Saturday, 9.00 a.m. - 1.00 p.m.

## BUSINESS TRANSACTIONS WITH THE COMPANY

**PUBLIC NOTICE**—The Company's tariffs are open to public inspection and may be seen on application at any of its business offices.

**GENERAL**—All matters relating to new telephone service, moves, termination of service, directory listings, adjustment of accounts, or any transaction other than payment of bills, must be handled by our business office representatives.

**MOVING AND DISCONNECTING OF TELEPHONES**—For moving telephones we request subscribers to give us at least ten days' notice in writing. When sufficient notice is given we will endeavor to fill the order on a specified date. If no particular date is stated, the order will be completed as soon as possible.

Service will be promptly discontinued upon receipt of proper notice.

**EMPLOYEES' CREDENTIALS**—All employees of this Company authorized to enter buildings for any telephonic purpose are provided with an identification card, and the public is warned that parties desiring entry should exhibit their identification card upon request or be refused entrance.

## HOW TO PLACE A CALL

When you wish to place a call take the receiver off and keep it off while dialing.

Listen for the "dial tone", a steady humming sound, and when you hear it, dial the number you are calling.

After you have dialed, you will hear either the "ringing signal", which is an interrupted "burr-rr-ing" sound indicating that the called telephone is ringing, or the "busy signal", which is an intermittent "buzz-buzz-buzz" sound indicating that the called line is busy.

## LONG DISTANCE TELEPHONE CALLS

There are two classes of long-distance telephone calls:

1. **STATION-TO-STATION**—when you will talk with anyone who answers at the telephone called.

2. **PERSON-TO-PERSON**—when you want to talk to a particular person at the telephone called.

### PLACING LONG-DISTANCE CALLS—

To place a long-distance call from an automatic (dial) telephone in Whitehorse, dial "2051, 2161, 2431, 2441, or 3431."

Then, if you wish a station-to-station call, give the long-distance operator who answers, the name of the city you want, the telephone number, if you have it, or the name and address under which it is listed.

If you wish a person-to-person call, give the long-distance operator the name of the city you want, the telephone number, if you have it, or the name and address under which it is listed, and the name of the person you want.

### COLLECT CALLS—

Upon request of the calling party, the charges on a call will be collected at the called telephone, provided that such charges are accepted by the called telephone. Request to have the charges collected in this way should be made at the time the call is given to the long-distance operator. Simply say: "Please reverse the charge."

### TIME OF DAY—

The time of day when conversation actually starts, determined in accordance with the time system in use at the point where the call originates, decides whether day or night rates apply. This rule applies irrespective of whether the call is sent paid or collect.

**PAST DUE ACCOUNTS**

**Accounts not paid by the end of current month are subject to disconnection and a \$2.00 charge will be made for reconnection. Discount date — 15th.**

**ERROR:**

Every effort is made to make the directory as accurate as possible.

The Telephone Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

## EXCERPT FROM GENERAL REGULATIONS

### Mayo Utilities Company Ltd. — Whitehorse, Y.T.

#### GENERAL

Telephone service is furnished subject to the following general regulations which shall apply in addition to the specific regulations contained in the tariff applicable to the type of service involved.

These regulations shall apply to all contracts for telephone service and to all services rendered under such contracts, and cannot be varied or waived by any canvasser or other person.

#### ESTABLISHMENT AND FURNISHING OF SERVICE

##### APPLICATION

Application for telephone service shall be made on the Company's standard forms which become contracts upon the establishment of the service. All the regulations contained in the tariff shall be part of such contracts for service and all facilities and service rendered thereunder are subject to the Company's tariffs, and the rules and regulations as filed by the Company with The Controller of the Yukon Territory. Requests from subscribers for additional service or equipment shall be made in writing. Upon approval or installation thereof, such service or equipment is deemed to be covered by the original contract, except that such item of additional service or equipment so installed is subject to the appropriate minimum contract term in accordance with the Company's regulations governing initial contract periods, and to the tariff charges.

##### ADVANCE PAYMENTS

At the time of application for service, the applicant will be required to pay the proper service connection charges, together with an advance payment equal to one month's charges for exchange service, equipment, mileage, listings, etc.

Notwithstanding the preceding paragraphs, and in addition to the advance payment therein provided, an applicant or subscriber, whose credit standing is not established to the Company's satisfaction, may be required to make a further advance payment of an amount which the Company considers sufficient to cover not more than six months' charges for exchange service, toll service, equipment, mileage, listings, and all other services and charges for which the Company is entitled to receive payment. Charges for service rendered are applied against such advance payment. If, in the opinion of the Company, the subscriber's net credit balance is at any time insufficient to cover the estimated service charges referred to, the Company may require a further advance payment or suspend and terminate service in accordance with the regulations contained in the tariff.

