SUNDAY -- DAY OF PRAYER THROUGHOUT THE LAND

DAYS OF '98 CARNIVAL WAS TREMENDOUS SUCCESS ATTENDED BY THOUSANDS.

"The Days of '98" carnival held recently at the Standard Oil Co's recreational centre was a signal success. During the three days the celebration was in progress thousands of people from far and near answered "the Call of the Wild" and enjoyed a rip-snorting time taking in the shows, playing the tables, joining in the dancing and generally making good fellows of themselves. Frivolity was the order of the day and with millions of dollars of phoney money floating around everybody was able to be millionaires for a night or two and "step out" high, wide and handsome.

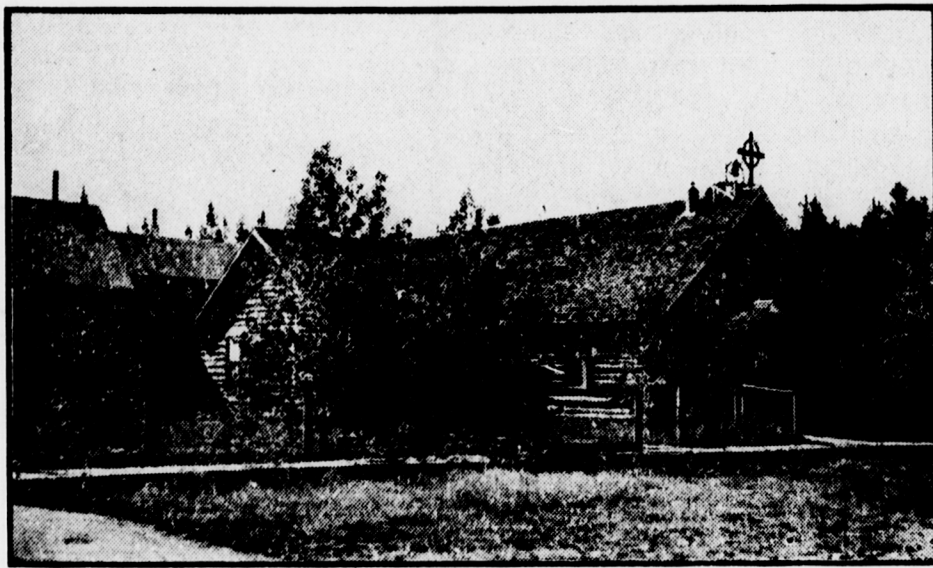

In the dancing contest, which was keen, Paul Mieske and Shirley Wilson walked off with the jitterbug prize and well they deserved it.

The centre of attraction was naturally the bathing beauty contest in which there were only four entrants. There should have been twenty at least, judging by the bevy of beauty floating around town these days. However the prize winner was declared to be Miss Patricia M. Chivers who was the recipient of a \$50 cash prize. Her photograph should certainly be scattered both far and wide as the Pin-Up-Girl of the Armed Forces.

This captivating young lady, 20 years of age, has her home in Kenora, Ont., and for the past few years has held several positions which point to her versatility. For a time she was on the staff of the Winnipeg Wheat Exchange, has been enrolled in the C.W.A.C and worked in various munition plants throughout the country. At the present time she is in the service of E. W. Elliott, the large U. S. contracting organization operating on the U. S. government projects here in the Yukon. She is also a member of the group taking part in the Dramatic Hour over the radio station CFWH. It wouldn't surprise us one iota to hear that quite a number of the males in this community will be endeavouring to join this group in the near future.

On Tuesday night, in recognition of their valuable services and assistance in making the carnival such an outstanding success a dinner was tendered to approximately 125 persons who were actively identified in the carnival operations. This dinner was held in the Whitehorse Inn Cafe and was a fitting conclusion to a very happy and joyful event.

To the committee who staged the celebration in the first place, and who worked so indefatigably for its

LIBERAL GOVERNMENT RETURNED FOR THIRD TIME IN NEW BRUNSWICK.

