TESLIN ROADS

Summer road maintenance has begun, please slow down when our public works department is working on the roads. Speed bumps have been installed this month.

Please be considerate and avoid walking on private property and through residents' yards.

SOLID WASTE FACILITY/RECYCLING

The solid waste facility hours are as follows:

Monday, and Tuesday– Closed to public

Wednesday, Thursday and Friday – Noon to 6:00pm

Saturday – 10:00 am – 5:00 pm

There is no after hour access to the facility so please plan accordingly.

The facility is now open on Wednesdays until the end of October.

An average of one refuse bin a week is being sent to Whitehorse landfill for disposal. Everyone is encouraged to do recycling at home, and at work, to reduce the amount of material that goes to the landfill.

The free store has been upgraded; please ensure all items dropped off are clean and in good shape. It is not maintained by VOT staff, so please clean up after yourself. All items left out will be discarded.

Please ensure recycling bins are outside first thing Wednesday morning and easily accessible for pickup.

Electronic waste is now on the designated material list so it is free of charge to dispose of.

We are working on a site plan for future growth of the landfill.

LAGOON AND SEWER SYSTEM

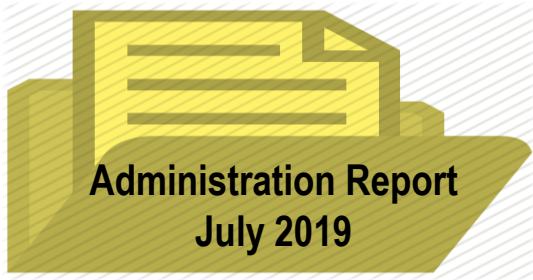

All systems are in good working order. Please be aware and careful of what is being flushed down the system.

Our water licence is due in 2020 so work will begin on gathering information to apply for a new licence.

WATER QUALITY/ WATER DELIVERY

The Water Treatment Plant (WTP) is in good working condition.

July 2019 Recreation Report

July was a busy month, full of camps and special youth trips. I hope everyone got out to enjoy the nice weather.

We had an excellent Canada Day celebration. Huge thank you to Patty Wiseman for organizing and running the parade and events and to everyone who volunteered to make the day possible. It was great to see so many people come out to participate and have fun.

The Yukon College was here in early July to put on an amazing science and technology camp. The kids had a blast learning about and playing with robots, playing outside, and expanding their knowledge of science and technology.

Youth club has enjoyed two special trips this month. The youth went paintballing and to an escape room. The girl's team and boys' team both won two games at paintballing and everyone had a blast. While the youth did have fun at the escape room, we never did find all of it's secrets in time, so the final answers alluded us. The youth thoroughly enjoyed both trips.

Youth club has also been working with Blood Ties this month on a workshop all about their health and how to make healthy and informed decisions. It has been great to see the youth show up week after week to continue to learn. Youth club is every Wednesday, Friday, Sunday, and Monday from 7:00-9:30.

Girls club had fun this month experimenting with nail art, watching movies, and playing games. Girls club is every Thursday from 7:00 to 9:30.

The youth who have been enjoying half day camps got to go on a special trip this month. They went into Whitehorse for glass blowing. Each youth made two pieces and had tons of fun. The youth have also enjoyed playing at the park, making crafts, and riding skateboards and scooters.

Baseball is every Saturday from 7:00 to 9:00. I encourage everyone to come out and give it a shot. We have extra equipment should you need it!

Be sure to check out the August Calendar for new and exciting camps!

Message from the Mayor July 2019

Hello Tesliners,

I hope everyone is enjoying their summer months and getting outside. It's been quiet on the council front, but that does not mean things are not moving forward. We have infrastructure projects in various stages of development, the official community plan process, emergency measures exercises, celebrations, and a new RCMP member.

As for infrastructure development, this summer is quieter than past years when we updated our roads and lift stations (sewage pump stations). Our main infrastructure project this year is the completion of the connector road project, a joint project with Teslin Tlingit Council. This road connects past the airport to the road below the sewage lagoon. In addition to connecting the airport lots with a planned TTC subdivision, it also forms the backbone for industrial lot development in the area. Consultation for the industrial lots is underway and co- led by Yukon Government and Teslin Tlingit Council.

We will also be initiating the planning process for the new fire hall in the coming months, including site location. Why do we need a new firehall? We have run out of room in our old fire hall, especially since we added a second fire truck with our new agreement with YG to provide regional coverage on the Alaska Highway and mutual aid assistance to neighbouring communities (something we already did, but is now formalized with funding).