##### INSTALLATION OF WIRING

Except where otherwise provided in the Company's tariffs or by special agreement, all work of installation of wiring and equipment on the applicant's premises is done by the Company, and the Company attaches its instruments, equipment or lines only to wiring installed by its own employees.

##### TELEPHONE NUMBERS

The subscriber shall have no property right in the telephone number assigned to him or any

right to continuance of service through any particular central office, and the Company may change the telephone number or central office prefix, or both, at its own discretion.

#### ALTERATIONS

The subscriber shall be required to notify the Company promptly in writing whenever alterations or new construction on premises occupied by him necessitate changes in the Company's wiring or equipment. The Company's regular charges apply to such changes.

#### PAYMENT FOR SERVICE

Charges for telephone service, equipment and facilities shall be rendered monthly and are due on the date specified by the Company. Charges due in connection with toll, messenger or coin-box service shall be payable monthly or upon request. Advance payments, construction, installation and service connection charges shall be payable in accordance with the regulations here or elsewhere contained in the Company's tariffs.

In all accounts excepting for net rate contracts, the sum of one dollar will be added to the monthly charge, but such sum shall be rebated by the Company provided the account is paid on or before the due date.

If for any reason charges are not paid by the due date, but are paid within one month of the date of issue of the account, the one dollar added to the monthly charge shall be rebated provided the subscriber pays the charge for an additional month's exchange service in advance.

Notwithstanding anything contained in these General Regulations, the Company may render an interim account at any time after the establishment of telephone service with a subscriber for any charges that have accrued, and may demand payment within a period of not less than three days, and failing compliance with such demand for payment, the provisions herein contained relating to "Violation of Company Regulations" shall apply.

All charges incurred by the subscriber are payable at the Company's business offices or at any agencies duly authorized to receive such payments.

Failure to receive a bill showing the amount owed by the subscriber to the Company shall not relieve the subscriber from the responsibility of making prompt payment of such amount to the Company.

The subscriber shall be liable to the Company for all tolls and charges for all calls originating on his telephone regardless of who may originate such calls, and also for all calls received at his telephone the charges for which are accepted by any person receiving such calls regardless of who may accept such charges. The Company, however, reserves the right to collect such charges from the person placing the call or who may otherwise be responsible for the charges incurred.

Messengers may be used, if available, at the request of the person placing a toll call, in trying to locate the called person where he cannot be reached by telephone, provided the calling person agrees to pay the cost of such service.

If objection in writing is not received by the Company within thirty days after a statement of account is rendered, such statement shall be deemed to be correct and binding upon the subscriber.

## GENERAL REGULATIONS—(Cont'd)

### MAINTENANCE AND REPAIRS

All ordinary expense of maintenance and repairs, unless otherwise specified in the subscriber's application or in the Company's tariffs, is borne by the Company. Upon termination of service any equipment furnished by the Company shall be required to be in good condition, reasonable wear and tear excepted. In the case of damage to or destruction of any such equipment, not due to ordinary wear and tear, the subscriber, on demand, shall pay to the Company the cost of replacing the equipment or restoring it to its original condition. The subscriber shall not rearrange, disconnect or remove, or permit others to rearrange, disconnect or remove, or otherwise interfere with any apparatus or wiring installed by the Company, except with the written consent of the Company.

The Company reserves the right to enter into agreements with railroad companies or other parties, whereby they may be required to install and maintain telephones and telephone apparatus furnished by the Company, when such telephones and apparatus are located on the railroad premises or in other places involving unusual hazards, or when it is convenient to both parties to do so.

### EXCHANGE AND MILEAGE AREAS

The Company may, at any time, change or modify exchange area boundaries or radii beyond which mileage charges apply. Subscribers affected by such changes may, at their option, terminate their contracts for telephone service forthwith upon paying all charges due up to the date of termination. Where, however, the subscriber elects to retain the service, it is furnished only in conformity with the new conditions, rates and regulations prescribed in the Company's tariffs.

### VIOLATION OF COMPANY REGULATIONS

In the event of default on the part of the subscriber in making payment of any sum due the Company, including connecting companies' charges, or in complying with the rules and regulations of the Company which govern the services rendered, the Company may, without notice, suspend the services which it furnishes under any or all service contracts with the subscriber without terminating such service contracts, until all sums due have been paid and all violations have ceased or been remedied; or may terminate any or all service contracts with the subscriber either without or following suspension of service. Such action by the Company shall not affect the subscriber's liability for the payment of all charges owing to the Company.