The Liberal government was sustained for its third term in the New Brunswick election, which took place Monday, capturing 26 out of the 48 seats. The Progressive Conservative party won the other 12. The C. C. F. ran 41 candidates but failed to secure a single seat. In the 1939 election the Liberals landed 29 seats the Conservatives capturing the other 19 seats.

SUNDAY DESIGNATED A DAY OF PRAYER THROUGHOUT DOMINION.

The fifth anniversary of the outbreak of World War II (September 3) is to be observed Sunday as a National Day of Prayer throughout the land and the whole of the British Empire at the request of H. M. the King. Special services and addresses appropriate for the occasion, are being arranged in all the churches and it is hoped that all who can do so will make a point of attending divine service Sunday.

success the most cordial thanks are extended by the Whitehorse Star on behalf of this community. The following gentlemen will please take a bow: Messrs. H. G. W. Forde (Standard Oil Co.), E. Christian (N.W.S.C.), FO Southworth and FO Jack Miles (R.C.A.F.), B. Trantov (E. W. Elliott) and E. F. Pinchin (Men's Council)

We are informed that the net profits from the carnival are being utilized by the participating companies for recreational purposes. The Men's Council's portion is to serve as a sinking fund for the establishment of civic improvements and erection of a recreational centre.

POEMS COMMEMORATING CONSTRUCTION OF THE ALASKA HIGHWAY.

There have been several books, in prose and verse, written in commemoration of the construction of the Alaska Highway and the Canol project, one of the best which has come to our notice being the book of poems by Uncle Albert now on sale locally at the Star Office at \$1.50 a copy.

Uncle Albert has been in the employ of one of the large constructor companies operation here for a long time and has written with a full knowledge of the facts in a most pleasing manner. How good they are can be judged by the fact that as soon as they were off the press nearly a thousand copies were at once disposed of, mostly in the various camps.

The book makes a most suitable gift as a souvenir of life in the construction camps and nature studies of the north whilst these two great projects were under construction.

VICTORY BOND COUPONS

An interest coupon on Second Victory Loan 3% bonds due 1954 becomes payable on September 1st.

It is suggested by officials of the local National War Finance Committee that holders, when presenting their coupon at the bank for payment, re-invest this interest in War Savings Certificates and Stamps.

Individuals in British Columbia and the Yukon purchased \$31,395,350 of Second Victory Bonds when these were issued. If all holders put their interest into Certificates and Stamps, it would mean another \$470,937.75 now available for weapons to keep our forces rolling on the road to victory.

STAGE IS SET FOR FINE LABOR DAY CELEBRATION MONDAY AT BALL PARK.

Up to a few years ago Labor Day celebrations in Whitehorse were one of the outstanding events of the year with streets gaily decorated for the occasion and all sorts of sports and entertainment provided for the residents, young and old alike, as well as for out-of-town visitors. In more recent years, through force of circumstances, these were discontinued. This year, however, Labor Day is again to be celebrated. A varied programme has been arranged a copy of which appears in another column of this issue. In order to add to their excitement the children's programme is not itemized. This should prove an added thrill to the kiddies.

Monday being a statutory holiday it is hoped that the townspeople will turn out in great style to enjoy the day's fun and frivolity. The celebration is being sponsored by a committee under the auspices of the Hotel and Restaurant Employees' Union, Local 884.

TWO MEN RESCUED IN THE THIRTY-MILE BY STR. CASCA LAST WEEK.

On its way southbound last Friday the str. Casca (Capt. Malcolm Campbell) when passing through the Thirty-Mile, pulled into the shore to allow the str. Whitehorse (northbound) to pass. Noticing some wreckage floating down stream, a man was observed hanging on a dunnage bag in the water and another on the top of an up-turned boat, all being carried down stream by the swift current. They were ahead of the str. Whitehorse. A boat was at once launched from the Casca, manned by pilot J. W. Wilkinson, W. G. Goodlad, first mate and Alex McLeod, second mate. They overtook the men and wreckage about a mile below where the str. Casca was moored. The rescued men were Norman Mervyn, son of the hotel-keeper at Mayo and Gordon Grady. Both were rescued and taken aboard the str. Casca where they were given prompt and proper attention. The wreckage was also taken aboard and brought to Whitehorse. But for the prompt action of the officers and members of the crew of the str. Casca there is no knowing what would have been the ultimate fate of the two unfortunate men. It is more than likely that they both owe their lives to such prompt action.

