidates will be named.

## JAPANESE DRIVE ACROSS PEIPING-HANKOW RLY. GRAVE THREAT TO CHINA.

A new threat to China, possibly affecting twenty million civilians and hundreds of thousands of soldiers, by way of famine has developed as the result on Friday of the Japanese forces crossing the Peiping-Hankow railway in northern Honan province. Aside from the seizure of communications the Japs are bent on securing the rich wheat crop now ripening in Honan. This crop is the hope of millions of Chinese who in 1943 suffered the worst famine in China's long history.

## ALL CARTEL AGREEMENTS TO BE GIVEN FULL SEARCHLIGHT OF PUBLICITY.

PHILADELPHIA. — The International Labor Organization characterized by President Roosevelt as "the agency for decision and for action" on many social and economic questions, support a recommendation that all cartel agreements be given the fullest searchlight of publicity. Critics of cartels believe they (the cartels) check technical progress, inhibit new industrial development, protect inefficient vested interests and enable monopoly profits to be extracted at the expense of the consumers.

## ATLIN INDIAN CHILD SON OF LEO JACK DIES IN LOCAL GENERAL HOSPITAL.

Leo Jack, a native born in Atlin, whose father, Taku Jack, was chief of the Atlin tribe, called at our office Wednesday to inform us that his young son, Vincent, had passed away that morning in the local general hospital at the age of 2 years and two months from spinal meningitis. Leo brought the boy to Whitehorse by Northern Airways plane a week ago and had remained here since that time. He left Wednesday night on his sad return home with the body of his young son, having acquainted his wife with the sad news earlier in the day. The funeral services will be conducted in Atlin.

## ALL WITH ONE ACCORD

It will be at once apparent to all our readers that much of the space in this issue is dedicated to the Sixth Victory Loan. This is natural and to be expected in the circumstances.

Because we of the great open spaces, where freedom is as the very breath of life, are so far removed from the hideous scenes of the greatest war in human history, it is somewhat difficult for some to realize that the conflict has now been in operation for over four years and the climax has yet to be reached. Yet such is the fact. The worst is yet to come. This is no time to reason why. What is most urgently

## You Said It Archie!

NO MATTER HOW MANY VICTORY BONDS YOU BUY 'TAINT NOTHIN' COMPARED T'WHAT TH' BOYS OVER THERE ARE DOIN'!

needed is action—concentrated action on the part of all of us. And the keener and more tragic the struggle becomes for those overseas who are bearing the brunt of the battle for all of us, the more urgent becomes the necessity for each of us to do our part in sustaining them to the utmost of our ability. We dare not fail them in their great peril and we will not. We must all answer our country's clarion call to service at this crucial hour in human history. We must all be made to realize the necessity for an all-out effort on the part of each and everyone of us. We must feel irresistibly impelled to action by the gravity of the situation which confront us. Whilst to millions in other countries life is fraught with imminent danger and death, we are still privileged to a great extent to be care-free. This is the difference in time and place between we over here and those over there.

In the absence of other criteria Victory Loan campaigns serve to remind us in these anxious times of our duty and responsibilities to our country, the members of our active forces overseas, our allies and all suffering humanity as well as the sacred cause which the United nations with one accord have espoused.

This Sixth Victory Loan campaign is another clarion call to service. Let us heed it in the same spirit and with the same maganimity as we have all its predecessors. Whitehorse has done handsomely in the past in this direction. Let us excel ourselves on this occasion. With each of us doing our part this can be accomplished.

The times demand a unity of mind and purpose and concentrated action on our part never before more urgently needed than right now not only for our own salvation but likewise for the benefit of future generations. Once this fact is fully realized all other considerations must of necessity fall by the wayside. Our duty to ourselves and to our fellow-men becomes crystal clear. Our course is mapped out for us in a manner which is as definite as it is paramount. Let us all, then, with one accord follow the dictates of our conscience and thus do our part toward extricating humanity from the tragic maelstrom with which the whole world is confronted today.

### TIMELY HINTS

You'll be happier tomorrow by the savings you make today.

Let us not forget that tomorrow's independence is the result of yesterday's thrift.

Don't let curiosity over the impending invasion obscure the fact that it's success depends upon you as well as upon the armed forces.

"Then write me down as one who loved his fellow-man."

"War is hell!"—Well, what are you doing about it?"

## DAWSON

Eric Wickman, well-known pioneer resident, has left by C. P. A. plane for Seattle, Wash., where he will remain for an indefinite period.

Mr. and Mrs. Rod Macdonald of Granville have arrived in town and taken up residence on Fifth Avenue. It is understood Mr. Macdonald will be working on the dredges this season.

Garnet Brown of Swede Creek was in town recently on a short visit.

Emil Thbault, former dredge-man, arrived in town by C. P. A. plane last week much to the surprise of his two sisters, Mrs. W. Scott and Mrs. C. Symes.