### INITIAL CONTRACT PERIODS

#### GENERAL

The initial contract period for all services and facilities furnished by the Company shall be one month, except as stated hereinafter and as may be specifically provided in other sections of the tariff.

#### PRIVATE BRANCH EXCHANGE SYSTEMS

The initial contract period for manual cordless, dial cordless and manual cord non-multiple private branch exchange systems, excluding trunks and stations, shall be one year.

The initial contract period for manual cord multiple and dial cord non-multiple and multiple private branch exchange systems other than hotel systems, excluding trunks and stations, shall be

from three to five years at the discretion of the Company. When additional switchboard positions are installed in connection with multiple private branch exchanges, or when additional equipment, such as switches, switch frames or power apparatus, which entail large installation costs, are installed in connection with dial private branch exchanges, such additional equipment is installed subject to an initial contract period of from three to five years.

The initial contract period for hotel private branch exchanges shall be determined by the Company in each case, having regard to the equipment provided.

### SPECIAL NON-STANDARD EQUIPMENT

An initial contract period of longer than one month may be required when special non-standard equipment and special assemblies of equipment are furnished or when equipment is specially installed for a subscriber.

### DIRECTORY LISTINGS AND JOINT USER SERVICE

The initial contract period for directory listings and joint user service, where the listing actually appears in the directory, shall be the directory period.

### OWNERSHIP AND USE OF EQUIPMENT

Equipment and wiring on the subscriber's premises, furnished by the Company, shall remain the property of the Company. The agents and employees of the Company shall have the right to enter the subscriber's premises at any reasonable hour for the purpose of installing, inspecting, repairing or removing such equipment and wiring, or for the purpose of making collections from coin-boxes. Such equipment shall not be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid to any party other than the Company, without the written consent of the Company.

### USE OF SUBSCRIBER SERVICE

Subscriber telephone service, as distinguished from public, semi-public and hotel telephone service, shall be furnished only for communications as follows:

In the case of business service, by the subscriber, the agents and representatives of the subscriber and permanent guests or tenants residing in a club or lodging house.

In the case of residence service, by the subscriber and members of his domestic establishment.

The use of the service may, with the Company's permission, be extended to joint users and to persons temporarily subleasing the subscriber's residential premises.

At locations where, in accordance with the Company's definitions of business and residence service, business rates should apply but residence rates are being charged, the Company may thenceforth charge the business rate applicable without the execution of a new application, upon notice given to the subscriber to that effect.

The Company may refuse to furnish subscriber service on premises of a public or semi-public character when the telephone instrument is or would be located so that the public might make use of the service.

The use of the Company's service for annoying other persons or impersonating any individual,

# **REGINA HOTEL TAXI**

# **PHONE 3121**

**Manager: G. SWANSON**

*Reliable and Courteous Service*

**Whitehorse, Y.T.**

## GENERAL REGULATIONS—(Cont'd)

and the use of offensive language while using or conversing over the Company's facilities shall not be permitted. The Company may terminate the service of any subscriber who commits any breach of this regulation or who permits any person to use the telephone or service furnished such subscriber contrary to this regulation.

### USE OF PARTY-LINE SERVICE

The Company may limit conversations on party lines to five minutes when longer conversations interfere with the use of the service by other subscribers on the same line.

It is a condition of party-line service that the subscriber shall not keep the receiver removed from the instrument when another subscriber to the said party-line service is using the same.

When the use of the service by any party-line subscriber is sufficiently great to prevent a fair and proportionate use by other subscribers on the line, or where a subscriber commits a violation of the condition above mentioned, the Company may require the subscriber to contract for another grade of service or terminate the service of such subscriber.

### NON-APPROVED DEVICES

The subscriber shall not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Company without the written consent of the Company, or permit the attachment of advertising devices thereto. If any apparatus or devices of any kind other than those furnished or approved by the Company are attached to or connected with any part of the Company's property, the Company may remove such apparatus or devices or terminate the service.

## TELEPHONE DIRECTORIES

### OWNERSHIP AND USE

The Company shall be under no obligation to issue directories, but if the Company does issue to its subscribers telephone directories containing the listings of subscribers within a specified area, such directories shall remain the property of the Company and, if requested, shall be surrendered to the Company upon termination of service or upon issuance of new directories in as good condition as when received, reasonable wear and tear excepted. Directories furnished by the Company are not to be defaced in any way and no labels or stamps are to be affixed thereto, nor any changes made therein not authorized by the Company. No binder, holder or auxiliary cover, except as may be supplied by the Company, is to be used in connection with any directory furnished by the Company.

