McDonald	Moorcroft	Firth	7

CASTING VOTE

There being an equal number of votes, the Speaker stated:

"In the event of a tie vote, the Speaker shall cast the deciding vote.

In casting the vote, the Speaker's reasons shall be entered in the Votes and Proceedings. I am not

going to give lengthy reasons for my voting, except to say that, traditionally, significant decisions should not be taken except by a majority of the House. The Member for Mount Lorne does not have a majority to support this motion.

The other position taken by precedent is that the Speaker should maintain the status quo as much as possible. In this case, the status quo means, to me, continuing the Session without adjourning to January 5. However, the Speaker is not bound by those precedents and can vote like any other Member.

However, I have not had time to consult my constituents on this significant question. Although most of my constituents like to see us in the Legislature working hard on their behalf, this time of year may not be what they had in mind but, in any event, I will follow precedent rather than take it upon myself to decide this important question, and I will vote against the motion, because there is not a majority, and declare the motion defeated."

Wednesday, December 22, 1993.

MOTIONS OTHER THAN GOVERNMENT MOTIONS

Moved by Ms. Commodore:

THAT it is the opinion of this House:

- (a) that a program of Zero Tolerance of violence against women and children is a valuable and important tool for ensuring that response to violence, or threatened violence, is quick, efficient, effective, and thorough,
- (b) that the government should work with pertinent agencies so that complaints will automatically be referred to the Crown without delay, thereby relieving the victim of the decision whether or not to lay charges, and
- (c) that this program should be designed and implemented in concert with First Nations and law enforcement agencies so that there is a co-ordinated, consistent response.

(Motion #34)

A debate arising on the motion, it was moved by the Hon. Mr. Phelps in amendment thereto:

THAT Motion #34 be amended as follows:

- 1) by deleting the word "program" in paragraph (a) and substituting the word "philosophy";
- 2) by deleting paragraph (b); and
- 3) by rewording paragraph (c) to read as follows:
"that any initiatives taken in support of this philosophy should be designed and implemented in concert with First Nations, law enforcement agencies and the "Integration '93" Committee, so that there is a coordinated and consistent response."

A debate arising on the amendment, Ms. Commodore raised concern about the word "philosophy"; on a point of order, the Hon.

Mr. Phelps said that he was agreeable to substituting the word "policy" for the word "philosophy" wherever it occurred in his amendment. The Speaker asked if the Hon. Mr. Phelps had unanimous consent for his proposal. Unanimous consent having been granted, the Speaker read the amendment as revised:

Mr. Speaker and Honourable Members of the Assembly:

I have had the honour to review a petition, being Petition #6 of the First Session of the 28th Legislative Assembly, as presented by the honourable Member for Klondike on January 13, 1994.

The rules respecting petitions require that a petition ask the Yukon Legislative Assembly to take such action as may be desired. Petition #6 concludes with a "demand" that Canadian Governments rather than the Yukon Legislative Assembly take certain actions. It, therefore, does not meet the requirements as to form of the Standing Orders.

Clerk of the Yukon

The Speaker ruled that, accordingly, the petition could not be received.