At our July 8th meeting, Council received a report on the April community consultation on Official Community Plan. The report is available on the village website (www.village.ca). The report identified four areas that will require policy choices by the Village of Teslin to get the desired policy and/or regulation: Food security, agriculture and animals; Housing; Community places; and Future land management and regulation. The consultants will be providing policy documents on these areas by early fall to inform further discussion. The second round of public consultations will take place in late fall

Message from the Mayor July 2019

On July 16th, we conducted a tabletop exercise of our Joint Emergency Measures Plan. Representatives from the Teslin RCMP, Teslin Fire Department, TTC Lands, Health and Social, and Executive departments, Teslin YG Social Services, and VOT attended the training. The Yukon Emergency Measures Organization and Fire Marshall's Office facilitated the session. A tabletop exercise is how it sounds – the group is presented with a scenario around a boardroom table and is walked through the various steps as the scenario unfolds. This scenario was a fire near Hermit Lake, and we learned a lot about the process and identified some areas of improvement, such as radio communication and need for a few formal agreements. This exercise is the first step in practicing the plan, and could potentially lead to a more advanced step such as a mock exercise which is under consideration for next year's exercise.

Many thanks to everyone who came out for the July 1st parade and activities. A great big thank you to Patty Wiseman and Kelsey Hassard for organizing the activities which the kids and adults seemed to thoroughly enjoy (although the slippery slide hockey followed by sliding seemed to be a real favourite).

I also saw a lot of Tesliners in Carcross for the Haa Kusteeyi Celebration at the end of July. Although not in Teslin this year, I know that it is an important event for many of our community members, and it seemed to be a very successful event with many smiles and lots of pride. An especially big congratulations to those who took part in canoe journey to Carcross leading up to the opening. By all accounts, this great accomplishment was not only successful but emotionally moving. I also understand that there was significant participation by the youth. Great to hear!

Message from the Mayor July 2019

In June, the Teslin RCMP detachment welcomed Constable Amy Handrahan, who comes to us from Watson Lake with the highest of praise from Watson Lake Mayor O'Brien. Originally from Prince Edward Island, Cst. Handrahan comes to Teslin with a reputation for involvement in baseball and hockey, and within weeks of arriving was working with Corporal Myke to organize regular baseball games. If you are interested in playing, please see either RCMP member. Welcome to Teslin, Amy!

We are also saying goodbye to Kelsey Hassard, who is leaving her Recreation Programmer position near the end of August. We want to thank Kelsey for her contributions and hard work, organizing and delivering programming. She brought some stability and continuity to the position, and we wish her well in her new ventures.

Many thanks to all who contribute to making our community a great place to visit and live.

On behalf of VOT Council,

Mayor Gord Curran

SUMMER CAMP

SUMMER CAMP

Teslin Echo Fire Crew

Lightning Fire Management (LFM) is a subsidiary of the Deisleen Development Corporation and holds a yearly service contract for Fire Suppression with the Yukon Government's Wildland Fire Management. The contract is to provide a crew leader, 3 crew members/trainees and their transportation. This is a territorial service and the crew is deployed by WFM to fight fires where and when needed.

The Type 1 Initial Attack Crews are comprised of firefighters who are physically fit, highly trained and skilled individuals. Initial attack firefighters operate as part of a three-person (in Echo Crew's case a 4 person crew) and are usually the first on scene of a new wildfire. Once there, the initial attack crew works quickly to set up water pumps, remove fuel from the fire's path and dig fire guards to control or extinguish the blaze. The majority of fires in Yukon are responded to by initial attack crews who perform initial attack and sustained action activities on wildland fires.

Teslin Echo Fire Crew is comprised of:

Kevin Welin who has shown his competence in fire suppression as a Type 1 Crew Member with over 50 fireline days, on fires in which rotary wing and air tankers have been utilized in the suppression effort. This is the 5th summer that Kevin has worked as an Initial Attack member and the first as a Crew Leader.

Roan Evans-Ehrich has experience on at least 7 fires or a minimum of 60 hours of fireline duty as a Type 1 crewmember and is in his second summer as an Initial Attack crew member. Roan also has his Emergency Medical Responder Certificate.

Thomas Dewhurst joined LFM as an Initial Attack Crew Member Trainee. Thomas passed the WFX-FIT fitness test and the 10 day CIFFC S-131 Type 1 Crew Member Course. Tommy was deployed to the Haines Junction Fire and got his minimum of 60 hours of fireline duty as a Type 1 crewmember with satisfactory performance appraisals and is now a Certified Type I Crew Member.