Let us have faith that right makes

end dare to do our duty as we
understand it. —Lincoln.

SEPTEMBER 1, 1944.

TEACH US TO PRAY

The reasons provided by all and
sundry for the origin of the present
war are as varied as they are voi-
uminous. Almost without exception
they fail to designate the funda-
mental cause for the reason that
they are based wholly upon a ma-
terial plane, the spiritual aspect be-
ing in almost every instance con-
spicuous by its absence.

Since humanity is composed of a
dual nature—spiritual and material
—it follows, as a matter of course,
as well as of destiny, that those who
cultivate both aspects in conformity
with each other develop along the
surest lines and enjoy life at its
best. We have not got to go to the
saints alone for confirmation of this
truism. Many outstanding men and
women, in various walks of life,
who have left their imprint indel-
ibly stamped upon the records of
human history, have in their lives,
and by their actions toward their
fellow-beings, exemplified not only
the need but also the necessity for
cultivating the spiritual as well as
the material side of human nature.
Therein lay their glory and their
achievement.

If there was ever a time when
prayer, as a guiding principle, was
most needed it is most assuredly
right now. If there was ever a time
when men's souls sought solace and
enlightenment that time is right now.
Never before was the world in such
a chaotic state as it is at the present
time; never in a more dubious posi-
tion through lack of proper guidance
based upon spiritual outlook.

For five long years now we have
been forced to observe human na-
ture at its worst. How appropriate
at this time are the words of Mark
Antony in his oration over the death
of Julius Caesar: "O judgment,
thou art fled to brutish beasts, and
men have lost their reason."

Having seen human nature at its
worst, let's now endeavour to see it
at its best. But it will never be

achieved by simply indulging in
wishful thinking, nor by cultivating,
by faulty reasoning, the belief that
any government in any land can, by
legislative means alone, provide the
sort of world we all wish to live in.
The cultivation of the spiritual side
of our human nature rests wholly
with ourselves. The very best leg-
islation ever devised and placed
upon the statute books of any coun-
try is incomparable in its efficacy
with the attributes of the human
heart and the potent forces which
spring from and have their origin
in the human soul.

Let us not, therefore, waste time
in "barking up the wrong tree".
Rather let us make a start where we
understand best—with ourselves.
The Good Book exhorts us to "Seek
ye first the Kingdom of God, and
his Righteousness, and all these
things shall be added unto thee."
This points the way to a solution of
all our problems. Let us, therefore,
pray for guidance and enlighten-
ment, not only for ourselves but also for
others. In so doing we shall be do-
ing our part in making the world a
better place in which to live and
will be able to leave it a little better
for our having lived in it.

TIME BOMBS

If some of us really don't care
what ideologies other nations take
up, it may be that we really don't
care about our own.

Voluntary order and agreement
here at home are as necessary as
obedience to military orders at the
front.

The home front is a false front
unless men are true to each other
and to Canada's ideals.

We talk about reorganizing plans
for peace. It is not quite as simple
as that. We have got to remake
people.

Run your life on honest lines and
you won't have to worry about any-
one reading between the lines.

Recipe for a Sound Home:
Turn over a new leaf together
and keep your lifework an open
book.

If you live entirely for yourself,
your lifework is entirely too small.

Some folks who need a magnify-
ing glass to see their neighbors, good
points would find the real trouble if
they used the looking glass at home.

WHITEHORSE, Y. T.

Welcome to the Northwest Service Command on Its Return To Its Original Home in Whitehorse.