An afternoon tea was held at St. Paul's hostel last Sunday in celebration of the christening of Randall Harding Stringer, infant son of Rev. and Mrs. Randall Stringer of Fort Selkirk.

As Dredge No. 11 at Middle Hunter will not be operating this year, Mr. and Mrs. George Hill have arrived in town to take up their residence here.

D. R. Mackenzie, a former Dawson showman, is now with the British Navy in Trinidad.

Mr. and Mrs. E. O. Ellingsen, after almost 40 years operating the Klondike Hardware Store, have disposed of their stock and are leaving for Vancouver where they expect to make their future home.

### FIRST MAYOR OF DAWSON DIES IN VANCOUVER HOSPITAL.

Henry C. Macaulay, a pioneer real estate operator in Vancouver and the first mayor of Dawson, Y. T. died in St. Paul's Hospital, Vancouver on Sunday at the age of 74 years. He was a former international president of the Sourdough Reunion organization, including the Alaska-Yukon Pioneers and was engaged in the wholesale feed business in Dawson in 1898. He leaves to mourn his loss four sons, three daughters, and a cousin the Hon. Mr. Justice Macaulay (retired.)

### BISHOP OF ATHABASKA WARNS CANADIANS ON POST-WAR IMMIGRATION.

The Rt. Rev. A. H. Sovereign, Bishop of Athabaska, when in Edmonton last week to attend the graduation of his son, Arthur, as a navigator in the R. C. A. F. stated that Canadians have no right "to play a dog in the manger policy" in regard to post-war immigration. They should be ready and willing to welcome millions of settlers into "their manless land." Bishop Sovereign advocates that the majority of these settlers should be British stock so that British ideals be perpetuated in Canada. They should be carefully selected and then settled on a community basis in order to do away with the isolation and lonesomeness of this vast country.

### ATLANTIC CHARTER NOT EFFECTIVE AGAINST IMPERIAL PREFERENCE.

On Friday Prime Minister Winston Churchill stated in the British House of Commons that under the British-American mutual assistance agreement—known as the Atlantic Charter—"we were no more committed to abolition of imperial preference than the American government was committed to abolition of their protective tariff." Reviewing Britain's ups and downs, Mr. Churchill acknowledged there had been mistakes but stated that at this stage of the war "we find the British Commonwealth and Empire more strongly united than ever before." It is extraordinary what a business it has become to sneer at the British Empire. Those who have tried it in the United States have been discredited. Those who have tried it in the dominions have found no public backing."

## Synopsis of Mining Law Yukon Territory

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Yukon Quartz Mining Act and the Yukon Placer Mining Act, with certain reservations set out in the said Acts.

No person shall enter for mining purposes or shall mine upon lands owned or lawfully occupied by another until adequate security has been furnished to the satisfaction of the Mining Recorder for any loss or damage which may be thereby caused.

Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency recorder, who shall as soon as possible deliver the application and fees received to the Mining Recorder for the District.

If two or more persons own a claim, each such person shall contribute proportionately to his interest to the work required to be done thereon, and when proven to the Gold Commissioner that he has not done so his interest may be vested in the other co-owners.

The survey of a claim made by a duly qualified Dominion Land Surveyor shall be accepted as defining absolutely the boundaries of the claim surveyed, provided the survey is approved by the proper authority and remains unopposed during the period of advertisement.

A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a claim within six months.

A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.

Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.

Grants of claims grouped or owned by one person may be made renewable on the same date.

### PLACER MINING

Creeks means any natural water course having an average width of less than one hundred and fifty feet between its banks.

Creek claims shall not exceed five hundred feet in length, measured along the base line, by one thousand

feet on each side of the base line. Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be as nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively. Location posts of creek claims shall be placed on the base line, and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river towards which it fronts.

A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.

The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the crown.

An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's office. One extra day shall be allowed for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.

Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.

### Title

Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work of the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.

### GROUPING

Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping. If the claims grouped are owned by more than one person a partnership agreement creating a joint and several liability on the part of all the owners for the joint working of the claims shall be executed and filed with the Mining Recorder.

### Taxes and Fees

**THIS ABOVE ALL**  
*calls for your greatest effort*

All of us at home are looking forward to Victory. We are looking forward to a safe return of our boys.

But remember, the nearer the Victory, the grimmer the cost. We have many sacrifices to make, many stern times to go through, before the enemy collapses in unconditional surrender.

That is why Canada's Sixth Victory Loan is the most urgent necessity facing us today. This Loan, above all, calls for our

greatest effort. Only by the determination of every one of us to buy Victory Bonds to the limit . . . to buy them with our savings . . . to buy still more and pay for them regularly out of earnings . . . can we help shorten the war and bring back our boys at the earliest possible moment.

We in Canada first bought Bonds to stave off defeat.

Next we bought for attack.