Trenton Dupont joined LFM as an Initial Attack Crew Member Trainee. Trenton passed the WFX-FIT fitness test and the 10 day CIFFC S-131 Type 1 Crew Member Course. Trenton was deployed to the Haines Junction Fire and got his minimum of 60 hours of fireline duty as a Type 1 crewmember with satisfactory performance appraisals and is now a Certified Type I Crew Member.

George Johnston Museum News

Upcoming Events

- August 11 Rummage Sale (10AM - 2PM)
- August 26 Movie Night at the Museum (7PM ; Ages 12+)
- September 2 Closing day

June was an outstanding month for the Museum, punctuated by the unveiling of two new Alex Dickson carvings. Thanks to all who attended and helped during the unveiling, it was a very special evening. Gunalchéesh to the Dickson family for their enthusiastic involvement. The masks are now on display; stop in for a closer look!

July began with the revival of our Dominion Day Tea, with many local Elders and some tourists joining in on the cheerful conversation. Corporal Myke looked dashing in his red serge, leading the congregation in a rendition of *Oh Canada* between sips of Pekoe. Mahoneys, Griffiths and Cooleys of yore graced us once more with their presence.

The Museum's own Skaydu.ú (Denise Johnston) and society President Jeff Myke were blessed with the opportunity to paddle Teslin's dugout canoe from Atlin to Carcross for Haa Kusteeyi's Welcoming Ceremony. By all accounts, it was an emotionally powerful and rewarding experience for all. Congratulations on completing the epic journey.

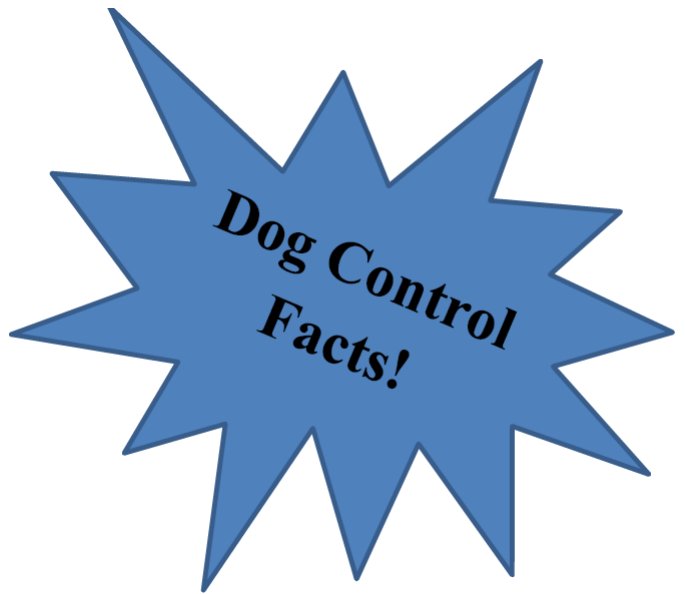

Shout out to Jed Sharp who has been working incredibly hard on the beautification of our grounds. Thanks, Jed!

Rummage Sale: lumber, gardening equipment, electronics (TV, printers), chairs, doors, etc. If you have items you would like to donate for sale, please contact the manager. Proceeds go towards our programming budget for 2020.

Movie Night: trial event to gauge the level of interest in viewing films or documentaries relating to the North within the setting of the Museum. Screening TBD; please visit our website at gjmuseum.com for more info!

Last Summer Activities before going Back to School

- **Have a picnic**

Packing a simple lunch and eating somewhere other than your dining room table can be a fun way to switch up the normal summer routine before school starts.

- **Go swimming one more time**

Even if you spent the entire summer at the pool, beach, or splash pad, having one last hurrah before school starts up will be the perfect way to say goodbye to summer.

Last Summer Activities before going Back to School

- **Go Camping or Glamping**

No matter your level of outdoorsy-ness, spending a night under the stars — be it in a secluded campsite or in your own back yard — will be a night they'll always remember.

- **Have a craft day**

Hop on Pinterest and pick a random craft (or let your kiddos do the choosing). Things are bound to get interesting.

Last Summer Activities before going Back to School

- **Have a sleep over**

Before the homework starts rolling in and everyone's schedules get even more hectic, invite the kids' friends over for a movie night or sleep over.

- **Have a family game night**

Break out the board games and engage in a bit of friendly competition before homework and real routine sets in.