We gladly welcome the return of the Northwest Service Command to its original home in Whitehorse after a period spent in Edmonton.

It was in 1942 that Brig. General W. M. Hoge, in charge of the Northern Sector of the then to-be-constructed Alaska Highway, made Whitehorse his headquarters. The town offered a central hub for transportation and communication purposes, excellent camp sites and the advantages of town life. The fact that Whitehorse was the terminus of the White Pass and Yukon Route, and also the head of river navigation with a large fleet of boats operated by the British Yukon Navigation Co. (a subsidiary of the W. P. & Y. R.) was also a deciding factor since they provided adequate transportation from Seattle and other Pacific ports the large amount of machinery and supplies the like of which had never before been beheld in any other portion of this Dominion. In this respect these two transportation companies performed yeoman service under exceedingly difficult circumstances and at a critical period in the history of this war. The Public Roads Administration of the U. S. government was installed and in its headquarters here were prepared plans and specifications for the construction of the highway and a tote road to Watson Lake. Later General Hoge was transferred to Washington, D. C., and the Northwest Service Command was established with Brig. General James A. O'Connor as its first commanding officer.

Upon completion of the highway the Northwest Service Command was moved to Edmonton there to be in close contact with the U.S.E.D., the engineers under whose supervision much if not all of the work carried out in connection with the Canal project, including the local refiner, pipeline and air bases, was carried out. Brig. General L. D. Worsham was in command of the U. S. E. D. and later succeeded General O'Connor.

The Northwest Service Command is now entering upon its final phase, that of evacuating personnel and salvaging materials thus changing from an administrative to an operational capacity. Many of "the old familiar faces" which one grew accustomed to seeing at N. W. S. C. headquarters are now widely scattered, some, like General O'Connor, now being in the Burma Road sector, others in both France and Italy whilst some now hold key positions in various parts of the United States. Some of the "old guard" are still with us, including men who were with the 477th Q.M. Truck Regiment at McCrae, the 843rd Signals, handling the operation of the long-

est open-circuit telephone system in the world as well as having the technical control of the army's radio station in Whitehorse. The 770th Railroad Battalion is still operating the railroad, although reduced in strength, whilst the local U. S. air-base still retains many of its original personnel.

Col. F. S. Strong, Jr. now commands the Northwest Service Command in Whitehorse. To him and to his officers and men we extend, on behalf of the townfolk, a hearty welcome and trust that their labours within our midst will be crowned with a similar degree of success as that which characterized their efforts in the past.

EARLY CHURCH HISTORY

(Contributed)

Reading recently the news of the Allied invasion from the south into France the name of Arles was mentioned as being in the path of the troops.

Arles is an ancient town and was the scene of the first synod meetings of the early church.

In the year 314 the Council of Arles was held and three bishops from the church in Britain attended that meeting.

The early church was well organized throughout Gaul, Asia Minor as well as Britain, and in the year 325 the Council of Nicaea was held to discuss and clarify the fundamental beliefs of the Christians. To have something tangible, the Nicene Creed was drawn up to protect the church against the teaching which denied the Godhead of our Lord Jesus Christ.

All this work of missionaries throughout Britain, Ireland and

Gaul was previous to the coming of Augustine to Britain from Rome.

Contrary to popular belief, Augustine did not bring Christianity to England—he found an established church there.

ESTATE OF GEORGE E. PIERCE DECEASED

ALL PERSONS having any claims against the estate of the above-named deceased are required to file the same with the Public Administrator at Dawson on or before the 4th day of November, 1944 supported by statutory declaration, after which date the estate will be distributed having reference only to claims which have been so filed.

ALL PERSONS indebted to the said estate are requested to make immediate payment to the Public Administrator.

