Teslin Tlingit Council

Community Dinner

It was a indeed another successful Community Steak Dinner sponsored by TTC and VOT last April 5th. We'd like to say thank you to Teslin School for preparing delectable dinner for the event and to Teslin Dance Group for providing entertainment. An update was presented regarding our **10 year Joint Community Development Plan**. Door prizes were given away. Thank your everyone who came out...'til next year!

13.1. Scheduled Meetings

14. Adjournment

8:05 pm

Prepared by:
Shelley Hassard, CAO
Cole Hunking, Public Works Foreman

TESLIN ROADS

All roads are in summer driving condition we will be sweeping the gravel off the roads in the near future.

SOLID WASTE FACILITY (LANDFILL)

To comply with our new waste management permit, we have done some upgrades to our transfer station these upgrades also make it more user-friendly. The new bylaw has been passed by Council and the new fees will come into effect January 2017. Curbside Collection fees will increase to \$ 25.00 per month for residential and \$50.00 per month for commercial if commercial customers need more than two pickups in a week the charge will be \$30.00 per extra collection. . The landfill fees and fines are listed in the Teslin Post, available at the Village office, posted at the landfill and on our website. If you would like to review the bylaw please stop by or call the Village Office.

Over the next few months we will be implementing the new bin system at the landfill; construction waste, metal, and appliance areas of the landfill will be closed to the public and the public will drop these waste streams into designated bins that are setup near the household waste bin. Arrangements can be made with the Village office for commercial vehicles to continue have access to the designated areas.

An average of one refuse bin a week is being sent to Whitehorse landfill for disposal. Everyone is encouraged to do recycling at home and at work to reduce the amount of material that goes to the landfill.

LAGOON AND SEWER SYSTEM

All systems are in good working order. Please be aware and careful on what is being flushed down the system.

WATER QUALITY/ WATER DELIVERY

The new Water Treatment Plant (WTP) is in good working condition and we are planning some regular maintenance for the summer months. The annual water report is due at the end of March we are compiling information and will have the report to the water board by the end of the month

Please ensure that pathways to the water fill spouts are clear and sanitary for safe water delivery. Please notify us if you will be away and not requiring water delivery. Kindly ensure that spouts & tank whistles are in good working order and lids closed to help avoid water overflow.

Please keep your driveway accessible for the water truck.

DOG CONTROL

We have received some complaints and concerns about dogs running at large. Please ensure your pets are secure on your property. We take these reports very serious and are actively pursuing loose dogs, our public works staff do patrol for stray dogs 7 days a week! If you have stray dogs wandering on your property, please call the Village office.

The Yukon Government has announced a new community dog spay program which began Aug. 1st, the project will provide \$ 250.00 per spay surgery of one female dog, per dog owner in rural communities. Teslin Tlingit Council and Village of Teslin have created a program to enhance the YG program by assisting residents with neutering male dogs. The joint Councils will provide up to \$ 250.00 to residents of Teslin for one male dog. Please call the Village office for more information and to make arrangements to use this program.

RECREATION BUILDINGS

The survey results on the curling rink upgrades have been compiled and reviewed. 114 surveys were filled out and 79% would like us to explore option #1 which was to remove one sheet of curling ice to add room for a viewing wall, a small addition would be added to the building to house two bowling lanes, a multi-purpose area, an office, a storage room and a senior center/youth center. Our next step will be to source or funding to assist with the upgrade.

Check out the recreation schedule, there are lots of activities and programs for everyone.

OTHER

Community Cleanup day is scheduled for Friday May 19th please call the Village office if you have garbage to be picked up. Please ensure all garbage is sorted; free dump weekend on Friday May 19th and Saturday May 20th .

Join us for a community lunch at the Friendship Park on May 19th.

Our 2016 audited financial statements are available for viewing at the Village of Teslin office. 911 is working in Teslin if you have a fire emergency you can call 911 or 390-2222 to reach our volunteer fire department.

Shelley Hassard, CAO
Cole Hunking, Public Works foreman

To view the complete copy of adopted By-Laws, please visit the Village of Teslin website.