KETO STUFFED PEPPERS

Instructions

Ingredients

- 3 Large Red Sweet Peppers***
- 1 Lbs Ground Sausage***
- 4 Oz Cream Cheese***
- ½ c Chopped Green Onions***
- ½ tsp Garlic Powder***
- 2 tsp Minced Garlic***
- Salt and Pepper to taste***
- 1 C Shredded Mozzarella Cheese***

- Slice Each of the Peppers in half Lengthwise, Scoop out all the seeds and the stems from the inside.***
- In a large Skillet over medium heat, brown the ground Sausage until it is cooked.***
- In the last 30 Seconds of cooking time for the sausage, add in the Garlic Powder, Chopped Green Onions and Minced Garlic, as well as the salt and pepper.***
- Mix in the Cream Cheese, stir until completely Mixed.***
- Stuff each of the pepper halves with the meat mixture.***
- Sprinkle 1 cup of Shredded Mozzarella cheese on top of the peppers.***
- Bake the peppers for 15-20 minutes until they begin to soften, and the cheese is browned on top.***
- Serve with more freshly chopped Green onions as garish if desired.***

Providing leadership through our strengths in programming, services and research, Yukon College's main campus in Whitehorse and 12 community campuses cover the territory. Yukon College provides a stimulating and collegial environment. We work with Yukon communities, Yukon First Nations, local governments, business and industry to promote a community of learners within a vibrant organization. Come join us as we continue to enhance the Yukon's capacity through education and training.

Community Campus Liaison/Coordinator Community Education and Development Teslin Campus

Permanent position starting August 20, 2019

Salary: \$31.47 to \$37.46 per hour
(Based on 60 hours bi-weekly)

Employment Opportunity No.: 19.78

Initial Review Date: August 16, 2019

Reporting to the Department Head, Community Campuses, School of Community Education and Development, this position is responsible for developing relationships and supporting campus operations through targeted outreach and increasing public awareness of the various programs, services, and initiatives offered by the Teslin campus. This position will make connections within the Teslin community to ensure that campus activities align with local priorities. The candidate will support the campus in building positive relationships with internal and external partners to aid in the effective operation of the campus. This position will support the Teslin Campus Adult Education Coordinator in ensuring that they are aware of community dynamics and pressures that may affect the campus.

The ideal candidate will have a post-secondary diploma or degree with experience in a post-secondary setting. The candidate has experience working with diverse ages, groups and cultures to accomplish cooperative community projects and goals. Experience and rapport with First Nations communities and working in a cross-cultural setting is required. Excellent advocacy and conflict resolution skills an asset. A valid driver's license is also required.

Candidates with an acceptable combination of education, training and experience may also be considered.

For additional information please contact:

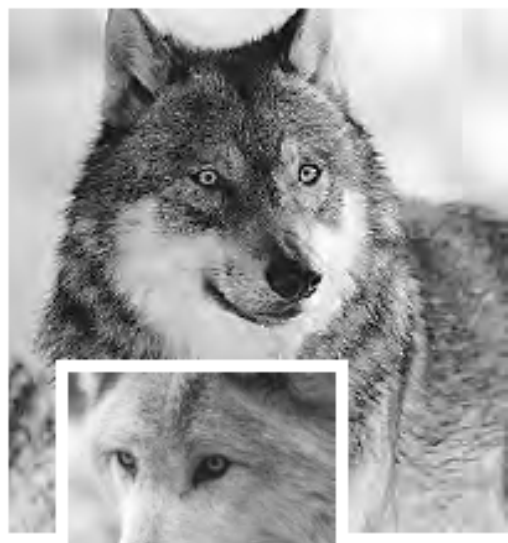

Eric Hoogstraten, Department Head, Southern Community Campuses, SCED

Check This List When You Want To Keep Coyotes, Wolves and Foxes Away From Your Back Door

Feeding wild animals might seem like an act of kindness, but it is not. Feeding wildlife is illegal and usually ends in a death sentence for the animal. When foxes, coyotes and wolves become habituated to unnatural food sources they can lose their fear of humans.

A wild animal that has become conditioned this way can be a danger to itself and to the general public.

In some cases, wild animals that frequent residential areas can be live-trapped and relocated. But if the animal has become a nuisance to the extent that it kills domestic animals or threatens people, it must be destroyed.

What you can do:

- Don't feed or leave food out for foxes, coyotes or wolves.
- Don't attract wildlife with carelessly stored garbage and compost.
- Make sure your garbage and compost put out for pick-up are secure against scavengers.
- Keep meat and dairy products out of backyard compost systems, and ensure your compost is completely enclosed with a secure lid.
- Store pet food indoors or lock it up outdoors.