NOTICE TO EMPLOYERS AND THEIR MALE EMPLOYEES

By an order signed on August 15th, 1944, by the undersigned Minister of Labour under authority of National Selective Service Mobilization Regulations:

1. Commencing August 22nd, 1944, every employer is required to check the documents held by each newly engaged male employee, within 7 days of the employee's engagement, to determine if such employee possess documents to show that he is in good standing under National Selective Service Mobilization Regulations (that is, in relation to the Military Call-up);
2. Every employer must report on Schedule 9 to the Registrar for his Mobilization Division, concerning any employee found not to possess documents as referred to;
3. Every employer is required similarly to check the documents held by each male employee newly engaged between May 1st, 1944, and August 22nd, 1944, and to report to the Registrar for his Mobilization Division by August 29th, 1944, on any such employee found not to possess documents as referred to;
4. Any male employee here referred to, is required by the Regulations to present his documents to his employer for purposes of inspection;
5. Penalties are provided for any employer or male employee who fails to comply with these Regulations.

By an earlier order, employers were required to check the documents held by their male employees, and to report by May 1st, 1944, on doubtful cases as well as cases where employees did not possess documents. The procedure for the present continuing check, although being notified to employers in "Notice to Employers and their Male Employees", which is now being mailed, is identical with that set forth in "Employers' Guide", which covered the check made before May 1st, 1944.

Employers are asked to remember that they do not report on men who do possess the necessary documents—only on those who fail to present documents for examination, or where there is doubt that the document presented actually proves good standing.

The employers of Canada co-operated very satisfactorily on the first check, made up to May 1st last. This co-operation was decidedly helpful, and is very much appreciated. Further co-operation is now earnestly requested.

Schedule 9 and details as to documents which prove good standing, are available through the Employment and Selective Service Offices.

PARIS.—Marshal Henri Petain, Eduard Herriot and Pierre Laval, have been arrested by the Gestapo and are now prisoners in the Reich.

The former 88-year old Chief of State in France left, clandestinely, a pathetic appeal to the French people setting forth the condition motivating his conduct during the past four years. "All that I have done and all that I have accepted, assented to, or submitted to, willingly or by force, has been solely for your benefit; because if I could not be your sword, I wanted to be your shield." He pleaded to the French people to unite with those ready to give them a guarantee to lead them along the road of honor and order.

CORRESPONDENCE

August 28th, 1944

Mrs. Thelma Stevens,
P. O. Box 117,
Whitehorse, Y. T.

Dear Madam:

None of the copies of the petition you sent to various people and to me, except the copy sent to Rt. Hon. W. L. Mackenzie King, Prime Minister, included the names of the petitioners, without which they were worthless. The Prime Minister, as I stated, kindly gave me a copy of the petition as sent to him with the names of the petitioners.

You say the ridiculous lack of authority of the Yukon Council is not to be tolerated any longer. You evidently do not understand the scope of the authority of the Yukon Council, which is in effect as complete as that of a Provincial Legislature.

The Yukon Council was created by and given its authority by an Act of the Parliament of Canada which is the only legislative body that could broaden or curtail that authority.

There was nothing untrue nor buck passing in my letter to you although I can quite believe that, as you say, you would not have answered it except under pressure.

I knew you as a young woman when you lived with your parents, pioneers on Duncan Creek: I have great respect for them and their family and I am sorry you are now apparently being influenced by persons not entitled to any great respect and to whose pressure you would do well not to respond even to the extent of signing letters prepared for your signature. I am confident you are not mean enough to write such a letter yourself.

With kind personal regards,
Yours very truly,
GEORGE BLACK.

POSTING OF CHRISTMAS GIFTS—OVERSEAS FORCES.

"Do not open until Christmas" is an exciting phrase which should soon be appearing on parcels for overseas. Naturally those serving in the more remote theatres of war should be sent the earliest. Here are the official dates issued by the Postmaster General:

Sept. 15—The Far East, India, Burma, Ceylon, etc.

Oct. 5.—Middle East—Egypt, Iraq, Iraq, Syria, etc.

Oct. 10.—Central Mediterranean Forces.

Oct. 25.—United Kingdom and France.

In view of the rapid progress of the war these dates may possibly be subject to change.