The contents of telephone directories shall not be published or reproduced in any form whatsoever, without the consent of the Company.

In the case of any breach of these conditions, the Company may resume possession of the directory.

### DISTRIBUTION

Directories shall be furnished to subscribers without charge in such numbers as the Company may consider necessary for the efficient use of the service. The Company may make a charge for directories furnished to subscribers in excess of reasonable requirements or in replacement of directories lost, destroyed or mutilated by subscribers.

## TERMINATION OF SERVICE

Service may be terminated prior to the expiration of the initial contract period upon ten days' notice in writing being given to the Company, and upon payment of the termination charges stated below in addition to all charges due for service which has been furnished.

In the case of service for which the initial contract period is one month, the charges due for the balance of the month shall be paid.

In cases of paid directory listings and joint user service, where the listing has appeared in the directory, the charges due to the end of the directory period shall be paid, except that under the following conditions the termination charges shall be the charges due to the time notice of cancellation is received by the Company, subject to a minimum charge equal to the charge for one month:

When the contract for the main service is terminated.

When the listed party or joint user becomes a subscriber to exchange service.

When the listed party or joint user moves to another location, and becomes a listed party or joint user at that location.

In the case of private branch exchange service for which the initial contract period for service is one year or more, the termination charge shall be the charges due for the balance of the contract period.

In the case of special equipment and facilities for which the initial contract period for service is in excess of one month, the termination charge shall be the charges due for the balance of the contract period.

Service may be terminated prior to the expiration of the initial contract period on payment of all charges due for service which has been furnished, under the following conditions:

In the case of condemnation, destruction or damage of property by fire or other causes beyond the control of the subscriber, necessitating abandonment of the premises, effective from the date that the Company shall be advised thereof.

In the case of death of the subscriber, death of a listed party in connection with the charges for the related paid directory listing, or death of a joint user in connection with service and facilities furnished for the joint user only, effective from the date the Company shall be advised thereof.

In the case of services for which the initial contract period is one month, where the subscriber's service is superseded by another service on the same or different premises, effective from the date of the termination of the old service, except that termination charges shall apply to service and facilities not retained.

When there is a transfer of service by which facilities of the discontinuing subscriber are contracted for by a new subscriber at the same location, effective from the date of termination of the original service, except that termination charges shall apply to service and facilities not retained by the new subscriber.

Service may be terminated by either party after the expiration of the initial contract period upon receipt of ten days' notice in writing and upon payment of all charges due for service furnished.

**GENERAL REGULATIONS—(Cont'd)****OBLIGATION AND LIABILITY  
OF THE COMPANY****SERVICE INTERRUPTIONS**

The company does not obligate itself to transmit messages but offers the use of its facilities for communication between parties within an exchange area or between exchange areas, each of whom is present at a telephone, or from such parties to the toll switchboard or switchboards. The Company will assume no responsibility, in the event of messages being transmitted by its employees orally, by telephone or by messengers.

The Company does not guarantee uninterrupted working of its lines and equipment and shall not be liable for any loss or damage that may occur in the event that service is interrupted by any cause whatsoever.

**DIRECTORY LISTINGS**

In any directory which the Company may issue it shall only be required to list a subscriber's telephone under the subscriber's own name; and if, at the request of a subscriber, it inserts any additional name or advertisement in its directories or elsewhere, the Company shall have the right at any time, and from time to time, to alter such additional name or advertisement to the name of the subscriber, notwithstanding anything contained in any contract with the Company.

The Company shall not be liable for damages

arising from errors in or omissions of free directory listings; and in the case of paid directory listings its liability shall be limited to making a refund or cancellation of the charges computed at the monthly rate charged for each such listing for the period during which the error or omission continues.

No liability shall attach to the Company by reason of the continuation of the subscriber's directory listings after the termination of the subscriber's contract.

In accepting listings the Company shall not be responsible for the results of their publication in its directories, nor shall it be a party to controversies arising between subscribers or others as a result of listings published in its directories.

**DEFACEMENT OF PREMISES**

The Company shall not be liable for any defacement or damage to the subscriber's premises resulting from the existence of the Company's equipment and wiring on such premises or by the installation, maintenance, or removal thereof. In cases where the subscriber is not the owner of such premises, the subscriber shall indemnify and save the Company harmless from all such liability.

**USE OF OTHER COMPANIES' LINES**

When the facilities of other telephone companies are used in establishing connections to points not reached by the Company's lines, the Company shall not be liable for any act or omission of any other Company.