<http://www.teslin.ca/bylaws/bylaws.html>

All dogs must be licensed with the Village Of Teslin. There are two programs sponsored by YG & TTC/VOT to assist dog owners with the vet bill to have your dog spayed or neutered. Dogs running at large (off their property & not with the owner) will be picked up by the Village of Teslin. We only hold dogs in our pound for 3 business days after that the dog will be relocated or re-homed.

Pound Fees

Licensed Dog – First offense \$75.00

Unlicensed Dog- First offense \$100.00 plus the purchase of a license \$80.00

Cost of License

Not spayed or neutered - \$80.00

Spayed or neutered -FREE

Please Note

Citizens can catch & hold any dog that is running at large & turn the dog over to the Village Of Teslin

April 2017 Recreation Report

I hope everyone had a good Easter weekend and is enjoying the nice spring weather we are having. April sure flew by with all the amazing and fun events we held.

We kicked the month off with a Self-Defense and Anti-Bullying workshop. The youth who participated walked away with many useful tips and tricks on how to deal with bullies and how to protect yourself should you need it. Right after the Anti-bullying workshop we held a Women's Self-Defense class. The women who participated walked away with a ton of knowledge and tips on how to protect themselves. Both workshops were well attended and full of useful tips.

Born to Fly started the month with a 24 hour challenge. The girls baked, danced, and crafted for a full 24 hours! They held a massive dance competition that lasted 5 hours until the xbox quit forcing them to move onto other activities. Despite their best efforts none of the girls were able to stay awake for the full 24 hours, however a few got close. All the girls had a blast and were asking when we could do it again!

We decorated and dyed eggs on Tuesday and Wednesday during After School Sports in the spirit of Easter on April 11th and 12th. We then held an awesome Easter Egg Hunt on April 13th for kids of all ages. They kids had a blast working in groups of three or four to find eggs that held different treasures inside of them. Huge thank you to everyone who came out enjoy the hunt and to everyone who helped out!

We started our Just Do It challenge this month! For the next 3 months teams of two will work together to lose weight, get healthy, and have some fun while they're at it. I am happy to say we have over 20 people signed up!

Boys club had some fun this month as well and got to work a few interesting projects. They had a special small engine workshop one week where they learnt the basics of mechanics. They went on an amazing nature hike and had a fun games day!

Youth club is going strong. Now that the weather is nice the youth have started to want to spend more time outside playing at the park and playing games like hide and seek outside. They are a creative group who always comes up with new ideas on what to do with their time.

Yoga is every Tuesday from 5:15 to 6:15 in the mezzanine. Yoga may be ending soon for the summer so fit it in your schedule while you still can!

Badminton is every Tuesday and Thursday from 7 to 9 at the recreation center. Again this may be ending soon for the summer months so fit it in while you can.

Seniors Social is every Wednesday from 10:00 to 11:30 at the recreation center. Come down to play some dominions, have some coffee, and relax.

Keep an eye out for the May recreation calendar and as always let me know if you have any ideas for new recreation programming.

Kelsey Hassard

*News and Highlights
from your
Recreation
Programmer*

Teslin Recreation

Badminton is two nights a week, every Tuesday and Thursday from 7:00 to 9:00. Tuesday badminton is for those 18 and older only.

Yoga is amazing as always! Come out on Tuesdays from 5:15 to 6:15 to enjoy a relaxing stretch.

15 Brilliant Life Hacks to Speed up your Spring Cleaning

1. ADD A LAZY SUSAN TO YOUR FRIDGE

If you're already taking everything out to give the fridge a good scrub, add a lazy Susan to each shelf before you restock. Being able to spin it to access things in the back will cut down on spills and make your next spring cleaning that much easier.

2. DISINFECT YOUR SPONGE

If you've got a big job to do and only one sponge to do it with (the horror!), freshen things up halfway through by squeezing it out and microwaving it on high for a minute.

3. DON'T FORGET TO CLEAN THE GARBAGE DISPOSAL

If you're lucky enough to have a garbage disposal, don't neglect it during spring cleaning. Drop in a cut-up lemon, some salt, and a few ice cubes to clear away any unwanted odors or built-up residue.