A Warning—Mailing of matches, safety matches, lighter fluid or other inflammable substances is strictly prohibited. Do not mail glass jars or bottles. Maximum weight at special 12c rate is 11 lbs. Complete Customs declaration must be attached to all parcels. Place return address on cover and place inside parcel a slip with name and address of sender and the complete address (as directed on parcel) of member of Armed Forces to whom the parcel is consigned.

ALASKA CUT-OFF ROAD DISCARDED.

Abandonment of the Haines "cut-off" road, partially constructed between the Alaska coast and the Alaska Highway to relieve congestion, was announced in Seattle Sunday.

The trail is said to be passable except for a 40-mile stretch between Haines, Alaska, and the Yukon line.

Cost of the road was about \$10,000,000. Construction was carried out by U.S. Public Roads Administration. It was intended to ease traffic on the White Pass and Yukon Railway from Skagway to Whitehorse.

headquarters in Edmonton state headquarters in Edmonton states that the railway can now handle all freight and passengers.

HOMELESS MILLIONS

Germany today contains 8000,000 slaves of non-German nations who will be homeless after the war. What to do about them is a question the Allies are studying hard.

There are, amongst these unfortunates, more than 2,500,000 Poles, 1,650,000 French, 1,800,000 Russians, 700,000 Czechs, 500,000 Belgians, 350,000 Dutch.

An unorganized return would mean hopeless chaos. The Allies are planning to assemble, register and medically examine the homeless and to repatriate them in orderly fashion on a priority system. This job will require a year. The worst feature is that it will leave perhaps 2,000,000 stateless persons deprived of homes and nationality by edict, change of boundaries and past persecutions. Some of these will have to find relief in the Western Hemisphere.

Financial Assistance For Students

THE Provincial Department of Education, in accordance with its long-established policy of helping students of good academic merit whose abilities indicate that they should proceed further with their education, has again this year organized a scheme of bursaries as detailed below. Such financial assistance is offered particularly to students at universities and Normal Schools who are unable to meet the considerable costs involved.

This scheme, inaugurated five years ago in co-operation with the Dominion Government, has grown in amount from \$5,100.00 to \$60,000.00 per annum. The increase is accounted for largely because of the desire to encourage a special classification of students, particularly in Science and Medicine, whose services would be available for the war effort. Nevertheless, the scheme also makes it possible for students of merit to be assisted in almost every field.

It is the policy of the Department of Education not to encourage British Columbia students to seek further training outside their home province if the courses desired can be taken in British Columbia, but where such courses are not offered they may be assisted to go to universities in other provinces. This applies particularly to Medical and Dental students.

The bursary scheme is organized under four sections as follows:

UNIVERSITY STUDENTS

Section I.—Amount available \$5,000

Regular students in any year, in any Faculty, who are not eligible under Section II. (Note:—This includes those who wish to take their first year of university work at high school). The maximum allowance to any one student is \$200.00.

Section II.—Amount available \$43,000

Regular students (but not first-year students) who are proceeding to degrees in Engineering, Science, Medicine, Dentistry, or Nursing, and who sign a witnessed agreement that, upon graduation, they will make their services available to the National War Effort, wherever needed, in the capacity for which they have been trained.

The average of all allowances in Engineering and Science must not exceed \$300.00, and the average in an accelerated medical or dental course must not exceed \$400.00 per student for the academic year.

NORMAL SCHOOL STUDENTS

Section III.—Amount available \$10,000.

Students wishing to enter a Provincial Normal School, and who are prepared to give an undertaking to teach in the Province of British Columbia for the year following graduation at least. The maximum allowance to any one student is \$200.00.

STUDENT NURSES

Section IV.—Amount available \$2,000.

Applicants who have been accepted into a recognized School of Nursing, and who sign an agreement that, on completion of training, they will be willing to serve as nurse either in the Armed Forces, War Industries, Public Health Work, or on the staff of hospitals or other similar government institutions. The amount of assistance is graded according to the need, but cannot exceed \$100.00 in any one year.