- Vaccinate your pets.
- Keep your pets indoors or safely tied in a well-lit and fenced yard.
- Prevent any interaction between your pets and wildlife – walk dogs on a leash all the time.
- Do not touch the fecal waste of foxes, coyotes and wolves.
- Set an example for your children. Teach them how to behave around wild animals. If you or your child sees a wild animal that is threatening, be big, be loud and never run.
- Talk to your neighbours, educate them on the risks to the community and to wildlife associated with feeding foxes, coyotes, wolves and any wild animals.

If you see a fox, coyote or wolf acting aggressively, call 1-800-661-0525

If you suspect someone is feeding wildlife, call 1-800-661-0525.

We can all do our part to help keep the wild in wildlife.

WE NEED YOU

Are you interested in giving back to your community?

Teslin EMS is looking for volunteers that are interested in having a big impact on the Community of Teslin and surrounding area.

We provide all Uniform & Safety items

Training is provide and paid for.

You would have the opportunity to work with a great group of people.

Right now our crew is very small and we cannot met the community needs, we have many days each month that we have NO coverage in Teslin

Don't wait until it is your family member that needs our service and has to wait a minimum of 2.5 hours for an ambulance to come out from Whitehorse.

GET INVOLVED NOW

If you are interested or have questions give me a call

Patty 334-3047 or 390-2101

Hello All from Teslin Public Library

We have some exciting things coming up at the Library and don't want you to miss out

STORY HOUR

Starting October 9th

3:30 to 5:15 every Tuesday & Thursday

For grades K5 to Gr 2

&

Ladies Craft Night

Starting November 5th

7:00 pm to 9:00 pm

We will have a slight change to the library hours starting November 5th,
these are our new hours.

Monday 3:30pm to 9:00pm

Tuesday 12:00pm to 5:30pm

Wednesday 12:00pm to 5:30pm

Thursday 9:30am to 3pm

For more information regarding any of our programming or if you have any ideas that you think
would be good programming for us to consider please call

Kelly, Librarian at 390-2802 or Patty, Board Chair at 334-3047

This is your community library

so we want to provide services & programming that meets the needs of the community

Teslin Training Fund

Are you interested in taking training that will lead to employment and need funding?

The Teslin Training Fund is available to all Teslin area residents to support training that prepares community members for potential employment. The TTF provides funding for individuals or groups. More information is available at the VOT Municipal Office or Yukon College.

Applications are reviewed by a locally based committee and funding decisions are based on eligibility, merit and ability to meet fund criteria.

This is an ongoing intake—Applications are accepted at any time

Application forms are available at the VOT Municipal Offices or Yukon College

Please submit your application to Shelley Hassard or Matthias Liniger at the VOT Municipal Offices.

107.18	102.84	95.31	0.00	

Your bill for the current month that has been invoiced.

10% Service charge will be added to your account.

You will be cut-off and full amount should be paid on or before cut-off date to avoid service discontinuation.

Pay your bill on time to avoid 10% service charges on your account.

Did you know

Teslin Tlingit Council

Old vehicles pose many threats to you and to the community

- ✓ Abandoned vehicles are often used to store garbage and other refuse, which may attract pests and become disease breeding grounds.
- ✓ Abandoned vehicles can be targets of arson and vandalism.
- ✓ Fluids like gasoline/diesel fuel, oil, transmission fluid, power steering and brake fluids can leak. Which may harm the environment.
- ✓ Abandoned Vehicles are a fire hazard.

There may be a possibility of another Free Vehicle Collection coming this Spring!

Stay tuned for more Details!

Please Contact the Village Office at 390-2530 if you have any old or unwanted vehicles you want to have removed from your yard!

“Cleanup of contamination can cost residents many thousands of dollars, but voluntarily removing your vehicle now, costs you nothing. We encourage everyone to participate and let’s make Teslin a Cleaner Community.”

There's A Job For Everyone

EMERGENCY PHONE NUMBERS

Call 9-1-1 in an emergency

If you or someone else is hurt or in danger, phone 9-1-1 to get help from RCMP, the fire department or emergency medical services (EMS).

Call 9-1-1 when there is:

- a life-threatening emergency or medical situation
- a crime in progress
- a fire
- a serious accident
- an exposure to, inhalation or swallowing of a poisonous substance

Do not call to test 911. It is working!