4. TIME YOURSELF

Not only will you be more likely to stay focused and get your tasks done efficiently with a timer ticking, seeing how long chores actually take makes them more manageable. If you know it only takes ten minutes to scrub the bathroom, maybe you won't wait till next spring to do it again.

5. WAX YOUR STOVETOP

After you've scrubbed the grime off your stovetop, apply a thin layer of car wax and then buff it off with a clean towel. Not only will this make it look shiny and new, it will make wiping off future spills a breeze.

6. USE A LEMON TO CLEAN STAINLESS STEEL FAUCETS

Just cut the lemon in half and start rubbing to remove hard water stains and rust from any stainless steel in the bathroom or kitchen. Plus, this leaves behind a fresh, natural, citrusy scent instead of harsh chemical fumes.

7. STEAM-CLEAN YOUR MICROWAVE

To remove old food stains from the inside of the microwave, steam them before you scrub. Fill a microwave-safe bowl with 1 to 2 cups of water, 2 tablespoons of white vinegar, and a few drops of your favorite essential oil and zap the mixture for five minutes.

8. MAKE SPACE FOR CLUTTER

One way you can ensure that your hard-earned neatness doesn't disappear is by setting aside space for the inevitable clutter. If you have an entryway closet, mount a plastic or cloth shoe rack to store toys, hats, gloves, and unsorted mail.

15 Brilliant Life Hacks to Speed up your Spring Cleaning

9. WASH YOUR WINDOWS ON A CLOUDY DAY

For a quick made-at-home window-washing solution, mix equal parts white vinegar and warm water or add one teaspoon of mild dishwashing liquid to several gallons of water. But time your cleaning wisely: Sunshine will cause your windows to dry too quickly, leaving streaks

10. DUST WITH FABRIC SOFTENER SHEETS

Dryer sheets are a cheap substitute for more expensive electrostatic cloths, and they work just as well. Lone socks that have lost their mates, when worn as a mitten, also work for dusting tight areas and Venetian blinds. Always remember to work top to bottom when dusting to avoid wasting time going over surfaces twice.

11. TOSS EXPIRED TOILETRIES

If your medicine cabinet is starting to seem over-cluttered, spring cleaning is the perfect time to re-check the expiration date on all your toiletries and trash anything that's past its prime. You can check the Internet for specifics, but sunscreen should only stick around for a few years after you purchase it, and mascara should be replaced every couple of months.

12. USE A HAIR DRYER TO BANISH WATER RINGS

Someone hasn't been using a coaster and now your wood coffee table paid the price and has those telltale white water rings. Try erasing them with a hair dryer. Simply blast the offending spot on high heat until it starts to disappear. Once it's gone, rub a little bit of olive oil on the area to recondition the wood.

13. USE YOUR DISHWASHER FOR MORE THAN DISHES

There are tons of things that you can clean in the dishwasher that don't have anything to do with place settings. Once every few months, toss some of the following into the dishwasher for a deep clean: contact lens cases, hair brushes, makeup brushes, pet dishes, plastic kids toys, refrigerator shelves, soap dishes, tweezers, various knobs and pulls, and even your showerhead (if it's removable).

14. CLEAN YOUR DISHWASHER

What good is a dirty dishwasher? After you remove any visible grime, place a (dishwasher safe) cup of vinegar on the top shelf and run the hottest cycle your dishwasher has. After that, sprinkle a cupful of baking soda around the bottom and run it through a short but complete cycle using the hottest water.

15. CLEAN YOUR SHOWERHEAD

If your showerhead isn't detachable and thus can't be run through the dishwasher, you can clean it by letting it soak in vinegar overnight. First, fill a sandwich baggie with vinegar and then carefully secure the bag over the showerhead so it's fully submerged—you can use an elastic hair tie or rubber band. Leave the whole thing to soak overnight—just be sure you remember to remove the vinegar bag before you turn on the shower in the morning!

happy

MOTHER'S

day

CoverMyTimeline.com

Moms have been the light of our homes.
I'm so glad that you have been shining your light upon our lives.
You have let your light shine amidst the darkest
and brightest hours in the corners of our home.
You are more than a light to us.
You are our shining star.

*Wishing all the wonderful Mom of Teslin a
Happy Mother's Day!*