Synopsis of Mining Law Yukon Territory

Any person eighteen years of age or over shall have the right to enter, locate, prospect and mine upon any lands in the Yukon Territory, whether vested in the Crown or otherwise, for the minerals defined in the Yukon Quartz Mining Act and the Yukon Placer Mining Act, with certain reservations set out in the said Acts.

No person shall enter for mining purposes or shall mine upon lands owned or lawfully occupied by another until adequate security has been furnished to the satisfaction of the Mining Recorder for any loss or damage which may be thereby caused.

Where claims are being located which are situated more than one hundred miles from the Mining Recorder's office, the locators, not less than five in number, are authorized to meet and appoint one of their number as emergency recorder, who shall as soon as possible deliver the application and fees received to the Mining Recorder for the District.

If two or more persons own a claim, each such person shall contribute proportionately to his interest to the work required to be done thereon, and when proven to the Gold Commissioner that he has not done so his interest may be vested in the other co-owners.

The survey of a claim made by a duly qualified Dominion Land Surveyor shall be accepted as defining absolutely the boundaries of the claim surveyed, provided the survey is approved by the proper authority and remains unopposed during the period of advertisement.

A person about to undertake a bona fide prospecting trip may secure from the Mining Recorder written permission to record at his own risk a claim within six months.

A legal post must stand four feet above the ground, squared or faced for the upper eighteen inches and measuring four inches across the faced portion. The post must be firmly fixed in the ground.

Priority of location shall be deemed to convey priority of right. Certain disputes may be heard and determined by a Board of Arbitrators.

Grants of claims grouped or owned by one person may be made renewable on the same date.

PLACER MINING

Creeks means any natural water course having an average width of less than one hundred and fifty feet between its banks.

Creek claims shall not exceed five hundred feet in length, measured along the base line by one thousand

feet on each side of the base line. Other claims shall not exceed five hundred feet in length by one thousand feet in depth. Claims shall be as nearly as possible rectangular in form and shall be marked by two legal posts, one at each end of the claim, numbered "1" and "2" respectively. Location posts of creek claims shall be placed on the base line, and of all other claims parallel to the base line, and on the side of the claim nearest the creek or river towards which it fronts.

A discoverer shall be entitled to a claim 1,500 feet in length, and a party of two discoverers two claims, each of 1,250 feet in length.

The boundaries of any claim may be enlarged to the size of a claim allowed by the Act, if the enlargement does not interfere with the rights of other persons or terms of any agreement with the crown.

An application for a claim may be filed with the Mining Recorder within ten days after being located if within ten miles of the Recorder's office. One extra day shall be allowed for every additional ten miles or fraction thereof. A claim may be located on Sunday or any public holiday.

Any person having recorded a claim shall not have the right to locate another claim in the valley or basin of same creek within sixty days of locating first claim.

Title

Any person having complied with the provisions of the Act with respect to locating and recording a claim shall be entitled to a grant for one year and shall have the absolute right of renewal from year to year thereafter, provided during each year he does or causes to be done \$200.00 worth of work of the claim, files with the Mining Recorder within fourteen days after the expiration of the claim an affidavit showing a detailed statement of the work, and pays the required renewal fee.

GROUPING

Under certain conditions claims may be grouped and the work required to be performed to entitle the owner or owners to renewals of the several claims grouped may be performed on any one or more of the claims in the grouping. If the claims grouped are owned by more than one person a partnership agreement creating a joint and several liability on the part of all the owners for the joint working of the claims shall be executed and filed with the Mining Recorder.

Taxes and Fees

Royalty at the rate of two and one-half per cent. on the value of all gold shipped from the Yukon Territory shall be paid to the Comptroller.

For 200 to 1,000 inches \$50.00
For each additional 1,000 inches or fraction thereof \$50.00

QUARTZ MINING

Subject to the boundaries of other claims in good standing at the time of its location, a mining claim shall be rectangular in shape and shall not exceed 1,500 feet in length by 1,500 feet in width.

Every claim shall be marked on the ground by two legal posts, one at each extremity of the location line, numbered "1" and "2" respectively. On the side of No. 1 post facing No. 2 post shall be inscribed the name of the claim, a letter indicating the direction to No. 2 post, the number of feet to the right or left of the location line, the date of location and the name of the locator. On No. 2 post, on the side facing No. 1 post, shall be inscribed the name of the claim, the date of location, and the name of the locator.

The claim shall be recorded within fifteen days if located within ten miles of the mining Recorder's office; one additional day shall be allowed for every additional ten miles or fraction thereof.

Adjoining claims not exceeding eight in number may be grouped, the necessary representation work for each claim may then be performed on any one or more of the claims in the group.

Every application for a full claim shall be made on Form "A" and for a Fractional claim on Form "A-1".

No person is entitled to locate more than one claim in the same mining district within twenty days.

The timber on a mineral claim is reserved until the Mining Recorder certifies that the same is required for use in mining operations on the claim. The Commissioner, however, may issue a permit to holders of other claims to remove the timbers for use in their mining operations where other timber is not readily available.

Title

Any person having complied with the provisions of the Act with regard to locating and recording a claim shall be entitled to hold it for one year from the date of the record, and thereafter from year to year, provided during each year he does or causes to be done work on the claim to the value of \$100.00 and shall, within fourteen days after the expiration of the year, satisfy the Mining Recorder that the work has been done, and pay the Certificate of Work fee. One hundred dollars may be paid in lieu of assessment work.

When \$500.00 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, obtain a lease for a term of twenty-one years with the right to renewal or further terms of twenty-one years. Claims located prior to July 7, 1917 may upon fulfilling similar requirements, be Crown Granted.

Leases, renewals of leases, and documents relating to leased claims shall be recorded with the Mining Recorder in triplicate.

LOCAL ITEMS

The large horse-shoe counter installed in the Whitehorse Inn Cafe is a great acquisition and an added attraction to this popular rendezvous.

★
Helen Small leaves tomorrow by C. P. A. plane for Edmonton, Winnipeg and points south. She expects to be away from Whitehorse for about three months.

★
We are given to understand that Capt. George Black, M.P., and Mrs. Black, will be leaving Dawson sometime this month to take up their residence in Whitehorse.

★
Mr. G. A. Jeckell, Controller of the Territory, having completed his official business here, left by C.P.A. plane Tuesday on his return trip to Dawson.

★
Mr. Tom McEwen, nominated as the Labor candidate for the Yukon Territory at the next Federal election, leaves Vancouver tomorrow by C.P.A. plane for Whitehorse, where he will be the guest speaker at the Labor Day Celebration.

★
Miss Ann How and Miss Mowbray will be leaving on the next boat coming north from Vancouver and will arrive in town to resume their duties at the re-opening of the Whitehorse Public School. Mr. Warwick, the school principal, and Mrs. Warwick and baby will be arriving at the same time.

★
A blanket of fog covered the town in the early hours of yesterday morning followed by a fine sunny day. Thus does autumn again make its appearance in the north. The leaves are beginning to turn and from now on we shall again be privileged to witness the beauty of this season of the year and nature in all its glory.

FIRST CASE IN YUKON

Eric Haggstrom was on Monday fined \$50 and costs, or a month in goal, under section 202A of the National Selective Service regulations for ceasing to perform his duties in the course of his employment without first securing the permission of the Selective Service officer. The fine was paid.

This is the first prosecution in the Yukon. In imposing the penalty Stipendary Magistrate J. Aubrey Simmons stated that it was the duty of everyone to put their shoulder to the wheel in time of war.

NEW YORK.—The Paris radio stated Wednesday that Dr. Alexis Carrell, the renowned biologist and author of "Man-The Unknown", has been suspended from all his functions on the ground that his "anti-national activity has been notorious."
